PRESENTER	Ryan Hunt, City Administrator	
FISCAL INFORMATION	Cost as recommended:	\$15,000
	Budget Line Item:	100-11-78400

	New Appropriation Required:	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
PURPOSE	To approve a ballot issue for the August 2, 2016 election	

<p>BACKGROUND</p>	<p>A use tax is a sales tax that is paid by Missouri residents on out of state purchases. A “use tax” has been collected by Grain Valley on out of state purchases of vehicles, trailers, boats and outboard motors for as long as the sales taxes have been in place. This tax is collected at the time of licensing by the State in the same manner as local sales taxes and is the same rate. In 2012 the Missouri Supreme Court changed an interpretation of a statute and found that the use tax collected under Section 144.020(1) was not authorized by law in the decision of <i>Street vs. Director of Revenue</i>, 361 S.W.3d 355 (Mo. 2012). Without legislative action, Missouri dealers of vehicles, trailers, boats and outboard motors could be at a competitive disadvantage as out of state purchases would not be subject to the same amount of tax as instate purchases. The legislature enacted Senate Bill 182 in 2013 which re-imposed the tax and allowed cities an opportunity to obtain voter approval to continue the use tax past March 1, 2017. An election must be held by November 2016. There is no opportunity to bring the issue back to the voters after November 2016.</p>
<p>SPECIAL NOTES</p>	<p>The City of Grain Valley is at risk of losing approximately \$63,000 from the use tax if the continuation is not approved. Those funds are used to pay for services to the citizens. This loss of revenue would likely impact delivery of City services to residents.</p>
<p>ANALYSIS</p>	<p>If the use tax continuation is approved there will be no change in the tax as it is currently collected. If the voters do not vote to continue the tax, collection will end March 1, 2017. State legislation included the proposed ballot language which asks if the City should cease collection of the use tax. A vote of “yes” discontinues the tax. A vote of “no” continues the tax. The ballot language follows the statute.</p>
<p>PUBLIC INFORMATION PROCESS</p>	<p>Notice of City of Grain Valley, Missouri Special Election will be posted in the Blue Springs Examiner twice, (the first occurring in the second week prior to the election; and the second publication occurring within one week prior to the election); outside City Hall; and on the City’s webpage.</p>

CITY OF GRAIN VALLEY QUESTION 1

Shall the City of Grain Valley, Missouri discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for the City of Grain Valley and it will place Missouri dealers of motor vehicles, trailers, boats and outboard motors, at a competitive disadvantage to non-Missouri dealers of motor vehicles, trailers, boats and outboard motors.

Developer shall seek to amend the Redevelopment Plan, Developer shall obtain the approval of City to such amendment, and City shall have the right to grant or withhold such approval upon the same terms and conditions, and subject to the same standards of review, as were applicable to City's initial approval of the Redevelopment Plan.

B. The construction plans, site plans and building elevations for the Project Improvements shall conform to the Redevelopment Plan, Land Use Approvals, Site Plan, and this Contract. The parties hereto agree as follows:

(1) The estimated square footage for all Project Improvements proposed in the Redevelopment Plan shall be constructed on the first floor of buildings located within the Redevelopment Project Area. The Developer is encouraged to incorporate uses on the second floor of any building wherever feasible.

(2) The Developer shall comply with and/or follow controls and design criteria relating to exterior improvements that are part of the City's approval of the Preliminary Plat, Site Plan, or other Land Use Approvals, including those that relate to, without limitation, the building style, height, setbacks, open spaces, bulk and scale, landscaping, materials and finishes, signage, lighting, drainage, access, and parking/circulation features (the "Design Criteria").

(3) No Project Improvements shall be commenced or made unless and until all the construction plans therefore, in the detail herein, or any changes thereto, shall have been submitted to City staff, all in accordance with the City's adopted development processes and **Section 9.B.(1)**.

(4) City shall have the absolute right, in its sole judgment and discretion at any time to the extent allowed by State law or the City's ordinances, to approve a variance from conformance to, or a waiver of compliance with, the Land Use Approvals relating to exterior improvements, or to eliminate any one or more of such requirements in connection with the approval or disapproval of the above construction plans or changes thereto, subject to all applicable City ordinance provisions.

(5) Subsequent to commencement of the Project Improvements and until said Project Improvements have been completed, Developer shall provide an annual report to the City describing the progress of Developer in construction. During such period the work of Developer shall be subject to inspection by representatives of City as described in **Section 10.A.** hereof and as required by Legal Requirements.

(6) Unless otherwise provided by law, neither City, nor any officer, director, commissioner, member, employee or agent of the same, shall be liable to Developer with respect to construction plans or modifications

submitted for approval, nor for any other action in connection with its or their duties hereunder.

10. Control of Project.

A. Construction. Except as otherwise provided in this Contract, Developer shall have complete and exclusive control over construction of the Project Improvements, subject, however, to all Legal Requirements. As to all parts of the Redevelopment Project, Developer hereby grants to City, its agents and employees the right to enter at reasonable times for the purpose of inspecting the Redevelopment Project.

B. Dedication of Right of Way. Developer shall dedicate to the City, at no cost to the City, all necessary easements or rights-of-way not otherwise to be dedicated to MoDOT or the CID for utilities located within the boundaries of the Redevelopment Area and necessary for the construction of the Project Improvements.

C. Control of CID Improvements. Grain Valley Marketplace Cinema Company, LLC, has entered into a long term ground lease with the City, as amended, regarding the CID-eligible portion of the Project Improvements. Such lease confers to the City the rights to operate, maintain and control the CID-eligible portion of the Project Improvements for the term of the lease which shall be ninety-nine (99) years or for the duration of the Redevelopment Project 2, whichever is longer. A memorandum of such lease is filed with the Jackson County Recorder of Deeds as Instrument No. 2012E0127617. The long term ground lease shall be amended as provided in **Section 12.D(5)** below.

D. Vacation of Right of Way by City. Implementation of the Redevelopment Plan may require the vacation of existing rights of way and easements by City and/or by MoDOT. In order to allow Developer to maintain the Redevelopment Schedule, City will endeavor to facilitate, upon application by the Developer, the timely passage of ordinances which will vacate City-owned rights of way. City will also reasonably assist in securing the vacation by MoDOT of any MoDOT rights of way needed for implementation of the Redevelopment Plan.

E. Maintenance and Repair. Developer, at its sole cost and expense, at all times shall (1) maintain and operate the Project Improvements like other similarly situated shopping centers, (2) timely make all necessary repairs to and replacements and restorations of all parts of the Project Improvements, (3) keep the Project Improvements in good condition, repair and appearance, and (4) maintain casualty insurance on the Project Improvements in an amount equal to the full replacement value thereof and provide City with evidence of such insurance upon demand. Developer may form a property association to fulfill these obligations.

Unless Developer has agreed to fulfill such obligations, Developer shall use its best efforts to contractually obligate any tenant, purchaser, transferee, developer, manager, association, contractor or subcontractor ("**User**") to comply with the provisions of this **Section 10.E** for its respective portion of the Project Improvements. Developer shall enforce the provisions of this **Section 10.E** in a commercially reasonable manner. Developer hereby agrees that every lease, sales contract or other contract regarding the Redevelopment Project Area entered into following the effective date of this Contract shall indicate the responsibility of the Developer or User to fulfill **Section 10.E**. Developer shall use commercially reasonable efforts to enforce such contract rights.

11. **Certificate of Completion and Compliance.**

A. Upon the completion of construction of the Project Improvements, Developer shall submit a report certifying that the Project Improvements contained therein have been completed in accordance with the Redevelopment Plan and that the Developer is in material compliance with all other provisions of this Contract. Developer shall, as part of its report, submit a certificate setting forth on an aggregate basis to the Developer's knowledge a reasonable estimate of: (1) the total cost of completing the remaining Project Improvements; and (2) Redevelopment Project Costs incurred which are eligible for reimbursement pursuant to the Redevelopment Plan.

B. City may conduct an investigation, and if City determines that the Project Improvements or any portion thereof has been completed in material accordance with the Redevelopment Plan and other applicable Legal Requirements, and that as of the date of the request, all of Developer's duties pursuant to this Contract have been performed, then it shall issue a Certificate of Completion and Compliance. If City determines that the Project Improvements or any portion thereof which is the subject of an investigation or review under this **Section 11.B.** has not been completed in material accordance with the Redevelopment Plan, or that Redevelopment Project Costs have not been incurred as certified, or that Developer is not in material compliance with the terms of this Contract, then it shall not issue a Certificate of Completion and Compliance and shall specify in writing the reason or reasons for withholding its certification. Upon request of Developer, City shall hold a hearing at which Developer may present new and/or additional evidence.

(1) The issuance of a Certificate of Completion and Compliance by City shall be a conclusive determination of the satisfaction of the covenants in this Contract with respect to the obligations of Developer to complete the Project Improvements within the dates for the beginning and completion thereof, but shall not prevent City from future action with respect to and in the event of any subsequent default by Developer in the performance of any of its other obligations under this Contract.

(2) Each such certificate issued by City shall contain a description of the real property affected thereby and shall be in such form as will enable it to be accepted for recording in the Office of the Recorder of Deeds for Jackson County, Missouri.

The City shall respond within fifteen (15) days to all requests by Developer for the issuance of a certificate or hearing under this Section.

12. Funding Sources and Uses of Funds.

A. Outstanding TIF Bonds.

(1) Financing of the improvements provided in the Original Plan was completed in part by the Outstanding TIF Bonds, which remain in effect according to their terms. Revenue generated within the Redevelopment Project Area is dedicated first to the repayment of Outstanding TIF Bonds as provided in the documents creating such bonds. A main purpose of this Contract is to address the use of funds generated within the Redevelopment Project Area in excess of those necessary to pay the applicable debt service for the Outstanding TIF Bonds.

(2) The City may irrevocably waive any requirement of this Contract that imposes requirements on the Developer, or any party that is subject to the obligations and restrictions of this Contract as an authorized assignee, successor or transferee of Developer, related to the payment, collection, administration, guaranty or maximum rate of return resulting from Economic Activity Taxes or Payments in Lieu of Taxes, to the extent the City determines in its sole discretion that the waiver is necessary or appropriate in order to facilitate the tax-exempt financing. The City may waive any requirement of this Contract applicable to the issuance of any TIF Bonds, to the extent that the City determines in its sole discretion that the waiver is beneficial to the City and Developer. The City shall evidence such waiver by providing to the Developer written notice specifically listing any requirements waived by the City and this Agreement shall be deemed to have been amended to delete the waived provisions as provided therein.

B. Private Funds. Developer shall construct or cause to be constructed the Project Improvements. Developer shall use private funds to fund the Project Improvements. The private funds will be derived from a combination of equity investment provided by Developer or third parties, and debt incurred by Developer or third parties (hereinafter the "**Private Funds**").

C. Pay-As-You-Go. 1. Upon completion of the Developer's portion of the Project Improvements, the Developer may elect to have all of its eligible TIF Reimbursable Projects Costs (i.e., \$6,780,000 plus Financing Costs) reimbursed on an as collected basis from revenues deposited in the Special Allocation Fund. Such reimbursement to occur after payment of Debt Service for Outstanding TIF Bonds.

D. TIF Bonds - Alternative.

(1) As an alternative to the Developer's option to be reimbursed solely on an as collected basis from revenues deposited in the Special Allocation Fund, upon completion of the Developer's portion of the Project Improvements, the Developer may elect to have all or a portion of its Reimbursable Project Costs reimbursed by the proceeds of Additional TIF Bonds. If only a portion of the Reimbursable Project Costs are reimbursed by the proceeds of Additional TIF Bonds, the remainder of such eligible TIF Reimbursable Project Costs will be reimbursed on an as collected basis; the timing and terms of the as collected reimbursement to be determined by the covenants for such Additional TIF Bonds and/or amendment to this Tax Increment Financing Contract.

(2) If requested by Developer pursuant to this subsection C, the City or eligible entity selected by the City will issue Additional TIF Bonds when such bonds become marketable without City credit enhancement. The timing and terms of such Additional TIF Bonds shall be at the City's sole discretion.

(3) The amount of the Additional TIF bonds, and the net proceeds produced, will be determined by market conditions and City established terms at the time of underwriting.

(4) The final maturity of Additional TIF Bonds shall not exceed the termination of the Redevelopment Project Area.

E. Community Improvement District. By Ordinance No. 2109 adopted on September 27, 2010, the Grain Valley Marketplace Community Improvement District was established within the boundaries of the Redevelopment Area.

(1) CID Amendment. City and Developer have taken action to: (1) amend the CID Petition to include payment of costs associated with the Grain Valley Marketplace Neighborhood Improvement District, including payment or reimbursement of NID special assessments and/or debt service on NID Bonds associated with one or more parcels within the boundaries of the NID and CID (collectively, "NID Costs"); and (2) annex additional property north of the existing boundary of the CID in order to collect sales tax generated by the proposed grocery store.

(2) Capture of CID Sales Tax Revenue as EATs. The CID Sales Tax became effective on April 1, 2012, and is an Economic Activity Tax. As such, subject to the calculation of Economic Activity Taxes as defined in the Act, fifty percent (50%) of the revenues generated by the CID Sales Tax is directed to the Special Allocation Fund.

