-Bill No. B19-09 BECAME ORDINANCE #2462: 6-0-

Bill No. B19-10: An Ordinance Amending Chapter 600 of the Code of Ordinances of the City of Grain Valley, Missouri, Pertaining to Alcoholic Beverages

City Attorney Joe Lauber read Bill No. B19-10 for its first reading by title only

- Alderman Bamman moved to accept the first reading of Bill No. B19-10 bringing it back for a second reading by title only
- The Motion was Seconded by Alderman West

- Staff has reviewed Chapter 600, Alcoholic Beverages; Assistant City Administrator Osenbaugh reviewed some of the larger changes to the Ordinance:
  - Non-intoxicating beer has been removed as it is no longer regulated by the State
  - Classes have been updated and licenses have been added for manufacturing, wine tasting and catering license was clarified; Class M license is now a Class L license and will no longer be issued to new applicants (renewals only) after the passage of the ordinance
  - Employee permit cards will be required for those establishments serving “by the drink”
  - Population requirements were removed
  - Local regulations for issuing licenses near schools/churches were changed to match the State requirements
  - Section 600.270 will need to be updated to remove the dollar amount and language will state that fees will be listed in the comprehensive fee schedule

- Bill No. B19-10 was voted upon with the following voice vote:
  - Aye: Bamman, Bass, Headley, Stratton, Totton, West
  - Nay: None
  - Abstain: None

- Bill No. B19-10 Approved for a Second Reading: 6-0-
Bill No. B19-11: An Ordinance Amending the 2019 Comprehensive Fee Schedule of the City of Grain Valley, Missouri

City Attorney Joe Lauber read Bill No. B19-11 for its first reading by title only

- Alderman West moved to accept the first reading of Bill No. B19-11 bringing it back for a second reading by title only
- The Motion was Seconded by Alderman Bamman
  - Comprehensive fee schedule is being updated to reflect the fees for Chapter 600
  - Alderman Headley asked if the fees were comparable to other cities; other fees were reviewed and previous fees were comparable; new license classes have been priced accordingly with local rates
- Bill No. B19-11 was voted upon with the following voice vote:
  - Aye: Bamman, Bass, Headley, Stratton, Totton, West
  - Nay: None
  - Abstain: None

  - Aye: Bamman, Bass, Headley, Stratton, Totton, West
  - Nay: None
  - Abstain: None

-Resolution No. R19-21 Approved: 6-0-
ITEM XVI: CITY ATTORNEY REPORT

- City Officials Training Seminar will be held on April 19th at MPR in Independence; this training is for Elected Officials and City Staff; other locations include Jefferson City, Platte City, Rolla and Windsor; this training is free of cost to the City
- Ordinances are currently being read before a motion to make and accept the first reading of the ordinances are made; recommending that Board of Aldermen makes a motion for the first reading and have discussion at that point with a vote following to accept the first reading and bring back the item for second meeting; the next motion would be for a second reading and discussion with a final vote to approve a second reading with a roll call vote for the final approval of the ordinance; this allows the opportunity for the Board to not even consider bringing forward a motion before it is read
- Resolutions are not required to have same procedural emphasis that ordinances have; ordinances are the law of the City once passed; resolutions are written down motions and vote and therefore they don’t have to be read in full by title only; resolutions can be summarized

ITEM XVII: CITY ADMINISTRATOR & STAFF REPORTS

| BACKGROUND | On June 5, 2017, the Board of Aldermen authorized the City Administrator to enter into an agreement with MPR for employee health, dental and vision benefit coverage.

On April 23, 2018, the Board of Aldermen authorized the City Administrator to provide 100% health and dental premium rate coverage for each eligible employee and 65% of remaining health and dental premium coverage for employee dependents. |
| SPECIAL NOTES | The 2019 fiscal year budget included a 13% increase ($34,530) to the 3rd and 4th quarter benefit premium rates.

MPR experienced an 18.5% increase to the Open Access and 21.5% to the Choice Fund premium rates.

Due to the city’s exposure experience, the Open Access increased 16.5% ($9,792) and the Choice Fund increased 19.5% ($38,690) premium rates for the 3rd and 4th quarter benefit plan period.

The estimated $14,000 increase for the last six months of 2019 will be absorbed through employee attrition.

The premium rates for dental and vision remained the same. |

PURPOSE

The Elected Officials Operating Guidelines is designed to describe the manner in which members of the Board of Aldermen should treat one another, City staff, constituents, and others they come into contact with in representing the City of Grain Valley, Missouri. It reflects the work of the Board of Aldermen to define more clearly the behavior, manners, and courtesies that are suitable for various occasions.

The consistent theme through all the Operating Guidelines is "respect." Members of the Board of Aldermen are tasked with making decisions that could impact thousands of lives. Despite these pressures, elected officials are called upon to exhibit appropriate behavior at all times. Demonstrating respect for each individual through words and actions guides board members to do the right thing in even the most difficult situations.

OVERVIEW OF ROLES AND RESPONSIBILITIES

Other resources that are helpful in defining the roles and responsibilities of elected officials can be found in Missouri State Statute and the Code of Ordinances for the City of Grain Valley.

Mayor

- Acts as the official head of the City for all ceremonial purposes
- Presides over Board of Aldermen meetings
- Calls for special meetings
- Recommends committees as appropriate for Board of Aldermen approval
- Recognized as spokesperson for the City
- Signs documents on behalf of the City
- Makes proclamations, Special Orders of the Day, etc.
- Strives to lead the Board of Aldermen into an effective, cohesive working team

Mayor Pro-Tem

- Performs the duties of the Mayor if the Mayor is unable to perform his/her duties
- Presides over Board of Aldermen meetings at the request of the Mayor
- Represents the City at ceremonial functions in the absence of the Mayor
All Members of the Board of Aldermen

All members of the Board of Aldermen have equal votes, provided, however, that when presiding over a meeting in Mayor’s absence, the May Pro-Tem is permitted to vote once as an Alderman and again as Mayor Pro-Tem. No Alderman has more power than any other Alderman, and all should be treated with equal respect. All Aldermen should strive to:

- Fully participate in Board of Aldermen meetings and other public forums while demonstrating respect, kindness, consideration, and courtesy to others
- Prepare in advance of Board of Aldermen meetings and be familiar with issues on the agenda
- Represent the City at ceremonial functions at the request of the Mayor
- Be respectful of other people’s time
- Stay focused and act efficiently during public meetings
- Serve as a model of leadership and civility to the community
- Inspire public confidence in City of Grain Valley government
- Provide contact information to the City Clerk in case of an emergency
- Demonstrate honesty and integrity in every action and statement
- Participate in scheduled activities to increase team effectiveness
- Review Board of Aldermen procedures, such as these Operating Guidelines

POLICIES AND PROTOCOL RELATED TO CONDUCT

Ceremonial Events

The Mayor will serve as the designated City representative at ceremonial events. If the Mayor is unavailable, then the Mayor will recommend which City appointed official or staff member should be asked to serve as a substitute. Invitations received at City Hall are presumed to be for official City representation. Invitations addressed to Aldermen at their homes are presumed to be for unofficial, personal consideration.

Correspondence Signatures

Aldermen do not need to acknowledge the receipt of correspondence, or copies of correspondence, during Board of Aldermen meetings. City staff will prepare official letters in response to public inquiries and concerns. These letters will carry the signature of the Mayor unless the Mayor requests that another Alderman or a member of the City staff sign them. If correspondence is addressed only to one Alderman, then that Alderman should check with the Mayor on the best way to respond to the sender.

Endorsement of Candidates

The Mayor and Aldermen have the right to personally support candidates for any office, however it is inappropriate to endorse a candidate by using an official City title.
Conduct at Public Hearings

The Mayor and Aldermen will not express opinions during the public hearing portion of the meeting except to ask pertinent questions of the speaker or staff. "I think" and "I feel" comments by the Mayor and Aldermen are not appropriate until after the close of the public hearing. The Mayor and Aldermen should refrain from debating with the public during a public hearing and shall always show respect for different points of view. The Mayor or Aldermen’s personal opinions or inclinations about upcoming votes should not be revealed until after the public hearing is closed.

Mayor and Board of Aldermen Conduct with the Public in Public Meetings

Making the public feel welcome is an important part of the democratic process. No signs of partiality, prejudice or disrespect should be evident on the part of the Mayor and individual Aldermen toward an individual participating in a public forum. Every effort should be made to be fair and impartial in listening to public testimony.

- Be fair and equitable in allocating public meeting time to individual speakers.
  - The Mayor, or Mayor Pro-Tem in the Mayor’s absence, will determine and announce limits on speakers at the start of the public meeting process. The Mayor will advise speakers to state their name and address for the record and to address their comments to the Board of Aldermen. Each speaker will be allocated two minutes. If many speakers are anticipated, the Mayor, or Mayor may shorten the time limit and/or ask speakers to limit themselves to new information and points of view not already covered by previous speakers. No speaker will be turned away unless he or she exhibits inappropriate behavior.

- Listen attentively.
  - It may be disconcerting to speakers to have Board Members not look at them when they are speaking. It is fine to look down at documents or to make notes, but reading for a long period of time or gazing around the room gives the appearance of disinterest. Be aware of facial expressions, especially those that could be interpreted as "smirking," disbelief, anger, or boredom.

- Ask for clarification, but avoid debate and argument with the public.
  - Only the Mayor, or Mayor Pro-Tem in the Mayor’s absence – not individual Aldermen – can interrupt a speaker during a presentation. However, an Alderman can ask the Mayor for a point of order or point of information if the speaker is off the topic or exhibiting behavior or language the Alderman finds disturbing, or would like further information from the speaker.
  - If speakers become flustered or defensive by questions from the Board of Aldermen, it is the responsibility of the Mayor to calm and focus the speaker and to maintain the order and decorum of the meeting. Questions by Aldermen to members of the public testifying should seek to clarify or expand information. It is never appropriate to belligerently challenge or belittle the speaker.
• No personal attacks of any kind, under any circumstance.
  o Aldermen should be aware that their body language and tone of voice, as well as
    the words they use, could appear to be intimidating or aggressive.

**Conduct with the Mayor and other Aldermen in Public Meetings**

Boards of Aldermen are composed of individuals with a wide variety of backgrounds,
personalities, values, opinions, and goals. Despite this diversity, all have chosen to serve in
public office in order to preserve and protect the present and the future of the community. In all
cases, this common goal should be acknowledged even as the Board of Aldermen may "agree to
disagree" on contentious issues.

• Practice civility and decorum in discussions and debate.
  o Difficult questions, tough challenges to a particular point of view, and criticism of
    ideas and information are legitimate elements of a free democracy in action. This
does not permit, however, the Mayor or Aldermen to make belligerent, personal,
impertinent, slanderous, threatening, abusive, or disparaging comments. No
shouting or physical actions that could be construed as threatening will be
tolerated.

• Honor the role of the Mayor or Mayor Pro-Tem in maintaining order.
  o It is the responsibility of the Mayor, or the Mayor Pro-Tem in the Mayor’s
    absence, to keep the comments of Aldermen on track during public meetings.
Aldermen should honor efforts by the Mayor to focus discussion on current
agenda items. If there is disagreement about the agenda or the Mayor’s actions,
those objections should be voiced politely and with reason, following procedures
outlined in Roberts Rules of Order for parliamentary procedure.

