PURPOSE	To state the statutory authority of the Grain Valley Park Board and identify the roles and responsibilities of the Park Board pertaining to park land and funding sources.				
BACKGROUND	Initially, the Grain Valley Park Board was "administrative" and separate from city government. In the late 1990's and with the creation of the parks and recreation department, the park board became "advisory." The Park Board now wants to exercise their statutory authority and be more involved with the future of designated park land and the funding sources for such.				
SPECIAL NOTES	The original MOU was drafted and approved in November of 2016. There was only one change to the original draft, which now states that the City Administrator will attend Park Board meetings twice a year instead of quarterly.

To: Grain Valley Board of Alderman From: Grain Valley Park Board

Subject: Memorandum of Understanding

Date: 09/21/21

Purpose

The purpose of this Memorandum of Understanding (MOU) is to outline the expectations between the Grain Valley Board of Aldermen and the Grain Valley Park Board.

Scope

The scope of this MOU is the long-term planning of the Grain Valley Park System, as well as the maintenance of and improvements to existing park properties and facilities therein.

Roles & Responsibilities

The City of Grain Valley and the Park Board recognize the creation of the Grain Valley Park Board as a separate and autonomous entity per Missouri Revised Statute, Section 90.550. The Park Board has sole jurisdiction over designated park property and the maintenance and improvements to park property.

The Park Board may, at any time, improve, sell or purchase park property. The Board also has the authority to refuse or accept property "willed" to the Park Board by the City or private third parties.

The Park Board shall review all Park Board applications and recommend to the Mayor and Board of Aldermen new appointees to the Park Board.

The Mayor and Board of Aldermen are responsible for appointing Park Board members and ensuring that revenues owed to the Park Board are turned over for park maintenance and improvement.

Funding

Activities not falling under the scope of this MOU shall be funded through revenue provided by the City of Grain Valley. The Park Board reserves the right to set and collect fees for usage of park property, park facilities and other park activities.

The Park Board shall have a more active role in the budgeting process. Moving forward, the Park Board will send at least one member to the annual budgeting workshop.

Administration

The City will continue to maintain the funds owned and controlled solely by the Park Board as well as any additional funding transfers provided by the City to the Parks Department for operations outside the scope of this MOU.

Communication

The Park Board requests the presence of the City Administrator at our Park Board meeting on a biannual basis. The Park Board President will attend the Board of Aldermen meeting (or workshop) twice annually to provide the Board of Aldermen with a report.

This MOU shall remain in effect until such time as both the Park Board and the Board of Aldermen mutually agree to any changes or amendments herein.

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE !

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and <u>J & N Utilities. Inc.</u> (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

- 3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entitles who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

Company ID Number: 195810

- 4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.
- 5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and allens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

- 1. After SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

BOA Staff Report
November 8, 2021
Amendment to Comprehensive Plan Future Land Use Map

PURPOSE:

The purpose of this request is to amend the future land use map titled "Preferred Land Use Plan" that is in the City's Comprehensive Plan from Business Park to Commercial/Retail. The applicant is Cool Breeze Consultants, LLC from Katy, Texas. They are representing RV Retailer. LLC from Fort Lauderdale, Florida. RV Retailer Missouri Real Estate, LLC is currently under contract with the owner, Blue Springs Safety Storage South, LLC to purchase 11.93 acres. A letter from Blue Springs Safety Storage South LLC provides consent for the two applications filed by Cool Breeze.

BACKGROUND:

The Comprehensive Plan was last updated in August 2014. Section 400.335 (Amendments to Comprehensive Plan Future Land Use Map) in Chapter 400 (Zoning Regulations) of the City's Municipal Code outlines the process and criteria for review by the Planning and Zoning Commission.

The City's Comprehensive Plan contains a "Preferred Land Use Plan". The land use plan presents a vision of how the community will grow in the future and where future land uses will be located. This plan illustrates land use types such as single family, multi-family, commercial/retail, mixed use, and business park.

The Preferred Land Use Plan illustrates the approximate 12 acres referenced in the application as Business Park. This land use designation would comprise primarily with the zoning classifications associated with Industrial or Research and Development.

The City's Zoning Regulations includes a section that addresses the process and review criteria to amend the Comprehensive Plan Future Land Use Map.