(3) CID Cooperative Agreement. Developer shall cause the CID board of directors to meet within 90 days after the effective date of the

ordinances amending the CID Petition and expanding the boundary of the CID in order to approve the execution of an amendment to the CID Cooperative Agreement with the City that is satisfactory to the City and consistent with the terms of this Contract and the Redevelopment Plan. The amendment to the CID Cooperative Agreement shall specify the rights, duties and obligations of the City, Developer and CID with respect to the operation and management of the CID and the use of the CID Revenues as provided herein.

(a) The amendment to the CID Cooperative Agreement shall maintain, without limitation, the City's (1) right to review and reasonably approve all budgets (capital or operating) of the CID prior to adoption thereof by the CID; (2) right to receive from the Missouri Department of Revenue and administer, on behalf of the CID, the CID Sales Tax revenues, subject to the discretion of the CID board of directors and in accordance with the CID annual budget; and (3) right to enforce such other provisions as City shall reasonably determine to be necessary for the CID's role in the implementation and funding of the Redevelopment Plan.

(b) The amendment to the CID Cooperative Agreement shall further provide that the CID shall pledge that portion of the CID Sales Tax revenue not captured as Economic Activity Taxes ("Non-Captured CID Revenue") to primarily pay the eligible portion of the Series 2012 TIF Bonds Debt Service. Any Non-Captured CID Revenue available after paying the eligible portion of any Debt Service payment on the Series 2012 TIF Bonds Debt Service shall be used to pay or reimburse NID Costs, subject to the limitations of the CID Act, and less operating and administrative expenses of the CID and any costs reasonably incurred by Developer or City in amending the CID.

(4) Statutory Limitation on Reimbursement from Non-Captured CID Revenue. The CID Act limits the use of Non-Captured CID Revenue to public improvements constructed within the boundaries of the CID. Approximately \$1.5 million of the NID project costs were located outside of the CID and NID boundaries, which are coterminous. For these reasons, it is anticipated that Non-Captured CID Revenue will be utilized primarily to pay the eligible portion of the debt service on Outstanding TIF Bonds. The Developer's reimbursement will come primarily from TIF increment, which includes captured CID Revenue. The City makes no guarantee that project revenues will be sufficient to reimburse all of the Developer's eligible costs.

(5) City-Cinema Lease Agreement.

(a) The City and Grain Valley Marketplace Cinema Company, LLC will enter into a Lease Amendment to exchange that portion of Tract A located south of the proposed grocery store

(approximately 0.86 acres) for the driveway and parking areas located north and east of the existing theater (approximately 0.38 acres) (see map attached hereto as **Exhibit G**). The purpose of this Lease Amendment is to change the public improvements that have been financed using non-captured CID revenues.

(b) Upon acquisition of the development site by the Developer, the Developer will enter into an additional lease agreement with the City for a portion of the parking lot south of existing Tract A (triangle piece) (see map attached hereto as **Exhibit H**).

F. NID Bonds.

(1) The NID Improvements, including capitalized interest, are subject to short-term financing through the City's Taxable Neighborhood Improvement District Limited General Obligation Refunding Temporary Notes, Series 2015 (the "NID Notes"), which will mature on December 1, 2016.

(2) Prior to or at maturity of the NID Notes, the City will issue taxable NID bonds ("NID Bonds"). The taxable NID Bonds will be paid from special assessments that will first be levied in November 2017.

(3) The aggregate NID special assessment principal for the Developer's portion of the property within the NID boundaries, excluding Financing Costs, is expected to be approximately \$1,800,000.

(4) The Developer shall pay its annual NID special assessments and be reimbursed from TIF and CID revenue as described in this **Section 12**, on a pay-as-you-go basis or by TIF Bonds.

13. Conditions Precedent to Developer's Duties. Developer's obligations hereunder are expressly conditioned upon the occurrence of each of the following events:

A. Acquisition by Developer of all real property within the boundaries of the Redevelopment Project Area, except the hotel parcel of the Redevelopment Project Area, any existing right-of-way, and those portions of the Redevelopment Project Area owned by the Grain Valley R-5 School District, Grain Valley Marketplace Cinema Co., LLC, JPNS Corporation, and Casey's Marketing Company; and

B. Execution of the amendment to the CID Cooperative Agreement as set forth in **Section 12.E**.

By commencing construction, which for purposes of this clause means the pouring of footings and foundations, for any of the Project Improvements, Developer shall be

deemed to have agreed that all of the foregoing conditions precedent in this **Section 13** with respect to such Project Improvements have been satisfied or, to the extent not so satisfied, Developer shall be deemed to have waived all such conditions precedent with respect to such Project Improvements. City and Developer agree to use good faith efforts and cooperate with and assist each other and the CID in accomplishing all of the foregoing conditions precedent.

14. Conditions Precedent to City's Duties. City's obligations hereunder are expressly conditioned upon the occurrence of each of the following events:

A. Acquisition by Developer of all real property within the boundaries of the Redevelopment Project Area, except the hotel parcel of the Redevelopment Project Area, any existing right-of-way, and those portions of the Redevelopment Project Area owned by the Grain Valley R-5 School District, Grain Valley Marketplace Cinema Co., LLC, JPNS Corporation, and Casey's Marketing Company;

B. Execution of the amendment to the CID Cooperative Agreement as set forth in **Section 12.E**; and

C. Binding commitments to Developer, evidenced by documentation satisfactory to the City for the Private Funds necessary to provide total private financing for all Project Improvements anticipated to be constructed by the Developer (compared with Project Improvements anticipated to be constructed by third parties) as set forth in the Redevelopment Project Cost Budget, shall be made by financial institutions or other entities acceptable to the City. Such commitments shall be unconditional or upon terms and conditions approved by the City, which approval shall not be unreasonably withheld. If the City does not approve of any such commitment, the reasons therefore shall be stated and Developer shall be provided a reasonable opportunity to amend the commitments or otherwise satisfy any such objections.

City and Developer agree to use good faith efforts and cooperate with and assist each other and the CID in accomplishing all of the foregoing conditions precedent.

15. Payments in Lieu of Taxes.

A. Pursuant to the provisions of the Redevelopment Plan and the Act, including, but not limited to, Section 99.845 thereof, Tax Increment Financing has been established by Ordinance for the Redevelopment Project Area, and thus the real property located therein is subject to assessment for annual Payments in Lieu of Taxes. Payments in Lieu of Taxes shall be due November 30 of each year in which said amount is required to be paid and will be considered delinquent if not paid by December 31 of each such year or as otherwise determined by applicable law. The obligation to make said Payments in Lieu of Taxes shall be a covenant running with the land for the duration of the Redevelopment Project (and any

renewal periods thereof) and shall create a lien in favor of City on each such tax parcel as constituted from time to time and shall be enforceable against Developer and its successors and assigns in ownership of property in the Redevelopment Project Area. Developer and its successors and assigns in ownership of the property in the Redevelopment Area shall waive their right to object, for the purpose of reducing the County Assessor's appraised value, to the appraisal of their respective parcels of real property while tax increment financing is in effect in the Redevelopment Project Area, subject to the following:

(1) the owner of the full service grocery store shall have the right to object to the appraised value of the grocery store, but such objection shall only apply to the amount by which such appraised value exceeds \$5,200,000; and

(2) the owner of any other building shall have the right to object to the appraised value of such building, but such objection shall only apply to the amount by which such appraised value exceeds \$225 per square foot of leasable floor area in such building.

(3) The dollar amounts set forth in (1) and (2) above are 2016 values and shall be increased every two (2) years thereafter by two percent (2%).

B. Failure to pay Payments in Lieu of Taxes as to any property in a Redevelopment Project Area shall constitute a default by the owner, assignee, and/or tenant of such property (but not the Developer in the event Developer is not the owner of such property) under **Section 37** hereof, and shall entitle City, the County Collector or any other government official or body charged with the collection of any such sums (any one or more of such persons hereinafter individually or collectively referred to as the "**Collection Authority**") to proceed against such property and/or the tenant or the owner thereof (but not Developer in the event Developer is not the owner of such property) as in other delinquent property tax cases or otherwise as permitted at law or in equity, and, if applicable, such failure shall entitle the Collection Authority to seek all other legal and equitable remedies it may have to ensure the timely payment of all such sums or of the principal of and interest on any outstanding Obligations secured by such payments; provided, however, that the failure of any property in a Redevelopment Project Area to yield sufficient payments in lieu of taxes because the increase in the current equalized assessed value of such property is or was not as great as expected, shall not by itself constitute a breach or default. Promptly upon the designation and approval of a Redevelopment Project Ordinance, City shall use all reasonable and diligent efforts to promptly notify the County Assessor, County Collector, the City Treasurer, and all other appropriate officials and persons and seek to assess the property within the Redevelopment Project Area as described in the Act and fully collect the Payments in Lieu of Taxes and implement reimbursement of Reimbursable Project Costs as provided in this Contract and in the Redevelopment Plan.

C. Notwithstanding anything to the contrary herein, the lien on property within a Redevelopment Project Area shall be deemed (1) released as to any public street or other public way included within any plat proposed by Developer, effective upon the passage of an Ordinance by City approving the same, and (2) subordinated to the lot lines, utility easements and other similar matters established by any such plat (including any cross access or parking rights granted or created by any such plat), effective upon the passage of Ordinance by City as aforesaid, and to any easement or like interests granted to City or any public utility for public facilities or utilities or connection(s) thereto.

16. Economic Activity Taxes. In addition to the Payments in Lieu of Taxes described herein, and pursuant to Section 99.845.3 of the Act, Economic Activity Taxes shall be allocated to, and paid by the collecting officer, who shall be the City, as hereinafter provided, to the City Treasurer or other designated financial officer of City, who shall deposit such funds in the Economic Activity Account within the Special Allocation Fund. Following the approval of the Redevelopment Project, for as long as the Redevelopment Project Area is subject to Tax Increment Financing, Economic Activity Taxes shall be determined in accordance with the following procedures (subject, however, to the provisions of Section 99.845 of the Act):

A. Documentation of Economic Activity Taxes. So long as Developer owns the subject property within the Redevelopment Project Area, Developer shall use commercially reasonable efforts to include the provisions as specified in **Section 27** hereof in all lease documents with tenants located at such subject property within the Redevelopment Project Area requiring said sales tax information to be provided to City. Developer shall use commercially reasonable efforts to include a similar provision in all sales contracts with purchasers of property located in the Redevelopment Project Area requiring said sales tax information to be provided to City. So long as Developer owns the subject property within the Redevelopment Project Area, Developer shall use commercially reasonable efforts to enforce said provisions with respect to such subject property, and Developer shall use commercially reasonable efforts to provide that each such lease or sales contract provide that City is an intended third party beneficiary of such provisions and has a separate and independent right to enforce such provisions directly against any such tenant or purchaser. City shall comply with all applicable state laws limiting disclosure of sales tax information related to individual business provided to the City as documentation of Economic Activity Taxes. The City shall provide copies of all such sales tax information provided by tenants, users, occupants and owners within the Redevelopment Project Area to Developer upon request by Developer, within thirty (30) days after such request.

B. Certification by City. City, following reasonable research and investigation, using independent consultants, accountants and counsel shall certify the nature and amount of Economic Activity Taxes payable by each Taxing District from which Economic Activity Taxes are due, or as otherwise required by the procedures and requirements of the Taxing District from time to time established. Upon written request from Developer or Taxing District, City shall provide its

certification of Economic Activity Taxes due to the governing body of each such Taxing District.

17. Special Allocation Fund. The City Treasurer has established and maintains the Special Allocation Fund. Payments in Lieu of Taxes shall be deposited into the Payment in Lieu of Taxes Account within the Special Allocation Fund. Economic Activity Taxes, including the EATs portion of the CID Sales Tax, shall be deposited into the Economic Activity Account within the Special Allocation Fund. The Special Allocation Fund also contains a third separate segregated account for Non-Captured CID Revenues paid to the Special Allocation Fund in accordance with the CID Cooperative Agreement, as amended, and this Contract.

18. Disbursements from Special Allocation Fund. All disbursements from the Special Allocation Fund will be paid in such priority as the City shall determine from the separate segregated accounts maintained within the Special Allocation Fund for Payments in Lieu of Taxes, Economic Activity Taxes and Non-Captured CID Revenue. The City hereby agrees for the term of this Contract to apply available TIF Revenues in the following manner and order of preference. To the degree that this manner and order of preference conflicts with the ordinance and/or trust indenture for any TIF Bonds, the TIF Bonds ordinance and/or trust indenture shall govern.

A. Payment of City Administrative Fees, City Expenses, and City Original Formation Cost;

B. Reimbursement to any district providing emergency services within the Redevelopment Area, to the extent required by Section 99.847 of the TIF Act or, in lieu thereof, such amount as may be set forth in a cooperative agreement between the City and any such district;

C. Payment of Debt Service as required in the ordinance and/or trust indenture for Outstanding TIF Bonds;

D. Payment of Additional TIF Bonds Debt Service, if applicable. Moneys in the Special Allocation Fund shall be applied in the manner specified in the ordinance or trust indenture relating to the issuance of such Additional TIF Bonds; and

E. Payment of Reimbursable Project Costs not previously reimbursed from the proceeds of TIF Bonds. After retaining in the Special Allocation Fund eligible moneys equal to the following twelve (12) months of Additional TIF Bonds expected case debt service, legally eligible moneys in the Special Allocation Fund shall be used to reimburse the Developer for outstanding Reimbursable Project Costs.

