**-QUORUM PRESENT-**

**ITEM III: DISCUSSION**

- Economic Development Incentives Discussion
  - Mr. Joe Lauber, Lauber Municipal Law, provided a presentation to the Board of Aldermen regarding Economic Development Financing Tools
  - Review was provided for the following local option tools: Tax Increment Financing (TIF), Community Improvement District (CID), Transportation Development District (TDD), Neighborhood Improvement District (NID), Chapter 100, and Chapter 353
  - TIF:
    - Alderman Headley referenced the state statute regarding 11 members on a TIF Commission and questioned what happens if not all representatives attend; 6 members must be present for a quorum and votes are based on a simple majority of approval
    - Alderman Bamman asked if a perception of favoritism is created depending on the type of TIF that is allowed; this is why a policy for granting incentives is developed and the policy is utilized for each developer that requests incentives
    - Alderman West asked if commission members are compensated in any way; all members are volunteers with no compensation
  - TDD:
    - Alderman West asked if this was used for the Kansas City Streetcar; TDD was used for this project
  - Chapter 100:
    - Finance Director Bowden noted a time limit on Chapter 100; Constitutional limit is between 20-25 years and most are 20-year deals
    - Alderman Bamman asked if there is ever language utilized that require an entity to stay for a certain time after the TIF period expires; this is not a

regular occurrence with a TIF project; it would be more likely to see this in a Chapter 100 project; developers are not necessarily managing the project and after they develop the area a property management company takes over; every TIF contract has a provisions that shows how the transition will occur

- Alderman Hunt spoke of Senate Bill 870 and implications for Chapter 100
- Alderman Headley asked how reimbursement occurs; capital investment won't equate to a dollar for dollar assessed valuation increase; other taxing entities only make a statement at a public hearing but don't have a vote like a TIF project

- Deputy Chief position has been removed from the pay scale
- City Administrator position was not included in a specific grade as Section 115.120 of the Municipal Code notes that City Administrator shall receive such compensation as may be determined from time to time by the Board of Aldermen
- Executive Administrator/Deputy City Clerk was moved to a full time Human Resources Administrator position
- 3 different recommendations were made for bringing salaries up to market-recommended action is that all staff below the new minimum will be brought up to the minimum; everyone will receive a 2.6% COLA; those with 6 years or more of service in their position will be brought to the midpoint or given a 2.6% COLA, whichever is greater
- Another alternative provided an option for those with service of 0-2.9 years to be moved to the minimum; those with 3-5.9 years of service in the position would be given 25% of the pay grade; those with 6 years and beyond of service in their position would move to 50% of the pay grade; that is not the outcome staff recommended due to additional costs
- Alderman Bamman asked for clarification regarding the changes being applied across the board for employees and if not performing at high level will be addressed; performance evaluation will be reinstituted so in the future merit raises can be given instead just COLA's; the concern was that if all were not brought up to minimum it brings the City to a position where employees are not being paid in the range and would open the City up to risk; Alderman Bamman felt this allowed for the potential of rewarding employees who possibly haven't earned the reward; City Administrator Hunt shared this is an adjustment to get salaries competitively in the market more than a reward as employees are being underpaid-this adjustment will bring employees to a standard and from that point on safety measures will be put in place to ensure the appropriate employees are being rewarded
- Alderman Headley requested that the employee evaluation form be reviewed in a future meeting; City Administrator Hunt noted that staff is working to put together a better performance evaluation for the future; Alderman Headley would like to see the form once it is completed
- Alderman Bamman asked for the outcome if this is tabled as he is not in agreement with the presented solution; City Administrator Hunt shared that this was budgeted to start as of January 1 so there is no negative impact to budget but there will be an impact to staff morale; additionally the police department does not have the new negotiated ranges but positions are being advertised with the new scale as to appeal to candidates

- City Attorney Lauber noted that it is a market decision unless you are discriminating against a constitutional protected right
  - City Administrator Hunt shared that the longer the adoption of the changes are put off, the longer it will take to make the administrative reorganization which is on a permanent hold until this is adopted
  - Alderman Bamman shared that he is a supporter of the PayScale but wishes to reward high performing people and intentionally did not want to reward those who are basic or substandard employees; feels like that thought has gotten lost in this process; City Administrator Hunt shared that the first step is to form a competitive baseline and then the next step is to come up with a STEP program for increases; Alderman Stratton felt this change was important for attracting and retaining employees
  - Alderman Totton liked the idea of starting at the level with salary adjustments given for a good history; when hiring a range is advertised