After an application is filed with the required supporting documentation, the Planning and Zoning Commission must hold a public hearing to consider the proposed change. In determining whether the proposed amendment shall be approved, the Commission shall consider the following factors:

- 1) Whether events after the Comprehensive Plan adoption have change the character and/or condition of the area to make the application acceptable; and
- 2) Whether the change is consistent with the goals and policies of the plan; and
- 3) Whether the public services and utilities are adequate to serve the proposed land use in the map amendment; and
- 4) The impacts of the potential costs and benefits derived by the community or area by the proposed change.

After the public hearing, the Commission shall approve or deny the application. The Commission's decision is forwarded to the Board of Aldermen as a recommendation for their review.

Community Development Mark Trosen, Director

Page 2, Staff Report Comprehensive Plan Future Land Use Map Amendment

ANAYLSIS:

The proposed future land use map amendment illustrates the approximate 12 acres to be Commercial/Retail. RV Retailer intends to develop the property as an RV Sales and Service Center. An application has also been filed to change the zoning of the property from M-1 (Light Industrial) to C-2 (General Business).

Regarding the four factors above, Staff finds the following:

- There has not been an event after the Comprehensive Plan adoption that has changed this area because this application is acceptable since this area has had the commercial zoning designation (District C-2) since 2006 and businesses have prospered and grown which required additional property (LifeStyle -Lot 1) and larger building space.
- 2) The goals and policies of the types of businesses in the Business Park and Retail/Commercial designations are very similar, create jobs and provide an additional base of property and sales tax revenue. The proposed map amendment to Commercial/Retail is still consistent to the goals and policies of the Comprehensive Plan.
- 3) The applicant's written statement states that the current owner will construct a commercial designated street adjacent to the proposed property. The current owner will also install sanitary sewer and water extensions to serve this property and adjoining proposed lots. RV Retailer will construct the necessary stormwater management facilities, gas, communication, and electric service extensions required to serve the site.
- 4) The benefits outweigh the costs for the city since there will be revenue from property and sales taxes and job creation whereas the new infrastructure will be installed by the developer and there should be little maintenance for several years. Other City services to be provided are snow removal and police protection.

PUBLIC INFORMATION AND PROCESS:

Public Notice was given in the Examiner and by letter to property owners of record with the County within 185 feet of the proposed future land use map amendment.

PLANNING AND ZONING COMMISSION:

The Commission held a public hearing on this request during their meeting on October 13, 2021. The Commission voted to recommend approval to amend the Land Use Map as requested.

STAFF RECOMMENDATION:

Staff recommends approval to amend the Preferred Land Use Map in the City's Comprehensive Plan.

BOA Staff Report Cool Breeze Consultants LLC November 8, 2021

ACTION:

Cool Breeze Consultants LLC is requesting a change of zoning from District M-1 (Light Industrial) to District C-2 (General Business) on 11.93 acres. Cool Breeze is representing RV Retailer. LLC from Fort Lauderdale, Florida. The proposed use of land is for an RV Sales and Service Center.

RV Retailer Missouri Real Estate, LLC is currently under contract with the owner, Blue Springs Safety Storage South, LLC to purchase 11.93 acres. A letter from Blue Springs Safety Storage South LLC provides consent for the two applications filed by Cool Breeze. This rezoning application and the amendment to the Comprehensive Plan Future Land Use Map.

The 11.93 acres is generally east of NW Pamela Blvd., north of Jefferson Street and west of Valley Ridge Drive.

PURPOSE:

In the Zoning Regulations, the definition of automotive sales or rentals includes the sales or rentals of trailers and recreational vehicles, including parking and servicing of vehicles available to sell, rent, or lease. Automotive [sales or] rentals are a permitted use in District C-2 (General Business).

Blue Springs Safety Storage South has filed a final plat, East Kansas City Industrial Park, 16^{yh} Plat, that contains 35 acres and 14 lots. The 11.93 acres is included as Lot 43.

ANAYLSIS:

The property to the north and east is zoned District M-1 (Light Industrial). These areas are undeveloped and are included in the proposed final for EKCIP 16th Plat.

The area to the west is zoned the same designation, District C-2, and aligns with the proposed area to be rezoned. The land use to the west is a church and then west of that is an RV sales and service center.

The proposed use will not adversely affect properties in the general vicinity.