19. Reimbursable Project Cost Certification.

A. Request for Certification. Developer shall have the right to submit requests for certification for the line items and within the budget amounts identified

on **Exhibit D-1** as reimbursable expenses, and for Financing Costs related to Reimbursable Project Costs. Developer shall submit its request for certification of Reimbursable Project Costs within one hundred twenty (120) days of paying any such costs. For all Reimbursable Project Costs paid by Developer prior to the execution of this Contract, such Reimbursable Project Costs shall be submitted for certification within one hundred (120) days from the date of execution of this Contract. Upon presentation to City of an application for certification of Reimbursable Project Costs which details Reimbursable Project Costs paid in accordance with this Contract and the Redevelopment Plan, together with such supporting documentation in a format as stipulated by the City (including copies of invoices, canceled checks, receipts, lien waivers, and such other supporting documentation as City shall reasonably require) as City shall reasonably determine to be necessary (the "**Reimbursement Request**"), City shall review, verify, and confirm the information included in the Reimbursement Request. The Reimbursement Request shall (1) identify each item of Reimbursable Project Cost by line item category in the Redevelopment Project Cost Budget separately; (2) aggregate all costs in the Reimbursement Request by line item category as set forth in the Redevelopment Project Cost Budget or elsewhere in this Contract; (3) include a report setting forth the total amount, by line item category from the Redevelopment Project Cost Budget, of all Reimbursable Project Costs set forth in the then-current Reimbursement Request and all prior Reimbursement Requests approved by City or for which approval is pending; and (4) include a report setting forth the percentage of work, by line item category from the Redevelopment Project Cost Budget, completed as of the date of the current Reimbursement Request. Notwithstanding anything contained herein to the contrary, Developer shall be entitled to transfer amounts between and among each line item category in the Projected TIF Reimbursed Costs Column of **Exhibit D-1** so long as Developer does not (a) receive reimbursement in excess of the aggregate amount of Reimbursable Project Costs set forth in the Redevelopment Project Cost Budget, excluding Financing Costs; (b) transfer to line items that are not approved as Reimbursable Project Costs; or (c) transfer amounts resulting in any additional fees or payments directly to Developer. Except as otherwise provided in this Section, the Developer shall not attempt to, or be permitted to, transfer amounts from other columns on **Exhibit D-1** into the TIF Column. If City determines that: (i) the Reimbursement Request accurately reflects Reimbursable Project Costs paid in accordance with this Contract and the Redevelopment Plan and (ii) the Reimbursable Project Costs for which certification is requested (considered in combination with all prior amounts certified for the same cost category or item, as applicable) are in accordance with the Redevelopment Project Cost Budget (subject to the foregoing sentence providing flexibility to move reimbursable amounts among and between reimbursable line items), it shall approve and certify the Reimbursement Request. If City, pursuant to its review of such Reimbursement Request and supporting documentation, determines that any portion of the request for reimbursement should not be approved, it shall promptly state the reasons for such disapproval to Developer. If the Developer is otherwise unable or unwilling to cure the reason for disapproval, any such disapproval may

be appealed by Developer to the Board of Aldermen, which shall upon Developer's request hold a hearing at which Developer may present new and/or additional evidence. No Reimbursement Request will be approved if it causes the total Reimbursable Project Costs, excluding Financing Costs, to exceed the total amount set out in the Redevelopment Project Cost Budget for Reimbursable Project Costs without the formal approval by Board of Aldermen of an amended and restated **Exhibit D-1** reflecting such an increase. Each Reimbursement Request for Developer Reimbursable Project Costs shall be approved administratively, and no action of the Board of Aldermen shall be required to approve such Reimbursement Request. The City shall respond within a reasonable time period not to exceed sixty (60) days to all requests by Developer for approval under this Section. To the extent it is reasonably necessary for outside consultants to assist the City with reviewing and approving Reimbursement Requests, the costs and fees associated with such consultants shall be considered City Expenses for purposes of **Section 46**.

B. Reserved

C. Payment of Interest Expenses

(1) Third Party Borrowing. In the event Developer incurs Financing Costs on amounts Developer was loaned to finance and pay for Reimbursable Project Costs from a "non-Affiliate" third party in an arms-length transaction, City shall reimburse Developer as a Reimbursable Project Cost the actual Financing Costs incurred and certified pursuant to this **Section 19**, which interest shall not compound; provided, however, in no event shall the amount of reimbursable Developer's interest exceed a rate of Prime Rate plus three percent (3%).

(2) Equity. Interest paid on equity shall be calculated using the same rates as those calculated for Third Party Borrowing. In the event Third Party Borrowing does not exist, the parties shall meet to determine the appropriate calculation for interest paid on equity.

(3) Interest Paid Not Included In Total Reimbursable Project Costs. Any interest paid to Developer pursuant to this **Section 19.C** shall not count toward the maximum Reimbursable Project Cost amount in the Redevelopment Project Cost Budget.

(4) Interest Calculation. For purposes of calculating reimbursable interest, Developer shall certify the amount of reimbursable interest as a separate line item, which shall accrue for any given Reimbursable Project Cost beginning with the day of the Reimbursable Project Cost was paid and ending the day such Reimbursable Project Cost is reimbursed hereunder.

D. Amendments Due to Cost Overruns. The parties acknowledge that the Redevelopment Project Costs set forth in **Exhibit D-1** are estimates. In the

event that actual costs exceed these estimates, Developer may request approval of the Board of Aldermen to increase the aggregate amount of Reimbursable Project Costs to mitigate the cost increase. Any such request to the Board of Aldermen by the Developer shall explain with supporting documentation such increase in the aggregate amount of the Developer's Redevelopment Project Costs and identify the amount of additional cost reimbursement the Developer would require to keep the respective shares of Redevelopment Project Costs of the Developer and City the same as at the time of the City's adoption of the Plan Ordinance. Any request to increase the Projected TIF Reimbursed Costs column by an amount that results in a change in the nature of the Redevelopment Projects shall require amendment of the Plan according to the procedures established in the TIF Act, including a hearing by the TIF Commission. At the time the Board of Aldermen considers a request for an increase in the Projected TIF Reimbursed Costs column, the Board of Aldermen may separately consider reimbursement of Financing Costs associated with such request.

20. Payment of Project Costs - "As Collected" Basis. If the Reimbursable Project Costs are to be reimbursed from the Special Allocation Fund on an "as collected" basis rather than paid with proceeds from the sale of TIF Bonds, Developer shall present to the City a Reimbursement Request for the City's certification pursuant to the procedure set forth in **Section 19**. The City shall disburse to Developer sufficient proceeds from the Special Allocation Fund and in accordance with the priorities specified in **Section 18**, to the extent such funds are available in the Special Allocation Fund, to pay those amounts identified on the certified Reimbursement Request within thirty (30) days following City's certification of such Reimbursement Request.

21. Payment of Project Costs with TIF Bond Proceeds. If the Developer chooses, upon completion of the Project Improvements anticipated to be constructed by the Developer (compared with Project Improvements anticipated to be constructed by third parties) as set forth in the Redevelopment Project Cost Budget, to have a portion of its eligible TIF Reimbursable Project Costs reimbursed by the proceeds of TIF Bonds as set forth in **Section 12.C**, above, then at such time as proceeds from the sale of TIF Bonds are available for the reimbursement of or direct payment of Reimbursable Project Costs for those costs certified by the City pursuant to the Reimbursement Request procedure described in **Section 19**, payment in accordance with the priorities specified in **Section 18** shall be made by presenting within ten (10) business days the Reimbursement Request(s) certified by the City and endorsed by the City and Developer to the Trustee of the TIF Bonds for payment of the amount set forth in the certified Reimbursement Request(s). The amount to be included in the initial disbursement from TIF Bond Proceeds shall include all Reimbursable Project Costs that have been certified by City pursuant to all certified Reimbursement Requests as of the date of the initial disbursement, plus related Financing Costs, all in accordance with the priorities specified in **Section 18**. Once the certified Reimbursement Request is presented to the Trustee, City shall make reasonable efforts to cause the Trustee to promptly make payment thereon, which shall be made within thirty (30) days of approval of the Reimbursement Request by the Trustee, subject to the terms of the trust indenture. Notwithstanding anything to the contrary herein, City shall deliver a copy of any such certified

Reimbursement Request to Developer at the same time it submits such certified Reimbursement Request to the Trustee.

23. Full Assessment of Redevelopment Area. After all TIF Bonds (if any are issued) and Reimbursable Project Costs have been paid, payment of all Redevelopment Project Costs and distribution of any excess moneys pursuant to Section 99.845 and 99.850 of the Act, but not later than twenty-three (23) years from the adoption of an Ordinance approving and designating the Redevelopment Project, City shall adopt an Ordinance dissolving the Special Allocation Fund and terminating the designation of the Redevelopment Area as a redevelopment area under the Act (the "Termination Ordinance"). From that date forward, all property in the Redevelopment Project Area shall be subject to assessments and payment of all ad valorem taxes, including, but not limited to, City, State, and County taxes, based on the full market value of the real property and the standard assessment ratio then in use for similar property by the County Assessor. After the adoption of the Termination Ordinance, the Redevelopment Area shall be owned and operated by Developer free from the conditions, restrictions and provisions of the Act, of any rules or regulations adopted pursuant thereto, of the Ordinance, of the Redevelopment Plan, and of this Contract, except as otherwise set forth herein or therein.

26. Tenant Approvals and Prohibitions.

A. The Developer shall have complete and exclusive control over the leasing or sales of property that it owns within the Redevelopment Project Area including, without limitation, the fixing of rentals and the selection or rejection of users; provided, however, that the City prohibits certain uses without specific City consent, as set forth below:

(1) Existing Users in the City. Without the approval of the City, the Developer shall not cause the relocation of a tenant into the Redevelopment Project Area, which is then open and operating in the City and then ceases to operate the existing facility within one (1) year of the opening of the new facility within the Redevelopment Project Area.

(a) In the event that Developer violates the requirements of this subsection and fails to receive the prior approval of the City as set forth above, for each such violation the Developer shall pay to the City an amount equal to **two (2)** times the amount of all local retail sales taxes generated by such store at its prior location during the preceding calendar year ("**Relocation Penalty Payment**"). Any Relocation Penalty Payment shall be due and payable within **fifteen**

(15) business days after receipt of written notice from the City for such payment. Failure to make any Relocation Penalty Payment when due shall be an event of default of this Contract and Developer shall be subject to the remedies set forth herein. All Relocation Penalty Payments shall be expended by the City in a manner consistent with this Contract and, provided the City obtains an Opinion of Bond Counsel to the effect that the receipt of such payments will not adversely affect the tax-exempt status of any outstanding TIF Bonds (if any are issued), in accordance with funds expended from the Special Allocation Fund.

(2) Surplus or Second Hand Stores. Without City approval, which approval shall not be unreasonably withheld, the Developer shall not lease or sell any of the Redevelopment Area to a surplus or second hand store. For the purpose of this section, a surplus or second hand store shall be defined as a store whose primary business is the sale of used or second hand merchandise, such as a thrift shop or a flea market.

(3) Gasoline Station/Convenience Stores. Without City approval, the Developer shall not by sale or lease locate more than one (1) gasoline station/convenience store in the Redevelopment Project Area. For the purpose of this section a gasoline station/convenience store shall be defined as a facility where as the primary business gasoline, diesel fuel, and oil is dispensed at retail. Uses may also include the sale of cold drinks, packaged foods, prepared foods that would otherwise constitute fast foods, tobacco and similar household convenience goods for station customers.

(4) Auto Repair Businesses or Lube Shops. The Developer shall not, without City approval, sell or lease any of the Redevelopment Project Area to a store whose primary business is as an automobile repair or similar business that includes garage doors as a primary feature of its facility; provided, however, such exclusion shall not apply to national tire, oil change or battery retailers; specifically Discount Tire, Tires Plus or National Tire and Battery ("NTB").

(5) Non-Sales Tax Generating Businesses. The Developer shall not, without City approval, sell or lease for development more than one pad site in the Redevelopment Project Area to non-sales tax generating businesses such as office uses or fitness centers. For purposes of this section, a non-sales tax generating business shall be any business projected to generate less than \$50 per square foot of retail sales.

27. Lease of Project Property.

A. Developer, or any third party, may lease real property within the Redevelopment Area. Unless the Board of Aldermen waives this requirement as to a particular tenant, Developer shall insert in any such lease, or include a

provision in the "Declaration of Restrictive Covenants" (as defined in **Section 28** of this Contract) requiring any third party to insert, the following language (or similar language) and, if not included in the Declaration of Restrictive Covenants, shall have such Developer lease signed by the lessee indicating acknowledgment and agreement to the following provision:

Economic Activity Taxes and Community Improvement District Taxes

Tenant acknowledges that the Leased Premises are a part of a Tax Increment Financing district ("**TIF District**") created by the City and that certain taxes generated by Tenant's economic activities, including sales taxes, will be applied toward the costs of certain improvements for the Development. In addition, Tenant acknowledges that the Grain Valley Market Place shopping center (including Tenant's Premises) is located within the boundaries of a Community Improvement District ("**CID**") which will have the power to impose a sales tax on any retail sales generated within Tenant's Premises. Tenant shall forward to the City copies of Tenant's State of Missouri sales tax returns for its property located in the TIF District when and as they are filed with the Missouri Department of Revenue, and, upon good cause shown, shall provide such other reports and returns regarding other local taxes generated by Tenant's economic activities in the TIF District and/or the City which will permit the City to administer the TIF as well as the CID.