• Avoid personal comments that could offend other Aldermen.
  o If an Alderman is personally offended by the remarks of another Alderman, the
    offended Alderman should make notes of the actual words used and call for a
"point of personal privilege" that challenges the other Alderman to justify or
apologize for the language used. The Mayor will maintain control of this
discussion.

• Strive to demonstrate effective problem-solving approaches.
  o Aldermen have a public stage to show how individuals with disparate points of
    view can find common ground and seek a compromise that benefits the
community as a whole.
Conduct in Private Encounters with Other Members of the Board of Aldermen

- **Policy Making**
  - No binding policy decisions shall be made outside of a public meeting. The use of official City e-mail is reviewable in a public information request or through a subpoena in a lawsuit. Therefore, a file should be maintained just like any other correspondence. The use of private e-mail does not come under the same scrutiny; however, the Mayor and Aldermen should refrain from using their private e-mail to discuss City business. The sender should avoid sending to multiple elected officials to eliminate the perception of an electronic meeting. Similarly, telephone calls and in-person conversations about City business with a quorum of the Board of Aldermen will constitute a meeting under the Missouri Sunshine Law.

- **Be aware of the insecurity of written notes, voicemail messages, and e-mail.**
  - Technology allows words written or said without much forethought to be distributed wide and far. Written notes, voicemail messages and e-mail should be treated as potentially "public" communication. The Mayor and Aldermen should be mindful of all recipients. Even though private communication cannot be prohibited from distribution, the use of a disclaimer, verbal or written, can act to protect the sender and should be respected. The litmus test should be: Would you feel comfortable if this voicemail/fax/e-mail message appeared in the newspaper verbatim? How would that reflect on the City?

- **Even private conversations can have a public presence.**
  - Elected officials are always on display – people around them that they may not know, will monitor their actions, mannerisms, and language. Lunch table conversations will be eavesdropped upon, parking lot debates will be watched, and casual comments between individuals before and after public meetings noted.

- **Guiding principles for collaboration on legislation.**
  - Collaboration between the Mayor and Aldermen to develop proposed legislation, policy or ideas is acceptable. However, *four members constitutes a quorum*, therefore collaboration by a quorum of the Board of Aldermen will be deemed a meeting under the Missouri Sunshine Law. It must be understood that no binding decisions can be made; and that the proposal shall come before the whole Board of Aldermen for consideration in full, open discussion at a public meeting. Aldermen’s records on the subject could be subject to a public information request and may possibly be discoverable in litigation.
Conduct with City Staff

Governance of a City relies on the cooperative efforts of elected officials, who set policy, and City staff who implements and administers the Board of Aldermen’s policies. Therefore, every effort should be made to be cooperative and show mutual respect for the contributions made by each individual for the good of the community.

- City Staff is aware that Aldermen should refer to the City Administrator for guidance.
  - Any City staff that does not follow proper conduct in their dealings with Aldermen, other City staff, or the public may be disciplined in accordance with standard City procedures for such actions.

- Treat all City staff as professionals.
  - Clear, honest communication that respects the abilities, experience, and dignity of each individual is expected. Poor behavior towards City staff is not acceptable.

- Limit contact to specific City staff.
  - Questions of City staff and/or requests for additional background information should be directed to the City Administrator or the proper Department Head. Both the City Administrator and the proper Department Head should be copied on appropriate questions, comments, or requests. Requests for follow-up to City staff should be made only through the appropriate chain of command. When in doubt, Aldermen should ask the City Administrator for direction. Materials supplied to an Alderman in response to a request will be made available to all members of the Board so that all have equal access to information.

- Do not disrupt City staff from their jobs.
  - Aldermen should not disrupt City staff while they are in meetings, on the phone, or engrossed in performing their job functions in order to have their individual needs met.

- Never publicly criticize an individual employee.
  - Aldermen should never express concerns about the performance of a City employee in public, to the employee directly, or to the employee’s manager. Comments about City staff performance should only be made to the City Administrator or the appropriate Department Head through private correspondence or conversation or in an Executive Session meeting with a quorum of the Board of Aldermen present.

- Do not interfere with administrative functions.
  - Per Section 115.160, it is a violation of the Code of Ordinances for any member of the Board of Aldermen to interfere with the conduct of any department or the duties of City staff including, but not limited to, the making of appointments, awarding of contracts, selecting of consultants, processing of development applications, or granting of City licenses and permits.
• Check with City staff on correspondence before taking action.
  o Before sending correspondence, the Mayor and Aldermen should check with City staff to see if an official City response has already been sent or is in progress. The City Administrator should see that previous official correspondence is always accessible to all members of the Board of Aldermen.

• Do not attend meetings with City staff unless requested by City staff.
  o Even if the Mayor or Aldermen do not say anything, their presence may imply support, show partiality, intimidate staff, or hamper City staff’s ability to do their jobs objectively.

• Limit requests for City staff support.
  o Routine administrative support will be provided to all members of the Board of Aldermen by the City Clerk or his/her designee. Requests for additional City staff support – even in high priority or emergency situations – should be made to the City Administrator, who is responsible for allocating City resources in order to maintain a professional, well-run City government.

• Do not solicit political support from City staff.
  o Members of the Board of Aldermen should not solicit any type of political support (financial contributions, display of posters or lawn signs, name on support list, etc.) from City staff.

Mayor and Board of Aldermen Conduct in Unofficial Settings

• Do not make promises on behalf of the Board of Aldermen.
  o The Mayor and Aldermen will frequently be asked to explain a Board action or to give their opinion about an issue as they meet and talk with constituents in the community. It is appropriate to give a brief overview of City policy and to refer to City staff for further information. It is inappropriate to overtly or implicitly promise Board action, or to promise City staff will do something specific (fix a pothole, change an ordinance, change a policy, etc.).

• Do not make personal comments about other members of the Board of Aldermen.
  o It is acceptable to publicly disagree about an issue, but it is unacceptable to make derogatory comments about other members of the Board of Aldermen, their opinions and actions.

• Do not make announcements relating to City projects, programs or economic development, etc. until it has been coordinated and announced by the City first.
  o It is important that all official announcements first come through the City, in a coordinated effort with all partners involved in the announced project. Members of the Board of Aldermen are encouraged to share news once it has been officially released by the City.
• Remember that the residents and businesses look to the Mayor and Aldermen to set the tone for the City.
  o The community is constantly observing the Mayor and Aldermen every day that they serve in office. Their behaviors and comments serve as models for proper deportment in the City of Grain Valley. Honesty and respect for the dignity of each individual should be reflected in every word and action taken by Mayor and Aldermen, 24 hours a day, 7 days a week. It is a serious and continuous responsibility.

Mayor and Board of Aldermen Conduct with Other Public Agencies

• Be clear about representing the City or personal interests.
  o If the Mayor or any Alderman appears before another governmental agency or organization to give a statement on an issue, they must clearly state if his or her statement reflects personal opinion or is the official stance of the City.
  o If the Mayor or any Alderman is representing the City before another governmental agency or organization, they must support and advocate the official City position on an issue, not a personal viewpoint.
  o If the Mayor or any Alderman is representing another organization whose position is different from the City, they should abstain from voting on the issue if it significantly impacts or is detrimental to the City’s interest. Aldermen should be clear about which organizations they represent and inform the Mayor and the Board of their involvement.

• Correspondence should be equally clear about representation.
  o City letterhead is not be used for correspondence of the Mayor or Aldermen representing a personal point of view, or a dissenting point of view from an official position of the Board of Aldermen.

Conduct with Other City Boards, Committees, and Commissions

The City has established several boards, committees, and commissions as a means of gathering more community input. Members who serve on these bodies become more involved in government and serve as advisors to the Mayor and Board of Aldermen. They are a valuable resource to the City’s leadership and should be treated with appreciation and respect.

• If attending the meeting of another City board, committee or commission, be careful to only express personal opinions.
  o The Mayor and Aldermen may attend any meeting of another City board, committee or commission which are always open to any member of the public. However, they should be sensitive to the way their participation – especially if it is on behalf of an individual, business or developer – could be viewed as unfairly affecting the process. Any public comments by the Mayor or Aldermen at the meeting of another City board, committee or commission should be clearly made as individual opinion and not a representation of the feelings of the entire Board of Aldermen.
• When a member of the Board of Aldermen is appointed as a liaison to another City board, committee or commission, the appointed member of the Board of Aldermen should take the official stance of the entire Board of Aldermen when discussing issues. If there is no official stance by the Board of Aldermen, the liaison should note the issue and discuss it with a quorum of the Board of Aldermen at the next scheduled meeting.

• Limit contact with members of another City board, committee or commission to questions of clarification.
  o It is inappropriate for the Mayor or Aldermen to contact a member of another City board, committee or commission to lobby on behalf of an individual, business, or developer. It is acceptable for the Mayor or Aldermen to contact a member of another City board, committee or commission in order to ask questions of clarification on a position taken by said City board, committee or commission.

• Remember that City boards, committees and commissions serve the community, not individual members of the Board of Aldermen.
  o The Mayor and Board of Aldermen appoint individuals to serve on City boards, committees and commissions, etc. and it is the responsibility of such boards, committees and commissions to follow policy established by the Board of Aldermen. However, the members of City boards, committees and commissions do not report to individual members of the Board of Aldermen, nor do individual members of the Board of Aldermen have the power or right to threaten members of other City boards, committees and commissions with removal if they disagree about an issue. Appointment and re-appointment to City boards, committees or commissions should be based on such criteria as expertise, ability to work with staff and the public, and commitment to fulfilling official duties.

• Be respectful of diverse opinions.
  o A primary role of City boards, committees and commissions is to represent the many points of view in the community and to provide the Board of Aldermen with advice based on a full spectrum of concerns and perspectives. The Mayor and Aldermen may have a closer working relationship with some individuals serving on said City boards, committees and commissions, but must be fair and respectful of all citizens serving on City boards, committees and commissions.

• Keep political support away from public forums.
  o Members of City boards, committees and commissions may offer personal political support to a member of the Board of Aldermen; however, such support will not be offered in a public forum while conducting official duties. Conversely, members of the Board of Aldermen may personally support members of City boards, committees and commissions who are running for office; however, such support will not be offered in an official forum or in their capacity as a member of the Board of Aldermen.

• Inappropriate behavior can lead to removal.
Inappropriate behavior by any member of a City board, committee or commission who has been appointed by the Mayor and Board, should be addressed by the chair and/or the members of the body. If a member’s conduct continues to be unbecoming, the chair shall notify the Mayor, and the Mayor should counsel the offending member. If inappropriate behavior continues, the Mayor should bring the situation to the attention of the Board of Aldermen and the individual is subject to removal from the Board, Committee or Commission.

**Conduct with the Media**

The Mayor and Aldermen are frequently contacted by the media for background and quotes. The best advice for dealing with the media is to never go “off the record”. Most members of the media represent the highest levels of journalistic integrity and ethics, and can be trusted to keep their word; however, words that are not said cannot be quoted.

