ITEM XIV: BOARD OF ALDERMEN REPORTS & COMMENTS

- Alderman Shea Bass
 - None
- Alderman Tom Cleaver
 - Asked if we've issued masks and gloves to our officers for protection; Chief Beale said they are waiting on their mask order; and there is no estimated date for arrival as these items are in big demand right now
- Alderman Bob Headley
 - Thanked everyone for putting in extra work to get everything in place for the emergency orders
- Alderman Jayci Stratton
 - Thanked everyone for the extra work they are putting in; People are asking her if people need letters to go places or if they will be ticketed; It is not a requirement for cities to enforce anything put into place by the counties; Mr. Lauber said unless we have our own ordinance, we do not have anything in particular we need to do with exception of breaking up large gathering; Best source of information is to go to Jackson County's website and under their COVID response section; there is a FAQ section of how this will be done; County is expecting all to voluntarily comply; they will not require documentation for travel in the area
 - Asking what makes it necessary for a city to have a proclamation and how is the timing of these decided; Mr. Lauber shared that a city has received a direct hit with something – tornado, flooding; and that these can help pave the way to allow the mayor to take certain actions without waiting for a meeting and to react quickly in times of emergency; Many cities were not prepared for this across Missouri and many have responded very quickly and hopefully we can flatten that curve
- Alderman Nancy Totton
 - Said citizens are telling her they are receiving letters from their employers that they are required to go to work
- Alderman Yolanda West

**AN ORDINANCE APPROVING REDEVELOPMENT PROJECT 1B OF THE GRAIN
VALLEY INTERCHANGE TAX INCREMENT FINANCING PLAN AS A
REDEVELOPMENT PROJECT AND ADOPTING TAX INCREMENT FINANCING
THEREIN**

WHEREAS, on September 27, 2010, the City of Grain Valley, Missouri (the "City") adopted the Grain Valley Marketplace Tax Increment Financing Plan (the "Original Plan") by Ordinance No. 2107 and designated the Redevelopment Area, described therein, as a blighted area, all pursuant to the provisions of the Real Property Tax Increment Allocation Act, Sections 99.800 to 99.865, RSMo (the "Act"); and

WHEREAS, on December 9, 2013, the City approved by Ordinance No. 2322, an amendment to the Original Plan, entitled the Grain Valley Interchange (Projects 1A, 1B, 3, and 4) Tax Increment Financing Plan an Amendment to the Grain Valley Marketplace Tax Increment Financing Plan (the "Amended Plan"); and

WHEREAS, the Amended Plan contemplates implementation through Redevelopment Projects designated as the Redevelopment Project 1A, Redevelopment Project 1B, Redevelopment Project 3, and Redevelopment Project 4, and the adoption of tax increment financing in the area selected for each Redevelopment Project.

NOW THEREFORE, BE IT ORDAINED by the Board of Aldermen of the City of Grain Valley, Missouri as follows:

SECTION 1: That the area selected for Redevelopment Project 1B legally described in Exhibit A attached hereto is approved and designated as a Redevelopment Project (hereinafter referred to as "Project 1B"). Project 1B includes only those parcels of real property and improvements thereon which will be directly and substantially benefited by the Redevelopment Project improvements therein.

SECTION 2: That tax increment allocation financing is hereby adopted for taxable real property in the above-described area selected for Project 1B. Pursuant to the Act, after the total equalized assessed valuation of the taxable real property in Project 1B exceeds the certified total initial equalized assessed valuation of the taxable real property in Project 1B, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon the taxable real property in such project by taxing districts and tax rates determined in the manner provided in subsection 2 of Section 99.855, RSMo, each year after the effective date of the ordinance until the sooner of the expiration of 23 years, or when redevelopment costs have been paid and all reimbursable project costs have been reimbursed pursuant to the Redevelopment Plan shall be divided as follows:

a. That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized value of each such taxable lot, block, tract or parcel of property in the area selected for Project 1B shall be allocated to and, when collected, shall be paid by the Jackson County Collector and the City Treasurer to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

b. Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the area selected for Project 1B, and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property shall be allocated to and, when collected, shall be paid to the City Treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the City for the purpose of paying Redevelopment Project Costs and obligations incurred in the payment thereof.

SECTION 3: That in addition to the payments in lieu of taxes described in subsection b of Section 2 above, fifty percent (50%) of the total additional revenue from taxes, penalties and interest which are imposed by the City or taxing districts, and which are generated by economic activities within the area selected for Project 1B over the amount of such taxes generated by economic activities within such area in the calendar year prior to the adoption of this ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales of charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to Section 70.500 RSMo, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments, other than payments in lieu of taxes, and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the City Treasurer or other designated financial officer of the City, who shall deposit such funds in a separate segregated account within the Special Allocation Fund.

SECTION 4: This ordinance shall be in full force and effect from and after its passage and approval by the Mayor and Board of Aldermen.

AN ORDINANCE APPROVING REDEVELOPMENT PROJECT 3 OF THE GRAIN VALLEY INTERCHANGE TAX INCREMENT FINANCING PLAN AS A REDEVELOPMENT PROJECT AND ADOPTING TAX INCREMENT FINANCING THEREIN

WHEREAS, on September 27, 2010, the City of Grain Valley, Missouri (the "City") adopted the Grain Valley Marketplace Tax Increment Financing Plan (the "Original Plan") by Ordinance No. 2107 and designated the Redevelopment Area, described therein, as a blighted area, all pursuant to the provisions of the Real Property Tax Increment Allocation Act, Sections 99.800 to 99.865, RSMo (the "Act"); and

WHEREAS, on December 9, 2013, the City approved by Ordinance No. 2322, an amendment to the Original Plan, entitled the Grain Valley Interchange (Projects 1A, 1B, 3, and 4) Tax Increment Financing Plan an Amendment to the Grain Valley Marketplace Tax Increment Financing Plan (the "Amended Plan"); and

WHEREAS, the Amended Plan contemplates implementation through Redevelopment Projects designated as the Redevelopment Project 1A, Redevelopment Project 1B, Redevelopment Project 3, and Redevelopment Project 4, and the adoption of tax increment financing in the area selected for each Redevelopment Project.

NOW THEREFORE, BE IT ORDAINED by the Board of Aldermen of the City of Grain Valley, Missouri as follows:

SECTION 1: That the area selected for Redevelopment Project 3 legally described in **Exhibit A** attached hereto is approved and designated as a Redevelopment Project (hereinafter referred to as "Project 3"). Project 3 includes only those parcels of real property and improvements thereon which will be directly and substantially benefited by the Redevelopment Project improvements therein.

SECTION 2: That tax increment allocation financing is hereby adopted for taxable real property in the above-described area selected for Project 3. Pursuant to the Act, after the total equalized assessed valuation of the taxable real property in Project 3 exceeds the certified total initial equalized assessed valuation of the taxable real property in Project 3, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon the taxable real property in such project by taxing districts and tax rates determined in the manner provided in subsection 2 of Section 99.855, RSMo, each year after the effective date of the ordinance until the sooner of the expiration of 23 years, or when redevelopment costs have been paid and all reimbursable project costs have been reimbursed pursuant to the Redevelopment Plan shall be divided as follows:

a. That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized value of each such taxable lot, block, tract or parcel of property in the area selected for Project 3 shall be allocated to and, when collected, shall be paid by the Jackson County Collector and the City Treasurer to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

b. Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the area selected for Project 3, and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property shall be allocated to and, when collected, shall be paid to the City Treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the City for the purpose of paying Redevelopment Project Costs and obligations incurred in the payment thereof.

SECTION 3: That in addition to the payments in lieu of taxes described in subsection b of Section 2 above, fifty percent (50%) of the total additional revenue from taxes, penalties and interest which are imposed by the City or taxing districts, and which are generated by economic activities within the area selected for Project 3 over the amount of such taxes generated by economic activities within such area in the calendar year prior to the adoption of this ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales of charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to Section 70.500 RSMo, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments, other than payments in lieu of taxes, and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the City Treasurer or other designated financial officer of the City, who shall deposit such funds in a separate segregated account within the Special Allocation Fund.

SECTION 4: This ordinance shall be in full force and effect from and after its passage and approval by the Mayor and Board of Aldermen.

FIRST READING

12/9/2013

AN ORDINANCE APPROVING REDEVELOPMENT PROJECT 4 OF THE GRAIN VALLEY INTERCHANGE TAX INCREMENT FINANCING PLAN AS A REDEVELOPMENT PROJECT AND ADOPTING TAX INCREMENT FINANCING THEREIN

WHEREAS, on September 27, 2010, the City of Grain Valley, Missouri (the "City") adopted the Grain Valley Marketplace Tax Increment Financing Plan (the "Original Plan") by Ordinance No. 2107 and designated the Redevelopment Area, described therein, as a blighted area, all pursuant to the provisions of the Real Property Tax Increment Allocation Act, Sections 99.800 to 99.865, RSMo (the "Act"); and

WHEREAS, on December 9, 2013, the City approved by Ordinance No. 2322, an amendment to the Original Plan, entitled the Grain Valley Interchange (Projects 1A, 1B, 3, and 4) Tax Increment Financing Plan an Amendment to the Grain Valley Marketplace Tax Increment Financing Plan (the "Amended Plan"); and

WHEREAS, the Amended Plan contemplates implementation through Redevelopment Projects designated as the Redevelopment Project 1A, Redevelopment Project 1B, Redevelopment Project 3, and Redevelopment Project 4, and the adoption of tax increment financing in the area selected for each Redevelopment Project.