- City Administrator Ryan Hunt
  - City Administrator Hunt, Assistant City Administrator Murphy and City Clerk Osenbaugh attended a legislative conference in Jefferson City recently; good contacts were made and updates were shared; documents will be provided to the Board; the Municipal Government Institute is a program offered through MML and would be good for any elected official to consider; shared legislative bills which MML opposes due to impact on local government
    - Mr. Lauber shared that Lauber Municipal Law has an office in Jefferson City and can represent Grain Valley on issues with short notice or when complications getting to hearings occur
    - Mr. Lauber shared information about the program for government institute certified elected officials; training seminar is provided in April or May and provides a significant amount of those training credits
  - Issuing RFQ for Legal Service; Board of Aldermen has given permission to utilize Lauber Municipal Law in the interim but this needs to be ratified by a vote of the Board of Aldermen
    - *Alderman Bamman moved that the City of Grain Valley enter into an agreement for Interim City Attorney and Prosecuting Services until a law firm from the RFQ is contracted with*
    - *The motion was seconded by Alderman West*

- City Clerk Theresa Osenbaugh
  - None

**ITEM XVII: BOARD OF ALDERMEN REPORTS & COMMENTS**

- Alderman Chris Bamman
  - Asked about damages to mailboxes during snow removal activities; Mr. Murphy shared that it does happen but anyone who calls will be addressed and handled
  - Asked for clarification on how businesses come to the City such as the recent Taco Bell and how the City celebrates those who are a part of the effort; Mr. Murphy and Mr. Hunt worked with developers in this situation and the Partnership sends leads to the City if someone is looking and interested in property; any lead that comes in gets followed up by administrators; prefer to make a joint announcement with the Partnership on social media

- Alderman Bob Headley
  - None
- Alderman Jacyi Stratton
  - Asked for a timeframe of when potholes are fixed; potholes are filled as soon as possible; currently, as the region is in between storms, staff are working to fill potholes so they don't get worse
  - Asked for a timeline for painting stripes on Eagles Parkway; Jackson County has sent out the bid for this year; it got too cold before it could be completed last year
- Alderman Nancy Totton
  - Mentioned the Police Department's summer camp program for kids; provided donation for crime prevention
- Alderman Bass

**ITEM XVIII: MAYOR REPORT**

- Mayor Mike Todd
  - Judge Jack has retired as the Municipal Judge for Grain Valley; new judge needs to be appointed as court continues; Judge Watkins was invited to present to the Board of Aldermen as consideration for the interim judge position which needs to be appointed; Mayor Todd would entertain a motion to appoint her on an interim basis moving forward
    - Judge Watkins addressed the Board of Alderman regarding her experience, philosophy and communication style and handed out resume
    - Alderman Bamman asked Judge Watkins to share her philosophies on case continuance and dismissals; the Prosecutor has the authority to dismiss the case; the only reason the court would dismiss a case is if a witness fails to appear multiple times; continuances will happen, however they should not be excessive as dockets can not be moved along; City would be given two consecutive opportunities for police officers to appear
  - *Alderman West moved to accept the resignation of Judge Jack immediately*
  - *The motion was seconded by Alderman Bamman*
    - *No Discussion*

**AN ORDINANCE AMENDING SECTION 115.270 OF THE CODE OF  
ORDINANCES OF THE CITY OF GRAIN VALLEY, MISSOURI, PERTAINING TO  
THE MUNICIPAL JUDGE QUALIFICATIONS FOR OFFICE**

**WHEREAS**, Section 479.020, RSMo Sets the Selection, Tenure, Jurisdiction, Qualifications and Course of instruction for Municipal Judges in the State of Missouri;

**WHEREAS**, Chapter 115, Code of Ordinances, City of Grain Valley, Missouri ("City") identifies the Municipal Judge Qualifications for Office in Grain Valley;

**WHEREAS**, the Board of Aldermen of the City has determined it to be in the best interest of the citizens of the City to amend Section 115.270 to Reflect State Statute.