- The Mayor is the designated representative of the Board of Aldermen to present and speak on the City’s official position.
  - If the media contacts an individual Alderman, the Alderman should be clear about whether their comments represent the official City position or a personal viewpoint. When representing the official City position, the Aldermen should coordinate with the Public Information Officer.
- Choose words carefully and cautiously.
  - Comments taken out of context can cause problems. Be especially cautious about humor, sardonic asides, sarcasm, or word play. It is never appropriate to use personal slurs or swear words when talking with the media.

**Conduct on Social Media**

The intended purpose of the City of Grain Valley’s use of social media platforms is to disseminate information from the City or about the City to the public in a civil and unbiased manner. The City typically uses social media in order to highlight upcoming events, warn residents of potentially hazardous weather conditions, road closures, water service disruptions and other important information. The Mayor is the designated representative of the Board of Aldermen to present and speak on the City’s official position.

In expressing their personal opinions or information via a personal social media account, members of the Board of Aldermen for the City of Grain Valley should adhere to the following guidelines:

- Do not disclose confidential information regarding the City of Grain Valley or its operations.
- Do not slander the City of Grain Valley, its citizens, employees or elected officials.
- Do not use any City photos or logos for personal social media posts or otherwise, unless granted permission to do so.
- Do not use personal social media accounts to speak on the City’s behalf.
- Avoid all posts that may be viewed as malicious, obscene or intimidating.
• Avoid all posts that may include discriminatory remarks, harassment, threats of violence or similarly inappropriate or unlawful content.
• Exercise responsibility and good judgment when posting or publishing information on social media sites for personal or professional purposes while serving as a representative for the City of Grain Valley.

City administration encourages members of the Board of Aldermen to refrain from commenting on community social media pages or groups, (i.e.: Residents of Grain Valley on Facebook). In lieu of engaging on such community pages, it is preferential that elected officials communicate via their own “official social media account” – identifiable by their title and/or ward in which they represent, to be utilized solely for City business, issues, announcements and/or announcements of City events. The Mayor and Aldermen are not required to use social media as a method in which to communicate with their constituents, however, if they do choose to have an official social media account, they should identify that account to the Public Information Officer. When possible and practical, members of the Board of Aldermen should ask the Public Information Officer to review content before posting.

Members of the Board of Aldermen should refrain from commenting on each other’s official social media accounts so as not to create a meeting subject to the Missouri Sunshine Law.

Please refer to the Social Media Policy, in full, or contact the Public Information Officer for further information.

SANCTIONS

Although the Board of Aldermen should seldom have occasion to discipline its members, the Board of Aldermen has the right to make and enforce its own rules and to require that members, City staff, and the public refrain from conduct injurious to the accomplishment of Board business.

Members of the Board of Aldermen who intentionally and repeatedly do not follow proper conduct may be reprimanded or formally censured by the Board. Serious infractions of the Operating Guidelines could lead to other sanctions as deemed appropriate by the Board, including impeachment to consider removal from office.
I, ____________________________ have read and understand the Elected Officials Operating Guidelines and do, hereby, agree to adhere to and follow said guidelines while in my official capacity as an elected official for the City of Grain Valley, Missouri.

CITY OF GRAIN VALLEY
PUBLIC MEETING
GUIDELINES FOR CITIZEN PARTICIPATION

Citizens are invited to address the Mayor & Board of Aldermen during the Public Comment portion of the agenda or during any Public Hearing that may be presented to the Board. In an effort to make meetings efficient and meaningful to all who are present in the audience, the following guidelines apply when addressing the Mayor & Board of Aldermen:

• Persons wishing to address the Mayor & Board of Aldermen on any item other than a matter scheduled for a Public Hearing, please raise your hand when the chair asks for citizen comments and the chair will recognize you
• If you are able, after being recognized by the chair, please make your comments from the podium at the front of the room using the microphone provided. If you are unable to do so, you may address the Mayor & Board of Aldermen from your seat; however, please speak loudly so that the Mayor & Board of Aldermen can hear you
• Provide your name and address at the beginning of your remarks for the formal record
• Meeting attendees are given two (2) minutes to speak on any agenda item and/or during open forum
• Speakers should discuss topics related to City business on the agenda, unless they are speaking during open forum
• Speakers’ comments should be addressed to the full body. Requests to engage the Mayor, Board Members, or Staff in conversation will not be honored
• Abusive language will not be tolerated
• Speakers will not bring to the podium any items other than a prepared written statement, writing materials, or objects that are relevant to the presentation
• If an individual wishes to submit written information, he or she may give it to the City Clerk prior to the meeting
• Speakers and any other members of the public will not approach the Board at any time without prior consent from the chair of the meeting

Please Note: Failure to comply with this Code of Conduct which will disturb, disrupt or impede the orderly conduct of the meeting may result in removal from the meeting and/or possible arrest.

10 TERMINATION OR SUSPENSION
11 MISCELLANEOUS PROVISIONS
12 SCOPE OF THE AGREEMENT

ARTICLE 1 GENERAL PROVISIONS
§ 1.1 The Contract Documents
The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to the execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract and are as fully a part of the Contract as if attached to this Agreement or repeated herein. Upon the Owner's acceptance of the Construction Manager's Guaranteed Maximum Price proposal, the Contract Documents will also include the documents described in Section 2.2.3 and identified in the Guaranteed Maximum Price Amendment and revisions prepared by the Architect and furnished by the Owner as described in Section 2.2.8. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. If anything in the other Contract Documents, other than a Modification, is inconsistent with this Agreement, this Agreement shall govern.

§ 1.2 Relationship of the Parties
The Construction Manager accepts the relationship of trust and confidence established by this Agreement and covenants with the Owner to cooperate with the Architect and exercise the Construction Manager's skill and judgment in furthering the interests of the Owner; to furnish efficient construction administration, management services and supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an expeditious and economical manner consistent with the Owner's interests. The Owner agrees to furnish or approve, in a timely manner, information required by the Construction Manager and to make payments to the Construction Manager in accordance with the requirements of the Contract Documents.

§ 1.3 General Conditions
For the Preconstruction Phase, AIA Document A201™–2007, General Conditions of the Contract for Construction, shall apply only as specifically provided in this Agreement. For the Construction Phase, the general conditions of the contract shall be as set forth in A201–2007, which document is incorporated herein by reference. The term "Contractor" as used in A201–2007 shall mean the Construction Manager.

ARTICLE 2 CONSTRUCTION MANAGER'S RESPONSIBILITIES
The Construction Manager’s Preconstruction Phase responsibilities are set forth in Sections 2.1 and 2.2. The Construction Manager’s Construction Phase responsibilities are set forth in Section 2.3. The Owner and Construction
Manager may agree, in consultation with the Architect, for the Construction Phase to commence prior to completion of
the Preconstruction Phase, in which case, both phases will proceed concurrently. The Construction Manager shall
identify a representative authorized to act on behalf of the Construction Manager with respect to the Project.

§ 2.1 Preconstruction Phase
§ 2.1.1 The Construction Manager shall provide a preliminary evaluation of the Owner’s program, schedule and
construction budget requirements, each in terms of the other.

§ 2.1.2 Consultation
The Construction Manager shall schedule and conduct meetings with the Architect and Owner to discuss such matters
as procedures, progress, coordination, and scheduling of the Work. The Construction Manager shall advise the Owner
and the Architect on proposed site use and improvements, selection of materials, and building systems and equipment.
The Construction Manager shall also provide recommendations consistent with the Project requirements to the Owner
and Architect on constructability; availability of materials and labor; time requirements for procurement, installation
and construction; and factors related to construction cost including, but not limited to, costs of alternative designs or
materials, preliminary budgets, life-cycle data, and possible cost reductions.

§ 2.1.3 When Project requirements in Section 3.1.1 have been sufficiently identified, the Construction Manager shall
prepare and periodically update a Project schedule for the Architect’s review and the Owner’s acceptance. The
Construction Manager shall obtain the Architect’s approval for the portion of the Project schedule relating to the
performance of the Architect’s services. The Project schedule shall coordinate and integrate the Construction
Manager’s services, the Architect’s services, other Owner consultants’ services, and the Owner’s responsibilities and
identify items that could affect the Project’s timely completion. The updated Project schedule shall include the
following: submission of the Guaranteed Maximum Price proposal; components of the Work; times of
commencement and completion required of each Subcontractor; ordering and delivery of products, including those
that must be ordered well in advance of construction; and the occupancy requirements of the Owner.

§ 2.1.4 Phased Construction
The Construction Manager shall provide recommendations with regard to accelerated or fast-track scheduling,
procurement, or phased construction. The Construction Manager shall take into consideration cost reductions, cost
information, constructability, provisions for temporary facilities and procurement and construction scheduling issues.

§ 2.1.5 Preliminary Cost Estimates
§ 2.1.5.1 Based on the preliminary design and other design criteria prepared by the Architect, the Construction
Manager shall prepare preliminary estimates of the Cost of the Work or the cost of program requirements using area,
volume or similar conceptual estimating techniques for the Architect’s review and Owner’s approval. If the Architect
or Construction Manager suggest alternative materials and systems, the Construction Manager shall provide cost
evaluations of those alternative materials and systems.

§ 2.1.5.2 As the Architect progresses with the preparation of the Schematic Design, Design Development and
Construction Documents, the Construction Manager shall prepare and update, at appropriate intervals agreed to by the
Owner, Construction Manager and Architect, estimates of the Cost of the Work of increasing detail and refinement
and allowing for the further development of the design until such time as the Owner and Construction Manager agree
on a Guaranteed Maximum Price for the Work. Such estimates shall be provided for the Architect’s review and the
Owner’s approval. The Construction Manager shall inform the Owner and Architect when estimates of the Cost of the
Work exceed the latest approved Project budget and make recommendations for corrective action.

§ 2.1.6 Subcontractors and Suppliers
The Construction Manager shall develop bidders’ interest in the Project.

§ 2.1.7 The Construction Manager shall prepare, for the Architect’s review and the Owner’s acceptance, a procurement
schedule for items that must be ordered well in advance of construction. The Construction Manager shall expedite and
coordinate the ordering and delivery of materials that must be ordered well in advance of construction. If the Owner
agrees to procure any items prior to the establishment of the Guaranteed Maximum Price, the Owner shall procure the
items on terms and conditions acceptable to the Construction Manager. Upon the establishment of the Guaranteed
Maximum Price, the Owner shall assign all contracts for these items to the Construction Manager and the Construction
Manager shall thereafter accept responsibility for them.
§ 2.1.7.1 LONG LEAD TIME ITEMS
The Construction Manager shall recommend to the Owner and Architect a schedule for procurement of long-lead-time items which will constitute part of the Work as required to meet the Project schedule. If such long-lead-time items are procured by the Owner, they shall be procured on terms and conditions acceptable to the Construction Manager. The Construction Manager shall expedite the delivery of long-lead-time items.