NOW THEREFORE, BE IT ORDAINED by the Board of Aldermen of the City of Grain Valley, Missouri as follows:

SECTION 1: That the area selected for Redevelopment Project 4 legally described in **Exhibit A** attached hereto is approved and designated as a Redevelopment Project (hereinafter referred to as "Project 4"). Project 4 includes only those parcels of real property and improvements thereon which will be directly and substantially benefited by the Redevelopment Project improvements therein.

SECTION 2: That tax increment allocation financing is hereby adopted for taxable real property in the above-described area selected for Project 4. Pursuant to the Act, after the total equalized assessed valuation of the taxable real property in Project 4 exceeds the certified total initial equalized assessed valuation of the taxable real property in Project 4, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon the taxable real property in such project by taxing districts and tax rates determined in the manner provided in subsection 2 of Section 99.855, RSMo, each year after the effective date of the ordinance until the sooner of the expiration of 23 years, or when redevelopment costs have been paid and all reimbursable project costs have been reimbursed pursuant to the Redevelopment Plan shall be divided as follows:

a. That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized value of each such taxable lot, block, tract or parcel of property in the area selected for Project 4 shall be allocated to and, when collected, shall be paid by the Jackson County Collector and the City Treasurer to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

b. Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the area selected for Project 4, and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property shall be allocated to and, when collected, shall be paid to the City Treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the City for the purpose of paying Redevelopment Project Costs and obligations incurred in the payment thereof.

SECTION 3: That in addition to the payments in lieu of taxes described in subsection b of Section 2 above, fifty percent (50%) of the total additional revenue from taxes, penalties and interest which are imposed by the City or taxing districts, and which are generated by economic activities within the area selected for Project 4 over the amount of such taxes generated by economic activities within such area in the calendar year prior to the adoption of this ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales of charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to Section 70.500 RSMo, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments, other than payments in lieu of taxes, and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the City Treasurer or other designated financial officer of the City, who shall deposit such funds in a separate segregated account within the Special Allocation Fund.

SECTION 4: This ordinance shall be in full force and effect from and after its passage and approval by the Mayor and Board of Aldermen.

MEMORANDUM

To: Mayor and Board of Aldermen
From: Joe Lauber, City Attorney
Date: April 20, 2020
Re: TIF Activation Ordinances Grain Valley Interchange TIF Projects 1B, 3, and 4

In 2010, the City of Grain Valley approved the Grain Valley Marketplace TIF Plan. This was a plan to redevelop the four corners of the I-70 interchange in northern Grain Valley. One of the most important catalysts for this development was to assist the City in securing a revenue stream that it could use to contribute \$8M for a 50/50 match with MoDOT to improve the interchange.

Initially, the City had planned to do a “speculative” TIF Plan for the entire area to attract a developer or developers for redevelopment. Early in the process a developer came forward who was willing to take on what was later to be known as Project Area 2, where the B&B Theater and Casey’s is located today. The original plan also provided “place saver” information about the other three project areas, which were projects 1, 3, and 4 (numbered by then City Administrator Gary Bradley based on his projection of the order in which these areas would develop). Project Area 2 was activated in 2010.

By 2013, AutoZone and McDonald’s were being built in a small segment of Project Area 1. Having three additional years of information, the City decided to do an amendment of the original TIF Plan. In October 2013, the City’s TIF Commission recommended approval of such amendment, which was known as the Grain Valley Interchange TIF. The amended plan provided additional projections and information about projects 1, 3, and 4- including a specific allocation of the City’s portion of the cost share with MoDOT to improve the interchange. At this time, it was decided to split Project Area 1 into Project Areas 1A and 1B. Project Area 1A was activated in 2013.

The Missouri TIF Act provides that redevelopment projects may be activated up to 10 years after the adoption of a TIF Plan. “Activation” means that TIF collection is initiated—in other words, a city has up to 10 years after the approval of a TIF plan to select a developer and begin the TIF collection period, which can last up to 23 years. The TIF Act also indicates that TIF activation ordinances must be “introduced in the governing body within 14 to 90 days after the close of the [TIF] commission hearing” on the TIF Plan. Because the sales tax component of TIF revenues tends to be much stronger, many cities and developers prefer to delay TIF activation until the construction of a retail project is nearly complete. Doing this avoids the situation where collection is occurring, but no retail sales are being made because the project is under construction.

Despite the rather awkward language, most cities have interpreted this to mean that an activation ordinance must be at least read the first time within 14-90 days after a TIF Commission hearing, or else a whole new hearing must be held. To do this, most cities complete the first reading, but upon a motion for the second reading a secondary motion is made to postpone indefinitely the vote on

LAUBER MUNICIPAL LAW, LLC

the second reading. This action by the governing body places the bill in “ordinance limbo” until such time it is appropriate to activate TIF collection for the project. In any event a city must bring the bill back prior to the tenth anniversary of the date the TIF Plan was originally approve, or else TIF activation can never be achieved.

Fall of 2020 marks the tenth anniversary of the original TIF Plan approval for the Grain Valley Marketplace (and Interchange) TIF. Additionally, development is occurring in nearly all portions of the redevelopment areas. Thus, it is time to activate the remaining redevelopment projects for the Interchange TIF—projects 1B, 3, and 4. The Bills for these activation ordinances (B13-50, B13-51, and B13-52, respectively) have been placed on the agenda for the April 27, 2020 meeting. They were first read in December 2013 and a motion to postpone the second reading indefinitely was approved in January 2014. All that need happen at this point is for an alderman to make a motion for the second reading and then follow the City’s normal process for second readings and approval of ordinances. The ordinance will be numbered in the sequential order for this year. Assuming it is approved, City staff will make sure that the appropriate persons at Jackson County and the Missouri Department of Economic Development are notified.

STAFF AND CONSULTANT REPORT TO THE BOARD OF ALDERMEN

PROPOSED AMENDMENT TO THE GRAIN VALLEY MARKETPLACE TAX INCREMENT FINANCING PLAN

BOARD OF ALDERMEN MEETING DATE: DECEMBER 9, 2013

INTRODUCTION

Background.

On August 30, 2010, the Tax Increment Financing Commission of Grain Valley, Missouri (the "Commission") voted in favor of recommending to the Board of Aldermen of the City of Grain Valley ("Board of Aldermen") that it should approve the Grain Valley Marketplace Tax Increment Financing Redevelopment Plan (the "Original Plan"). The Commission further recommended that the Board of Aldermen determine that the Redevelopment Area is a Blighted Area and that it met all other applicable requirements under Missouri's Real Property Tax Increment Allocation Redevelopment Act, Sections 99.800 to 99.865, RSMo 2010, as amended (the "TIF Act").

The Original Plan provided for the construction of four redevelopment projects to remediate blight in the vicinity of the I-70/Buckner Tarsney Road interchange in Grain Valley. The Original Plan was initiated, in part, as a funding mechanism to aid the City of Grain Valley to secure the local funding match required to receive up to \$11.71 million from the Missouri Department of Transportation for an interchange reconstruction project.

S.G. Property Management, LLC, a private developer, acquired the property located at the northeast quadrant of the Redevelopment Area, which is known as Project Area 2. Project 2 included the construction of a commercial development comprised of retail, restaurants and entertainment; public improvements servicing the development; the portion of Public Road Improvements attributable to Redevelopment Project Area 2; and other additional necessary and beneficial public improvements outside the Redevelopment Project Areas, which are necessary and beneficial to the Redevelopment Plan. Project 2 is not being changed in any way as a result of this proposed amendment.

Redevelopment Projects 1, 3, and 4 included Public Road Improvements to be undertaken by the City as the presumed developer of these "speculative" portions of the overall development. At the public hearing on the Original Plan, the City's staff and consultants indicated the City's intent to refrain from introducing ordinances to approve Projects 1, 3, and 4 into the governing body within 14-90 days after the close of the TIF Commission hearing. This purposeful omission made it necessary for future activation or modifications to Projects 1, 3, or 4 to be brought before the TIF Commission for additional consideration before activation of tax increment financing for these projects could commence. In the Original Plan the total gross project costs for Projects 1, 3, and 4 were estimated to be approximately \$4,608,681, all of which was paid by the City using a combination of G.O. bond proceeds and available utility cash, and which amount was expected to be reimbursed to the City on a pay-as-you-go basis.