**NOW THEREFORE, BE IT ORDAINED** by the Board of Aldermen of the City of Grain Valley, Missouri as follows:

**SECTION 1:** Chapter 115, Officers and Employees, Section 115.270 of the City of Grain Valley, Missouri Municipal Code of Ordinance is amended to read as the following:

**Section 115.270 Qualifications for Office.**

A. The Municipal Judge shall possess the following qualifications before he/she shall take office:

1. He/she must be a licensed member of the bar association of this State and shall have been in active practice for at least five (5) years.
2. He/she need not reside within the City.
3. He/she must be a resident of the State of Missouri.
4. He/she must be between the ages of twenty-one (21) and seventy-five (75) years.
5. He/she may serve as Municipal Judge for any other municipality.
6. He/she may not hold any other office within the City Government.
7. The Municipal Judge shall be considered holding a part-time position and as such may accept (within the requirements of the Code of Judicial Conduct, Missouri Supreme Court Rule 2) other employment.

<b>BILL NUMBER</b>	B19-07	
<b>AGENDA TITLE</b>	<b>AN ORDINANCE APPROVING THE RENEWAL OF A CONDITIONAL USE PERMIT TO OPERATE A RACETRACK FACILITY AT 348 EAST OLD US 40 HIGHWAY</b>	
<b>REQUESTING DEPARTMENT</b>	Administration	
<b>PRESENTER</b>	Ken Murphy, Deputy City Administrator	
<b>FISCAL INFORMATION</b>	Cost as recommended:	N/A
	Budget Line Item:	N/A
	Balance Available:	N/A
	New Appropriation Required:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<b>PURPOSE</b>	To renew the conditional use permit for Valley Speedway	
<b>BACKGROUND</b>	In March of 2015, the Board of Aldermen approved a conditional use permit to operate the racetrack. That permit was approved for four years and required application to the Board for renewal after that period.	
<b>SPECIAL NOTES</b>	None	
<b>ANALYSIS</b>	Staff believes the current permit has been successful in allowing Mr. Shrout to operate the racetrack while respecting the residents affected by the noise being produced. Staff is recommending that the same conditions be left in place for this permit. The only change would be that renewal of the permit should take place at the end of the calendar year of the last race season.	
<b>PUBLIC INFORMATION PROCESS</b>	Public notice was published in the Examiner and to property owners within 185 feet of the racetrack.

INTRODUCED BY:  
*ALDERMAN HEADLEY*

**AN ORDINANCE APPROVING THE RENEWAL OF A CONDITIONAL USE PERMIT  
TO OPERATE A RACETRACK FACILITY AT 348 EAST OLD US 40 HIGHWAY**

**WHEREAS**, the original conditional use permit was approved on March 23, 2015; and

**WHEREAS**, a public hearing was held before the Board of Aldermen on March 11, 2019;  
and

**WHEREAS**, the Board of Aldermen find it beneficial for the City of Grain Valley to issue  
a Conditional Use Permit for the operation of a racetrack facility.

**NOW THEREFORE, BE IT ORDAINED** by the Board of Aldermen of the City of Grain Valley,  
Missouri as follows:

**SECTION 1:** A Conditional Use Permit is approved for a racetrack facility operated by

With the following conditions:

1. Valley Speedway is permitted to hold a maximum of Forty-five (45) race car events  
per year.
  - a. This limit does not apply to test & tunes (practices) in the month of March,  
in which only one motor vehicle is on the track.
  - b. The Forty-five race car events may only take place from April 1<sup>st</sup> – October  
31<sup>st</sup>.
  - c. Valley Speedway is permitted to hold one race car event per week, except  
that two race car events may take place every other week.
  - d. A maximum of Seven (7) weeknight race events will be allowed per year.

[B19-07]