Tenant shall provide to Landlord upon Landlord's request a certification to the City that this Lease includes the provisions of preceding paragraph.

Tenant represents and warrants that its business is not currently located in the City, or, if Tenant's business is currently located within the City, Tenant acknowledges that if the existing business outside the Redevelopment Project Area is closed within twelve (12) months of opening within the Redevelopment Project District, this Lease shall not be effective unless the Board of Aldermen approves this Lease, in addition to any other required approvals. Tenant acknowledges that the City is a third-party beneficiary of the obligations in this Section, and that the City may enforce these obligations in any manner provided by law.

Failure of Developer to require that such restrictions be placed in any such lease shall in no way modify, lessen or diminish the obligations and restrictions set forth herein relating to the Redevelopment Project Area. The City shall comply with all applicable state laws limiting disclosure of sales tax information related to individual businesses provided to the City as documentation of Economic Activity Taxes.

28. Sale or Disposition of Project Property.

A. Purchasing Entity. Except for a transfer to a Related Entity, the Developer shall not sell its fee simple interest in any of the Redevelopment Project Area on which Project Improvements were anticipated to be built by Developer as set forth in the Redevelopment Project Cost until completion of such Project Improvements.

B. Continuation of Payments in Lieu of Taxes. In the event of the sale or other voluntary or involuntary disposition of any or all of the real property of Developer or any third party in the Redevelopment Area, Payments in Lieu of Taxes with respect to the real property so sold or otherwise disposed of shall continue and shall constitute a lien against the property from which they are derived, and such obligations shall inure to and be binding upon Developer and its successors and assigns in ownership of said property as if they were in every case specifically named and shall be construed as a covenant running with the land and enforceable as if such purchaser, transferee or other possessor thereof were originally a party to and bound by this Contract.

C. Obligation to Ameliorate Existing Conditions. Developer's obligations pursuant to **Section 5** hereof, unless earlier satisfied and certified pursuant to **Section 10** hereof, shall inure to and be binding upon the heirs, executors, administrators, successors and assigns of the respective parties as if they were in every case specifically named.

D. Incorporation. The restrictions set forth above in **Section 27** hereof, shall be incorporated into any deed or other instrument conveying an interest in real property, other than a lease agreement, within the Redevelopment Area and shall provide that said obligations or restrictions shall constitute a benefit held by both Developer and City and that City is an intended third party beneficiary of said obligations and restrictions. Failure of Developer to require that such restrictions be placed in any such deed or other instrument shall in no way modify, lessen or diminish the obligations and restrictions set forth herein relating to the Redevelopment Project Area. Notwithstanding the foregoing provisions of this **Section 28.D**, in lieu of the requirement that such restrictions be incorporated into any deed or other instrument conveying an interest in real property and in lieu of any other provisions of this Contract that require Developer to contractually obligate a purchaser or other successor owner to comply with certain restrictions in this Contract, Developer may instead record a declaration of restrictive covenants (the "Declaration of Restrictive Covenants") against all property in the Redevelopment Project Area now owned or in the future owned by Developer, binding upon its successors in ownership and requiring such successors to comply with such restrictions.

E. Notification to City of Transfer; Board of Aldermen Approval. Developer shall notify City in writing of any proposed sale or other transfer of any or all of the real property in the Redevelopment Project Area other than any sale of a pad area for the construction thereon of improvements to be used by the purchaser of the pad area or its affiliate for retail and other permitted uses as

provided for in this Contract. Such notice shall be provided not less than sixty (60) days prior to the proposed effective date of the sale or other transfer in a manner as described in **Section 39** hereof and shall include a copy of the instrument effecting such sale or other disposition to enable City to confirm that the requirements set forth above in this **Section 28** hereof have been fulfilled.

29. Progress Reports.

A. At the first regularly-scheduled meeting of the Board of Aldermen following the first anniversary of the execution of this Contract, and upon the City's written request thereafter (not to exceed more than once per year) until all Project Improvements are completed, Developer shall report to the Board of Aldermen the progress of its implementation of the Redevelopment Project. Such reports shall include such information as is required under the reporting requirements of the Act, such additional information as City may reasonably require, and such additional information as Developer wishes to present, including, without limitation:

- (1) Project Improvements completed;
- (2) Status of Project Improvements in progress but not yet completed;
- (3) Actual Redevelopment Project Costs in the Redevelopment Project Area compared to Redevelopment Plan estimates;
- (4) Actual start and completion dates of Project Improvements in the Redevelopment Project Area compared to Redevelopment Plan estimates; and
- (5) Estimated start date of Project Improvements not yet commenced at date of report.

B. Developer shall from time to time furnish such other reports on specific matters not addressed by the foregoing as City may reasonably require.

30. Compliance with Laws. Subject to Developer's rights to contest the same in any manner permitted by law, Developer, its officers, directors and principals, at its sole cost and expense, shall comply in every respect with all Legal Requirements, ordinances, rules and regulations of all federal, state, county and municipal governments, agencies, bureaus or instrumentalities thereof now in force or which may be enacted hereafter which pertain to construction of the Project Improvements, the ownership, occupancy, use and operation of the Redevelopment Project and the Redevelopment Area.

31. Authorized Employees. Developer acknowledges that Section 285.530, RSMo, prohibits any business entity or employer from knowingly employing, hiring for employment, or continuing to employ an unauthorized alien to perform work within the state of Missouri. Developer therefore covenants and will provide an affidavit from any general contractor directly employed by Developer to construct Project Improvements

attesting that it is not knowingly in violation of subsection 1 of Section 285.530, RSMo, and that it will not knowingly employ, hire for employment, or continue to employ any unauthorized aliens to perform work related to this Contract, and that its employees are lawfully eligible to work in the United States.

32. Assignment of Developer's Obligations.

A. Without limiting the rights of Developer or any third party under **Section 28**, Developer agrees that this Contract and the rights, duties and obligations hereunder may not and shall not be assigned by Developer without the prior written consent of the City, which consent will not be unreasonably withheld. Any proposed assignee shall have all of the qualifications and financial responsibility, as reasonably determined by the City, necessary and adequate to fulfill the obligations of Developer, and, if the proposed assignment relates to a portion of the Redevelopment Project Area, such obligations to the extent that they relate to such portion of the Redevelopment Project Area.

B. Any proposed assignee shall, utilizing a form substantively and substantially similar to the form attached hereto as **Exhibit I** (the "**Assignment Agreement**"), expressly for the benefit of City, assume all of the obligations of Developer under this Contract and agree to be subject to all the conditions and restrictions to which Developer is subject (or, in the event the assignment is of or relates to a portion of the Redevelopment Project Area, such obligations, conditions and restrictions to the extent that they specifically relate to such portion). For purposes of this section, any sale, transfer, assignment, pledge or hypothecation of an interest in Developer (other than to an Affiliate of Developer) that results in a change in management control of Developer will constitute an assignment of this Contract. Upon approval of the Assignment Agreement by City as set forth herein, Developer shall be released from such obligations accruing after the date of such assignment, and any default by any such assignee shall not affect Developer's rights under this Contract, including the right to have Reimbursable Project Costs paid for or reimbursed with reimbursement from TIF Revenue and CID Revenue generated within the Redevelopment Project Area.

C. Notwithstanding the provisions of this **Section 32**, for purposes of securing financing, Developer may, without the City's consent, assign or pledge to the party providing financing Developer's rights and/or obligations under this Contract, but Developer shall provide City with notice of any such assignment or pledge. Such assignment or pledge shall remain subject to the terms, provisions and conditions of this Contract.

36. Indemnification.

A. Developer shall indemnify, protect, defend and hold City and its officers, directors, members, commissioners, employees and agents (collectively, the "Indemnified Parties" or, individually, an "**Indemnified Party**") harmless from and against any and all claims, demands, liabilities and costs, including reasonable attorneys' fees, costs and expenses, arising from damage or injury, actual or claimed, of whatsoever kind or character (including consequential and punitive damages), to persons or property occurring or allegedly occurring as a result of any acts or omissions of Developer, its constituent members or partners, their employees, agents, independent contractors, licensees, invitees or others acting by, through or under such indemnifying parties, in connection with its or their activities conducted pursuant to this Contract and/or in connection with the ownership, use or occupancy and development or redevelopment of the Redevelopment Project Area or a portion thereof and the Project Improvements, including but not limited to, any damages or penalties incurred by the City as a result of the failure of the Developer or its contractors to comply with applicable Legal Requirements related to the construction of the Project Improvements.

B. In the event any suit, action, investigation, claim or proceeding (collectively, an "Action") is begun or made as a result of which Developer may become obligated to one or more of the Indemnified Parties hereunder, the Indemnified Party shall give prompt notice to Developer of the occurrence of such event. After receipt of such notice, Developer may elect to defend, contest or otherwise protect the Indemnified Party against any such Action, at the cost and expense of Developer, utilizing counsel of Developer's choice. The Indemnified Party shall have the right, but not the obligation, to participate, at the Indemnified Party's own cost and expense, in the defense thereof by counsel of the Indemnified Party's choice. In the event that Developer shall fail timely to defend, contest or otherwise protect an Indemnified Party against such Action, the Indemnified Party shall have the right to do so, and (if such defense is undertaken by the Indemnified Party after notice to Developer asserting Developer's failure to timely defend, contest or otherwise protect against such Action), the Indemnified Party may submit any bills for fees and costs received from its counsel to Developer for payment and, within thirty (30) business days after such submission, Developer shall transfer to the Indemnified Party sufficient funds to pay such bills. Developer acknowledges that such bills may be redacted to delete any information which would constitute attorney-client communication or attorney work product.

C. An Indemnified Party shall submit to Developer any settlement proposal that the Indemnified Party shall receive. Developer shall be liable for the payment of any amounts paid in settlement of any Action to the extent that Developer consents to such settlement. Neither Developer nor the Indemnified Party will unreasonably withhold its consent to a proposed settlement.

D. Developer expressly confirms and agrees that it has provided this indemnification and assumes the obligations under this Contract imposed upon

Developer in order to induce City to enter into this Contract. To the fullest extent permitted by law, an Indemnified Party shall have the right to maintain an action in any court of competent jurisdiction to enforce and/or to recover damages for breach of the rights to indemnification created by, or provided pursuant to, this Contract. If such court action is successful, the Indemnified Party shall be reimbursed by Developer for all fees and expenses (including attorneys' fees) actually and reasonably incurred in connection with such action (including, without limitation, the investigation, defense, settlement or appeal of such action).

E. With respect to liability that arises during the term of this Contract, the right to indemnification set forth in this Contract shall survive the termination of this Contract.

F. Any costs, fees, and expenses paid by Developer under this **Section 36** shall be Reimbursable Project Costs and shall not count against the maximum amount of Reimbursable Project Costs set forth in the Redevelopment Project Cost Budget; provided that, if the event or circumstances giving rise to the claim against the City is due to the failure of the Developer or its contractors to comply with applicable Legal Requirements related to the construction of the Project Improvements or otherwise caused by the Developer's gross negligence or intentional misconduct, no such costs, fees, and expenses paid by Developer under this **Section 36** shall be reimbursable.

37. Breach-Compliance.

A. If Developer or City does not comply with provisions of this Contract, including provisions of the Redevelopment Plan, within the time limits and in the manner for the completion of the Redevelopment Project as therein stated, except for any extensions or waivers described herein and Excusable Delays (as defined in **Section 38** hereof), in that Developer or City shall do, permit to be done, or fail or omit to do, or shall be about so to do, permit to be done, or fail or omit to have done, anything contrary to or required of it by this Contract or the Act, and if, within ninety (90) days after notice of such default by the non-defaulting party to the defaulting party, the defaulting party shall not have cured such default or commenced such cure and be diligently pursuing the same if such cure would reasonably take longer than said ninety (90) day period (but in any event if the defaulting party shall not have cured such default within one hundred eighty (180) days), then the non-defaulting party may institute such proceedings as may be necessary in its opinion to cure the default including, but not limited to, proceedings to compel specific performance by the party in default of its obligations (except that no party shall be enjoined to engage in any construction) and, in the case of default by Developer, City is granted the right to terminate this Contract, the right to apply any deposit or other funds submitted by Developer to City in payment of the damages suffered by it, the right to withhold or apply funds from the Special Allocation Fund to such extent as is necessary to protect City from loss or to ensure that the Redevelopment Plan and the Redevelopment Project are fully and

successfully implemented in a timely fashion, and the right to withhold issuance of a Certificate of Completion and Compliance.

B. If any action is instituted by either party hereunder, the non-prevailing party in such action shall pay any and all costs, fees and expenses, including attorneys' fees incurred by the prevailing party in enforcing this Contract.

C. The rights and remedies of the parties to this Contract, whether provided by law or by this Contract, shall be cumulative and the exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach. No waiver made by either party shall apply to obligations beyond those expressly waived.