The applicant has provided a concept plan, building elevations, and landscape plan. Staff is not commenting on these plans and therefore the applicant should not take away that staff recommends approval of these drawings especially the proposed gravel parking area, chain link in the front yard or multiple detached signs. The review and comment process will occur during permitting.

BOA STAFF REPORT Chapter 400 Amendment – Garages and Accessory buildings November 8, 2021

PURPOSE:

Staff is requesting the Planning and Zoning Commission approve Resolution 2021-01 recommending to the Board of Aldermen that Section 400.230 be amended to allow the size of two detached garages/accessory buildings in residential zoned districts based on the size of the lot.

An accessory building is a structure which is on the same parcel of property as a principal structure and the use of which is incidental to the use of the principal structure. Examples are garages, barns, sheds, playhouses, and private greenhouses.

BACKGROUND:

In April of this year, the Board of Zoning Adjustment (BZA) granted a variance to allow a 4,800 square foot garage/barn on a 3.94 lot. The property is zoned R-1 (Single Family Residential).

On July 31, 2019, the BZA granted two variances for accessory structures on larger lots zoned R-1, one for 1,200 square foot structure on 1.15-acre lot and a 1,500 square foot structure on a 7.94-acre lot.

ANALYSIS:

The proposed amendments to Section 400.230 would allow the following:

- 1) If the residential zoned subdivision lot is greater than 1 acre and less than 3 acres, then two detached garages/accessory buildings may occupy not more than 30% of the rear yard and not more than 2,400 square feet per structure, whichever is smaller in area constructed in connection with the residential use of a property.
- 2) If the residential zoned subdivision lot is equal to or greater than 3 acres, then two detached garages/accessory buildings may occupy not more than 30% of the rear yard and not more than 5,000 square feet per structure, whichever is smaller in area constructed in connection with the residential use of a property.

During the September 8, 2021 Planning and Zoning meeting, Staff received feedback regarding the proposed changes. A request was made to provide examples of the different size of buildings that would be allowed and the larger lot dimension. Those examples are included.

PUBLIC INFORMATION AND PROCESS:

Public notice was given in the Examiner at least 15 days before the public hearing.

PLANNING AND ZONING COMMISSION:

The Commission held a public hearing on October 13, 2021 during their regular meeting. The Commission voted to recommend approval to the BOA.

STAFF RECOMMENDATION:

Staff recommends approval.

Traffic Study Conducted at Erin Court and Greystone Blvd. For "No Parking Here to Corner"

Background:

Erin Court is located in Greystone Place off of Greystone Blvd. Greystone Blvd. is classified as a residential collector and provides the major access to all of the Greystone development. Erin Court is the first turn off of Greystone Court to the north upon entering the Greystone development.

The police department requested that parking be restricted on Mary Court near the intersection as vehicles tended to park right at the intersection. Since Erin Court is across from Mary Court and has an identical situation, a study was performed on Erin Court identical to the study performed on Mary Court. When a vehicle is parked at the intersection and a second vehicle is stopped at the stop sign, there is insufficient room for a third vehicle to enter Erin Court. This problem can cause congestion at the intersection.

Data Collection:

The attached letter was delivered to the 4 buildings closest to the intersection requesting comments concerning the proposed parking restriction. To date no comments have been received.

Standards:

Section 355.010 A.1.c. prohibits parking "Within an intersection"

Section 355.020 states that "No person shall park any vehicle upon a street, other than an alley, in a manner or under such conditions as to leave available less than ten (10) feet of width for free movement of vehicular traffic."

Section 355.080 A. states "The City Traffic Engineer is hereby authorized to determine and designate by proper signs places not exceeding one hundred (100) feet in length in which stopping, standing or parking would create an especially hazardous condition or would cause unusual delay to traffic."

Analysis:

Section 355.010 A.1.c prohibits parking "Within an intersection."

Within the intersection is not defined, however, parking at the intersection causes the same types of problems. Delaying the flow of traffic at the intersection.

Section 355.020 states that "No person shall park any vehicle upon a street, other than an alley, in a manner or under such conditions as to leave available less than ten (10) feet of width for free movement of vehicular traffic."

The pavement at the intersection is approximately 22 feet wide. Vehicles are approximately 8 feet wide. So with a vehicle parked and another stopped for the stop sign, vehicles entering Erin Court would only have 6 feet of clearance.