- i. Weeknights are defined as Monday – Thursday.
  - ii. No weeknight events are allowed on nights in which the Grain Valley public schools have class the following day.
  - iii. All weeknight events must be completed with no cars on the racetrack by 10:30 p.m.
- e. Upon application and approval of the Board of Aldermen, the Board of Aldermen may approve events outside the parameters of 1(a-d); however, shall have no obligation to approve any application.
2. Except as otherwise permitted herein, all race car events must be completed with no cars on the race track by 10:30 p.m.
  - a. Valley Speedway will be permitted to hold race car events until 11:00 p.m. a maximum of seven (7) times per year.
3. The maximum sound level from events at the property shall be Eighty-five (85) decibels until 10:00 p.m. and Eighty (80) decibels from 10:00 p.m. until 11:00 p.m.
  - a. The sound level will be measured by the City or its designee using a 3 minute weighted average (Leq) measured at Latitude 39.016622, Longitude -94.191999 as shown on the attached map.
4. All motor vehicles operating on the racetrack must register sound levels less than Ninety-Five (95) decibels measured one hundred (100) feet from the car.
  - a. Sound will be measured at one hundred (100) feet behind the car at a RPM level between 3,000 and 4,000 RPM.
5. All motor vehicles must use functional race mufflers.
6. Events in which the sound level does not exceed Sixty-Five (65) decibels, as measured using the procedure specified in paragraph 3(a), will not apply against the forty-five (45) race limit as set forth in Paragraph 1.
7. This Conditional Use Permit is valid for four (4) years, after which it may be renewed upon application to the Board of Aldermen, subject to the same procedures, standards and conditions as an original application.
8. Valley Speedway, its agents and tenants, must comply with the City's Code of Ordinances, State or Federal law or regulations, pertaining to the use of the land, construction or uses of buildings or structures or activities conducted on the premises.
9. Upon violation of the sound provisions of this Conditional Use Permit, the City will notify Valley Speedway of the violation.
  - a. "Sound provisions" means the provisions of paragraphs 1(d)(iii); 2; 3; 4; 5; and 6.
  - b. If Valley Speedway violates the sound provisions of this Conditional Use Permit for a second time during the permit period, this Conditional Use Permit will be suspended for one week. The suspension will begin on the 11<sup>th</sup> day after notice of the violation.
  - c. If Valley Speedway violates the sound provisions of this Conditional Use Permit for a third time during the permit period, this Conditional Use Permit

will be suspended for two weeks. The suspension will begin on the 11<sup>th</sup> day after notice of the violation.

- d. Upon a fourth or subsequent violation of the sound provisions, the Conditional Use Permit may be revoked pursuant to Code §400.240(A)(7).
  - e. If Valley Speedway wishes to appeal any determination that it violated the sound provisions of this Conditional Use Permit, it may file a written appeal with the City's Community Development Director, or if there is no Community Development Director, with the City Administrator. Such appeal must be submitted within ten (10) days of the notice of violation. After receiving the written appeal, the Community Development Director will hold a hearing, in which Valley Speedway will be permitted to present evidence regarding why it did not violate the sound provisions of this Conditional Use Permit. The Community Development Director will issue a decision regarding whether the sound provisions were violated. If Valley Speedway wishes to appeal the decision of the Community Development Director, it can appeal to the Board of Aldermen within ten (10) days of the Community Development Director's decision. The Board of Aldermen will hold a hearing, in which Valley Speedway will be permitted to present evidence, and the Board of Aldermen will render a written decision. Any suspension of the Conditional Use Permit will be stayed during the pendency of any appeal up to the date of the decision of the Board of Aldermen.
10. If Valley Speedway violates any condition of this Conditional Use Permit, other than the "sound provisions," the City will provide Valley Speedway with notice of the violation. If Valley Speedway does not come into compliance with the violation within thirty (30) days of receiving notice of the violation, or if the violation is one in which compliance is impossible, the City may revoke this Conditional Use Permit as provided Code §400.240(A)(7).

<b>PURPOSE</b>	To gain final plat approval for Rosewood Hills 9 <sup>th</sup> Plat, Phase B	
<b>BACKGROUND</b>	The land to the north of the existing Rosewood Hills subdivision is zoned R-1 single-family residential. The preliminary plat for Rosewood Hills 8 <sup>th</sup> , 9 <sup>th</sup> and 10 <sup>th</sup> was approved by the Planning & Zoning Commission in February of last year.	
<b>SPECIAL NOTES</b>	There will be an 8ft trail construction on the east side of Dillingham with this plat.	

<b>ANALYSIS</b>	<p>This plat consists of 24 lots. This is one of the phases that was included in the preliminary plat that was approved by the Planning &amp; Zoning Commission at the February meeting in 2017. This subdivision will connect to Rosewood Hills 9<sup>th</sup> Plat, Phase A, by way of Rosewood Drive. This phase will add a connection to Dillingham Road to give residents multiple ways in and out. You will also notice that there is right-of-way shown at the end of NW Crestwood Drive to allow for an ingress/egress point if and when the area east of the channel is developed in the future. Rosewood Drive will have sidewalks on both sides of the street because it is classified as a collector while all other streets will have sidewalk on one side because they are simply residential streets. Engineering for the project is ongoing and will be approved prior to approval of the final plat.</p>

**To:** Shannon Davies, Director of Parks and Recreation

**Cc:** Ken Murphy, Assistant City Administrator  
**From:** Andrew Woltz, Mechanic  
**Date:** 02/25/2019  
**Re:** Parks and Recreation Mower Replacement

---

The current John Deere 997 mower in Parks Maintenance has reached the target replacement of 1,500 hours. With the switch to John Deere commercial mowers, the target replacement has been moved from 1,000 hours to 1,500 hours allowing four to five seasons of mowing before replacement. Target replacement at 1,500 hours allows longer service life than previous mowers and still maintains good resale/trade value out of the equipment. The old target replacement of previous mower brands were 1,000 hours, which was every three years.