§ 2.1.8 Extent of Responsibility
The Construction Manager shall exercise reasonable care in preparing schedules and estimates. The Construction Manager, however, does not warrant or guarantee estimates and schedules except as may be included as part of the Guaranteed Maximum Price. The Construction Manager is not required to ascertain that the Drawings and Specifications are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Construction Manager shall promptly report to the Architect and Owner any nonconformity discovered by or made known to the Construction Manager as a request for information in such form as the Architect may require.

§ 2.1.9 Notices and Compliance with Laws
The Construction Manager shall comply with applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to its performance under this Contract, and with equal employment opportunity programs, and other programs as may be required by governmental and quasi governmental authorities for inclusion in the Contract Documents.

§ 2.2 Guaranteed Maximum Price Proposal and Contract Time
§ 2.2.1 At a time to be mutually agreed upon by the Owner and the Construction Manager the Construction Manager shall prepare a Guaranteed Maximum Price proposal for the Owner’s review and acceptance. The Guaranteed Maximum Price in the proposal shall be the sum of the Construction Manager’s estimate of the Cost of the Work, including contingencies described in Section 2.2.4, and the Construction Manager’s Fee.

§ 2.2.2 To the extent that the Drawings and Specifications are anticipated to require further development by the Architect, the Construction Manager shall provide in the Guaranteed Maximum Price for such further development consistent with the Contract Documents and reasonably inferable therefrom. Such further development does not include such things as changes in scope, systems, kinds and quality of materials, finishes or equipment, all of which, if required, shall be incorporated by Change Order.

§ 2.2.3 The Construction Manager shall include with the Guaranteed Maximum Price proposal a written statement of its basis, which shall include the following:
1. A list of the Drawings and Specifications, including all Addenda thereto, and the Conditions of the Contract;
2. A list of the clarifications and assumptions made by the Construction Manager in the preparation of the Guaranteed Maximum Price proposal, including assumptions under Section 2.2.2, to supplement the information provided by the Owner and contained in the Drawings and Specifications;
3. A list of allowances;
4. The anticipated date of Substantial Completion upon which the proposed Guaranteed Maximum Price is based;
5. The Project Schedule as developed by the Construction Manager; and
6. A date by which the Owner must accept the Guaranteed Maximum Price.

§ 2.2.4 In preparing the Construction Manager’s Guaranteed Maximum Price proposal, the Construction Manager shall include its contingency for the Construction Manager’s exclusive use to cover those costs considered reimbursable as the Cost of the Work but not included in a Change Order.

§ 2.2.5 The Construction Manager shall meet with the Owner and Architect to review the Guaranteed Maximum Price proposal. In the event that the Owner and Architect discover any inconsistencies or inaccuracies in the information presented, they shall promptly notify the Construction Manager, who shall make appropriate adjustments to the Guaranteed Maximum Price proposal, its basis, or both.
§ 2.2.6 If the Owner notifies the Construction Manager that the Owner has accepted the Guaranteed Maximum Price proposal in writing before the date specified in the Guaranteed Maximum Price proposal, the Guaranteed Maximum Price proposal shall be deemed effective without further acceptance from the Construction Manager. Following acceptance of a Guaranteed Maximum Price, the Owner and Construction Manager shall execute the Guaranteed Maximum Price Amendment amending this Agreement, a copy of which the Owner shall provide to the Architect. The Guaranteed Maximum Price Amendment shall set forth the agreed upon Guaranteed Maximum Price with the information and assumptions upon which it is based.

§ 2.2.7 The Construction Manager shall not incur any cost to be reimbursed as part of the Cost of the Work prior to the commencement of the Construction Phase, unless the Owner provides prior written authorization for such costs.

§ 2.2.8 The Owner shall authorize the Architect to provide the revisions to the Drawings and Specifications to incorporate the agreed-upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment. The Owner shall promptly furnish those revised Drawings and Specifications to the Construction Manager as they are revised. The Construction Manager shall notify the Owner and Architect of any inconsistencies between the Guaranteed Maximum Price Amendment and the revised Drawings and Specifications.

§ 2.2.9 The Construction Manager shall include in the Guaranteed Maximum Price all sales, consumer, use and similar taxes for the Work provided by the Construction Manager that are legally enacted, whether or not yet effective, at the time the Guaranteed Maximum Price Amendment is executed.

§ 2.3 Construction Phase
§ 2.3.1 General
§ 2.3.1.1 For purposes of Section 8.1.2 of A201-2007, the date of commencement of the Work shall mean the date of commencement of the Construction Phase.

§ 2.3.1.2 The Construction Phase shall commence upon the Owner’s acceptance of the Construction Manager’s Guaranteed Maximum Price proposal or the Owner’s issuance of a Notice to Proceed, whichever occurs earlier.

§ 2.3.2 Administration
§ 2.3.2.1 Those portions of the Work that the Construction Manager does not customarily perform with the Construction Manager’s own personnel shall be performed under subcontracts or by other appropriate agreements with the Construction Manager. The Owner may designate specific persons from whom, or entities from which, the Construction Manager shall obtain bids. The Construction Manager shall obtain bids from Subcontractors and from suppliers of materials or equipment fabricated especially for the Work and shall deliver such bids to the Architect. The Owner shall then determine, with the advice of the Construction Manager and the Architect, which bids will be accepted. The Construction Manager shall not be required to contract with anyone to whom the Construction Manager has reasonable objection.

§ 2.3.2.2 If the Guaranteed Maximum Price has been established and when a specific bidder (1) is recommended to the Owner by the Construction Manager, (2) is qualified to perform that portion of the Work, and (3) has submitted a bid that conforms to the requirements of the Contract Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Construction Manager may require that a Change Order be issued to adjust the Contract Time and the Guaranteed Maximum Price by the difference between the bid of the person or entity recommended to the Owner by the Construction Manager and the amount and time requirement of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ 2.3.2.3 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If the Subcontract is awarded on a cost-plus a fee basis, the Construction Manager shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in Section 6.11 below.

§ 2.3.2.4 If the Construction Manager recommends a specific bidder that may be considered a "related party" according to Section 6.10, then the Construction Manager shall promptly notify the Owner in writing of such relationship and notify the Owner of the specific nature of the contemplated transaction, according to Section 6.10.2.
§ 2.3.2.5 The Construction Manager shall schedule and conduct meetings to discuss such matters as procedures, progress, coordination, scheduling, status of the Work. The Construction Manager shall prepare and promptly distribute minutes to the Owner and Architect.

§ 2.3.2.6 Upon the execution of the Guaranteed Maximum Price Amendment, the Construction Manager shall prepare and submit to the Owner and Architect a construction schedule for the Work and submittal schedule in accordance with Section 3.10 of A201–2007.

§ 2.3.2.7 The Construction Manager shall record the progress of the Project. On a monthly basis, or otherwise as agreed to by the Owner, the Construction Manager shall submit written progress reports to the Owner and Architect, showing percentages of completion and other information required by the Owner. The Construction Manager shall also keep, and make available to the Owner and Architect, a daily log containing a record for each day of weather, portions of the Work in progress, number of workers on site, identification of equipment on site, problems that might affect progress of the work, accidents, injuries, and other information required by the Owner.

§ 2.3.2.8 The Construction Manager shall develop a system of cost control for the Work, including regular monitoring of actual costs for activities in progress and estimates for uncompleted tasks and proposed changes. The Construction Manager shall identify variances between actual and estimated costs and report the variances to the Owner and Architect and shall provide this information in its monthly reports to the Owner and Architect, in accordance with Section 2.3.2.7 above.

§ 2.4 Professional Services
Section 3.12.10 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

§ 2.5 Hazardous Materials
Section 10.3 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

ARTICLE 3 OWNER’S RESPONSIBILITIES
§ 3.1 Information and Services Required of the Owner
§ 3.1.1 The Owner shall provide information with reasonable promptness, regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner’s objectives, constraints, and criteria, including schedule, space requirements and relationships, flexibility and expandability, special equipment, systems sustainability and site requirements.

§ 3.1.2 Prior to the execution of the Guaranteed Maximum Price Amendment, the Construction Manager may request in writing that the Owner provide reasonable evidence that the Owner has made financial arrangements to fulfill the Owner’s obligations under the Contract. Thereafter, the Construction Manager may only request such evidence if (1) the Owner fails to make payments to the Construction Manager as the Contract Documents require, (2) a change in the Work materially changes the Contract Sum, or (3) the Construction Manager identifies in writing a reasonable concern regarding the Owner’s ability to make payment when due. The Owner shall furnish such evidence as a condition precedent to commencement or continuation of the Work or the portion of the Work affected by a material change. After the Owner furnishes the evidence, the Owner shall not materially vary such financial arrangements without prior notice to the Construction Manager and Architect.

§ 3.1.3 The Owner shall establish and periodically update the Owner’s budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1.1, (2) the Owner’s other costs, and (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner’s budget for the Cost of the Work, the Owner shall notify the Construction Manager and Architect. The Owner and the Architect, in consultation with the Construction Manager, shall thereafter agree to a corresponding change in the Project’s scope and quality.

§ 3.1.4 Structural and Environmental Tests, Surveys and Reports. During the Preconstruction Phase, the Owner shall furnish the following information or services with reasonable promptness. The Owner shall also furnish any other information or services under the Owner’s control and relevant to the Construction Manager’s performance of the Work with reasonable promptness after receiving the Construction Manager’s written request for such information or services. The Construction Manager shall be entitled to rely on the accuracy of information and services furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.
§ 3.1.4.1 The Owner shall furnish tests, inspections and reports required by law and as otherwise agreed to by the parties, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 3.1.4.2 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 3.1.4.3 The Owner, when such services are requested, shall furnish services of geotechnical engineers, which may include but are not limited to test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 3.1.4.4 During the Construction Phase, the Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner’s control and relevant to the Construction Manager’s performance of the Work with reasonable promptness after receiving the Construction Manager’s written request for such information or services.

§ 3.2 Owner’s Designated Representative
The Owner shall identify a representative authorized to act on behalf of the Owner with respect to the Project. The Owner’s representative shall render decisions promptly and furnish information expeditiously, so as to avoid unreasonable delay in the services or Work of the Construction Manager. Except as otherwise provided in Section 4.2.1 of A201–2007, the Architect does not have such authority. The term "Owner" means the Owner or the Owner’s authorized representative.

§ 3.2.1 Legal Requirements. The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner’s needs and interests.

§ 3.3 Architect
The Owner shall retain an Architect to provide services, duties and responsibilities as described in a Standard Form of Agreement Between Owner and Architect. The Owner shall provide the Construction Manager a copy of the executed agreement between the Owner and the Architect, and any further modifications to the agreement.

ARTICLE 4 COMPENSATION AND PAYMENTS FOR PRECONSTRUCTION PHASE SERVICES
§ 4.1 Compensation
§ 4.1.1 For the Construction Manager’s Preconstruction Phase services, the Owner shall compensate the Construction Manager as follows:

§ 4.1.2 For the Construction Manager’s Preconstruction Phase services described in Sections 2.1 and 2.2:
(Insert amount of, or basis for, compensation and include a list of reimbursable cost items, as applicable.)

A lump sum amount of One Hundred Twenty Two Thousand Five Hundred Dollars ($122,500) as follows:

From execution of contract to bond (April, 2020) = $60,000 which will be reimbursable contingent on the project being constructed following the April bond election.