D. Developer (for itself and its successors and assigns, and for all other persons who are or who shall become liable, by express or implied assumption or otherwise, upon or subject to any obligation or burden under this Contract), waives to the fullest extent permitted by law and equity all claims or defenses otherwise available on the ground of being or having become a surety or guarantor, whether by agreement or operation of law. This waiver includes, but is not limited to, all claims and defenses based upon extensions of time, indulgence or modification of terms of contract.

E. Any delay by either party in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights under this paragraph shall not operate as a waiver of such rights or limit them in any way. No waiver in fact made by either party of any specific default by the other party shall be considered or treated as a waiver of the rights with respect to any other defaults, or with respect, to the particular default except to the extent specifically waived.

F. In no event shall City be obligated to certify any Reimbursable Project Costs, approve any Reimbursement Request or reimburse Developer for any Reimbursable Project Costs incurred or paid by Developer at any time while any default by Developer has occurred and remained uncured beyond Developer's cure period as provided in **Section 37.A**, herein, and City has provided notice of such default as required under **Section 37**. Notwithstanding the above, if the City validly terminates this Contract, the City shall be required to, in due course according to the standards set forth herein, certify any Reimbursable Project Costs, approve any Reimbursement Request and reimburse Developer for any Reimbursable Project Costs incurred or paid by Developer prior to any such notice of default. If City shall at any time elect to rely upon the provisions of this **Section 37.F**, as the basis for an action by City, City shall, at the time of such election, notify Developer in writing of such decision and the specific facts or events relied upon by City as the basis for such action by City.

G. Notwithstanding anything to the contrary herein, Developer agrees that in the event of any default by City under this Contract, it will not bring any

action or suit to recover damages against City or any officer, director, commissioner, member, employee, or agent of any of them, except that this **Section 37.G**, shall not prevent the award of attorneys' fees under **Section 37.B** hereof in the event of a default by City under this Contract. Actions brought in equity or which otherwise do not seek to recover damages are not precluded by this Section, nor are actions brought against any officer, director, commissioner, member, employee, or agent of any of them for any acts or omissions, committed outside the course and scope of such individual's position with the City.

38. **Excusable Delays**. The parties understand and agree that Developer shall not be deemed to be in default of this Contract because of delays or temporary inability to commence, complete or proceed in accordance with the Redevelopment Schedule, due in whole or in part to causes beyond the reasonable control or without the material fault of Developer which are caused by the action or failure to act of any governmental body, department or agency, including but not limited to, failure to approve complete applications for permits that comply with all applicable laws and regulations within thirty (30) days of submission and failure to provide any consent required by this Contract where all applicable requirements for said consent have been complied with within twenty (20) days of submission, acts of war or civil insurrection, breach of this Contract by City or any natural occurrence, strikes, lock-outs, riots, floods, earthquakes, fires, casualties, acts of God, labor disputes, governmental restrictions or priorities, embargoes, litigation, tornadoes, or unusually severe weather (collectively "**Excusable Delays**"). The time of performance hereunder shall be extended for the period of any delay or delays caused or resulting from any of the foregoing causes, which approval shall not be arbitrarily or unreasonably withheld. Nothing herein shall excuse Developer from any obligation to pay money hereunder, nor shall this Section excuse Developer from performance of its obligations because of a lack of funds or inability to obtain financing, except as provided in **Section 13** hereof and except if financing commitments obtained by Developer pursuant to **Section 14.C** hereof are not fulfilled by the party issuing such commitment through no fault of Developer, in which case Developer shall be entitled to additional time not to exceed one hundred eighty (180) days to obtain new financing commitments.

39. **Notice**. Any notice required by this Contract shall be deemed to be given if it is mailed by United States certified mail, postage prepaid, and addressed as hereinafter specified.

40. Modification. The terms, conditions, and provisions of this Contract and of the Redevelopment Plan can be neither modified nor eliminated except in writing and by mutual agreement between City and Developer. Any modification to this Contract as approved shall be attached hereto and incorporated herein by reference.

41. Effective Date. This Contract shall become effective on the Effective Date and shall remain in full force and effect until the completion of all Project Improvements, as described herein, and so long as any TIF Bonds or Redevelopment Project Costs remain outstanding and unpaid, subject, however, to the provisions of **Section 37** hereof.

42. Recording. Upon full execution by City and Developer, this Contract or a memorandum thereof shall be recorded by City, at Developer's expense, in the Office of the Recorder of Deeds for Jackson County, Missouri. Such expense shall be a Reimbursable Project Cost over and above the maximum amount set out in the Redevelopment Project Cost Budget for Reimbursable Project Costs.

43. Applicable Law. This Contract shall be governed by and construed in accordance with the laws of the State of Missouri.

44. Covenant Running With the Land. The provisions of this Contract shall remain in effect for the duration of the Redevelopment Project and any renewal period or periods of the Redevelopment Plan at the end of which time they shall cease. They shall be covenants running with the land and shall be binding, to the fullest extent permitted by law and equity, for the benefit and in favor of, and be enforceable by, City, its successors and assigns, against Developer, its successors and assigns, and every successor in

interest to the subject real property, or any part of it or any interest in it and any party in possession or occupancy of the real property or any part thereof (provided, subject to the provisions of **Section 32** hereof, that any such covenants shall be binding on Developer itself, such successor in interest to the subject property, and every part of the subject real property, and each party in possession or occupancy of the subject real property or any part thereof, only during their period of ownership).

45. Relocation Costs. Developer shall be responsible for any relocation activity or the costs thereof that may be required by law to be paid with respect to the Redevelopment Project 2 portion of the Redevelopment Plan. Developer shall provide the relocation services and benefits as provided for under the Redevelopment Plan.

46. City Administrative Costs and City Expenses.

A. In order to reimburse City for its reasonable administrative costs and expenses (including staff time and contracted services) in connection with the preparation, development and implementation of the Plan, Redevelopment Project, and this Contract ("City Administrative Costs"), the City and STAR Acquisitions, Inc. entered into a Funding Agreement dated August 1, 2015 (the "**Funding Agreement**"). Any of actual and reasonable City Administrative Costs that are provided for in this **Section 46** and which are not covered by the Funding Agreement shall be paid by Developer within sixty (60) days of having been billed for same and may be claimed by Developer as Reimbursable Project Costs. The Funding Agreement shall remain in full force and effect until the first TIF Revenue is deposited into the Special Allocation Fund. Immediately thereafter, the Funding Agreement shall terminate and any remaining balance of Developer funds held by the City thereunder shall be returned to the Developer.

B. Following the termination of the Funding Agreement, the City shall receive an administrative fee (the "City Administrative Fee") to cover costs of subsequent City Administrative Costs necessary to implement the TIF Plan and administer this Contract and deposits to and payments from the Special Allocation Fund. The City Administrative Fee shall be in the amount of one percent (1%) of funds deposited into the Special Allocation Fund, exclusive of those funds deposited into the CID Revenue Fund.

C. Following the termination of the Funding Agreement, actual additional documented third party professional service costs and other out-of-pocket expenses reasonably incurred by City ("City Expenses") that are found by City to be necessary for it in connection with the Plan or this Contract, including fees imposed by the State or County relating to the collection and disbursement of PILOTs, shall be reimbursed from the Special Allocation Fund. However, in no event shall City Expenses be paid or reimbursed in excess of five percent (5%) of the TIF Revenue paid into the Special Allocation Fund in any year.

D. Within thirty (30) days after utilizing funds from the Special Allocation Fund to pay or reimburse City Expenses, City shall provide written verification to

Developer of the amount and nature of such City Expenses. Upon the request of Developer, City shall allow Developer or its representatives an opportunity to review the accounts and records of City with regard to such City Expenses. In the event Developer disputes the reasonableness of any portion of such City Expenses, Developer may request, and the Board of Aldermen will hold, a hearing at which Developer may present evidence as to why the City's payment from TIF Revenue for such expenses should be reimbursed to the Special Allocation Fund.

E. In addition to the other costs and fees referred to in this **Section 46**, City has paid \$100,000 ("City Original Formation Costs") to form, implement, and administer the redevelopment project for which the Original Developer was the developer of record. When funds are available in the Special Allocation Fund, City shall be reimbursed for the City Original Formation Costs.

47. Validity and Severability. It is the intention of the parties hereto that the provisions of this Contract shall be enforced to the fullest extent permissible under the laws and public policies of State of Missouri, and that the unenforceability (or modification to conform with such laws or public policies) of any provision hereof shall not render unenforceable, or impair, the remainder of this Contract. Accordingly, if any provision of this Contract shall be deemed invalid or unenforceable in whole or in part, this Contract shall be deemed amended to delete or modify, in whole or in part, if necessary, the invalid or unenforceable provision or provisions, or portions thereof, and to alter the balance of this Contract in order to render the same valid and enforceable. All exhibits attached hereto are hereby incorporated into this Contract by reference.

48. Time and Performance are of the Essence. Time and exact performance are of the essence of this Contract.

49. City's Legislative Powers. Notwithstanding any other provisions in this Contract, nothing herein shall be deemed to usurp the governmental authority or police powers of City or to limit the legislative discretion of the Board of Aldermen, and no action by the Board of Aldermen in exercising its legislative authority shall be a default under this Contract.

50. Good Faith; Consent or Approval. In performance of this Contract or in considering any requested extension of time, the parties agree that each will act in good faith, cooperate in expeditious and timely approvals, and will not act unreasonably, arbitrarily, or capriciously or unreasonably withhold or delay any approval required by this Contract; provided, however, that the City need not act reasonably in considering a requested extension of time that would extend a time period set forth in this Contract for the performance of an obligation by the Developer by more than three (3) years from the original end of such period as set forth in this Contract. Except as otherwise provided in this Contract, whenever consent or approval of the City is required, such consent or approval may be granted by the City Administrator or his designee administratively and no action of the Board of Alderman shall be required. Except as otherwise provided in this Contract, whenever consent or approval of either party is required, such consent or approval will not be unreasonably withheld, conditioned or delayed. The City agrees to

reasonably cooperate with the Developer with respect to (i) applications for building permits from the City and the issuance thereof, and any permits or approvals required from any governmental agency, whenever reasonably requested to do so; provided, however, that all applications for such permits and approvals are in compliance with the applicable ordinances and regulations, approved plans and specifications, and all applicable codes, (ii) securing any construction and permanent financing that the Developer may reasonably require in connection with the performance of its obligations under this Contract, (iii) reviewing and approving Developer's plans, including but not limited to the Site Plans and building elevations, construction plans and the Design Criteria and any amendments thereto. The Developer, in recognition of the significant public investment of the City; and the City, in recognition of the substantial financial commitment of the Developer, agrees to cooperate in good faith to accomplish the expeditious and optimal utilization of the retail space in Redevelopment Area. The Developer agrees and acknowledges that in each instance in this Contract or elsewhere where the City is required or has the right to review or give its approval or consent, no such review, approval or consent will imply or be deemed to constitute an opinion by the City, nor impose upon the City any responsibility for the design or construction of building elements, including but not limited to the structural integrity or life/safety requirements or adequacy of budgets or financing or compliance with any applicable federal or state law, or local ordinance or regulation, including the Environmental Laws. Redevelopment Schedule

- Section 6 of the TIF Contract establishes the expected schedule for Project 2. This schedule is included as Exhibit C to the TIF Contract, but is reproduced here for your convenience.

A portion of Redevelopment Project 2 has already been completed and includes: the movie theater and convenience store, as well as the public improvements servicing such development. Commencement of construction of the remainder of Redevelopment Project 2, which includes: grocery store and approximately 21,000 square feet of retail and/or restaurant facilities, and infrastructure improvements servicing such development within Redevelopment Project Area 2, is expected to commence in 2016 and is expected to be completed in approximately 2019.

- If the Developer does not complete its projects on time, the Board of Aldermen are authorized to order the Developer to appear before them at a hearing to show cause why the TIF Contract and TIF Plan should not be terminated.

Design and Construction of Project Improvements

- Section 9 addresses design and construction of the Project 2 improvements.
- Project Improvements
 - Developer must seek City approval on Preliminary Plats and Site Plans.
 - Developer must construct the estimated square footage proposed in the TIF Plan approval process on the first floor of the buildings constructed, but Developer is encouraged to incorporate uses on the second floor of buildings wherever feasible.

Control and Completion of Project Improvements

- Sections 10 and 11 address control of the redevelopment projects and provide a process for determining when the Developer has completed its obligations under the TIF Contract.
- Control
 - Developer needs to dedicate all necessary utility easements or right-of-way not otherwise dedicated to MoDOT or the CID to the City at no charge.
 - Grain Valley Marketplace Cinema Company, LLC has entered into long-term ground lease with the City, regarding the CID-eligible portion of the Project Improvements (Public Parking Lots and Drives). The lease confers to the City the right to operate, maintain and control the CID-eligible portion of the Project Improvements for the term of the lease (30 years)

- The Developer is required (and must contractually obligate his tenants) to maintain the Project Improvements in the same manner as similar commercial developments and must keep the development in good condition.
- Certificate of Completion and Compliance
 - Section 11 provides that once the Developer completes all of the Project Improvements, he may request the City to issue a Certificate of Completion and Compliance. This certificate indicates that the Developer has satisfied his obligation for construction of the Project Improvements in accordance with the TIF Contract and has otherwise materially complied with all other provisions of the TIF Contract. These “final” certificates will be recorded with the Jackson County Recorder of Deeds for each parcel affected.