The proposed replacement mower is a new 2019 John Deere Z997R with the same size cutting deck as the old mower and is equipped the same. This mower has proven to be faster, and more durable with the terrain that gets mowed without sacrificing the quality of cut.

**Date:** 02/25/2019  
**Re:** Truck for Parks and Recreation, Park Maintenance

---

The current 2008, Ford F-250 in the Park Maintenance Division was pushed back one year from target replacement due to low mileage (10 years or 100,000-mile target replacement). The utility bed is starting to rust, and the truck has been in service 11 years. Since this truck was put into service in the Park's Fleet, the needs of the department have changed.

The replacement truck is a one-ton, regular cab 4x4 with a pickup bed, gas engine, and is set up for pushing snow and safely hauling equipment, tools, and materials needed for daily park maintenance. The gas engine was chosen over the diesel for all the short trips though out the City. Short trips do not allow enough time for the emissions on the diesel engine to get to proper operating temperature.

No snow plow is being purchased with this truck at this time, but the truck is set up to accept a snow plow in the future as needed.

<b>AGENDA TITLE</b>	A RESOLUTION BY THE BOARD OF ALDERMEN OF THE CITY OF GRAIN VALLEY, MISSOURI AUTHORIZING THE BOARD OF ALDERMEN TO ENTER INTO AN AGREEMENT WITH THE MISSOURI DEPARTMENT OF TRANSPORTATION FOR GRANT FUNDED OVERTIME FOR DWI ENFORCEMENT AND HAZARDOUS MOVING VIOLATION ENFORCEMENT	
<b>REQUESTING DEPARTMENT</b>	Police Department	
<b>PRESENTER</b>	James Beale, Chief of Police	
<b>FISCAL INFORMATION</b>	Cost as recommended:	Not Applicable
	Budget Line Item:	Not Applicable
	Balance Available:	\$1,680 – DWI Enforcement \$1,680 – Hazardous Moving Violation Enforcement
	New Appropriation Required:	[ ] Yes                      [ x ] No
<b>PURPOSE</b>	To enhance safety and enforcement of traffic ordinances on roadways in Grain Valley, Missouri	

<b>BACKGROUND</b>	<p>The City of Grain Valley has received these grants for the past ten years. The grants have been, and will continue to be, used for DWI enforcement and hazardous moving violations such as speed, careless driving, red light and stop sign violations. These grants have had an overall positive impact on the safety of Grain Valley citizens, especially in the area of significant traffic accident reduction over the past year, via the initiative set forth by the Board of Aldermen in relation to these grants.</p> <p>These grants are 100% funded by the State with no matching funds from the city. Grain Valley police officers will work overtime for DWI and hazardous moving violation enforcement with overtime paid by the city. The state will then reimburse the city for 100% of the overtime worked by the police officers. Funds will be distributed from State of Missouri to Grain Valley, upon the city's request.</p>

## PROBLEM IDENTIFICATION

---

Substance-impaired drivers contributed to 25.6 percent of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs continues to increase. Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 82.4 percent of substance-impaired driving fatalities. Ten percent of the children less than 15 years of age who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver.

Grain Valley is located in eastern Jackson County Missouri along Interstate 70 with additional access via US 40 Highway, State Route AA and State Route BB Highways. It is approximately 20 miles east of Kansas City with an estimated population of 13,996 (2017) residents in roughly 6 square miles. Considered to be a residential community, there has been an increase in businesses locating to Grain Valley and currently there are two bars in town which are open until 3:00 am.

According to Missouri State Highway Patrol crash statistics, there were 405 traffic crashes in Grain Valley during 2015, 2016, and 2017. Of those crashes, 31 were alcohol related and resulted in 3 disabling injuries and 16 minor injuries. During this same time period, 250 DWI arrests were made through grant funded enforcement and routine patrol.

