ITEM XV: City Attorney Report

- Mr. Lauber shared there will be new legislation on recreational marijuana in Missouri and portions of the city code will be rewritten to reflect the passed legislation; Medical facilities in the City will automatically be allowed to sell medical & recreational with a comprehensive facility license; Sales tax can be put on the sales of recreational marijuana up to 3% and it is recommended to add that to the April ballot; February 6 will be approximately the first sale date for recreational marijuana. December 8 is the first date recreational marijuana is allowed for retail sale, but the facilities are not set for comprehensive licenses yet and can file beginning this day
- There is no equipment to test the level of impairment of marijuana like a breathalyzer for alcohol levels
- Beyond City legislation changes, there will be changes to employment policies
- Alderman Skinner asked if there could be smoking indoors; Mr. Lauber stated drinking indoors is allowed- if no smoking ordinances in place, still the same, but consumables would be allowed
- Alderman Knox asked if the sales tax would tax the cultivation plant sales in Grain Valley, only if retail recreational sales
- Alderman Skinner asked how many officers are certified on impairment; Captain Palecek stated there aren't any in the area right now; all are trained in basic enforcement; Alderman Skinner asked if officers could go to some training this coming year
- Mr. Lauber stated presence of marijuana in the system is not enough for discipline – must be impaired at work
