- *Mayor Johnston asked about the review of the condition of the road; asked if road conditions (not just visual inspection) will be performed before and after; Mr. Trosen stated that would be the purpose of the bond and it would rely on the professional opinion of the City’s staff and they would rely on the study done within the last two years as well to assess prior condition*
- *Alderman Knox asked when the repairs would be made if needed; Mr. Trosen stated it would be done while the plant is still there; Staff does not recommend approval of this Conditional Use Permit; this type of use is allowed via conditional use permit and this is to determine if this is the right location for it*

- *Brandon Reed; Capital Paving and Construction Materials; he responded to the smell questions regarding the plants; and there have been concerns in the past and he feels that smell is a personal opinion as to how bad it was; Alderman Headley estimated 10.4 trucks an hour as it will be running by residences and the intersections in that area when the plant is in operation; Mr. Reed stated the numbers provided were for peak operation and felt the calculation Alderman Headley estimated would be a little off as the overnight traffic is not at full operation at all times*