High crash days and times are Saturday and Sunday with highest crash times between 2:00 am and 4:00 am. Alcohol related crashes also occurred from 6:00 - 7:00 pm and 9:00 - 10:00 pm. With most surrounding jurisdictions having bars that close around 1:30 am, officers will have the greatest impact working between the hours of midnight to 4:00 am.

## GOALS/OBJECTIVES

---

### Core Performance Measure Goals

1. To decrease alcohol-impaired driving involved fatalities by 3.45 percent annually, resulting in a five-year average alcohol-impaired driving involved fatality goal of 230.3 by December 31, 2019.

### Other Performance Measure Goals

1. To decrease alcohol-impaired driving involved serious injuries by 7.51 percent annually, resulting in a five-year average alcohol-impaired driving involved fatality goal of 505.1 by December 31, 2019.

Develop and implement a plan that focuses on impaired drivers at high crash locations and corridors within Grain Valley.

## PROJECT DESCRIPTION

---

Two officers will be assigned to conduct extra patrol city wide with emphasis on US 40 Highway and State Routes AA and BB during the designated MoDOT Quarterly DWI campaigns. These are the main roads that lead in and out of Grain Valley.

Each quarterly enforcement will run from 10:00 pm until 4:00 am on Friday/Saturday or Saturday/Sunday. Our department has typically scheduled DWI enforcement between the hours of 10:00 pm and 4:00 am. This allows the officers time out on the road when residents are either returning from their night out or bar patrons are leaving other establishments outside of Grain Valley to take advantage of our bars that are open until 3:00 am.

## SUPPLEMENTAL INFORMATION

<u>Question</u>	<u>Answer</u>
<b>You must answer the following questions.</b>	
1 Does your agency have and enforce an internal safety belt policy for all personnel?	Yes
2 Does your agency have and enforce a policy restricting cell phone use while driving?	Yes
3 Does your agency report racial profiling data annually?	Yes
4 Does your agency report to STARS?	Yes
5 Does your agency report UCR information annually?	Yes
6 Please explain any NO answer(s) to questions 1-5:  Our agency submits MIBRS data to the Missouri State Highway Patrol monthly.	
7 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
8 Does your agency have adequate manpower to fully expend the funds requested in this application?	Yes
9 If NO, please explain.	
10 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	Yes
11 If YES, please explain.  We have a new Chief of Police that is supportive of traffic enforcement and understands its impact on the City and its residents. We have also been able to hire the necessary staff to fill vacant positions putting more officers on the road.	
12 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
13 If YES, please explain.	
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.  We had unused funds at the end of past grant cycles mainly due to staff shortages and officers working overtime to help cover shifts.	
15 Did your political entity receive more than 80% of its annual gross revenues in Federal Awards in your preceding fiscal year?	No
16 Did your political entity receive \$25,000,000 or more in Federal Awards in your preceding fiscal year?	No

17 If you answered NO to either question 15 and 16, DO NOT answer this question. If you answered YES to both question 15 and 16, and the public does not have access to this information, list the names and compensation amounts of the five most highly compensated employees in your business or organization (the legal entity to which the DUNS number it provided belongs).

**The following information explains the strategies your agency will use to address the traffic crash problem. This information is considered to be the Project Description and should be specific to the crash problem.**

43 Identify primary enforcement locations.

Enforcement will be city wide with emphasis on State Route BB Highway (Main St. or Buckner Tarsney Rd), State Route AA Highway (SW Eagles Pkwy), and US 40 Highway. Just over 35% of accidents reported in Grain Valley occur on these 3 main thoroughfares with an additional 12 % of accidents having these streets intersecting at or near the accident location.

44 Enter the number of enforcement periods your agency will conduct each month. 1

45 Enter the months in which enforcement will be conducted.

Enforcement will be conducted during each of the Quarterly Campaigns set up by MoDOT. They include St. Patrick's Day in March, the Youth Alcohol campaign in May, Independence Day at the beginning of July, and finally the Holiday Enforcement starting mid December.

46 Enter the days of the week in which enforcement will be conducted.

Report statistics show that the highest number of alcohol related crashes occur on Saturdays and Sundays.

47 Enter the time of day in which enforcement will be conducted.

Report statistics show the highest number of alcohol related crashes occur between 2:00 am and 4:00 am. Our department has typically scheduled DWI enforcement between the hours of 10:00 pm and 4:00 am. This allows the officers time out on the road when residents are either returning from their night out or bar patrons are leaving other establishments outside of Grain Valley to take advantage of our bars that are open until 3:00 am.