Remaining $62,500 from April, 2020 through establishment of GMP.

§ 4.1.3 Compensation for Preconstruction Phase services shall be equitably adjusted if such services extend beyond February, 2021, full detailed updated budgets (termed deliverables) exceed five (5 ea) or if the originally contemplated scope of services is significantly modified or if the Owner’s Budget is significantly increased. The price for Preconstruction services shall be equitably adjusted based on hourly rates (Exhibit A). Costs for preconstruction services are based on providing construction phase services for the Work. If the Construction Manager is terminated

for convenience prior to approval of the Guaranteed Maximum Price or start of the Work, the Construction Manager shall be entitled to reimbursement for its actual costs incurred in providing preconstruction services.

§ 4.1.4 Compensation based on Direct Personnel Expense includes the direct salaries of the Construction Manager’s personnel providing Preconstruction Phase services on the Project and the Construction Manager’s costs for the mandatory and customary contributions and benefits related thereto, such as employment taxes and other statutory employee benefits, insurance, sick leave, holidays, vacations, employee retirement plans and similar contributions. See Exhibit A for Hourly Rates for direct personnel expense.

§ 4.2 Payments
§ 4.2.1 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed.

§ 4.2.2 Payments are due and payable upon presentation of the Construction Manager’s invoice. Amounts unpaid thirty (30) days after the invoice date shall bear interest at the legal rate prevailing from time to time at the principal place of business of the Construction Manager.

(Paragraphs deleted)

ARTICLE 5 COMPENSATION FOR CONSTRUCTION PHASE SERVICES
§ 5.1 For the Construction Manager’s performance of the Work as described in Section 2.3, the Owner shall pay the Construction Manager the Contract Sum in current funds for the Construction Manager’s performance of the Contract. The Contract Sum is the Cost of the Work as defined in Section 6.1.1 plus the Construction Manager’s Fee.

§ 5.1.1 The Construction Manager’s Fee:
(State a lump sum, percentage of Cost of the Work or other provision for determining the Construction Manager’s Fee.)

Two and Three Quarters Percent (2.75%) of the Guaranteed Maximum Price.

§ 5.1.2 The method of adjustment of the Construction Manager’s Fee for changes in the Work:

For changes in the Work, the Construction Manager’s Fee shall remain equal to Two and Three Quarters Percent (2.75%) of the Cost of Work.

§ 5.1.3 Limitations, if any, on a Subcontractor’s overhead and profit for increases in the cost of its portion of the Work:

None.

§ 5.1.4 Rental rates for Construction Manager-owned equipment shall not exceed One Hundred percent (100 %) of the standard rate paid at the place of the Project.

§ 5.1.5 Unit prices, if any:
(Paragraphs deleted)
To be included, if any, in the Guaranteed Maximum Price Amendment.

§ 5.2 Guaranteed Maximum Price
§ 5.2.1 The Construction Manager guarantees that the Contract Sum shall not exceed the Guaranteed Maximum Price set forth in the Guaranteed Maximum Price Amendment, as it is amended from time to time. To the extent the Cost of the Work exceeds the Guaranteed Maximum Price, the Construction Manager shall bear such costs in excess of the Guaranteed Maximum Price without reimbursement or additional compensation from the Owner.

(Insert specific provisions if the Construction Manager is to participate in any savings.)

If the final Cost of the Work plus the Construction Manager’s Fee is less than the Guaranteed Maximum Price (as may be adjusted by Change Order) such savings shall accrue _______% percent (%) to the Owner and _______% percent (%) to the Construction Manager.

The Construction Manager’s Fee shall not be reduced on account of savings realized by the Owner.

Init.

User Notes: (1893701721)
§ 5.2.2 The Guaranteed Maximum Price is subject to additions and deductions by Change Order as provided in the Contract Documents and the Date of Substantial Completion shall be subject to adjustment as provided in the Contract Documents.

§ 5.3 Changes in the Work
§ 5.3.1 The Owner may, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions. The Owner shall issue such changes in writing. The Architect may make minor changes in the Work as provided in Section 7.4 of AIA Document A201–2007, General Conditions of the Contract for Construction. The Construction Manager shall be entitled to an equitable adjustment in the Contract Time as a result of changes in the Work.

§ 5.3.2 Adjustments to the Guaranteed Maximum Price on account of changes in the Work subsequent to the execution of the Guaranteed Maximum Price Amendment may be determined by any of the methods listed in Section 7.3.3 of AIA Document A201–2007, General Conditions of the Contract for Construction.

§ 5.3.3 In calculating adjustments to subcontracts (except those awarded with the Owner’s prior consent on the basis of cost plus a fee), the terms “cost” and “fee” as used in Section 7.3.3.3 of AIA Document A201–2007 and the term "costs" as used in Section 7.3.7 of AIA Document A201–2007 shall have the meanings assigned to them in AIA Document A201–2007 and shall not be modified by Sections 5.1 and 5.2, Sections 6.1 through 6.7, and Section 6.8 of this Agreement. Adjustments to subcontracts awarded with the Owner’s prior consent on the basis of cost plus a fee shall be calculated in accordance with the terms of those subcontracts.

§ 5.3.4 In calculating adjustments to the Guaranteed Maximum Price, the terms “cost” and “costs” as used in the above-referenced provisions of AIA Document A201–2007 shall mean the Cost of the Work as defined in Sections 6.1 to 6.7 of this Agreement and the term "fee" shall mean the Construction Manager’s Fee as defined in Section 5.1 of this Agreement.

§ 5.3.5 If no specific provision is made in Section 5.1.2 for adjustment of the Construction Manager’s Fee in the case of changes in the Work, or if the extent of such changes is such, in the aggregate, that application of the adjustment provisions of Section 5.1.2 will cause substantial inequity to the Owner or Construction Manager, the Construction Manager’s Fee shall be equitably adjusted on the same basis that was used to establish the Fee for the original Work, and the Guaranteed Maximum Price shall be adjusted accordingly.

ARTICLE 6 COST OF THE WORK FOR CONSTRUCTION PHASE
§ 6.1 Costs to Be Reimbursed
§ 6.1.1 The term Cost of the Work shall mean costs necessarily incurred by the Construction Manager in the proper performance of the Work. Such costs shall be at rates not higher than the standard paid at the place of the Project except with prior consent of the Owner. The Cost of the Work shall include only the items set forth in Sections 6.1 through 6.7.

§ 6.1.2 Where any cost is subject to the Owner’s prior approval, the Construction Manager shall obtain this approval prior to incurring the cost. The parties shall endeavor to identify any such costs prior to executing Guaranteed Maximum Price Amendment.

§ 6.2 Labor Costs
§ 6.2.1 Wages of construction workers directly employed by the Construction Manager to perform the construction of the Work at the site or, with the Owner’s prior approval, at off-site workshops.

§ 6.2.2 Wages or salaries of the Construction Manager’s supervisory and administrative personnel when stationed at the site or at Construction Manager’s principal office pursuant to Exhibit A.

§ 6.2.3 Wages and salaries of the Construction Manager’s supervisory or administrative personnel engaged at factories, workshops or on the road, in expediting the production or transportation of materials or equipment required for the Work, but only for that portion of their time required for the Work.

§ 6.2.4 Costs paid or incurred by the Construction Manager for taxes, insurance, contributions, assessments and benefits required by law or collective bargaining agreements and, for personnel not covered by such agreements,
customary benefits such as sick leave, medical and health benefits, holidays, vacations and pensions, provided such costs are based on wages and salaries included in the Cost of the Work under Sections 6.2.1 through 6.2.3.

§ 6.2.5 Bonuses, profit sharing, incentive compensation and any other discretionary payments paid to anyone hired by the Construction Manager or paid to any Subcontractor or vendor, with the Owner’s prior approval.

§ 6.3 Subcontract Costs
Payments made by the Construction Manager to Subcontractors in accordance with the requirements of the subcontracts.

§ 6.4 Costs of Materials and Equipment Incorporated in the Completed Construction
§ 6.4.1 Costs, including transportation and storage, of materials and equipment incorporated or to be incorporated in the completed construction.

§ 6.4.2 Costs of materials described in the preceding Section 6.4.1 in excess of those actually installed to allow for reasonable waste and spoilage. Unused excess materials, if any, shall become the Owner’s property at the completion of the Work or, at the Owner’s option, shall be sold by the Construction Manager. Any amounts realized from such sales shall be credited to the Owner as a deduction from the Cost of the Work.

§ 6.5 Costs of Other Materials and Equipment, Temporary Facilities and Related Items
§ 6.5.1 Costs of transportation, storage, installation, maintenance, dismantling and removal of materials, supplies, temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site and fully consumed in the performance of the Work. Costs of materials, supplies, temporary facilities, machinery, equipment and tools that are not fully consumed shall be based on the cost or value of the item at the time it is first used on the Project site.

§ 6.5.2 Rental charges for temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site and costs of transportation, installation, minor repairs, dismantling and removal. The total rental cost of any Construction Manager-owned item may not exceed the purchase price of any comparable item. Rates for such equipment shall be charged at fair market rates.

§ 6.5.3 Costs of removal of debris from the site of the Work and its proper and legal disposal.

§ 6.5.4 Costs of document reproductions, facsimile transmissions and long-distance telephone calls, postage and parcel delivery charges, telephone service at the site and reasonable petty cash expenses of the site office.

§ 6.5.5 That portion of the reasonable expenses of the Construction Manager’s supervisory or administrative personnel incurred while traveling in discharge of duties connected with the Work.

§ 6.5.6 Costs of materials and equipment suitably stored off the site at a mutually acceptable location, subject to the Owner’s prior approval.

§ 6.6 Miscellaneous Costs
§ 6.6.1 Premiums for that portion of insurance, deductibles and bonds and deductibles incurred required by the Contract Documents that can be directly attributed to this Contract. Self-insurance for either full or partial amounts of the coverages required by the Contract Documents, with the Owner’s prior approval. Amounts for: (1) the Construction Manager’s General Liability Insurance shall be billed at the rate of ninety-five one hundredth percent (0.95%) of the Contract Sum; (2) premiums for Builder’s Risk Insurance, if required of the Construction Manager per the written approval of the Owner, shall be billed at the rate of thirty-five one hundredthths percent (0.35%) of the Contract Sum; and (3) premiums for Payment and Performance Bonds, if required of the Construction Manager, shall be billed at the rate of ninety one hundredth percent (90%) of the Contract Sum.

§ 6.6.2 Sales, use or similar taxes imposed by a governmental authority that are related to the Work and for which the Construction Manager is liable.

§ 6.6.3 Fees and assessments for the building permit and for other permits, licenses and inspections for which the Construction Manager is required by the Contract Documents to pay.
§ 6.6.4 Fees of laboratories for tests required by the Contract Documents, except those related to defective or nonconforming Work for which reimbursement is excluded by Section 13.5.3 of AIA Document A201-2007 or by other provisions of the Contract Documents, and which do not fall within the scope of Section 6.7.3.