By Ordinance No. 2107, adopted by the Board of Aldermen on September 27, 2010 ("Original Plan Ordinance"), the City approved the Original Plan, determined that the Redevelopment Area

is a Blighted Area and that it met the other applicable requirements of the TIF Act. By that ordinance the Board of Aldermen also selected S.G. Property Management, LLC, as the Developer to implement Project 2 of the Plan. At the time the Original Plan Ordinance was adopted, the City was indicated as the developer of Projects 1, 3, and 4, as the City initiated and intended to fund the costs of the public improvements which benefitted those Redevelopment Project Areas. However, as was described above, tax increment financing was not activated for Projects 1, 3, or 4, nor was a developer designated for these Projects, because at that time it was unknown whether redevelopment of these areas would require any additional incentives to resolve barriers of entry to an interested developer.

Some retail development has been attracted to a portion of Project Area 1 as a result of the blight remediation and public infrastructure improvements that had long been a detriment to the proper development of these areas in the past. At this time, developers of these new retail developments have not requested additional incentives beyond the public improvements undertaken by the City. Because development in Project Area 1 has been limited to a small portion of that Project, the City has proposed splitting that Project Area into two project areas: Project 1A and Project 1B. In order to maximize TIF capture to allow for the most expedient retirement of TIF Bonds and other Reimbursable Project Costs, the City has initiated the process for activation of tax increment financing for Project Area 1A, and is concurrently seeking an amendment to Projects 1, 3, and 4 to address changes in the Project Area 1 boundaries and the facts associated with those projects in the three years since the Original Plan was approved.

Additionally, in the time since the Original Plan was approved, the public improvements for each of the four Project Areas have nearly been completed and estimated costs largely are now known, actual costs, which have increased by approximately \$4.73 million. Due to a combination of factors including additional revenue producing land, higher revenues from actual retailers, efficient financing, decreased assessed values, increased property tax rates, unanticipated tax revenues, and additional grant funds from MoDOT, the amended reimbursable project costs for Projects 1A, 1B, 3, and 4 have increased only \$2.76 million to a total of \$7,365,287.

Summary of Proposed Amendments to Project.

The proposed Amendment to the Grain Valley Marketplace Tax Increment Financing Plan (“Amended Plan”) leaves the Original Plan intact and operating as the base plan for redevelopment of the four original Redevelopment Areas in the aggregate. The Amended Plan is intended to supplement and supersede the Original Plan only to the extent that the Amended Plan differs from the Original Plan. Additionally, the Amended Plan does not in any way modify or change Redevelopment Project 2. To serve the goal of efficient presentation of information we thought it best to illustrate the proposed changes in tabular form as follows:

Financing Summary.

As described in detail in the Blight Study, which is Exhibit 7 of the Original Plan and is unchanged by the proposed Amended Plan, the Buckner-Tarsney Road and Interstate 70 intersection has been recognized for years as being inadequate for existing traffic demand, which creates unsafe conditions, restricts regional traffic flow, and limits economic development. The City, in conjunction with the Missouri Department of Transportation (“MoDOT”), has identified transportation infrastructure improvements necessary to serve the Buckner-Tarsney Road and Interstate 70 area. At the time the Original Plan was approved the total cost of these improvements was estimated to be \$18,192,000.

As of the time of this amendment, the total cost of the Public Road Improvements has increased to \$22,921,826. A significant portion of this total (\$13,505,512) will be financed by MoDOT through the cost share agreements provided as Exhibits 7B and 7C of the Original Plan and 7D of the Amended Plan. The City of Grain Valley sought and was awarded more than a half-million of additional funds through a Missouri Transportation Enhancement Funds grant (\$443,117) also from an award of Missouri STP Funds Planning Sustainable Places grant (\$120,000). These grants are of Federal funds administered locally by the Mid-America Regional Council. The remaining balance must be covered by a local match, for which the Projects 1A, 1B, 3, and 4 portions is \$7,365,287.

The Original Plan was adopted as a mechanism that allowed the City to make the necessary improvements to the interchange. Project 2, which will not be affected by the proposed Amended TIF Plan, is being developed by a developer selected by the City when the Original Plan was approved. Private developers of Project 1A did not request any incentives from the City beyond the road improvements undertaken by the City and MoDOT. Project 1A was developed into a fast food restaurant and an auto parts retail store. The City is continues to seek developers for Project 1B in the southwest corner; Project 3 in the northwest corner, and Project 4 in the southeast corner. As developers for Projects 1B, 3 and 4 have not yet been identified, the specific type and number of uses to be constructed in these areas is undetermined. Based on a retail marketability analysis prepared for the City by Eric Lander of Canyon Research Southwest in March of 2006, and upon discussions with potential developers within these Project

areas, it is currently estimated that Projects 1B, 3 and 4 will include a pharmacy, two convenience stores, five fast food restaurants, one full-service restaurant, and 24,500 square feet of retail space. Due to the final layout of the Public Road Improvements, additional developable area equal to the amount of square footage developed in Project 1A was identified. Consequently, it appears that the remaining Projects 1B, 3, and 4 can still support the development identified in the earlier market analyses. These expected businesses are also consistent with a "Retail Gap Analysis" that was a part of the Grain Valley Economic Development Plan that was adopted by the Mayor and Board of Aldermen in September 2007. While the City has identified the possible uses that could be located in Projects 1A, 1B, 3, and 4, the only project costs that were established in the Original Plan for these prospective portions of the TIF are \$4,610,000 of the transportation infrastructure improvements described above. Now that the road improvements are nearly complete, this amount has increased to \$7,365,287. The City anticipates requiring any developers for these areas who seek additional incentives to form a community improvement district to reduce the burden on other taxing jurisdictions through an additional district sales tax.

As was contemplated in the Original Plan, there was and remains the possibility that due the City's completion of the interchange improvements, redevelopment of Project Areas 1B, 3, and 4 would not require additional incentives by developers interested in undertaking projects in these areas. This is in fact the case for the portion of Project Area 1 that triggered the need for the TIF Commission's hearing. However, since the development occurring in Project Area 1 is limited to a small portion of that project area, the City is proposing to split that area into two projects: Project 1A and Project 1B. Doing so would maximize TIF revenue capture for the entire Project 1 area as originally proposed, with retail and other commercial development occurring throughout the project area, not only in a small portion located adjacent to Main Street.

Summary of Benefit to the Taxing Jurisdictions.

Tax increment financing is generally based on the concept that redevelopment of a disadvantaged area will result in an incremental increase in tax revenues. All or a portion of these incremental increases in revenue are captured for the period of time necessary to pay for the incentives required for the redevelopment to occur, which time cannot exceed 23 years from when capture of the incremental increase commenced. The incremental increases in property tax revenues are distributed as "payments in lieu of taxes" which are commonly referred to as "PILOTs." The incremental increases in economic activity taxes (the most common type is sales tax), which are commonly referred as "EATs." The annual PILOTs and EATs captured by the TIF District are the amount above tax collections within the redevelopment area in the year before tax increment financing is activated. This prior year tax level is considered the "base."

If the proposed Amended Plan is approved, base-year ad valorem property tax revenues and sales tax revenues will continue to pass through to the taxing jurisdictions. The affected taxing jurisdictions include, but are not limited to, the City of Grain Valley, Jackson County, the Grain Valley R5 School District, the Central Jackson County Fire Protection District, and the Mid-Continent Public Library. A full list of affected taxing jurisdictions is presented in the Cost Benefit Analysis provided at Exhibit 9B of the Amended TIF Plan.

The Amended Plan indicates that according to the Jackson County Assessor's Office, the initial total equalized assessed value of the real estate within the redevelopment project areas 1A, 1B, 3,

and 4 is \$621,775 for the 2013 tax year. It is estimated that the total equalized assessed value of the real estate within the Redevelopment Area will be approximately \$4,261,736 by 2037. It is also estimated that sales generated within Redevelopment Project Areas 1A, 1B, 3, and 4 will increase from \$2,403,043 to \$21,017,373 during the last year that the Amended Plan is in effect. Exhibit 8B of the Amended Plan indicates the total Payments in Lieu of Taxes and Economic Activity Taxes generated by Redevelopment Projects 1A, 1B, 3, and 4 during the anticipated twenty-four (24)¹ year duration of the Amended Plan are estimated to be \$7,919,359 and \$10,995,306 respectively, for a total of \$18,914,665. Upon completion of the TIF Plan, and the payment of all Reimbursable Project Costs, tax revenue from the proposed Redevelopment Area will be paid to all taxing jurisdictions within such area.

At Exhibit 11B the City has provided the statutorily required Cost-Benefit Analysis which shows the impact on the affected taxing jurisdictions if the proposed redevelopment project is not built and if it is built. The first page of Exhibit 11B compares the total revenues expected by all taxing jurisdictions, cumulatively, if the project is not built and if the proposed project is built. This table estimates that, in aggregate, the local taxing jurisdictions would see an increase of approximately \$14.9 million in revenues over the next 24-year period if the project is built.