Section 355.080 A. states "The City Traffic Engineer is hereby authorized to determine and designate by proper signs places not exceeding one hundred (100) feet in length in which stopping, standing or parking would create an especially hazardous condition or would cause unusual delay to traffic."

An especially hazardous condition may not be created by this situation but hazards are evident. During peak evening hours when residents are returning home delays could be present as vehicles wait to clear the intersection.

Conclusions and Recommendations:

Restricting parking within 30 feet of the intersection will allow traffic to flow freely when a vehicle is stopped at the intersection. Section 355.010 A.2.d already prohibits parking within 30 feet of the approach to a stop sign. Since no comments were received in opposition to the placement of the sign, it is recommended that a "No Parking Here to Corner" sign be placed 30 feet south of the intersection.

The City of Grain Valley Grain Valley, Missouri

Ladies and Gentlemen:

Submitted in this report are the results of an actuarial valuation prepared to determine the employer contribution rates required to support, for your employees, certain benefits provided by the Missouri Local Government Employees Retirement System (LAGERS). This report contains the information needed to comply with Missouri state disclosure requirements regarding changes in LAGERS benefits by a political subdivision (Sections 105.660 - 105.685 RSMo).

The contribution requirement for benefits likely to accrue as a result of the future service of your employees is described in this report as the normal cost rate plus the casualty rate. This contribution rate, expressed as a percent of active employee payroll, will depend on the benefit plan adopted.

The contribution requirement to pay for benefits likely to result from service rendered by your employees prior to the valuation date, the liability for which is not covered by present employer account balances, is described in this report as the prior service cost rate. The prior service cost rate is the rate of contribution designed to pay for any unfunded actuarial accrued liability.

Section 70.730 of the Revised Statutes of Missouri requires participating employers to contribute the normal cost rate, casualty rate, and prior service cost rate for the benefit plan in effect. These contributions are mandatory.

The actuarial assumptions and methods used to determine the stated costs are described in Appendix I of this report. In our opinion, they do produce results which, in the aggregate, are reasonable. Additional miscellaneous and technical assumptions as well as disclosures required by the actuarial standards of practice may be found in the LAGERS Compiled Annual Actuarial Valuation report as of February 28, 2021. Annual actuarial valuation results for the political subdivision and information pertaining to those results may be found in the political subdivision's annual actuarial valuation report as of February 28, 2021.

This report was prepared using our proprietary valuation model and related software which in our professional judgment has the capability to provide results that are consistent with the purposes of the valuation. We performed tests to ensure that the model reasonably represents that which is intended to be modeled.

The computed contribution rates will permit the System to continue to operate in accordance with the actuarial principles of level cost financing and the state law which governs LAGERS. Summary provisions of the law as well as benefit illustrations can be found in Appendices II and III.

In accordance with 105.675 RSMo, note that this entire report must be available as public information for at least 45 calendar days prior to the date final official action is taken by your governing body to adopt an alternate benefit plan. You may wish to make notice of this report in the official minutes of the next meeting of your governing body. This action would not be binding on your subdivision, yet would establish the beginning date of the 45 day waiting period. The statement of cost must also be provided to the Joint Committee on Public Employee Retirement. The statement can be mailed to the State Capitol, Room 219-A, Jefferson City, MO 65101 or e-mailed to JCPER@senate.mo.gov.

The valuation was based on the same data as was used in your February 28, 2021 annual actuarial valuation. If you have any questions concerning this report or LAGERS in general, please contact the LAGERS office in Jefferson City.

Alternate Plan Provisions Affecting Employer Contribution Rates

The law governing LAGERS provides for a member contribution rate of 0%, 2%, 4% or 6%, with benefits based on either a 5 year or 3 year Final Average Salary (FAS).

Member Contribution Rate - 0% Plan. Under the 0% plan, there is no individual employee contribution to the plan, no individual account maintained for each employee, and no refund paid to employees who terminate before being eligible for a benefit.

Member Contribution Rate - 2%, 4% or 6% Plan. Under any plan other than 0%, each covered member contributes a percentage of compensation to LAGERS. If an employee terminates before being eligible for an immediate benefit, the member's contributions, plus any interest credited to the member's individual account, are refunded upon request.