§ 6.6.5 Royalties and license fees paid for the use of a particular design, process or product required by the Contract Documents; the cost of defending suits or claims for infringement of patent rights arising from such requirement of the Contract Documents; and payments made in accordance with legal judgments against the Construction Manager resulting from such suits or claims and payments of settlements made without the Owner’s consent. However, such costs of legal defenses, judgments, and settlements shall not be included in the calculation of the Construction Manager’s Fee or subject to the Guaranteed Maximum Price. If such royalties, fees and costs are excluded by the last sentence of Section 3.17 of AIA Document A201-2007 or other provisions of the Contract Documents, then they shall not be included in the Cost of the Work.

§ 6.6.6 Costs for electronic equipment and software, directly related to the Work with the Owner’s prior approval.

§ 6.6.7 Deposits lost for causes other than the Construction Manager’s negligence or failure to fulfill a specific responsibility in the Contract Documents.

§ 6.6.8 Legal, mediation and arbitration costs, including attorneys’ fees, other than those arising from disputes between the Owner and Construction Manager, reasonably incurred by the Construction Manager after the execution of this Agreement in the performance of the Work and with the Owner’s prior approval, which shall not be unreasonably withheld.

§ 6.6.9 Subject to the Owner’s prior approval, expenses incurred in accordance with the Construction Manager’s standard written personnel policy for relocation and temporary living allowances of the Construction Manager’s personnel required for the Work.

§ 6.6.10 Expenses, if any, incurred for Building Information Modeling Services.

§ 6.6.11 Utility costs, including, but not limited to, water, gas, oil, electricity; snow removal, weather protection, temporary toilets; protection and altering of public utilities; protection and repair of existing or adjoining property; rental property for storage of materials and equipment or parking; expense related to advertising and hiring construction workers for the Project; costs related to Construction Manager’s drug free workplace and safety administration for the Project; and the cost of discharge of mechanic’s lien not otherwise recoverable.

§ 6.6.13 Cost of the Construction Manager’s contractual warranty obligations shall be included in the Guaranteed Maximum Price at a rate one half of one percent (0.5%) of the Cost of Work. This rate is in addition to any warranty costs associated with vendor or Subcontractor warranties or guarantees.

§ 6.7 Other Costs and Emergencies

§ 6.7.1 Other costs incurred in the performance of the Work if, and to the extent, approved in advance in writing by the Owner.

§ 6.7.2 Costs incurred in taking action to prevent threatened damage, injury or loss in case of an emergency affecting the safety of persons and property, as provided in Section 10.4 of AIA Document A201-2007.

§ 6.7.3 Costs of repairing or correcting damaged or nonconforming Work executed by the Construction Manager, Subcontractors or suppliers, provided that such damaged or nonconforming Work was not caused by negligence or failure to fulfill a specific responsibility of the Construction Manager and only to the extent that the cost of repair or correction is not recovered by the Construction Manager from insurance, sureties, Subcontractors, suppliers, or others.

§ 6.7.4 The costs described in Sections 6.1 through 6.7 shall be included in the Cost of the Work, notwithstanding any provision of AIA Document A201-2007 or other Conditions of the Contract which may require the Construction Manager to pay such costs, unless such costs are excluded by the provisions of Section 6.8.
§ 6.8 Costs Not To Be Reimbursed
§ 6.8.1 The Cost of the Work shall not include the items listed below:
   .1 Salaries and other compensation of the Construction Manager’s personnel stationed at the Construction Manager’s principal office or offices other than the site office, except as specifically provided in Section 6.2, or as may be provided in Article 11;
   .2 Expenses of the Construction Manager’s principal office and offices other than the site office;
   .3 Overhead and general expenses, except as may be expressly included in Sections 6.1 to 6.7;
   .4 The Construction Manager’s capital expenses, including interest on the Construction Manager’s capital employed for the Work;
   .5 Except as provided in Section 6.7.3 of this Agreement, costs due to the negligence or failure of the Construction Manager, Subcontractors and suppliers or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable to fulfill a specific responsibility of the Contract;
   .6 Any cost not specifically and expressly described in Sections 6.1 to 6.7; and
   .7 Costs, other than costs included in Change Orders approved by the Owner, that would cause the Guaranteed Maximum Price to be exceeded.

§ 6.9 Discounts, Rebates and Refunds
§ 6.9.1 Cash discounts obtained on payments made by the Construction Manager shall accrue to the Owner if (1) before making the payment, the Construction Manager included them in an Application for Payment and received payment from the Owner, or (2) the Owner has deposited funds with the Construction Manager with which to make payments; otherwise, cash discounts shall accrue to the Construction Manager. Trade discounts, rebates, refunds and amounts received from sales of surplus materials and equipment shall accrue to the Owner, and the Construction Manager shall make provisions so that they can be obtained.

§ 6.9.2 Amounts that accrue to the Owner in accordance with the provisions of Section 6.9.1 shall be credited to the Owner as a deduction from the Cost of the Work.

§ 6.10 Related Party Transactions
§ 6.10.1 For purposes of Section 6.10, the term "related party" shall mean a parent, subsidiary, affiliate or other entity having common ownership or management with the Construction Manager; any entity in which any stockholder in, or management employee of, the Construction Manager owns any interest in excess of ten percent in the aggregate; or any person or entity which has the right to control the business or affairs of the Construction Manager. The term "related party" includes any member of the immediate family of any person identified above.

§ 6.10.2 If any of the costs to be reimbursed arise from a transaction between the Construction Manager and a related party, the Construction Manager shall notify the Owner of the specific nature of the contemplated transaction, including the identity of the related party and the anticipated cost to be incurred, before any such transaction is consummated or cost incurred. If the Owner, after such notification, authorizes the proposed transaction, then the cost incurred shall be included as a cost to be reimbursed, and the Construction Manager shall procure the Work, equipment, goods or service from the related party, as a Subcontractor, according to the terms of Sections 2.3.2.1, 2.3.2.2 and 2.3.2.3. If the Owner fails to authorize the transaction, the Construction Manager shall procure the Work, equipment, goods or service from some person or entity other than a related party according to the terms of Sections 2.3.2.1, 2.3.2.2 and 2.3.2.3.

§ 6.11 Accounting Records
The Construction Manager shall keep full and detailed records and accounts related to the cost of the Work and exercise such controls as may be necessary for proper financial management under this Contract and to substantiate all costs incurred. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner’s auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Construction Manager’s records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, subcontracts, Subcontractor’s proposals, purchase orders, vouchers, memoranda and other data relating to this Contract. The Construction Manager shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.
ARTICLE 7  PAYMENTS FOR CONSTRUCTION PHASE SERVICES

§ 7.1 Progress Payments

§ 7.1.1 Based upon Applications for Payment submitted to the Architect by the Construction Manager and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Construction Manager as provided below and elsewhere in the Contract Documents.

§ 7.1.2 The period covered by each Application for Payment shall be one (1) calendar month ending on the last day of the month.

§ 7.1.3 Provided that an Application for Payment is received by the Architect not later than the 1st day of a month, the Owner shall make payment of the certified amount to the Construction Manager not later than the 30th day of the same month. If an Application for Payment is received by the Architect after the application date fixed above, payment shall be made by the Owner not later than thirty (30) days after the Architect receives the Application for Payment.

(Federal, state or local laws may require payment within a certain period of time.)

(Paragraph deleted)

§ 7.1.4 The Application for Payment shall be submitted on AIA Form G702 and G703 to the Architect for approval for payment.

§ 7.1.5 Each Application for Payment shall be based on the most recent schedule of values submitted by the Construction Manager in accordance with the Contract Documents. The schedule of values shall allocate the entire Guaranteed Maximum Price among the various portions of the Work, except that the Construction Manager’s Fee shall be shown as a single separate item. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Architect may require. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Construction Manager’s Applications for Payment.

§ 7.1.6 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed, or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the Construction Manager on account of that portion of the Work for which the Construction Manager has made or intends to make actual payment prior to the next Application for Payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

§ 7.1.7 Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

1. Take that portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values. Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute shall be included as provided in Section 7.3.9 of AIA Document A201–2007;

2. Add that portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing;

3. Add the Construction Manager’s Fee. The Construction Manager’s Fee shall be computed upon the Cost of the Work at the rate stated in Section 5.1 or, if the Construction Manager’s Fee is stated as a fixed sum in that Section, shall be an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work bears to a reasonable estimate of the probable Cost of the Work upon its completion;

4. Subtract retainage of five percent (5%) from that portion of the Work that the Construction Manager self-performs;

5. Subtract the aggregate of previous payments made by the Owner;

6. Subtract the shortfall, if any, indicated by the Construction Manager in the documentation required by Section 7.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner’s auditors in such documentation; and

7. Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment as provided in Section 9.5 of AIA Document A201–2007.

§ 7.1.8 The Owner and Construction Manager shall agree upon (1) a mutually acceptable procedure for review and approval of payments to Subcontractors and (2) the percentage of retainage held on Subcontracts, and the Construction Manager shall execute subcontracts in accordance with those agreements.

§ 7.1.9 Except with the Owner’s prior approval, the Construction Manager shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 7.1.10 In taking action on the Construction Manager’s Applications for Payment, the Architect shall be entitled to rely on the accuracy and completeness of the information furnished by the Construction Manager and shall not be deemed to represent that the Architect has made a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Section 7.1.4 or other supporting data; that the Architect has made exhaustive or continuous on-site inspections; or that the Architect has made examinations to ascertain how or for what purposes the Construction Manager has used amounts previously paid on account of the Contract. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner’s auditors acting in the sole interest of the Owner.

§ 7.2 Final Payment
§ 7.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Construction Manager when:
.1 the Construction Manager has fully performed the Contract except for the Construction Manager’s responsibility to correct Work as provided in Section 12.2.2 of AIA Document A201–2007, and to satisfy other requirements, if any, which extend beyond final payment;
.2 the Construction Manager has submitted a final accounting for the Cost of the Work and a final Application for Payment; and
.3 a final Certificate for Payment has been issued by the Architect.

The Owner’s final payment to the Construction Manager shall be made no later than thirty (30) days after the issuance of the Architect’s final Certificate for Payment.

§ 7.2.2 The Owner’s auditors will review and report in writing on the Construction Manager’s final accounting within 30 days after delivery of the final accounting to the Architect by the Construction Manager. Based upon such Cost of the Work as the Owner’s auditors report to be substantiated by the Construction Manager’s final accounting, and provided the other conditions of Section 7.2.1 have been met, the Architect will, within seven days after receipt of the written report of the Owner’s auditors, either issue to the Owner a final Certificate for Payment with a copy to the Construction Manager, or notify the Construction Manager and Owner in writing of the Architect’s reasons for withholding a certificate as provided in Section 9.5.1 of the AIA Document A201–2007. The time periods stated in this Section supersede those stated in Section 9.4.1 of the AIA Document A201–2007. The Architect is not responsible for verifying the accuracy of the Construction Manager’s final accounting.