Project Financing

- Section 12 is one of the most important sections of the TIF Contract as it sets forth the requirements for financing the project. This section also addresses the use of the Developer’s private funds and the use of CID and NID revenues for the development.
- The Developer will use private funds to construct the Project Improvements. These private funds will be primarily in the form of debt incurred by the Developer or third parties (tenants), but also may include equity investment by the Developer.
- Upon completion of the Project Improvements, the Developer expects to be reimbursed for all of its eligible TIF Reimbursable Project Costs reimbursed on a pay-as-you-go basis.
- As an alternative, the Developer may elect to have all or a portion of its Reimbursable Project Costs reimbursed by the proceeds of Additional TIF Bonds (see below).
- Additional TIF Bonds (Section 12.C)
 - If the Developer elects bond financing, the City has the sole discretion to issue Additional TIF Bonds which could be sized solely on the strength of the shopping center. The City determines whether the amount, terms, and interest rate of the TIF Bonds are acceptable in accordance with market conditions at the time of issuance. There would be no City backing of these bonds.
- CID Financing (Section 12.D)
 - The CID was established on September 27, 2010 when the TIF was approved. The CID is currently imposing a 1% sales tax.
 - The City and Developer have taken action to: 1) amend the CID Petition to include payment of costs associated with the Grain Valley Marketplace NID, including payment or reimbursement of NID special assessments and/or debt service on NID Bonds; and 2) annex additional property north of the existing boundary of the CID in order to collect

sales tax generated by the proposed grocery store. On March 28, 2016 the Board of Aldermen approved the Amended Petition and the Petition to Add Property.

- The City, the Developer and the CID must enter into an amendment to the CID Cooperative Agreement within 90 days that allows the City to approve budgets, receive CID sales tax revenues, and administer the CID. The Cooperative Agreement must also cause the CID Board to pledge the non-captured CID revenues to pay down debt service on the Outstanding TIF Bonds. Once the Outstanding TIF Bonds are paid for, the Non-Captured CID revenues will be used to pay/reimburse NID Costs.
- City-Cinema Lease – the City and Grain Valley Marketplace Cinema Company, LLC will enter into a Lease Amendment exchanging that portion of Tract A located south of the proposed grocery store for the driveways and parking areas located north and east of the existing theater (see Exhibit G to the Contract). Upon acquisition of the development site, Developer will enter into an additional lease for a portion of the parking lot south of existing Tract A (Exhibit H).
- CID is no longer expected to outlast the term of the TIF.
- NID Financing (Section 12.E)
 - NID Improvements are subject to short-term financing through the City’s Taxable Neighborhood Improvement District Limited General Obligation Refunding Temporary Notes, Series 2015 (“NID Notes”), which will mature on December 1, 2016.
 - Prior to or at maturity of the NID Notes, City will issue taxable NID bonds (“NID Bonds”). The taxable NID Bonds will be paid from special assessments that will first be levied in November 2017.
 - Developer’s portion of the special assessment is expected to be approximately \$1,800,000.00. Developer shall pay its annual NID special assessments and be reimbursed from TIF and CID revenue on a pay-as-you-go basis or by TIF Bonds.

Conditions Precedent to Developer’s and City’s Duties

- Sections 13 and 14 address conditions that must be satisfied prior to the Developer or the City having to do the things that are required of either of them under the TIF Contract.
 - Conditions Precedent to Developer’s Duties (Section 13)
 - Acquisition by Developer of all real property within the TIF Redevelopment Area with the exception of the hotel parcel, any existing right-of-way, and those portions of the Redevelopment Area owned by the School District, Grain Valley Marketplace Cinema Co., LLC, JPNS Corporation, and Casey’s Marketing Company.
 - Execution of the amendment to the CID Cooperative Agreement

- Conditions Precedent to City's Duties (Section 14)
 - Same as above, except the condition related to the financing commitments is a requirement that the Developer provide evidence of those commitments to the City for approval.

PILOTs, EATs, and the Special Allocation Fund

- Sections 15-18 address statutorily required provisions related to the measurement, collection, and disbursement of PILOTs and EATs.
- Developer and its successors and assigns in ownership of the property in the Redevelopment Area shall waive their right to object, for the purpose of reducing the County Assessor's appraised value, to the appraisal of their respective parcels of real property while tax increment financing is in effect in the Redevelopment Project Area, subject to the following:
 - the owner of the full service grocery store shall have the right to object to the appraised value of the grocery store, but such objection shall only apply to the amount by which such appraised value exceeds \$5,200,000; and
 - the owner of any other building shall have the right to object to the appraised value of such building, but such objection shall only apply to the amount by which such appraised value exceeds \$225 per square foot of leasable floor area in such building.
 - The dollar amounts set forth in (1) and (2) above are 2016 values and shall be increased every two (2) years thereafter by two percent (2%).
- These sections also include provisions regarding the City's establishment and maintenance of the special allocation fund and how money collected into that fund will be disbursed to pay for Reimbursable Project Costs, or debt service on TIF Bonds, as appropriate.
- Revenue will be disbursed in the following order:
 - Payment of City Administrative Fee, City Expenses and City Original Formation Costs
 - Emergency Services
 - Payment of Debt Service on Outstanding TIF Bonds
 - Payment of Debt Service on Additional TIF Bonds
 - Payment of Reimbursable Project Costs not previously reimbursed by TIF Bonds

Certification of Reimbursable Project Costs

- Section 19 addresses the procedure by which the Developer will submit requests for certification that project costs incurred are eligible for reimbursement in accordance with the TIF Plan and the TIF Contract.
- This process will be administered by City Staff.
- Payment of interest expenses is covering in subsection C of this section.

Use of Bond Proceeds to Pay Project Costs

- Section 21 addresses how the proceeds from the sale of bonds will be applied to reimbursable project costs that were certified under the process provided in Section 19.

Tenant Approvals and Prohibitions

- Section 26 addresses the types of businesses that may be located within the development. While the Developer has complete control over the leasing and sales within the development, the City prohibits certain types of business and is retaining the right to review and approve certain tenants for the development.
 - The City must first approve any relocation of businesses that already exist within the City, unless the business intends to operate its existing business for more than one year after opening a new location within the new development. Liquidated damages apply for violations of this term—the Developer would have to pay the City two (2) times the amount of all retail sales tax revenue the relocated business would have produced at its prior location.
 - The City must first approve any surplus stores, second hand stores, thrift shops, or flea markets.
 - The City must first approve any additional (one is allowed) gasoline stations and/or convenience stores within the development.
 - The City must first approve any auto repair businesses, oil change businesses, or other businesses that include a garage door as a primary feature of its facility; however, such approval shall not apply to Discount Tire, Tires Plus or National Tire and Battery ("NTB").
 - The Developer shall not, without City approval, sell or lease for development more than one pad site in the Redevelopment Project Area to non-sales tax generating businesses such as office uses or fitness centers. For purposes of this section, a non-sales tax generating business shall be any business projected to generate less than \$50 per square foot of retail sales.

Lease/Sale of Property and Assignment of Developer's Obligations

- Sections 27, 28, and 32 address the sale, assignment of payments and collateral assignment of the Developer's TIF Contract obligations.
- Other than sale of specific building sites to pad or anchor users, the Developer is not allowed to sell the project and assign its obligations to another entity without City approval except:
 - Developer is allowed to sell property and assign its obligations to another entity without City approval if that entity is controlled by the Developer or the principals of the Developer
- Developer is allowed to assign its rights to receive reimbursement for Reimbursable Project Costs—this is typically required in the Developer's private financing.
- If the Developer desires to sell the project and assign its obligations to another entity, the City must find that the purchaser has all of the qualifications and financial responsibility necessary and adequate to fulfill the obligations of the Developer as outlined in the TIF Contract

Standard TIF Contract Obligations

- The remaining sections of the Contract primarily deal with generally standard contract obligations of a developer on TIF projects (e.g., progress reports, compliance with applicable laws, recording of the document, notices, etc.) and the mechanics of capturing and accounting for TIF revenues
- Note – Section 46 addresses the City Administrative Costs which are not covered by the Funding Agreement which shall be paid by the Developer within 60 days of having been billed and claimed by the Developer as Reimbursable Project Costs. Funding Agreement terminates upon the 1st TIF Revenue is deposited into the Special Allocation Fund.
- After termination of the Funding Agreement, the City receives an Administrative Fee in the amount of 1% of the funds deposited into the Special Allocation Fund, exclusive of the funds deposited in the CID Revenue Fund.
- After termination of the Funding Agreement, and City expenses (third-party professional service costs and actual out-of-pocket expenses) reimbursed not-to-exceed 5% of the TIF Revenue paid into the Special Allocation Fund in any year.
- Within thirty (30) days after utilizing funds from the Special Allocation Fund to pay or reimburse City Expenses, City shall provide written verification to Developer of the amount and nature of such City Expenses. Developer can dispute the reasonableness of any portion of such City Expenses and request a hearing before the Board of Aldermen as to why such funds should be reimbursed to the Special Allocation Fund.
- In addition, to offset the City's costs to form, implement and administer the Redevelopment Project, the City will be reimbursed \$100,000.

"Excusable Delays" are delays due in whole or in part to causes beyond the reasonable control or without the material fault of Assignee which are caused by the action or failure to act of any governmental body, department or agency, including but not limited to, failure to approve complete applications for permits that comply with all applicable laws and regulations within thirty (30) days of submission and failure to provide any consent required by this Assignment where all applicable requirements for said consent have been complied with within twenty (20) days of submission, acts of war or civil insurrection, breach of this Assignment by City or any natural occurrence, strikes, lock-outs, riots, floods, earthquakes, fires, casualties, acts of God, labor disputes, governmental restrictions or priorities, embargoes, litigation, tornadoes, or unusually severe weather.

- D. City shall have the absolute right, in its sole judgment and discretion at any time to the extent allowed by State law or the City's ordinances, to approve a variance from conformance to, or a waiver of compliance with, the Land Use Approvals relating to exterior improvements, or to eliminate any one or more of such requirements in connection with the approval or disapproval of the above construction plans or changes thereto, subject to all applicable City ordinance provisions.

Sec. 10. Control of Project.

- A. Dedication of Right of Way. If City determines that the Project Improvements or any portion thereof have not been completed in material accordance with this Assignment, or that Assignee is not in material compliance with the terms of this Assignment, then it shall not issue a Certificate of Completion and Compliance and shall specify in writing the reason or reasons for withholding its certification. Upon request of Assignee, City shall hold a hearing at which

Assignee may present new and/or additional evidence. The City shall respond within fifteen (15) days to all requests by Assignee.

- C. The issuance of a Certificate of Completion and Compliance by City shall be a conclusive determination of the timely satisfaction of the covenants in this Assignment with respect to the obligations of Assignee to complete the Project Improvements, but shall not prevent City from future action with respect to and in the event of any subsequent default by Assignee in the performance of any of its other obligations under this Assignment.
- D. Each certificate issued by City shall contain a description of the Subject Property and shall be in such form as will enable it to be accepted for recording in the Office of the Recorder of Deeds for Jackson County, Missouri.

Sec. 15. PILOTs.

A. Pursuant to the provisions of Section 99.845, RSMo, Tax Increment Financing (the “**TIF Act**”) has been established by ordinance for the Subject Property, and thus the real property located therein is subject to assessment for annual Payments in Lieu of Taxes. Payments in Lieu of Taxes shall be due November 30 of each year in which said amount is required to be paid and will be considered delinquent if not paid by December 31 of each such year or as otherwise determined by applicable law. The obligation to make said Payments in Lieu of Taxes shall be a covenant running with the land for the duration of the tax increment financing currently in place on the Subject Property and shall create a lien in favor of City as constituted from time to time and shall be enforceable against Assignee and its successors and assigns in ownership of the Subject Property. Assignee and its successors and assigns in ownership of the Subject Property shall waive their right to object, for the purpose of reducing the assessed value, to the assessment of the Subject Property while tax increment financing is in effect for the Subject Property, subject to the following:

(1) the owner of the full service grocery store shall have the right to object to the appraised value of the grocery store, but such objection shall only apply to the amount by which such appraised value exceeds \$5,200,000; and

(2) the owner of any other building shall have the right to object to the appraised value of such building, but such objection shall only apply to the amount by which such appraised value exceeds \$225 per square foot of leasable floor area in such building.

(3) The dollar amounts set forth in (1) and (2) above are 2016 values and shall be increased every two (2) years thereafter by two percent (2%).

- B. Failure to pay Payments in Lieu of Taxes shall constitute a default by the Assignee hereunder and shall entitle City, the Jackson County Collector or any other government official or body charged with the collection of any such sums (any one or more of such persons hereinafter individually or collectively referred to as the "**Collection Authority**") to proceed against such property and/or the tenant or the owner thereof as in other delinquent property tax cases or otherwise as permitted at law or in equity, and, if applicable, such failure shall entitle the Collection Authority to seek all other legal and equitable remedies it may have to ensure the timely payment of all such sums or of the principal of and interest on any outstanding obligations secured by such payments.