The law further provides for nine different benefit programs (benefit formula factors) and allows an employer to elect "rule of 80" eligibility for benefits. Under the rule of 80, employees are eligible for unreduced benefits at the earlier of (i) attainment of their minimum service retirement age or (ii) such time as their years of age plus years of LAGERS credited service equals 80.

In total this allows for 144 different combinations of benefit plans, giving employers considerable latitude in designing the retirement program that best suits their particular situation.

The applicable combinations of these items may be changed from time to time, however, there are limitations on the frequency of changes. A more detailed description of plan provisions may be found in Appendix II of this report.

SUMMARY OF FINANCIAL ASSUMPTIONS

Summary of Assumptions Used in Actuarial Valuations

Assumptions Adopted by Board of Trustees after Consulting with Actuary

- 1. The investment return rate used in making the valuations was 7.00% per year, net of investment expenses, compounded annually. This rate of return is not the assumed real rate of return. The real rate of return is the rate of investment return in excess of the inflation rate. The price inflation rate used in making the valuations was 2.25% and the wage inflation rate used in making the valuations was 2.75%. The 7.00% investment return rate translates to an assumed real rate of return over price inflation of 4.75% and over wage inflation of 4.25%. Adopted 2021.
- 2. The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire and Public Safety groups. Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables. Adopted 2021.
- 3. The probabilities of withdrawal and disability from service, together with individual pay increase assumptions, are shown in Schedule 1. Adopted 2021.
- 4. The probabilities of retirement with an age and service allowance are shown in Schedule 2. Adopted 2021.
- 5. Post-retirement cost of living allowances are assumed to be 2.00% per year. Adopted 2021.
- 6. Total active member payroll is assumed to increase 2.75% a year, which is the portion of the individual pay increase assumptions attributable to wage inflation. In effect, this assumes no change in the number of active members per employer. Adopted 2021.
- 7. An individual entry-age actuarial cost method of valuation was used in determining age and service allowance actuarial liabilities and normal cost. Adopted 1986.
- 8. The data about persons now covered was furnished by the political subdivision. Although examined for general reasonableness, the data was not audited by us.

SUMMARY OF LAGERS PROVISIONS

Missouri LocAl Government Employees Retirement System Brief Summary of LAGERS Benefits and Conditions Evaluated and/or Considered as of February 28, 2021

(Section References are to RSMo)

Voluntary Retirement. Sections 70.645 & 70.600. A member may retire with an age & service allowance after both (i) completing 5 years of credited service, and (ii) attaining the minimum service retirement age.

The minimum service retirement age is age 60 for a general employee and age 55 for a police, public safety or fire employee. Optionally, employers may also elect to provide for unreduced benefits for employees whose combination of years of age and years of service equals 80 or more.

Final Average Salary. Section 70.600. The average of a member's monthly compensation during the period of 60 consecutive months (or optionally, 36 consecutive months) of credited service producing the highest monthly average, which period is contained within the 120 consecutive months of credited service immediately preceding retirement.

Age & Service Allowance. Section 70.655. The allowance, payable monthly for life, equals a specified percent of a member's final average salary multiplied by the number of years of credited service. Each employer elects the percent applicable to its members, from the following programs:

L-1 Benefit Program: 1.00% for life
L-3 Benefit Program: 1.25% for life
L-7 Benefit Program: 1.50% for life
L-9 Benefit Program: 1.60% for life
L-12 Benefit Program: 1.75% for life
L-6 Benefit Program: 2.00% for life

LT-4 Benefit Program: 1.00% for life, plus 1.00% to age 62 LT-5 Benefit Program: 1.25% for life, plus 0.75% to age 62 LT-8 Benefit Program: 1.50% for life, plus 0.50% to age 62 LT-4(65) Benefit Program: 1.00% for life, plus 1.00% to age 65 LT-5(65) Benefit Program: 1.25% for life, plus 0.75% to age 65 LT-8(65) Benefit Program: 1.50% for life, plus 0.50% to age 65 LT-10(65) Benefit Program: 1.60% for life, plus 0.40% to age 65 LT-14(65) Benefit Program: 1.75% for life, plus 0.25% to age 65

The only LT benefit programs available for adoption after August 1, 1994 are the LT(65) programs.

Benefit programs L-9 and LT-10(65) are unavailable for adoption after August 1, 2005.