48 Enter the number of officers assigned during the enforcement period. 2

## PROJECT EVALUATION

---

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and STARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly, semi-annual) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract\*
6. Accomplishing the Objectives\* established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, incentive items or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis .

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects.

\*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.

Success of the project will be evaluated using accident data and citation, warning, and/or car stop data kept internally through our records management system. Statistics will be used to track the correlation of car stop / police presence and accident number reduction.

## PROBLEM IDENTIFICATION

---

Aggressive driving can be any one of us, when we make the choice to drive over the speed limit; change lanes several times in a short distance and/or follow too closely. Aggressive driving is a costly decision, often made in an instant, but can have lifelong consequences. According to the National Highway Traffic Safety Administration, aggressive driving is when an individual commits a combination of moving traffic offenses so as to endanger other persons or property. During the last five years, the combination of aggressive driving behaviors contributed to 53 percent of fatalities and 46 percent of serious injuries in Missouri. Speed-related conditions, including exceeding the speed limit and too fast for conditions, accounted for the most fatalities of all aggressive driving behaviors. Nearly 37 percent of all Missouri fatalities over the last five years were speed-related.

Grain Valley is located in eastern Jackson County Missouri along Interstate 70 with additional access via US 40 Highway, State Route AA and State Route BB Highways. It is approximately 20 miles east of Kansas City with an estimated population of 13,996 (2017) residents in roughly 6 square miles.

According to Missouri State Highway Patrol crash statistics, there were 405 traffic crashes in Grain Valley during 2015, 2016, and 2017 (a 5% increase over the last reporting period of 2014 - 2016). Of those crashes, 107 minor injuries were reported and 9 injuries were disabling. High crash days and times are Monday, Wednesday, Friday and Saturday with crash times ranging from 7:00 to 8:00 am, noon to 1:00 pm and 2:00 pm through 7:00 pm.

Contributing factors include the following:

Distracted / Inattentive Driving - 17% of crashes reported

Failed to Yield - 15% of crashes reported

Alcohol / Drugs combined - 10% of crashes reported

Following Too Close - 7% of crashes reported

Too Fast for Conditions - 5% of crashes reported

Violation of Signal/Sign - 5% of crashes reported

## GOALS/OBJECTIVES

---

### Core Performance Measure Goals

1. Based on an annual average increase of 5.75 percent in aggressive driving fatalities 2012-2017, Missouri is projecting 331.7 five-year average speed related fatalities by December 31, 2019.

### Other Performance Measure Goals

1. Based on an annual average increase of 2.53 percent in aggressive driving related fatalities from 2012 to 2017, Missouri is projecting 482.3 five-year average aggressive driving related fatalities by December 31, 2019.

Develop and implement a plan that focuses on hazardous moving violations at high crash locations and corridors within Grain Valley.

## PROJECT DESCRIPTION

---

Officers will conduct extra patrol citywide with emphasis on the main thoroughfares within the city (US 40 Highway, State Routes AA and BB) twice a month. Enforcement periods will focus on Mondays, Wednesdays, and Fridays during the afternoon and early evening for the months of April, May and June and again in August, September and October. It has been shown that increased police presence can have an impact on drivers and their decisions. Whether the officers are stationary and running radar for speeders in high traffic areas or traveling the roadways, our goal is to make drivers aware for their own safety and the safety of others.

## SUPPLEMENTAL INFORMATION

<u>Question</u>	<u>Answer</u>
<b>You must answer the following questions.</b>	
1 Does your agency have and enforce an internal safety belt policy for all personnel?	Yes
2 Does your agency have and enforce a policy restricting cell phone use while driving?	Yes
3 Does your agency report racial profiling data annually?	Yes
4 Does your agency report to STARS?	Yes
5 Does your agency report UCR information annually?	Yes
6 Please explain any NO answer(s) to questions 1-5:  Our agency submits MIBRS data to the Missouri State Highway Patrol monthly	
7 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
8 Does your agency have adequate manpower to fully expend the funds requested in this application?	Yes
9 If NO, please explain.	
10 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	Yes
11 If YES, please explain.  We have a new Chief of Police that is supportive of traffic enforcement and understands its impact on the City and its residents. We have also been able to hire the necessary staff to fill vacant positions putting more officers on the road.	
12 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
13 If YES, please explain.	
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.  We had unused funds at the end of past grant cycles mainly due to staff shortages and officers working overtime to help cover shifts.	
15 Did your political entity receive more than 80% of its annual gross revenues in Federal Awards in your preceding fiscal year?	No
16 Did your political entity receive \$25,000,000 or more in Federal Awards in your preceding fiscal year?	No

17 If you answered NO to either question 15 and 16, DO NOT answer this question. If you answered YES to both question 15 and 16, and the public does not have access to this information, list the names and compensation amounts of the five most highly compensated employees in your business or organization (the legal entity to which the DUNS number it provided belongs).