- C. Notwithstanding anything to the contrary herein, the lien on the Subject Property shall be deemed (1) released as to any public street or other public way included within any applicable plat, effective upon the passage of an ordinance by City approving the same, and (2) subordinated to the lot lines, utility easements and other similar matters established by any such plat (including any cross access or parking rights granted or created by any such plat), effective upon the passage of an ordinance by City as aforesaid, and to any easement or like interests granted to City or any public utility for public facilities or utilities or connection(s) thereto.

Sec. 16. EATs. Assignee shall use commercially reasonable efforts to include the provisions as specified in **Section 27** below in all lease documents with tenants located at the Subject Property requiring sales tax information to be provided to City. Assignee shall use commercially reasonable efforts to include a similar provision in all sales contracts with purchasers of the Subject Property requiring sales tax information to be provided to City. So long as Assignee owns the Subject Property, Assignee shall use commercially reasonable efforts to enforce said provisions with respect to such Subject Property, and Assignee shall use commercially reasonable efforts to provide that each such lease or sales contract provide that City is an intended third party beneficiary of such provisions and has a separate and independent right to enforce such provisions directly against any such tenant or purchaser. City shall comply with all applicable state laws limiting disclosure of sales tax information related to individual business provided to the City as documentation of Economic Activity Taxes.

Sec. 26. Tenant Approvals and Prohibitions. Assignee shall have complete and exclusive control over the leasing or sales of the Project Improvements that it owns, including, without limitation, the fixing of rentals and the selection or rejection of users; provided, however, that the City prohibits certain uses without specific City consent, as set forth below:

- A. Existing Users in the City. Without the approval of the City, Assignee shall not cause the relocation of a tenant into the Subject Property, which is then open and operating in the City and then ceases to operate the existing facility within one (1) year of the opening of the new facility within the Subject Property.

- B. In the event Assignee violates the requirements of this subsection and fails to receive the prior approval of the City as set forth above, for each such violation Assignee shall pay to the City an amount equal to **two (2)** times the amount of all local retail sales taxes generated by such store at its prior location during the preceding calendar year (“**Relocation Penalty Payment**”). Any Relocation Penalty Payment shall be due and payable within **fifteen (15)** business days after receipt of written notice from the City for such payment. Failure to make any Relocation Penalty Payment when due shall be an event of default of this Assignment and Assignee shall be subject to the remedies set forth herein.
- C. Surplus or Second Hand Stores. Without City approval, which approval shall not be unreasonably withheld, Assignee shall not lease or sell any of the Subject Property to a surplus or second hand store. For the purpose of this section, a surplus or second hand store shall be defined as a store whose primary business is the sale of used or second hand merchandise, such as a thrift shop or a flea market.
- D. Gasoline Station/Convenience Stores. Without City approval, the Assignee shall not sell or lease any of the Subject Property to a gasoline station/convenience store on the Subject Property in the Redevelopment Project Area. For the purpose of this section a gasoline station/convenience store shall be defined as a facility where as the primary business gasoline, diesel fuel, and oil is dispensed at retail. Uses may also include the sale of cold drinks, packaged foods, prepared foods that would otherwise constitute fast foods, tobacco and similar household convenience goods for station customers.
- E. Auto Repair Businesses or Lube Shops. Assignee shall not, without City approval, sell or lease any of the Subject Property to a store whose primary business is as an automobile repair or similar business that includes garage doors as a primary feature of its facility; provided, however, such exclusion shall not apply to national tire, oil change or battery retailers specifically Discount Tire, Tires Plus, National Tire and Battery ("NTB"), etc.
- F. Non-Sales Tax Generating Businesses. Assignee shall not, without City approval, sell or lease for development to non-sales tax generating businesses such as office uses or fitness centers. For purposes of this section, a non-sales tax generating business shall be any business projected to generate less than \$50 per square foot of retail sales.

Sec. 27. Lease of Subject Property. Assignee may lease the Subject Property or any portion thereof; provided that, unless the Board of Aldermen waives this requirement as to a particular tenant, Assignee shall insert in any such lease, if not already included in the Declaration of Restrictive Covenants to which the Subject Property is subject, the following language (or similar language):

Economic Activity Taxes and Community Improvement District Taxes

Tenant acknowledges that the Leased Premises are a part of a Tax Increment Financing district ("**TIF District**") created by the City and that certain taxes generated by Tenant's economic activities, including sales taxes, will be applied toward the costs of certain improvements for the Development. In addition, Tenant acknowledges that the Grain Valley Market Place shopping center (including Tenant's Premises) is located within the boundaries of a Community Improvement District ("**CID**") which will have the power to impose a sales tax on any retail sales generated within Tenant's Premises. Tenant shall forward to the City copies of Tenant's State of Missouri sales tax returns for its property located in the TIF District when and as they are filed with the Missouri Department of Revenue, and, upon good cause shown, shall provide such other reports and returns regarding other local taxes generated by Tenant's economic activities in the TIF District and/or the City which will permit the City to administer the TIF as well as the CID.

Tenant shall provide to Landlord upon Landlord's request a certification to the City that this Lease includes the provisions of the preceding paragraph.

Tenant represents and warrants that its business is not currently located in the City, or, if Tenant's business is currently located within the City, Tenant acknowledges that if the existing business outside the Redevelopment Project Area is closed within twelve (12) months of opening within the Redevelopment Project District, this Lease shall not be effective unless the Board of Aldermen approves this Lease, in addition to any other required approvals. Tenant acknowledges that the City is a third-party beneficiary of the obligations in this Section, and that the City may enforce these obligations in any manner provided by law.

Failure of Assignee to require that such restrictions be placed in any such lease shall in no way modify, lessen or diminish the obligations and restrictions set forth herein. The City shall comply with all applicable state laws limiting disclosure of sales tax information related to individual businesses provided to the City as documentation of Economic Activity Taxes.

Sec. 28. Sale of Subject Property.

A. Continuation of Payments in Lieu of Taxes. In the event of the sale or other voluntary or involuntary disposition of any or all of the Subject Property, Payments in Lieu of Taxes with respect to the real property so sold or otherwise disposed of shall continue and shall constitute a lien against the property from which they are derived, and such obligations shall inure to and be binding upon Assignee and its successors and assigns in ownership of said property as if they were in every case specifically named and shall be construed as a covenant

running with the land and enforceable as if such purchaser, transferee or other possessor thereof were originally a party to and bound by this Assignment.

- B. Incorporation. The restrictions set forth above in **Section 27**, shall be incorporated into any deed or other instrument conveying an interest in the Subject Property, other than a lease agreement, and shall provide that said obligations or restrictions shall constitute a benefit held by both Assignee and City and that City is an intended third party beneficiary of said obligations and restrictions. Failure of Assignee to require that such restrictions be placed in any such deed or other instrument shall in no way modify, lessen or diminish the obligations and restrictions set forth herein relating to the Subject Property. Notwithstanding the foregoing, none of the provisions of this **Section 28.B** are required to be incorporated into any deed or other instrument if they are already included in a Declaration of Restrictive Covenants to which the Subject Property is subject.
- C. Notification to City of Transfer; Board of Aldermen Approval. Assignee shall notify City in writing of any proposed sale or other transfer of any or all of the Subject Property other than any sale of a pad area for the construction thereon of improvements to be used by the purchaser of the pad area or its affiliate for retail and other permitted uses as provided for in this Assignment. Such notice shall be provided not less than sixty (60) days prior to the proposed effective date of the sale or other transfer in a manner as described in **Section 8** of this Assignment and shall include a copy of the instrument effecting such sale or other disposition to enable City to confirm that the requirements set forth above in this **Section 28** hereof have been fulfilled.

Sec. 29. Progress Reports.

- A. At the first regularly-scheduled meeting of the Board of Aldermen following the first anniversary of the execution of this Assignment, and upon the City's written request thereafter (not to exceed more than once per year) until all Project Improvements on the Subject Property are completed, Assignee shall provide to Assignor the information necessary for Assignor to report to the Board of Aldermen the progress of Assignee's design and construction of the Project Improvements. Such reports shall include such information as is required under the reporting requirements of the TIF Act and such additional information as City may reasonably require, including, without limitation:
- (1) Project Improvements completed;
 - (2) Status of Project Improvements in progress but not yet completed;
 - (3) Actual costs incurred to date and estimated costs to complete the Project Improvements; and

(4) Actual start and completion dates of the Project Improvements.

Sec. 30. Compliance with Laws. Subject to Assignee's rights to contest the same in any manner permitted by law, Assignee, its officers, directors and principals, at its sole cost and expense, shall comply in every respect with all requirements of law.

Sec. 31. Authorized Employees. Assignee acknowledges that Section 285.530, RSMo, prohibits any business entity or employer from knowingly employing, hiring for employment, or continuing to employ an unauthorized alien to perform work within the state of Missouri. Assignee therefore covenants and will provide an affidavit from any general contractor directly employed by Assignee to construct improvements to the Subject Property in substantially the same form as is attached as **Exhibit B**, attesting that it is not knowingly in violation of subsection 1 of Section 285.530, RSMo, and that it will not knowingly employ, hire for employment, or continue to employ any unauthorized aliens to perform work related to this Agreement, and that its employees are lawfully eligible to work in the United States.

Sec. 32. Assignment of Obligations

- A. Assignee agrees that this Assignment and the duties and obligations hereunder may not and shall not be assigned by Assignee without the prior written consent of the City, which consent will not be unreasonably withheld. Any proposed assignee shall have all of the qualifications and financial responsibility, as reasonably determined by the City, necessary and adequate to fulfill the obligations of Assignee under this Assignment.
- B. Any proposed assignee shall, utilizing a form substantively and substantially similar to this Assignment (the "**Subsequent Assignment Agreement**"), expressly for the benefit of City, assume all of the obligations of Assignee under this Assignment and agree to be subject to all the conditions and restrictions to which Assignee is subject. For purposes of this section, any sale, transfer, assignment, pledge or hypothecation of an interest in Assignee (other than to an Affiliate of Assignee) that results in a change in management control of Assignee will constitute an assignment of this Agreement. Upon approval of the Subsequent Assignment Agreement by City as set forth herein, Assignee shall be released from such obligations accruing after the date of such assignment.
- C. Notwithstanding anything herein to the contrary, for purposes of securing financing, Assignee may, without the City's consent, assign or pledge its rights under this Assignment, but Assignee shall provide City with notice of any such assignment or pledge and include with such notice an acknowledgement by the lender providing such financing that it has received a copy of this Assignment and reviewed the provisions of this Section regarding the restrictions on assignment. Such assignment or

pledge shall remain subject to the terms, provisions and conditions of this Assignment.

Sec. 36. Indemnification

- A. Assignee shall indemnify, protect, defend and hold City and its officers, directors, members, commissioners, employees and agents (collectively, the "Indemnified Parties" or, individually, an "**Indemnified Party**") harmless from and against any and all claims, demands, liabilities and costs, including reasonable attorneys' fees, costs and expenses, arising from damage or injury, actual or claimed, of whatsoever kind or character (including consequential and punitive damages), to persons or property occurring or allegedly occurring as a result of any acts or omissions of Assignee, its constituent members or partners, their employees, agents, independent contractors, licensees, invitees or others acting by, through or under such indemnifying parties, in connection with its or their activities conducted pursuant to this Assignment and/or in connection with the ownership, use or occupancy and development or redevelopment of the Subject Property or a portion thereof and the improvements thereon.
- B. In the event any suit, action, investigation, claim or proceeding (collectively, an "**Action**") is begun or made as a result of which Assignee may become obligated to one or more of the Indemnified Parties hereunder, the Indemnified Party shall give prompt notice to Assignee of the occurrence of such event. After receipt of such notice, Assignee may elect to defend, contest or otherwise protect the Indemnified Party against any such Action, at the cost and expense of Assignee, utilizing counsel of Assignee's choice. The Indemnified Party shall have the right, but not the obligation, to participate, at the Indemnified Party's own cost and expense, in the defense thereof by counsel of the Indemnified Party's choice. In the event that Assignee shall fail timely to defend, contest or otherwise protect an Indemnified Party against such Action, the Indemnified Party shall have the right to do so, and (if such defense is undertaken by the Indemnified Party after notice to Assignee asserting Assignee's failure to timely defend, contest or otherwise protect against such Action), the Indemnified Party may submit any bills for fees and costs received from its counsel to Assignee for payment and, within thirty (30) business days after such submission, Assignee shall transfer to the Indemnified Party sufficient funds to pay such bills. Assignee acknowledges that such bills may be redacted to delete any information which would constitute attorney-client communication or attorney work product.
- C. An Indemnified Party shall submit to Assignee any settlement proposal that the Indemnified Party shall receive. Assignee shall be liable for the payment of any amounts paid in settlement of any Action to the extent that Assignee consents to such settlement. Neither Assignee nor the

Indemnified Party will unreasonably withhold its consent to a proposed settlement.