§ 7.2.3 If the Owner’s auditors report the Cost of the Work as substantiated by the Construction Manager’s final accounting to be less than claimed by the Construction Manager, the Construction Manager shall be entitled to request mediation of the disputed amount without seeking an initial decision pursuant to Section 15.2 of A201–2007. A request for mediation shall be made by the Construction Manager within 30 days after the Construction Manager’s receipt of a copy of the Architect’s final Certificate for Payment. Failure to request mediation within this 30-day period shall result in the substantiated amount reported by the Owner’s auditors becoming binding on the Construction Manager. Pending a final resolution of the disputed amount, the Owner shall pay the Construction Manager the amount certified in the Architect’s final Certificate for Payment.

§ 7.2.4 If, subsequent to final payment and at the Owner’s request, the Construction Manager incurs costs described in Section 6.1.1 and not excluded by Section 6.8 to correct defective or nonconforming Work, the Owner shall reimburse the Construction Manager such costs and the Construction Manager’s Fee applicable thereto on the same basis as if such costs had been incurred prior to final payment, but not in excess of the Guaranteed Maximum Price. If the Construction Manager has participated in savings as provided in Section 5.2.1, the amount of such savings shall be recalculated and appropriate credit given to the Owner in determining the net amount to be paid by the Owner to the Construction Manager.
ARTICLE 8 INSURANCE AND BONDS
For all phases of the Project, the Construction Manager and the Owner shall purchase and maintain insurance, and the Construction Manager shall provide bonds as set forth in Article 11 of AIA Document A201–2007.
(Provide requirements, if any, and limits of liability for insurance required in Article 11 of AIA Document A201–2007.)

(Table deleted)
§ 8.1 In lieu of purchasing subcontractor or supplier payment and performance bonds the Construction Manager may utilize coverage under the Contractor’s subcontractor default insurance program at a rate of one and one quarter percent (1.25%) of Subcontract Values to provide for reimbursement of any and all defaults of any and all enrolled Subcontractors or Suppliers. In the event a Subcontractor or Supplier is not eligible or otherwise fails to meet the risk analysis requirements for Contractor’s subcontractor default insurance program, the Contractor may require the Subcontractor or Supplier to furnish a performance and payment bond covering the faithful performance of the applicable Subcontract or Purchase Order Agreement and payment of obligations arising thereunder.

ARTICLE 9 DISPUTE RESOLUTION
§ 9.1 Any Claim between the Owner and Construction Manager shall be resolved in accordance with the provisions set forth in this Article 9 and Article 15 of A201–2007. However, for Claims arising from or relating to the Construction Manager’s Preconstruction Phase services, no decision by the Initial Decision Maker shall be required as a condition precedent to mediation or binding dispute resolution, and Section 9.3 of this Agreement shall not apply.

§ 9.2 For any Claim subject to, but not resolved by mediation pursuant to Section 15.3 of AIA Document A201–2007, the method of binding dispute resolution shall be as follows:
(Check the appropriate box. If the Owner and Construction Manager do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, Claims will be resolved by litigation in a court of competent jurisdiction.)

[X] Arbitration pursuant to Section 15.4 of AIA Document A201–2007

§ 9.3 Initial Decision Maker
The Architect will serve as the Initial Decision Maker pursuant to Section 15.2 of AIA Document A201–2007 for Claims arising from or relating to the Construction Manager’s Construction Phase (Paragraphs deleted) services.

ARTICLE 10 TERMINATION OR SUSPENSION
§ 10.1 Termination Prior to Establishment of the Guaranteed Maximum Price
§ 10.1.1 Prior to the execution of the Guaranteed Maximum Price Amendment, the Owner may terminate this Agreement upon not less than seven days’ written notice to the Construction Manager for the Owner’s convenience and without cause, and the Construction Manager may terminate this Agreement, upon not less than seven days’ written notice to the Owner, for the reasons set forth in Section 14.1.1 of A201–2007.

§ 10.1.2 In the event of termination of this Agreement pursuant to Section 10.1.1, the Construction Manager shall be equitably compensated for Preconstruction Phase services performed prior to receipt of a notice of termination. In no event shall the Construction Manager’s compensation under this Section exceed the compensation set forth in Section 4.1.

§ 10.1.3 If the Owner terminates the Contract pursuant to Section 10.1.1 after the commencement of the Construction Phase but prior to the execution of the Guaranteed Maximum Price Amendment, the Owner shall pay to the Construction Manager an amount calculated as follows, which amount shall be in addition to any compensation paid to the Construction Manager under Section 10.1.2:

.1 Take the Cost of the Work incurred by the Construction Manager to the date of termination;

User Notes:
2. Add the Construction Manager’s Fee computed upon the Cost of the Work to the date of termination at the rate stated in Section 5.1 or, if the Construction Manager’s Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion; and

3. Subtract the aggregate of previous payments made by the Owner for Construction Phase services.

The Owner shall also pay the Construction Manager fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Construction Manager which the Owner elects to retain and which is not otherwise included in the Cost of the Work under Section 10.1.3.1. To the extent that the Owner elects to take legal assignment of subcontracts and purchase orders (including rental agreements), the Construction Manager shall, as a condition of receiving the payments referred to in this Article 10, execute and deliver all such papers and take all such steps, including the legal assignment of such subcontracts and other contractual rights of the Construction Manager, as the Owner may require for the purpose of fully vesting in the Owner the rights and benefits of the Construction Manager under such subcontracts or purchase orders. All Subcontracts, purchase orders and rental agreements entered into by the Construction Manager will contain provisions allowing for assignment to the Owner as described above.

If the Owner accepts assignment of subcontracts, purchase orders or rental agreements as described above, the Owner will reimburse or indemnify the Construction Manager for all costs arising under the subcontract, purchase order or rental agreement, if those costs would have been reimbursable as Cost of the Work if the contract had not been terminated. If the Owner chooses not to accept assignment of any subcontract, purchase order or rental agreement that would have constituted a Cost of the Work had this agreement not been terminated, the Construction Manager will terminate the subcontract, purchase order or rental agreement and the Owner will pay the Construction Manager the costs necessarily incurred by the Construction Manager because of such termination.

§ 10.2 Termination Subsequent to Establishing Guaranteed Maximum Price
Following execution of the Guaranteed Maximum Price Amendment and subject to the provisions of Section 10.2.1 and 10.2.2 below, the Contract may be terminated as provided in Article 14 of AIA Document A201–2007.

§ 10.2.1 If the Owner terminates the Contract after execution of the Guaranteed Maximum Price Amendment, the amount payable to the Construction Manager pursuant to Sections 14.2 and 14.4 of A201–2007 shall not exceed the amount the Construction Manager would otherwise have received pursuant to Sections 10.1.2 and 10.1.3 of this Agreement.

§ 10.2.2 If the Construction Manager terminates the Contract after execution of the Guaranteed Maximum Price Amendment, the amount payable to the Construction Manager under Section 14.1.3 of A201–2007 shall not exceed the amount the Construction Manager would otherwise have received under Sections 10.1.2 and 10.1.3 above, except that the Construction Manager’s Fee shall be calculated as if the Work had been fully completed by the Construction Manager, utilizing as necessary a reasonable estimate of the Cost of the Work for Work not actually completed.

§ 10.3 Suspension
The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201–2007. In such case, the Guaranteed Maximum Price and Contract Time shall be increased as provided in Section 14.3.2 of AIA Document A201–2007, except that the term "profit" shall be understood to mean the Construction Manager’s Fee as described in Sections 5.1 and 5.3.5 of this Agreement.

ARTICLE 11 MISCELLANEOUS PROVISIONS
§ 11.1 Terms in this Agreement shall have the same meaning as those in A201–2007.

§ 11.2 Ownership and Use of Documents
Section 1.5 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

§ 11.3 Governing Law
Section 13.1 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

§ 11.4 Assignment
The Owner and Construction Manager, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Construction Manager shall assign this Agreement.
without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement. Except as provided in Section 13.2.2 of A201–2007, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 11.5 This Agreement and the performance thereof by both parties is contingent upon the obtaining of all necessary zoning and permits for the Project and written notice by the Owner to the Construction Manager to proceed with the Work.

§ 11.6 The Owner is to provide the Construction Manager with satisfactory evidence of construction financing.

§ 11.7 In the event the Construction Manager encounters on the site substances reasonably believed to be fungi or bacteria, the Construction Manager will immediately stop work in the area affected and report the condition to the Architect and Owner. Construction Manager shall resume work upon written direction from the Architect or Owner. Provided that Construction Manager complies with any direction received from Architect or Owner and employs reasonable and prudent construction practices, Construction Manager shall not be responsible for any claims, damages, losses or expenses to any person or property that occur or are alleged to occur as a result of any ingestion, contact with, or exposure to any fungi or bacteria. Construction Manager shall not be responsible for any damages or expenses arising from testing for, monitoring, abating, cleaning up, treating, disposing of, or in any way responding to the presence of or effects of any fungi or bacteria. Fungi means any type or form of fungus, including, but not limited to, yeast, mold, mildew, blight, or mushroom, and including any mycotoxins, spores, scents, or any other substances, products, or bi-products produced by, released or arising out of the current, past, presence of fungi.

§ 11.8 The GMP shall include a Contingency, as provided in the Guaranteed Maximum Price Amendment, which is available for Construction Manager's exclusive use for costs that are incurred in performing the Work that are not included in a specific line item or the basis for a Change Order under the Contract Documents. By way of example, and not as a limitation, such costs include trade buy-out differentials, overtime, acceleration, and Subcontractor defaults.

§ 11.9 Contract modifications due to inclement weather. During the construction phase of the Project (i.e. after the Date of Commencement) the Construction Manager has included in the Project schedule allowance days of inclement weather per the table below:

The Construction Manager shall document, in writing, to the Owner on a monthly basis all days on which critical path work could not be productively performed due to the effects of inclement weather, in increments of 1/2 day. Unproductive days in excess of those allowed per month, as listed above, shall constitute an extension of the contract completion date. Construction Manager shall be compensated for additional costs as a result of such time extension. Effects of weather impacts will be calculated and adjustments made to the Contract Price and Time on a monthly basis. Calendar days shall be used as the basis of tracking lost days.

ARTICLE 12 SCOPE OF THE AGREEMENT

§ 12.1 This Agreement represents the entire and integrated agreement between the Owner and the Construction Manager and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Construction Manager.

§ 12.2 The following documents comprise the Agreement:

12 SCOPE OF THE AGREEMENT

EXHIBIT A—GUARANTEED MAXIMUM PRICE AMENDMENT

§ 2.1.5.1 Based on the preliminary design and other design criteria prepared by the Architect, the Construction Manager shall prepare preliminary estimates of the Cost of the Work or the cost of program requirements using area, volume or similar conceptual estimating techniques for the Architect's review and Owner's approval. If the Architect or Construction Manager suggests alternative materials and systems, the Construction Manager shall provide cost evaluations of those alternative materials and systems.

§ 2.1.7.1 LONG LEAD TIME ITEMS

The Construction Manager shall recommend to the Owner and Architect a schedule for procurement of long-lead-time items which will constitute part of the Work as required to meet the Project schedule. If such long-lead-time items are procured by the Owner, they shall be procured on terms and conditions acceptable to the Construction Manager. The Construction Manager shall expedite the delivery of long-lead-time items.