**Please use the most current 12-months of data available for answering questions 18-23. Include ALL of your agency's statistics, not just those issued during grant activity.**

18 Total number of DWI violations written by your agency.	29
19 Total number of speeding violations written by your agency.	316
20 Total number of HMV violations written by your agency.	163
21 Total number of child safety/booster seat violations written by your agency.	1
22 Total number of safety belt violations written by your agency.	3
23 Total number of sobriety checkpoints hosted.	0

**Use the most current three years crash data from the Missouri State Highway Patrol (MSHP) or your internal record management system for questions 24-34.**

24 Total number of traffic crashes.	405
25 Total number of traffic crashes resulting in a fatality.	0
26 Total number of traffic crashes resulting in a serious injury.	9
27 Total number of speed-related traffic crashes.	30
28 Total number of speed-related traffic crashes resulting in a fatality.	0
29 Total number of speed-related traffic crashes resulting in a serious injury.	3
30 Total number of alcohol-related traffic crashes.	31
31 Total number of alcohol-related traffic crashes resulting in a fatality.	0
32 Total number of alcohol-related traffic crashes resulting in a serious injury.	3
33 Total number of unbuckled fatalities.	0
34 Total number of unbuckled serious injuries.	2

**Enter your agency's information below.**

35 Total number of commissioned law enforcement officers.	21
36 Total number of commissioned patrol and traffic officers.	14

37 Total number of commissioned law enforcement officers available for overtime enforcement.	16
38 Total number of vehicles available for enforcement.	11
39 Total number of radars/lasers.	13
40 Total number of in-car video cameras.	10
41 Total number of PBTs.	4
42 Total number of Breath Instruments.	1

**The following information explains the strategies your agency will use to address the traffic crash problem. This information is considered to be the Project Description and should be specific to the crash problem.**

43 Identify primary enforcement locations.

Enforcement will be city wide with emphasis on State Route BB Highway (Main St. or Buckner Tarsney Rd), State Route AA Highway (SW Eagles Pkwy), and US 40 Highway. Just over 35% of accidents reported in Grain Valley occur on these 3 main thoroughfares with an additional 12 % of accidents having these streets intersecting at or near the accident location.

44 Enter the number of enforcement periods your agency will conduct each month. 2

45 Enter the months in which enforcement will be conducted.

Statistics show that most crashes occurred between the months of August , September and October and then again in April, May and June. Accidents were also high in December and January most likely due to weather conditions. We propose having 2 enforcement periods per month for August - October and April - June for a total of 12 enforcement slots for the grant period.

46 Enter the days of the week in which enforcement will be conducted.

Report statistics show that the highest number of crashes occur on the following days: Monday, Wednesday, Friday and Saturday. Traffic enforcement will focus on these days.

47 Enter the time of day in which enforcement will be conducted.

There are three different time frames that have the highest number of crashes : the morning commute between 7:00 a.m. and 8:00 a.m. then again from noon until 1:00 pm and finally in the afternoon when school is dismissed and residents return home from work. This occurs between 2:00 p.m. and 7:00 p.m. Officers will have the most impact if we concentrate on the afternoon hours instead of the morning. Therefore, enforcement will occur between 2:00 p.m. to 6:00 p.m., or 3:00 p.m. to 7:00 p.m.

48 Enter the number of officers assigned during the enforcement period. 1

49 If equipment or supplies are requested to conduct this project, explain below why it is needed and how it will be used.

## PROJECT EVALUATION

---

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and STARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly, semi-annual) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract\*
6. Accomplishing the Objectives\* established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, incentive items or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis .

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects.

\*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.

Success of the project will be evaluated using accident data and citation, warning, and/or car stop data kept internally through our records management system. Statistics will be used to track the correlation of car stop / police presence and accident number reduction.