REVIEW PROCESS OF THE PROPOSED TIF PLAN AMENDMENT

The process for amending a TIF Plan after it has been approved by ordinance is established by Section 99.825.1, RSMo. That section requires proposed changes that 1) alter the exterior boundaries of a redevelopment plan area or redevelopment project area; 2) affect the general land uses set forth in the original plan; or 3) change the nature of a redevelopment project to be presented to the TIF Commission for approval in the same manner as was the original plan. As new development was beginning to occur in a portion of Project Area 1 due to the completed public improvements, it became necessary to activate tax increment financing for that area to capture the resulting TIF revenues as set forth in the Redevelopment Plan. As anticipated when the Original Plan was adopted, this required a hearing before the TIF Commission because the ordinance to activate tax increment financing was purposely not introduced in the governing body within the required 14-90 days after the close of the Commission's hearing on the Original Plan. Since a hearing was required, City staff and consultants have proposed amending the original plan to address the actual costs of construction of the public improvements and to split Project Area 1 into Project Areas 1A and 1B to maximize the capture of TIF revenues.

In anticipation of the proposed Amended Plan, the City, on behalf of the TIF Commission, mailed the statutorily required 45 day notice of the TIF Commission public hearing to the affected taxing jurisdictions. Statutorily required notices were published in *The Examiner* newspaper and were sent via certified U.S. mail to the affected property owners. The TIF Commission met at 7:00 p.m. at Grain Valley City Hall on November 14, 2013, where it held a public hearing for the proposed Plan Amendment. The City's staff and consultants filed the Amended Plan with the City on October 31, 2013. The City's staff and consultants have ensured that the proposed plan, as revised, and is consistent with the TIF Act and applicable City policies and requirements.

¹ The TIF district will be active for a total 24 years due to phasing of the individual redevelopment projects. However, for each individual redevelopment project, TIF will only be active for 23 years in accordance with the TIF Act. Note that Project 1A will be activated sooner than Projects 1B, 3, and 4.

As part of City staff's due diligence in reviewing the application for the proposed Amended Plan, the City engaged Lauber Municipal Law, LLC, the City's special economic development counsel, to advise the City regarding the substantive and procedure issues related to the TIF Plan amendment and approval process.

The Developer of Project Area 2 had previously hired Urban Planner Andrew Z. Murray, AICP, of Husch Blackwell Sanders LLP, to prepare the blight study of the proposed Redevelopment Area. This blight study is attached as Exhibit 6 of the Original Plan and has not changed since the adoption of the Original Plan. The blighted conditions in the Redevelopment Area have not been remediated completely at this time, and all remediation that has taken place was done through the implementation of the Original Plan.

In order for the Amended Plan to be adopted, state statutes require that the Board of Aldermen make the following six findings:

1. The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;
2. The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;
3. The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;
4. A plan has been developed for relocation assistance for businesses and residences;
5. A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;
6. A finding that the TIF Plan does not include the initial development or development of any gambling establishment.

The TIF Act requires the TIF Commission to vote on the proposed Amended Plan within thirty (30) days following completion of the hearing, and the TIF Commission must also make recommendations to the governing body within ninety (90) days of the close of the public

hearing concerning the adoption of Amended Plan and the related redevelopment projects therein. The TIF Commission closed the public hearing on November 14, and based on the following information, unanimously recommended by virtue of Resolution 2013-01 that the Board of Aldermen should:

1. Re-affirm the findings previously made by the Board pursuant to Section 99.810, RSMo, when it approved the Original Plan;
2. Approve the Amended Plan by ordinance; and
3. Adopt ordinances at the appropriate time to initiate tax increment financing in each Redevelopment Project Area within the Redevelopment Area.

ANALYSIS OF REQUIRED STATUTORY FINDINGS

FINDING # 1 - A finding must be made that the development area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise, and would not reasonably be anticipated to be developed without the adoption of tax increment financing.

Blight Designation

Blighted conditions still exist in the Redevelopment area and the remediation called for in the Original Plan has not yet been completed. To the extent that blighted conditions have been remediated at this point, such activity was the result of implementation of the Original Plan.

“But For” Test

The “but for” test requires that a finding be made that the proposed redevelopment area has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing; i.e., “but for” the use of TIF, the area is not anticipated to be developed.

As required by the TIF statute, Exhibit 12B of the Amended Plan includes the affidavit of Alexa Barton, City Administrator of the City of Grain Valley, Missouri (the Developer for purposes of the public improvements in Projects 1A, 1B, 3, and 4), attesting that the statutory requirements for blight for the area on the whole and the “but for” test have been met; i.e., that the area has not been subject to growth and redevelopment through investment by private enterprise, and without TIF assistance, the projects contemplated by the Amended Plan would not be reasonably expected to occur, and that the project would not be economically viable for any developer without such assistance.

Additionally, as detailed in the Updated But-For Determination Report prepared by Springsted, Inc., the substandard and dangerous road conditions in existence prior to the adoption of the Original Plan in 2010 had effectively prohibited any economic growth in the full Redevelopment Area. This is because the costs of undertaking the necessary road improvements to allow new development to occur far exceed the benefit of making the improvements as measured by increased property value. Because it would cost developers an aggregate \$7.37 million to undertake the improvements and the developers would only realize an aggregate \$640,000 increase in value, it is clear that the redevelopment of Project Areas 1A, 1B, 3, and 4 would not

have occurred but for the TIF incentives provided for in the Original Plan and this Amended Plan.

Recommendation: The TIF Commission recommended that Board of Aldermen should adopt an ordinance to re-affirm the findings it previously made, specifically: 1) that the Redevelopment Area is a "Blighted Area" as described by state statutes and 2) find that the proposed redevelopment area has not been subject to growth and development through investment by private enterprise, and would not reasonably be anticipated to be developed without the adoption of tax increment financing and that information sufficient to support a conclusion to that effect has submitted in Amended Plan.

FINDING # 2 - A finding must be made that the proposed TIF Plan conforms to the comprehensive plan for the development of the City as a whole.

The City's comprehensive plan is titled the Grain Valley, Missouri Comprehensive Plan and was last adopted by the Mayor and Board of Aldermen in April 2010. Where applicable, the Comprehensive Plan is supplemented by area plans that are incorporated as a part of the comprehensive plan, and provide additional detail about specific areas. The proposed redevelopment project area lies within the area addressed in the City of Grain Valley's Main Street Corridor and Adjacent Neighborhoods Plan, which was adopted in July 2006.

At the time the Original Plan was approved, City staff analyzed that plan in light of the City's comprehensive plan and determined that the Original Plan was in conformance therewith. The City's Comprehensive Plan has not been amended since the adoption of the Original Plan. The Amended Plan does not change the proposed uses for Project 1, 3, and 4, and therefore the Amended Plan is also in conformance with the City's Comprehensive Plan and related documents.

Recommendation: The TIF Commission recommended to the Board of Aldermen that it should find that the proposed Amended Plan is in conformance with the City's Comprehensive Plan.

FINDING # 3 - A finding must be made that the estimated dates for the completion of projects and retirement of obligations incurred to finance the development do not exceed twenty-three years from the time a redevelopment project is authorized, that no redevelopment project is scheduled to be authorized within ten years after of the adoption of the TIF Plan, and that no property will be secured by eminent domain later than five years from the adoption of the ordinance approving the development project.

The City proposes to divide Project 1 into Projects 1A and 1B. Project 1A is in the process of being developed into two retail businesses, a McDonald's restaurant and an Advance Auto Parts store. These businesses did not require incentives in addition to the public improvements undertaken by the City through the implementation of the Original Plan. The City is requesting the authorization and activation of tax increment financing for Project 1A concurrent with the approval of the proposed Amended Plan in December 2013. The public improvements for Project 1A are estimated to be complete by December 31, 2013. TIF Revenue bonds were not issued to pay for the public improvements in Project 1A, as the City paid those costs from other

funds. While it is not anticipated that any obligations will be issued to finance the costs of development of Project 1A, the Amended TIF Plan specifically requires any obligations to be retired in less than 23 years after the expected authorization of Project 1A. The acquisition of property for Project 1A has been completed and did not require eminent domain. Thus eminent domain will not be used to acquire property later than five years after the approval of Project 1A.

The City is seeking a developer for the private improvements related to Project 1B who, as indicated in Exhibit 8B of the Amended Plan, may commence construction of retail/commercial portion of this project at any time and would be expected to complete construction by October 2015. Additionally, the highway projects, which comprise the known estimated project costs of Project 1B, are expected to be completed by December 31, 2013. Therefore, the adoption of an ordinance approving Project 1B will not be later than 10 years after the adoption of an ordinance approving the Original Plan. TIF Revenue bonds were not issued to pay for the public improvements in Project 1B, as the City paid those costs from other funds. While it is not anticipated that any obligations will be issued to finance the costs of development of Project 1B, the Amended TIF Plan specifically requires any obligations to be retired in less than 23 years after the expected authorization of Project 1B. It is not anticipated that any property within Project 1B will be acquired by eminent domain, but nevertheless the Original Plan and the Amended Plan specifically prohibit the acquisition of property by eminent domain later than five years from the adoption of an ordinance approving Project 1B, in accordance with the TIF Act.