- D. Assignee expressly confirms and agrees that it has provided this indemnification and assumes the obligations under this Assignment imposed upon Assignee in order to induce City to enter into this Assignment. To the fullest extent permitted by law, an Indemnified Party shall have the right to maintain an action in any court of competent jurisdiction to enforce and/or to recover damages for breach of the rights to indemnification created by, or provided pursuant to, this Assignment. If such court action is successful, the Indemnified Party shall be reimbursed by Assignee for all fees and expenses (including attorneys' fees) actually and reasonably incurred in connection with such action (including, without limitation, the investigation, defense, settlement or appeal of such action).
- E. With respect to liability that arises during the term of this Assignment, the right to indemnification set forth in this Assignment shall survive the termination of this Assignment.

Sec. 37. Breach Compliance

- A. If Assignee does not comply with provisions of this Assignment, and if, within ninety (90) days after notice of such default by the City, Assignee shall not have cured such default or commenced such cure and be diligently pursuing the same if such cure would reasonably take longer than said ninety (90) day period (but in any event Assignee shall not have cured such default within one hundred and eighty (180) days), then the City may institute such proceedings as may be necessary in its opinion to cure the default including, but not limited to, proceedings to compel specific performance. If any action is instituted by the City hereunder, the non-prevailing party in such action shall pay any and all costs, fees and expenses, including attorneys' fees incurred by the prevailing party in enforcing this Assignment.
- B. The City's rights and remedies hereunder, whether provided by law or by this Assignment, shall be cumulative and the exercise by the City of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach. No waiver shall apply to obligations beyond those expressly waived.
- C. Assignee (for itself and its successors and assigns, and for all other persons who are or who shall become liable, by express or implied assumption or otherwise, upon or subject to any obligation or burden under this Agreement), waives to the fullest extent permitted by law and equity all claims or defenses otherwise available on the ground of being or having become a surety or guarantor, whether by agreement or operation of law.

This waiver includes, but is not limited to, all claims and defenses based upon extensions of time, indulgence or modification of terms of contract.

- D. Any delay by the City in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights hereunder shall not operate as a waiver of such rights or limit them in any way. No waiver in fact made by the City of any specific default by the Assignee shall be considered or treated as a waiver of the rights with respect to any other defaults, or with respect to the particular default, except to the extent specifically waived.

Sec. 38. Excusable Delays. The time of performance hereunder shall be extended in the event of any Excusable Delays (as defined above).

- 6. City's Consent and Release. Upon the execution of this Assignment by City, the assignment and assumption provided for in Sections 4 and 5 shall be deemed to have been approved and consented to by the City, and Assignor shall be deemed to have been released from Assignor's duties and obligations under the TIF Contract with respect to the Subject Property.
- 7. Representations and Warranties of Assignee. Assignee is a _____ qualified to conduct its business in the State of Missouri and has all requisite power and authority to enter into, execute this Assignment and to perform its obligations hereunder. This Assignment, assuming the due execution and delivery hereof by Assignor and City, constitutes legally valid and binding obligations of Assignee, enforceable against Assignee in accordance with the terms and conditions herein.

The CID Sales Tax is currently being collected by the DOR as provided in the CID Act. The District shall notify the DOR of the revised boundary of the CID and therefore the extension of the CID Sales Tax and direct the DOR to forward the CID Sales Tax Revenue to the City for deposit in the CID Revenue Fund. Pursuant to the TIF Act, half of the CID Sales Tax Revenue will be deposited in the TIF Special Allocation Fund ("Captured CID Sales Tax Revenue"). The non-captured CID Sales Tax Revenue shall be deposited in the CID Revenue Fund by the City in accordance with **Section 3.2**, and shall be used to make those payments set

forth in **Section 3.6**, in the order of priority set forth in **Section 3.6**. All CID Sales Tax Revenue disbursements shall be subject to annual appropriation of the District.

Section 3.2. Administration and Collection of the CID Sales Tax.

A. The DOR. The CID Sales Tax will be collected by the DOR, as provided in the CID Act, and deposited with the City, and the City will then administer such funds in accordance with this Agreement.

B. The District. The District agrees to do all things necessary to authorize and direct the DOR to send the CID Sales Tax Revenue to the City for disbursement into the CID Revenue Fund pursuant to the terms of this Agreement. The District has enacted a resolution that (i) imposes the CID Sales Tax (subject to qualified voter approval); (ii) authorizes the City to perform all functions incident to the administration, enforcement and operation of the CID Sales Tax; and (iii) prescribe the forms and administrative rules and regulations for reporting and collecting the CID Sales Tax.

All amounts in the CID Revenue Fund shall be expended solely in accord with this Agreement. Upon the expiration of the CID Sales Tax, all funds remaining in the CID Revenue Fund shall continue to be used solely in accord with this Agreement. Any funds in the CID Revenue Fund that are not needed for current expenditures may be invested by the City pursuant to applicable laws relating to the investment of other District funds.

C. The City. The City agrees to perform for the District all functions incident to the administration and enforcement of the CID Sales Tax, to the extent not performed by the State, pursuant to the CID Act and this Agreement. The City shall also have the right to review and approve issuance of any Obligations by the District and the terms thereof.

Section 3.3. Administrative Fee for the District.

A. The City shall receive an Administrative Fee for administering the CID Sales Tax in the amount of one and one-half percent (1.5%) of the CID Sales Tax Revenue transferred to the District by DOR.

B. The City shall also be reimbursed from the CID Revenue Fund for third party professional service costs and other out-of-pocket expenses reasonably incurred by the City that are found by the City to be necessary in connection with implementation of this Agreement (“City Expenses”), subject to approval of the Board of Directors, either by approval of the District budget or by separate action of the Board of Directors. In the event that there are insufficient CID Sales Tax Revenue to reimburse the City for City Expenses, any unreimbursed City Expenses shall be paid by the Developer, who may seek reimbursement of same as an Operating Cost in accordance with this Agreement. In addition, if any outstanding TIF Bonds do not allow for CID Sales Tax Revenues to pay some or all of the Administrative Fee, Developer shall pay such amount, and Developer may seek reimbursement of same as an Operating Cost in accordance with this Agreement. However, in no event shall the aggregate amount of City Administrative Fee and City Expenses be paid or reimbursed from the CID Revenue Fund in excess of five percent (5%) of the CID Sales Tax Revenues paid into the CID Revenue Fund in any year.

C. Within thirty (30) days after utilizing funds from the CID Revenue Fund to pay or reimburse City Expenses, City shall provide written verification to the District of the amount and nature of such City Expenses. Upon the request of the District, City shall allow the District or its representatives an opportunity to review the accounts and records of City with regard to such City Expenses. In the event the District disputes the reasonableness of any portion of such City Expenses, the District may request, and the Board of Aldermen will hold, a hearing at which the District may present evidence as to why the City's payment from CID Sales Tax Revenue for such expenses should be reimbursed to the District.

D. The City shall invoice the Developer for any amounts Developer is required to advance under (B) and (C) above on a monthly basis, as necessary. The Developer shall pay such amounts within 30 days of receiving any such invoice. In the event that the Developer is delinquent in paying such invoiced fees, interest, compounding on a monthly basis, at the Prime Rate, shall be applied to such delinquent payments. Any payments received from the Developer pursuant to this Section shall be applied to the most recent invoiced fees first.

Section 3.4. District Operating Costs.

A. The City, on behalf of the District, shall pay for the Operating Costs of the District from CID Sales Tax Revenue in accord with **Section 3.6** of this Agreement. In the course of performing the administrative duties set forth in **Section 3.2**, the City may incur reasonable Operating Costs for the District, which are reimbursable Operating Costs subject to reasonable approval by the District. The Operating Costs shall be included in the District's annual budget, as provided in **Section 5.4**.

B. In the event that there are insufficient funds generated by CID Sales Tax Revenue in any fiscal year to cover the Operating Costs incurred with respect to such fiscal year, such costs shall be paid by the Developer, who may seek reimbursement of same as a CID Reimbursable Project Cost in accordance with this Agreement.

Section 3.5. Enforcement of the CID Sales Tax.

The District authorizes the City, to the extent permitted by law, to take all actions necessary for collection and enforcement of the CID Sales Tax. The City may, in its own name or in the name of the District, prosecute or defend an action, lawsuit or proceeding or take any other action involving third persons which the City deems reasonably necessary in order to secure the payment of the CID Sales Tax. The District agrees to cooperate fully with the City and to take all actions necessary to effect the substitution of the City for the District in any such action, lawsuit or proceeding if the City shall so request.

Any costs incurred by any Party in an attempt to enforce and/or collect the CID Sales Tax pursuant to this Section shall be considered as an Operating Cost and reimbursed to such Party in accord with **Section 3.6** of this Agreement.

Section 3.6. Distribution of the CID Sales Tax Revenue.

Upon receipt of CID Sales Tax Revenues from DOR, the City, on behalf of the District, shall make disbursements of the CID Sales Tax Revenues on a monthly basis in the following order of priority to the extent that CID Sales Tax Revenues exist:

A. Pursuant to the TIF Act and the TIF Plan, for so long as tax increment financing is in effect within the Redevelopment Project Area, one-half (1/2) of the CID Sales Tax Revenue received by the City from the DOR as provided in this Agreement will be captured as Economic Activity Taxes and deposited by the City into the Special Allocation Fund, which amounts shall then be subject to distribution pursuant to the TIF Contract;

Subject to limitations of the CID Act, the District shall remain in existence for the lifetime of the TIF Plan, plus the earlier of (a) seven (7) years; or (b) the length of time required to reimburse all Post-TIF CID Reimbursable Project Costs, plus any other CID-eligible expenses approved by the Board of Aldermen and the Board of Directors and all administrative and legal expenses necessary to operate the District; provided, however, in no event shall the term of the District exceed thirty (30) years. Upon the expiration of the District the City shall:

A. Retain the City's Administrative Fee and any unreimbursed City Expenses, if applicable, to which it is entitled in accordance with this Agreement.

B. Pay all outstanding Operating Costs.

C. Retain any remaining CID Sales Tax until such time as the CID is abolished and the CID has provided for the transfer of any funds remaining in a manner permitted by the CID Act.

From: Joe Lauber, City Special Economic Development Legal Counsel

Date: May 4, 2016

Re: Outline of Key Points of the Second Amended and Restated Cooperative Agreement among the City of Grain Valley, the Grain Valley Marketplace CID, and STAR Acquisitions, Inc.

Background:

As required by the TIF Contract (considered for approval by the Board of Aldermen on May 9, 2016) the City Staff and Consultant team has negotiated a Second Amended and Restated Cooperative Agreement among the City, the Grain Valley Marketplace CID, and STAR Acquisitions, Inc.

Summary of Contents of Cooperative Agreement

- **Parties (3):**
 - City of Grain Valley (“City”)
 - The Grain Valley Marketplace Community Improvement District (“District”)
 - STAR Acquisitions, Inc. (“Developer”)
- **Purpose:** to establish each Party’s responsibilities with regard to the imposition, collection, administration and disbursement of CID sales tax revenues and the administration an operation of the District. The District’s initial primary role is to fund/assist in the funding of the CID Reimbursable Project Costs, which are a component of TIF Redevelopment Project 2.
- **General Information**
 - **Term:** Sections 7.1 and 3.8
 - Under the Original Cooperative Agreement, it was the intent for the CID to remain in place for the lifetime of the Original TIF Plan, plus the earlier of:
 - Seven years; or
 - The length of time needed to reimburse all post-TIF CID Reimbursable Project Costs.
 - In no event shall the CID exist longer than 30 years.
 - Although the term of the CID was not amended in either the Amended Petition or Petition to Add Property, it is anticipated that it will not be necessary for the CID to remain in place beyond the life of the Second Amended TIF Plan.

- **Accounting and Budgeting:**

- The City will continue to administer the sales tax on behalf of the District (i.e., make sure the District funds are used in accordance with the TIF Contract and the CID Cooperative Agreement). Section 3.2
- The City will continue to receive an administrative fee in the amount of 1.5% of the total CID sales tax revenues transferred to the District by the Missouri Department of Revenue (“DOR”). Section 3.3
- City will continue to keep the books and account for the CID revenues and maintain records regarding these activities on behalf of the District. Section 5.1
- The City will continue to create a budget for the District’s Board of Directors to approve each year. Section 5.4

- **CID Sales Tax**

- The CID Board adopted Resolution No. 2011-14, imposing a sales tax at a rate of 1%. The sales tax will be in place until the District is terminated.
- The CID sales tax will continue to be collected by DOR, as required in the CID Act. The DOR will continue to deposit these revenues with the City as the agent of the District. Section 3.1
- DOR is responsible for enforcing payment of the sales tax, but the District has authorized the City to carry out enforcement activities to the extent permitted by law if that becomes necessary. Section 3.5
- The City will distribute the CID sales tax revenues in accordance with the “waterfall” provided in Section 3.6
 - First one-half (1/2) of the CID Sales Tax Revenue will be captured as EATs by the TIF;
 - Next to pay the City’s Administrative Fee
 - Next to cover CID Operating Costs;
 - Next to pay scheduled debt service on the CID-eligible portion of the Outstanding TIF Bonds;
 - Next to pay/reimburse Developer for Developer’s portion of the NID Special Assessment payments; and
 - Finally to reimburse the Developer for the cost of CID Reimbursable Project Costs not previously reimbursed from the proceeds of TIF Bonds.

- **Projects:** (Defined at p 3, which cross references Exhibit C)

- The CID Project consists of the items identified on Exhibit C-1 of the CID Cooperative Agreement which is set forth below.