Benefit program L-11, available only to groups not covered by Social Security, provides for 2.5% for life.

Subsequent to joining the System the governing body can elect to change benefit programs for the employees, but not more often than once every 2 years.

Early Allowance. Section 70.670. A member may retire with an early allowance after both (i) completing 5 years of credited service, and (ii) attaining age 55 if a general employee or age 50 if a police, public safety or fire employee. The early allowance amount, payable monthly for life, is computed in the same manner as an age & service allowance, based upon the service and earnings record to time of early retirement, but reduced to reflect the fact that the age when payments begin is younger than the minimum service retirement age. The amount of the reduction is 1/2 of 1% (.005) for each month the age at retirement is younger than the minimum service retirement age.

Deferred Allowance. Section 70.675. If a member leaves LAGERS-covered employment (i) before attaining the early retirement age, and (ii) after completing 5 years of credited service, the member becomes eligible for a deferred allowance; provided the former member lives to the minimum service retirement age and does not withdraw the accumulated contributions.

The deferred allowance amount, payable monthly for life from the minimum service retirement age, is computed in the same manner as an age & service allowance, based upon the service and earnings record to time of leaving LAGERS coverage.

Deferred allowances are also payable any time after reaching the early retirement age, with the reduction for early retirement noted on the previous page.

Non-Duty Disability Allowance. Section 70.680. A member with 5 or more years of credited service who becomes totally and permanently disabled from other than duty-connected causes becomes eligible to receive a non-duty disability allowance computed in the same manner as an age & service allowance, based upon the service & earnings record to time of disability.

Duty Disability Allowance. Section 70.680. A member regardless of credited service who becomes totally and permanently disabled from duty-connected causes becomes eligible to receive a duty disability allowance computed in the same manner as an age & service allowance, based upon the earnings record to time of disability but based upon the years of credited service the member would have completed had the member continued in LAGERS-covered employment to age 60.

Death-in-Service. Section 70.661. Upon the death of a member who had completed 5 years of credited service, the eligible surviving dependents receive the following benefits:

- (a) The surviving spouse receives an allowance equal to the Option A allowance (joint and 75% survivor benefit) computed based upon the deceased members' service & earnings record to time of death.
- (b) When no spouse benefit is payable, the dependent children under age 18 (age 23 if they are full time students) each receive an equal share of 60% of an age & service allowance computed based upon the deceased member's service & earnings record to time of death.
- (c) If the death is determined to be duty related, the 5 year service requirement is waived and the benefit is based on years of credited service the member would have completed had the member continued in LAGERS-covered employment to age 60.

Benefit Changes After Retirement. Section 70.655. For retirements effective after September 28, 1975, there is an annual redetermination of monthly benefit amount, beginning the October first following 12 months of retirement. As of each October first the amount of each eligible benefit is redetermined as follows:

- (a) Subject to the maximum in (b), the redetermined amount is the amount otherwise payable multiplied by: 100% plus up to 4%, as determined by the LAGERS Board of Trustees, for each full year of retirement.
- (b) The redetermined amount may not exceed the amount otherwise payable multiplied by the ratio of the Consumer Price Index for the immediately preceding month of June to the Consumer Price Index for the month of June immediately preceding retirement.

Member Contributions. Sections 70.690 & 70.705. Each member contributes a percent of compensation beginning after completion of sufficient employment for 6 months of credited service. The law governing LAGERS has a provision for the adoption of a 2%, 4% or 6% member contribution rate.

If a member leaves LAGERS-covered employment before an allowance is payable, the accumulated contributions are refunded to the member. If the member dies, his accumulated contributions are refunded to a designated beneficiary.

The law governing LAGERS also has a provision for the adoption of a 0% plan in which the full cost of LAGERS participation is paid by the employer. Adoption of the 0% plan may be done at the time of membership or a later date; however, a change in the member contribution rate may not be made more frequently than every 2 years. Under the 0% plan there is no individual account maintained for each employee and no refund of contributions if an employee terminates before being eligible for a benefit.

Employer Contributions. Section 70.730. Each employer contributes the remainder amounts necessary to finance the employees' participation in LAGERS. Contributions to LAGERS are determined based upon level-percent-of-payroll principles, so that contribution rates do not have to increase over decades of time.