The City is seeking a developer for the private improvements related to Project 3 who, as indicated in Exhibit 8B of the Amended Plan, may commence construction of retail/commercial portion of this project at any time and would be expected to complete construction by March 2016. Additionally, the highway projects, which comprise the known estimated project costs of Project 3, are expected to be completed by December 31, 2013. Therefore, the adoption of an ordinance approving Project 3 will not be later than 10 years after the adoption of an ordinance approving the Original Plan. TIF Revenue bonds were not issued to pay for the public improvements in Project 3, as the City paid those costs from other funds. While it is not anticipated that any obligations will be issued to finance the costs of development of Project 3, the Amended TIF Plan specifically requires any obligations to be retired in less than 23 years after the expected authorization of Project 3. It is not anticipated that any property within Project 3 will be acquired by eminent domain, but nevertheless the Original Plan and Amended Plan specifically prohibit the acquisition of property by eminent domain later than five years from the adoption of an ordinance approving Project 3, in accordance with the TIF Act.

The City is seeking a developer for the private improvements related to Project 4 who, as indicated in Exhibit 8B of the Amended Plan, may commence construction of retail/commercial portion of this project at any time and would be expected to complete construction by December 2015. Additionally, the highway projects, which comprise the known estimated project costs of Project 4, are expected to be completed by December 31, 2013. Therefore, the adoption of an ordinance approving Project 4 will not be later than 10 years after the adoption of an ordinance approving the Original Plan. TIF Revenue bonds were not issued to pay for the public improvements in Project 4, as the City paid those costs from other funds. While it is not anticipated that any obligations will be issued to finance the costs of development of Project 4, the Amended TIF Plan specifically requires any obligations to be retired in less than 23 years after the expected authorization of Project 4. It is not anticipated that any property within Project 4 will be acquired by eminent domain, but nevertheless the Original Plan and Amended Plan

specifically prohibit the acquisition of property by eminent domain later than five years from the adoption of an ordinance approving Project 4, in accordance with the TIF Act.

Recommendation: The TIF Commission recommended to the Board of Aldermen that it should find that the Amended Plan contains information that dates for completion of projects and retirement of obligations incurred to finance the development are not more than twenty-three years from the adoption of the ordinance approving a development project within the development area, that no project is scheduled or permitted to begin more than ten years after the adoption of the ordinance authorizing the Original Plan, and that no property will be secured by eminent domain later than five years from the adoption of the ordinance approving any of the development projects.

FINDING # 4 - A finding must be made that a plan has been developed for relocation assistance for businesses and residences.

Exhibit 13 of the Original Plan included a relocation plan for businesses and residences within the redevelopment area, which satisfies the requirement for this finding. If relocations become necessary, relocation assistance will be provided in accordance with the plan included as Exhibit 13 to the Original Plan, which has been carried over to the Amended Plan, and as otherwise required by the TIF Act. The relocation policy complies with State statutes and the City’s policy for relocation assistance.

Recommendation: The TIF Commission recommended that the Board of Aldermen should reaffirm its finding a plan to provide relocation assistance for businesses and residences affected by the Amended Plan has been developed and approved.

FINDING # 5 - A finding must be made that a cost-benefit analysis has been prepared showing the economic impact of the TIF Plan on each taxing district which is at least partially within the boundaries of the development area, that the analysis shows the impact on the economy if the project is not built, as well as if it is built pursuant to the development plan under consideration, that the cost-benefit analysis includes a fiscal impact study on every affected political subdivision, and that there is sufficient information from the developer for the commission to evaluate whether the project as proposed is financially feasible.

Tax impact analyses have been submitted as Exhibit 9B of the Amended Plan and cost-benefit analyses has been submitted as Exhibit 10B of the TIF Plan to show the economic impact of the TIF Plan on each taxing jurisdiction and political subdivision that is at least partially within the boundaries of the proposed development area for Projects 1A, 1B, 3, & 4. As indicated above, Springsted Incorporated performed an independent “but for” test for Projects 1A, 1B, 3, and 4 in the form of a comparison of Reimbursable Project Costs to increase in land value attributable to construction of the transportation infrastructure improvements. As required by state statute, the analysis provided in Exhibit 11B includes the impact on the economy if Projects 1A, 1B, 3, and 4 are not built, or are built in accordance with the TIF Plan under consideration. Together, Exhibits 8B, 9B, 10B, and 11B provide sufficient information to evaluate whether Projects 1A,

1B, 3, and 4 are financially feasible. Taken together with Exhibits 7B and 7C from the Original Plan, Exhibit 7D of the Amended Plan is one in a series of contracts between the City and MoDOT whereby the City and MoDOT have committed to provide funding for the cost of the necessary transportation infrastructure improvements in and around the TIF Plan area, which are the only reimbursable redevelopment project costs for Redevelopment Project Areas 1A, 1B, 3, and 4.

Recommendation: The TIF Commission recommended that the Board of Aldermen find that a cost-benefit analysis has been prepared showing the economic impact of the Amended Plan on each taxing district which is at least partially within the boundaries of the development area; that the analysis shows the impact on the economy if the project is not built, as well as if it is built pursuant to the development plan under the Amended Plan; that the cost-benefit analysis includes a fiscal impact study on every affected political subdivision; and that there is sufficient information to evaluate whether the project as proposed is financially feasible.

FINDING # 6 - *A finding must be made that the TIF Plan does not include the initial development or development of any gambling establishment.*

A review of the Amended TIF Plan indicates that the initial development or development of any gambling establishment is **not** included.

Recommendation: The TIF Commission recommended that the Board of Aldermen find that the Amended Plan does not include the initial development or development of any gambling establishment.

CONCLUSION

The City staff and consultant's approach in reviewing requests for TIF assistance overall has been to determine the amount of public benefit the Amended Plan will generate. Approval and implementation of the Amended Plan and its proposed redevelopment projects will benefit the public by remediating long-standing blighted conditions in the proposed redevelopment area by replacing deteriorating site improvements and removing unsanitary conditions, which together have resulted in an economic or social liability and/or menace to the public health in this area. The demolition of vacant and under-tenanted structures, construction of new roads, curbs, and parking areas and the installation of new security and other parking lighting throughout the area, will improve infrastructure that is currently creates unsafe conditions, impedes traffic flow, and discourages relocation by new, modern businesses and therefore limiting economic development in this area. Additionally, the proposed Amended Plan will provide additional restaurant, retail and commercial development, which will improve the quality of life for consumers in the City of Grain Valley, most of whom are constituents of each of the affected taxing jurisdictions, for years to come.

In conducting a thorough review of the proposed Amended Plan and its component redevelopment project, along with the assistance of its financial and legal consultants, it is City staff's conclusion that the Amended TIF Plan generally provides sufficient information to

demonstrate that the statutorily required six findings have been met and that the TIF Commission was provided information that provided it with a sufficient basis to recommend to the Board of Aldermen that the proposed Amended Plan and associated redevelopment projects may be approved. The TIF Commission unanimously recommended by virtue of Resolution 2013-01 that the Board of Aldermen should:

1. Re-affirm the findings previously made by the Board pursuant to Section 99.810, RSMo, when it approved the Original Plan;
2. Approve the Amended Plan by ordinance; and
3. Adopt ordinances at the appropriate time to initiate tax increment financing in each Redevelopment Project Area within the Redevelopment Area.

The City's staff and consultants concur with the TIF Commission's recommendations and also recommend that the Board of Aldermen take the actions set forth in the TIF Commission's resolution.

Additionally, due to the development of Project 1A, the City's staff and consultants recommend that the Board of Aldermen adopt an ordinance activating tax increment financing for that project area to maximize the capture of EATs revenue from that project.

Conditions:

- Spare gateway recommended for system maintenance.
- Revised propagation analysis required for Gateway location or height changes.
- FAA/ASR may be required for structures near airports or heights >200ft.
- AM Tower detuning evaluations for structures within 3km, check with LBA Group or Sitesafe.
- 10ft minimum vertical separation from other 900MHz system antennas on structure. Antenna requires 3ft-4ft standoff for side mounting on towers.
- Complies with FCC/IC Rules: May not cause harmful interference, and must accept any interference received, including interference that may cause undesired operation.
- MIUs mounted inside structures are not recommended for Fixed Network solutions. RF signal is affected differently by building materials used within structures and it is difficult to account for all types of construction. If the Scope states inside MIU used for study, an average loss value is applied to the model. In situations, where inside MIUs do not perform as necessary, an external wall MIU or additional Gateways may be required
- Propagation based on defined MIU (External Wall or Pit w/External Antenna) with specified gateway/collector. Older equipment should be replaced. Propagation is subject to change based on equipment specifications and performance. Performance cannot be confirmed until final system evaluation and analysis complete. Propagation model is based on performance for >90% daily read success and typical noise level <-120dBm. Use of this propagation analysis done with this understanding and there is no guarantee of product or performance. Additional gateways could be required. Antenna heights are set to 75 feet as default unless heights provided. This affects Find (search ring) and asset locations.
- Tektelic LoRa gateway is not released and propagation is in development. Receiver diversity requires minimum of 6 feet horizontal antenna separation.

Subject: Neptune R900 Gateways & Neptune 360 Software Pricing

WARNING: Email originates outside the organization. Please stop and think before clicking a link, opening attachments or entering credentials.

Patrick,
On behalf of Neptune Technology Group, Inc., whom we represent, we are pleased to quote the City of Grain Valley on the following R900 Gateways and Neptune 360 Software needed for your Neptune AMI system. Our recommendation, based on our site visit is to initially install two R900 Gateways: One on the Tyer Rd. water tower and one on the Minter Rd. water tower. Then, we will have Neptune update your Propagation Study for the optimal additional tower location(s). It is estimated to take 3 to 5 Gateways to read >99% of your meters, but these two locations/towers are the easiest and most effective sites to begin with. The Engineering estimate is typically conservative and we'll likely collect more reads per tower than estimated. Our goal will be to read your meters with the least amount of infrastructure, while providing redundancy for an unplanned loss of an active Gateway (i.e. storms, etc.) As you know, we have a presentation scheduled for our new Neptune 360 Software platform on Thurs. March 12th at 10 AM. Neptune 360 is required to implement the R900 Gateways in an AMI system. As you'll see in our presentation, Neptune 360 will provide a whole new level of data to your Customer Service personnel and management team, as well as industry-leading security, storage and access of your data. Regular updates and enhancements of Neptune 360 Software are also done automatically by Neptune without your personnel having to do them. David Evers, Neptune's Regional Systems Support Specialist, will further detail the implementation plans at our meeting. Please let us know if we can offer any other assistance.

We look forward to working with the City of Grain Valley!

John

MEMORANDUM

TO: MARK TROSEN, DIRECTOR OF COMMUNITY DEVELOPMENT

FROM: PATRICK MARTIN, MAINTENANCE SUPERINTENDENT

SUBJECT: NEPTUNE FIXED BASE METER READING SYSTEM

DATE: MARCH 25TH, 2020

In order to provide a reliable, high quality water supply system, Public Works continually upgrades and improves our water system and facilities. When producing the annual 2020 budget we identified an upgrade needed for the water meter reading system.

The current system uses a laptop computer and a data collector mounted in a truck the requires Public Works staff to drive the routes to collect the reads. Then after collecting the reads return to City Hall and transfer the data file to Utility Billing staff. The new system will be a fixed base system. This will allow meter reads to be collected at intervals determined by the Utility Billing and as needed based on department needs. With this system crews will no longer have to drive the routes to collect the reads.

Neptune Technology completed a study of the existing assets and topography of Grain Valley. The study concluded five data collectors were needed to read greater than 99% of the meters. The new system will be mounted first on existing structures such as water towers to collect reads. Public Works will start by mounting one antenna on each of the two water towers to see how much is read. Then staff will reevaluate the study and fill in the gaps. Staff hopes by starting with two units and measuring the progress, we can ensure the City is getting the most out of each data collector. Also, staff plans to not get all five units to begin with could prove to show costs savings for units potentially not needed. Public Works Maintenance staff will do as much as the installation as possible and only rely on contractors on specialty items such as electrical if needed.

This Resolution also covers expenses to cover the software upgrade. New software is needed to get the most out of the new system such as alerts and the graphs the meter produce by tracking usage. The software upgrade will also provide great customer service tools to the Utility Billing division; for meter reads at their computer when needed.

COOPERATIVE AGREEMENT

(2020 COMBAT Commission DARE/Law Enforcement School Based Initiatives)

AN AGREEMENT by and between Jackson County, Missouri, hereinafter referred to as "County", and, **CITY OF GRAIN VALLEY, MISSOURI 711 MAIN STREET GRAIN VALLEY, MO 64029**, hereinafter referred to as "the City" made and entered into this _____ day of _____, 2020.

WHEREAS, the City has requested funding from County's Anti-Crime Sales Tax Funds to assist the City in defraying certain costs of its Drug Abuse Resistance Education (DARE)/Law Enforcement School Based Initiatives, or similar anti-drug and anti-violence programs, and,

WHEREAS, the County's Jackson County COMBAT Commission recommended and the County Legislature approved the City's request as an appropriate expenditure of Anti-Crime Sales Tax Funds; and,

WHEREAS, this Agreement provides a suitable mechanism by which the designated County funds shall be disbursed to the City;

NOW THEREFORE it is agreed by and between the parties as follows:

1. The County agrees to pay to the City a total amount not to exceed **\$82,500.00**. Upon execution of this agreement, Organization may submit an invoice documenting costs incurred dating back to January 1, 2020. Prior to September 30, 2020, and upon receipt and approval of the previous DARE/Law Enforcement School Based Initiatives Semester Report, the final payment shall be made. This award is contingent upon collection of sales taxes as budgeted at the time of the contract award. If COMBAT funds are reduced, contractor will be informed of necessary contract revisions, as provided for in this Agreement.
2. The County agrees and acknowledges that the City shall use the proceeds of this Agreement, together with City funds and any federal or state grant funds which may have been awarded, to cover certain expenses of its DARE/Law Enforcement School Based Initiatives, or similar anti-drug and anti-violence programs, all as is more fully set out in the funding request and other documents attached hereto as Exhibit A, Program Budget Page attached hereto.
3. The City agrees that all proceeds of this Agreement shall be subject to audit by the County's Legislative Auditor or such other auditor as the County may designate. Additionally, the City agrees to contract for the performance of a comprehensive audit in conformance with the Single Audit Act of 1984, and to forward two copies of the audit report to the Jackson County COMBAT Commission, one of which will be forwarded to the County's Department of Finance and Purchasing.

4. The City shall provide an annual program report at the end of each calendar year summarizing all activities of its DARE/Law Enforcement School Based Initiatives, or similar anti-drug and anti-violence programs to the Jackson County COMBAT Commission containing such particulars as said Commission might specify.
5. If the City receives or obtains any media attention because of this project, the City is required to acknowledge that funding for the project is from COMBAT funds. Printed material involving this program shall contain the COMBAT logo and a COMBAT sign shall be posted at the program site(s) for the duration of the contract.
6. This Agreement shall be effective as of January 1, 2020, and extend through December 31, 2020, for expenses incurred during the same time period.
7. The City shall indemnify, defend, and hold the County harmless from any and all claims, liabilities, damages, and costs (including reasonable attorney's fees directly related thereto) to the extent allowable by law caused by the negligence or willful misconduct of the City or its employees, agents or representatives.
8. If the City shall default in the performance or observation of any term or condition herein, the County shall give the City ten (10) days' written notice setting forth the default. If said default shall continue for ten (10) days after the City receives written notice thereof, the County may at its election terminate the Agreement and withhold any payments not yet made to the City. Said election shall not in any way limit the County's or the City's right to sue for breach of contract.
9. The City warrants that no officer or employee of the County, whether elected or appointed, shall in any manner whatsoever be interested in or receive any benefit from the profits or emoluments of this Agreement.
10. Pursuant to §285.530.1, RSMo, City assures that it does not knowingly employ, hire for employment, or continue to employ undocumented immigrants to perform work within the State of Missouri and/or Jackson County, and shall affirm, by sworn affidavit and provision of documentation, its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. Further, City shall sign an affidavit, attached hereto and incorporated herein as Exhibit B, affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services.

11. This Agreement may be terminated for any reason or no reason by either of the parties upon thirty (30) days written notice to the party's designated fiscal representative. All services and payments shall continue through the effective date of termination. Termination of this Agreement shall not constitute a waiver of the rights or obligations which the County or the City may be entitled to receive as provided in this Agreement, or be obligated to perform under this Agreement for services prior to the date of termination. Should this Agreement terminate, all County written materials of any kind must be delivered and returned by the City to the County within ten (10) days of the termination of this Agreement.

WORK AUTHORIZATION AFFIDAVIT

As a condition for any service provided to the County, a business entity shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services.

Business entity, as defined in section 285.525, RSMo pertaining to section 285.530, RSMo, is any person or group of persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood. The term "business entity" shall include but not be limited to self-employed individuals, partnerships, corporations, contractors, and subcontractors. The term "business entity" shall include any business entity that possesses a business permit, license, or tax certificate issued by the state, any business entity that is exempt by law from obtaining such a business permit, and any business entity that is operating unlawfully without such a business permit.

Every such business entity shall complete the following affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. The completed affidavit must be returned as a part of the contract documentation.

This affidavit affirms that **City of Grain Valley, Missouri**, is enrolled in, and is currently participating in, E-verify or any other equivalent electronic verification of work authorization operated by the United States Department of Homeland Security under the Immigration Reform and Control Act of 1986 (IRCA); and, **City of Grain Valley, Missouri**, does not knowingly employ any person who is an undocumented immigrant in conjunction with the contracted services.

In Affirmation thereof, the facts stated above are true and correct. (The undersigned understands that false statements made in this filing are subject to the penalties provided under section 575.040, RSMo.)

ADDITIONAL TERMS & CONDITIONS

(Referred to on the Reverse Side Hereof)

1. The Seller reserves the right to accept or reject this order and shall not be required to give any reason for non-acceptance.
2. If financing terms are required on this order, Seller's acceptance is subject to the approval of the Lender. If financing terms are required, Purchaser hereby agrees to execute any security agreement and any financing statement required by Lender, and authorizes Seller to execute any such documents in Purchaser's name.
3. This order, when accepted by Seller, shall become a binding contract, but performance shall be conditioned upon and subject to strikes, lockouts, accidents, fires, delays in manufacture or transportation, supply shortages, acts of God, embargoes, governmental action or any other causes beyond the control of the Seller whether the same as, or different from the matters and things herein before specifically enumerated and any of said causes having an adverse effect on Seller's ability to perform shall absolutely absolve the Seller from any liability to the Purchaser under the terms hereof.
4. Title to and right of possession of said product(s) shall remain vested in the Seller until all indebtedness and all sums due or to become due from the Purchaser, whether evidenced by note, book account, judgment, or otherwise, shall have been fully paid, at which time title shall pass to the Purchaser.
5. The Seller's responsibility for shipments ceases upon delivery to a transportation company, and any claims for shortages, delays or damages occurring thereafter shall be made by the Purchaser to the transportation company. Any claims against the Seller for shortages in shipments shall be made within fifteen days after delivery by the transportation company to the point of delivery.
6. The Purchaser agrees that this order shall not be countermanded by him, and that when it is accepted (and until the execution and delivery of the contractor contracts and note or notes required to consummate the sale as above specified) it will incorporate all agreements between the parties relative to this transaction, and that the Seller is not bound by any representations or terms made by any agent relative to this transaction which are not contained here. This order shall not be binding upon the Seller until it is duly accepted in writing by an authorized official of the Seller. Any changes or modifications to this contract shall be made in writing and signed by both the Seller and Purchaser.
7. When the products necessary to fill this order have been appropriated to this contract, the Purchaser agrees on demand to execute and deliver to the Seller the notes and contracts required by the Seller to evidence the transactions, in the event the Purchaser fails to execute and deliver said notes and contracts to the Seller, the entire balance of the purchase price shall upon Seller's tender of performance and at the Seller's option become immediately due and payable.
8. Purchaser shall promptly pay all taxes, fees, transportation, and other costs, assessments and all governmental charges of any kinds or character, and any penalties, fines or interest thereon relating to equipment and the sale thereof by Seller to Purchaser.
9. Purchaser acknowledges that he/she has received a copy of any equipment warranty provided by the manufacturer and has read and understood said warranty.
10. **DISCLAIMER OF WARRANTIES AND WAIVER OF CLAIMS.** KIRBY-SMITH MACHINERY, INC. (SELLER) IS NOT A MANUFACTURER OF EQUIPMENT. ALTHOUGH SELLER MAY ADMINISTER WARRANTIES ISSUED BY THE MANUFACTURER, CUSTOMER ACKNOWLEDGES AND AGREES THAT: 1) ANY EXPRESS WARRANTIES BY THE MANUFACTURER FOR THE EQUIPMENT ARE NOT THE RESPONSIBILITIES OF THE SELLER. 2) THE MANUFACTURER'S WARRANTY CONTAINS LIMITATIONS AND CUSTOMER MAY INCUR CERTAIN REPAIR, TRANSPORTATION OR OTHER CHARGES BY SELLER WHICH ARE NOT COVERED BY THE MANUFACTURER'S WARRANTY. SELLER MAKES NO WARRANTIES, REPRESENTATIONS, CONDITIONS OR PROMISES EXPRESS OR IMPLIED AS TO THE QUALITY, PERFORMANCE OR FREEDOM FROM DEFECT OF THE EQUIPMENT. EXCEPT ANY IMPLIED WARRANTIES THAT CANNOT BE DISCLAIMED UNDER APPLICABLE LAW, SELLER HEREBY DISCLAIMS AND EXCLUDES ALL WARRANTIES OF TITLE, EXPRESS WARRANTIES AND IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, INFRINGEMENT AND THOSE WARRANTIES ARISING OUT OF USAGE OF TRADE OR COURSE OF DEALING. SELLER IS NOT LIABLE FOR ANY DAMAGES (WHETHER ORDINARY, SPECIAL OR PUNITIVE) ARISING FROM ANY FAILURE OF THE EQUIPMENT TO OPERATE OR THE FAULTY OPERATION OF THE EQUIPMENT, OR THE INSTALLATION, OPERATION, REPAIR OR USE OF THE EQUIPMENT.
11. Purchaser agrees to indemnify, defend and hold harmless Seller for any and all claims, damages, causes of action, losses, costs and expenses, including reasonable attorneys' fees, arising from or relating to, directly or indirectly, (a) any breach of this order by Purchaser, including any representation or warranty, and (b) any use or operation of the equipment, including without limitation, any property damage, injury or death caused by such use or operation.
12. This contract is to be governed in accordance with the laws of the State of Oklahoma.

MEMORANDUM

TO: MARK TROSEN, DIRECTOR OF COMMUNITY DEVELOPMENT

FROM: PATRICK MARTIN, MAINTENANCE SUPERINTENDENT

SUBJECT: 2020 SKID STEER LEASE

DATE: APRIL 15TH, 2020

In order to provide a reliable, high quality public service, Public Works uses a skid steer unit to complete routine tasks, projects, and programs. When producing the annual 2020 budget we budgeted funds to lease a skid steer unit.

Public Works Division uses a skid steer unit to do multiple jobs. Those jobs range from asphalt repair, concrete tear out, yard restoration, loading materials in dump trucks, and moving pallets. The jobs can range from large to small but all very important on a weekly basis in Public Works operations.

Public Works staff has went through processes to identify a machine that best fits our needs. Staff tried several brands and sizes of skid steer. The unanimous consensus was the Takeuchi TL 10V2. This unit will have all the essentials to complete Public Works tasks and suit all the needs in Public Works. This brand is leased, sold, and warrantied by Kirby Smith Machinery out of Kansas City Kansas.

In this agreement the terms will be for 36 months at a cost of 1294.67 per month or lump sum payment of 15,536.04. with a buyout of 18,000.00 The warranty is 36 months or 3,000 hours. If the City does not want to proceed with the lease at any time it can be voided with no penalty. Provided the unit is not in disrepair or beyond the original 500 hour limit per year.

Re: Dillingham Water Line and Trail Project

Dear Ms. Logan:

Bids were received for the above referenced project on Wednesday, April 8, 2020.

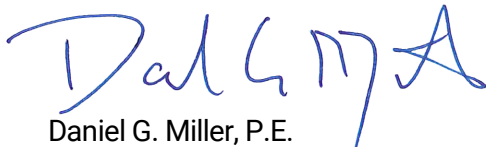

A total of five bids were received. The bids were well distributed between the low and high bids, with three of the bids below the Engineer's Estimate. The low bid was submitted by Blue Nile Contracting Inc. of Birmingham, Missouri with a bid of \$294,556.71. The engineers estimate for the project was \$395,830.00.

Blue Nile provided a list of similar projects and a listing of proposed subcontractors and major suppliers, attached. Also attached is the completed detailed bid tabulation. Blue Nile proposes to exceed the contract minimum self-performance requirement by performing approximately 78% of the work.

Blue Nile has an extensive list of projects in Kansas City, MO and other municipalities. I was unable to contact the KCMO references, but Tom Nebergall with the City of Gladstone provided a positive reference for their work. Lamp Ryneerson recommends accepting the bid received from Blue Nile for the Dillingham Water Line and Trail project in the amount of \$294,556.71. If you have any questions, or need additional information, please contact me at 816-823-7228.

BIDDER'S AFFIDAVIT

STATE OF Mo)
) ss:
COUNTY OF Clay)

I, Heno L Tekoste (Name), representing Blue Nile Contractors
(Name of Bidder), (hereinafter "the Bidder") upon oath depose and state that neither the Bidder nor anyone in Bidder's employment has employed any person to solicit or procure this Contract nor will any agent, representative, employee, servant, officer, director, manager or member of Bidder make any payment or agreement for payment of any compensation in connection with the procurement of this Contract.

I further depose and state that no part of the Contract Price was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the Contract, other than the payment of their normal compensation to persons regularly employed by the Bidder whose services in connection with the construction of the public building or project were in the regular course of their duties for the Bidder.

I further depose and state that the Bid is genuine and not collusive or sham; that said Bidder has not colluded, conspired, connived, or agreed, directly or indirectly, with any Bidder or person, to put in a sham bid or to refrain from bidding, and has not in any manner, directly or indirectly, sought by agreement, or collusion, or communication, or conference with any person to fix the bid price of Bidder or of any other Bidder, and that all statements in said Bid are true.

I further depose and state that Bidder has and will continue to comply with any Affirmative Action Plan and Disadvantaged Business Enterprise Plan of the City of Grain Valley, Missouri, as well as all Ordinances and directives of the City referring to the participation of Small, Disadvantaged, Women owned and Minority Businesses applicable to this Bid and the Contract to be awarded through this Bidding Process.

I further depose and state that the undersigned, the Bidder, and all, officers, directors, employees and agents of Bidder and all Subcontractors and Suppliers Bidder intends to use if awarded the Contract, are not currently debarred or suspended from bidding on contracts with any governmental entity or agency, nor are any such persons or companies proposed to be debarred or suspended from bidding on such contracts, nor have any such persons or companies been excluded from participating in the Contract to be awarded through this bid process by any federal, state or local governmental entity or agency.

I further depose and state that neither the Bidder, nor any person who is an agent, representative, employee, servant, officer, director, manager or member of the Bidder has offered, gave, or agreed to give any employee or former employee of the City, any gratuity, payment or gift in connection with any decision, approval, disapproval, or recommendation, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for filing, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefore.

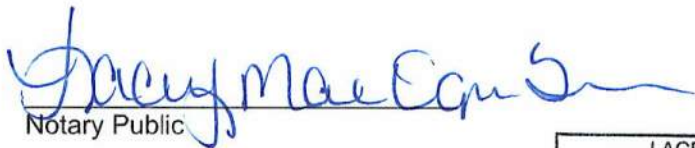

I further depose and state that Bidder has not received any payment or gratuity from a Subcontractor or Supplier, as an inducement for the award of a subcontract or a purchase order.

The undersigned further warrants that he or she has the authority to execute this affidavit on behalf of the Bidder.

**THE E-VERIFY
MEMORANDUM OF UNDERSTANDING
FOR EMPLOYERS**

**ARTICLE I
PURPOSE AND AUTHORITY**

The parties to this agreement are the Department of Homeland Security (DHS) and the Blue Nile Contractors, Inc. (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

**ARTICLE II
RESPONSIBILITIES**

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
 - a. Notice of E-Verify Participation
 - b. Notice of Right to Work
2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER’S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 90 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER’S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

<u>Addendum No.</u>	<u>Addendum, Date</u>
01	3/27/20
_____	_____
_____	_____
_____	_____

- B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
- C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.
- D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

- E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.
- F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
- H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents and confirms that the written resolution thereof by Engineer is acceptable to Bidder.
- I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.
- J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
 - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
 - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and
4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

TO: Employee Benefits Member Representatives
FROM: Terry W. Norwood, President/CEO
DATE: March 19, 2020
RE: Contribution Rates for July 1, 2020 through June 30, 2021

It is my responsibility to report to you the funding requirement and health benefit contribution rate for FY 2020-21. *The actual rate for your entity calculated based on the overall experience of the plans that you selected and in a small part your individual experience.*

City of Grain Valley, MO:

Current Medical Plan	% Increase
OAP 1500	4.80%
Choice Fund 1500	3.80%

Priority emphasis was again placed on maintaining the current benefit levels. To that goal, you will find minimal benefit changes to the plans. Your participation in our pool continues to be our greatest strength.

Each year a review of the benefits structure and pricing is undertaken to assure that the program remains competitive and pricing can support the program. The process for this year involved the Board of Directors, the Benefits Advisory Committee and staff.

Staff developed a set of recommendations which were brought before the Board for consideration. The plan changes requested closely mirror and reflect the health, dental and vision plans that are commonly available in the marketplace.

Changes for July 1, 2020

In Network Only Plans 1 & 2:

- None

In Network Only Plan 3 (500) and INO (3) 500 Surefit Option:

- Reduce Specialist copay from \$60 to \$45

Cigna Copay/Open Access Plans:

- No changes

Cigna Choice Fund Plans:

- No changes

Prescription Drug Plans

- Move Pharmacy to CVS/Caremark

Dental Plan(s)

- 0% Increase, no plan changes

Vision Plan(s)

- 0% Increase, no plan change

The Employee Benefits staff will follow up this notice with specific details, instructions and materials. Materials for open enrollment will be available in early April. If you decide to change your plan offerings, please notify MPR as soon as possible.

For your reference, I have included the **last seven** years of increases for the Employee Health Pool below. We greatly appreciate your continued support of Midwest Public Risk.

Respectfully,

Terry W. Norwood, CEO

GRAIN VALLEY PARK BOARD MINUTES

February 11, 2020

Meeting called to order at 7:12 P.M. by President Brad Welle.

ROLL CALL:

PRESENT: Brad Welle (President), Brian Bray (Vice President), Becky Gray (Secretary), Norm Combs, Don Caslavka, Jared English, Terry Hill, Chuck Harris, Alderman Jayci Stratton, Shannon Davies (Director)

ABSENT: Nathan Hays

CONSENT AGENDA:

- a. **APPROVAL OF MINUTES:** Motion by Jared English and seconded by Norm Combs to approve the November Minutes. Motion carried.

TREASURER'S REPORT:

- a. **REVIEW OF ACCOUNTS PAYABLE/EXPENDITURES/REVENUES:** Shannon highlighted and explained the more notable expenditures, which included lumber purchased for replacing the Monkey Mountain shelter roof and annual conference registration fees for staff. Year-to-date revenues/expenses were also reviewed.

CITIZEN COMMENTS: none

COMMITTEE REPORTS:

- a. **Veteran's Tribute** – Norm Combs/Mike Switzer
 - i. The POH Committee would like to have a dedication event to the Parks and Recreation Department on May 6th at the site. Mike stated that they would like to coordinate with the Park Board to help plan for the event. The next POH meeting is February 26th.

OLD BUSINESS:

- a. **Cross Creek Trail Project** – Shannon Davies
 - i. Park Maintenance has installed the trailhead gates and dog waste stations.
 - ii. Trailhead entrance signage will be installed in the next 1-2 weeks.
 - iii. Craig Gump is providing the survey work to get the Legal Description of the trail property so that we can get that designated as a city easement.
 - iv. CFS Engineers is continuing their work for the pedestrian bridge design/scope as well as acquisition of the necessary permitting.

- b. **Dillingham Connector Trail Project Update** – Shannon Davies
 - i. Staff have met with Lamp Rynearson and they are developing the Scope for this project to be put out for bid this Spring.
 - ii. This project not only includes the construction of a trail that will connect to existing trail at Persimmon Drive and just north of Hedgewood Drive but it also includes the construction of a new waterline that will run parallel to the trail.
- c. **Trails Master Plan Review** – Group Discussion
 - i. The updated Trail Master Plan Aerial was provided to the board for the last review. No further changes needed.
- d. **Capital Improvements Plan (CIP) 2020-2024** – Shannon Davies
 - i. Shannon stated that he is working with the City Engineer on both the park projects as well as the public works projects. Timing is to have the CIP completed before the end of April.
- e. **Community Campus Planning** – Shannon Davies
 - i. There is another Community Forum regarding this project/bond issue slated for March 12th at 6pm at Stony Point Elementary. Further updates/details will be provided with opportunity for residents to ask questions.

NEW BUSINESS:

- a. **Park Board By-Laws – Residency Review** – Group Discussion
 - i. There was discussion about this board amending the by-laws to include allowing individuals who either live outside city limits but within school district boundaries, the opportunity to serve on the park board. There was also discussion about allowing the same for someone who works within the city but lives outside city boundaries.
 - ii. There is no state statute that requires park board members to live within the city limits of the board they serve on.
 - iii. There are also several other areas in our by-laws that need to be updated. Those were discussed and will be changed before the next meeting for review.
 - iv. Further discussion on this is needed.
- b. **Park Ordinance “Sale of Services/Merchandise” Review** – Group Discussion
 - i. Shannon stated that we do have groups approach us wanting to sell goods as a fundraiser in conjunction with their indoor or outdoor rental. Park Code prohibits this. In some cases, these groups go above us to the Board of Aldermen seeking approval.
 - ii. Park Code currently states that these groups shall go before the Park Board to get this ordinance waived for the event. Too often the “event date” is going to occur before the next park board meeting making it hard to try and get the ordinance waived.

- iii. Shannon stated that for anything other than the annual fair or city-sponsored events, we should not be waiving this ordinance. He stated that in the spirit of this ordinance, people should not be profiting off of our taxpayers and as soon as we let one group sell goods, it is setting a precedent for others wanting to do the same. The city-sponsored events are specifically for the community and are not profit-based.
- iv. Shannon would like to re-draft the ordinance to grant the Director authorization to deny the waiving of this ordinance instead of it going to the Park Board, mirroring what Blue Springs Parks & Recreation currently does.
- v. The board asked Shannon to draft the ordinance language and bring it back to the next meeting for review.