§ 2.2.1 At a time to be mutually agreed upon by the Owner and the Construction Manager and in consultation with the Architect, the Construction Manager shall prepare a Guaranteed Maximum Price proposal for the Owner's review and acceptance. The Guaranteed Maximum Price in the proposal shall be the sum of the Construction Manager's estimate of the Cost of the Work, including contingencies described in Section 2.2.4, and the Construction Manager's Fee.

§ 2.2.8 The Owner shall authorize the Architect to provide the revisions to the Drawings and Specifications to incorporate the agreed-upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment. The Owner shall promptly furnish those revised Drawings and Specifications to the Construction Manager as they are revised. The Construction Manager shall notify the Owner and Architect of any inconsistencies between the Guaranteed Maximum Price Amendment and the revised Drawings and Specifications.

§ 2.3.2.3 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If the Subcontract is awarded on a cost plus a fee basis, the Construction Manager shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in Section 6.11 below.
§ 2.3.2.5 The Construction Manager shall schedule and conduct meetings to discuss such matters as procedures, progress, coordination, scheduling, and status of the Work. The Construction Manager shall prepare and promptly distribute minutes to the Owner and Architect.

...

§ 3.1.1 The Owner shall provide information with reasonable promptness, regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner’s objectives, constraints, and criteria, including schedule, space requirements and relationships, flexibility and expandability, special equipment, systems, sustainability and site requirements.

PAGE 8

The Owner shall retain an Architect to provide services, duties and responsibilities as described in AIA-Document B132™-2014, a Standard Form of Agreement Between Owner and Architect, Construction Manager as Constructor Edition—Architect. The Owner shall provide the Construction Manager a copy of the executed agreement between the Owner and the Architect, and any further modifications to the agreement.

...

A lump sum amount of One Hundred Twenty Two Thousand Five Hundred Dollars ($122,500) as follows:

From execution of contract to bond (April, 2020) = $60,000 which will be reimbursable contingent on the project being constructed following the April bond election.

Remaining $62,500 from April, 2020 through establishment of GMP.

§ 4.1.3 If the Preconstruction Phase services covered by this Agreement have not been completed within (—) months of the date of this Agreement, though no fault of the Construction Manager, the Construction Manager’s compensation for Preconstruction Phase services shall be equitably adjusted. Compensation for Preconstruction Phase services shall be equitably adjusted if such services extend beyond February, 2021, full detailed updated budgets (termed deliverables) exceed five (5) ea or if the originally contemplated scope of services is significantly modified or if the Owner’s Budget is significantly increased. The price for Preconstruction services shall be equitably adjusted based on hourly rates (Exhibit A). Costs for preconstruction services are based on providing construction phase services for the Work. If the Construction Manager is terminated for convenience prior to approval of the Guaranteed Maximum Price or start of the Work, the Construction Manager shall be entitled to reimbursement for its actual costs incurred in providing preconstruction services.

§ 4.1.4 Compensation based on Direct Personnel Expense includes the direct salaries of the Construction Manager’s personnel providing Preconstruction Phase services on the Project and the Construction Manager’s costs for the mandatory and customary contributions and benefits related thereto, such as employment taxes and other statutory employee benefits, insurance, sick leave, holidays, vacations, employee retirement plans and similar contributions. See Exhibit A for Hourly Rates for direct personnel expense.

PAGE 9

§ 4.2.2 Payments are due and payable upon presentation of the Construction Manager’s invoice. Amounts unpaid (—) thirty (30) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Construction Manager.

(Insert rate of monthly or annual interest agreed upon.)

...

§ 5.1 For the Construction Manager’s performance of the Work as described in Section 2.3, the Owner shall pay the Construction Manager the Contract Sum in current funds for the Construction Manager’s performance of the Contract. The Contract Sum is the Cost of the Work as defined in Section 6.1.1 plus the Construction Manager’s Fee.
Two and Three Quarters Percent (2.75%) of the Guaranteed Maximum Price.

...

For changes in the Work, the Construction Manager’s Fee shall remain equal to Two and Three Quarters Percent (2.75%) of the Cost of Work.

§ 5.1.3 Limitations, if any, on a Subcontractor’s overhead and profit for increases in the cost of its portion of the Work: None.

§ 5.1.4 Rental rates for Construction Manager-owned equipment shall not exceed percent (—One Hundred percent (100 %) of the standard rate paid at the place of the Project.

§ 5.1.5 Unit prices, if any: (Identify and state the unit price, state the quantity limitations, if any, to which the unit price will be applicable.)

§ 6.5.1 Costs of transportation, storage, installation, maintenance, dismantling and removal of materials, supplies, temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site and fully consumed in the performance of the Work. Costs of materials, supplies, temporary facilities, machinery, equipment and tools that are not fully consumed shall be based on the cost or value of the item at the time it is first used on the Project site less the value of the item when it is no longer used at the Project site. Costs for items not fully consumed by the Construction Manager shall mean fair market value.

§ 6.5.2 Rental charges for temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site and costs of transportation, installation, minor repairs, dismantling and removal. The total rental cost of any Construction Manager-owned item may not exceed the purchase price of any comparable item. Rates of Construction Manager-owned equipment and quantities of equipment shall be subject to the Owner’s prior approval for such equipment to be charged at fair market rates.

...

§ 6.6.1 Premiums for that portion of insurance and bonds, insurance, deductibles and bonds and deductibles incurred required by the Contract Documents that can be directly attributed to this Contract. Self-insurance for either full or partial amounts of the coverages required by the Contract Documents, with the Owner’s prior approval. Amounts for:

(1) the Construction Manager’s General Liability Insurance shall be billed at the rate of ninety-five one hundredth percent (0.95%) of the Contract Sum; (2) premiums for Builder’s Risk Insurance, if required of the Construction
Manager per the written approval of the Owner, shall be billed at the rate of thirty-five one hundredths percent (0.35%) of the Contract Sum; and (3) premiums for Payment and Performance Bonds, if required of the Construction Manager, shall be billed at the rate of ninety one hundredths percent (0.90%) of the Contract Sum.

§ 7.1.2 The period covered by each Application for Payment shall be one (1) calendar month ending on the last day of the month, or as follows:

month.

§ 7.1.3 Provided that an Application for Payment is received by the Architect not later than the 1st day of a month, the Owner shall make payment of the certified amount to the Construction Manager not later than the 30th day of the same month. If an Application for Payment is received by the Architect after the application date fixed above, payment shall be made by the Owner not later than (→) thirty (30) days after the Architect receives the Application for Payment.

§ 7.1.4 With each Application for Payment, the Construction Manager shall submit payrolls, petty cash accounts, receipted invoices or vouchers with check vouchers attached, and any other evidence required by the Owner or Architect to demonstrate that cash disbursements already made by the Construction Manager on account of the Cost of the Work equal or exceed progress payments already received by the Construction Manager, less that portion of those payments attributable to the Construction Manager's Fee, plus payrolls for the period covered by the present Application for Payment.

§ 7.1.4 The Application for Payment shall be submitted on AIA Form G702 and G703 to the Architect for approval for payment.

§ 8.1 In lieu of purchasing subcontractor or supplier payment and performance bonds the Construction Manager may utilize coverage under the Contractor's subcontractor default insurance program at a rate of one and one quarter percent (1.25%) of Subcontract Values to provide for reimbursement of any and all defaults of any and all enrolled Subcontractors or Suppliers. In the event a Subcontractor or Supplier is not eligible or otherwise fails to meet the risk analysis requirements for Contractor's subcontractor default insurance program, the Contractor may require the Subcontractor or Supplier to furnish a performance and payment bond covering the faithful performance of the applicable Subcontract or Purchase Order Agreement and payment of obligations arising thereunder.

[ ] Arbitration pursuant to Section 15.4 of AIA Document A201–2007

... The Architect will serve as the Initial Decision Maker pursuant to Section 15.2 of AIA Document A201–2007 for Claims arising from or relating to the Construction Manager's Construction Phase services, unless the parties appoint below another individual, not a party to the Agreement, to serve as the Initial Decision Maker.

services.

PAGE 18

§ 11.5 Other provisions: This Agreement and the performance thereof by both parties is contingent upon the obtaining of all necessary zoning and permits for the Project and written notice by the Owner to the Construction Manager to proceed with the Work.

§ 11.6 The Owner is to provide the Construction Manager with satisfactory evidence of construction financing.

§ 11.7 In the event the Construction Manager encounters on the site substances reasonably believed to be fungi or bacteria, the Construction Manager will immediately stop work in the area affected and report the condition to the Architect and Owner. Construction Manager shall resume work upon written direction from the Architect or Owner. Provided that Construction Manager complies with any direction received from Architect or Owner and employs reasonable and prudent construction practices, Construction Manager shall not be responsible for any claims, damages, losses or expenses to any person or property that occur or are alleged to occur as a result of any ingestion, contact with, or exposure to any fungi or bacteria. Construction Manager shall not be responsible for any damages or expenses arising from testing for, monitoring, abating, cleaning up, treating, disposing of, or in any way responding to
the presence of or effects of any fungi or bacteria. Fungi means any type or form of fungus, including, but not limited to, yeast, mold, mildew, blight, or mushroom, and including any mycotoxins, spores, scents, or any other substances, products, or bi-products produced by, released or arising out of the current, past, presence of fungi.

§ 11.8 The GMP shall include a Contingency, as provided in the Guaranteed Maximum Price Amendment, which is available for Construction Manager’s exclusive use for costs that are incurred in performing the Work that are not included in a specific line item or the basis of a Change Order under the Contract Documents. By way of example, and not as a limitation, such costs include trade buy-out differentials, overtime, acceleration, and Subcontractor defaults.

§ 11.9 Contract modifications due to inclement weather. During the construction phase of the Project (i.e., after the Date of Commencement) the Construction Manager has included in the Project schedule allowance days of inclement weather per the table below:

<table>
<thead>
<tr>
<th>January</th>
<th>6 days</th>
<th>May</th>
<th>4 days</th>
<th>September</th>
<th>3 days</th>

</table>

The Construction Manager shall document, in writing, to the Owner on a monthly basis all days on which critical path work could not be productively performed due to the effects of inclement weather, in increments of 1/4 days. Unproductive days in excess of those allowed per month, as listed above, shall constitute an extension of the contract completion date. Construction Manager shall be compensated for additional costs as a result of such time extension. Effects of weather impacts will be calculated and adjustments made to the Contract Price and Time on a monthly basis. Calendar days shall be used as the basis of tracking lost days.

ARTICLE 1 GENERAL PROVISIONS
§ 1.1 Basic Definitions
§ 1.1.1 The Contract Documents
The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (herein after the “General Conditions”), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor’s bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

§ 1.1.2 The Contract
The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect’s consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect’s consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect’s duties.

§ 1.1.3 The Work
The term “Work” means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor’s obligations. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project
The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings
The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications
The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

§ 1.1.7 Instruments of Service
Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect’s consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.2 Correlation and Intent of the Contract Documents
§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and

enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties’ intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.3 Capitalization
Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

§ 1.4 Interpretation
In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service
§ 1.5.1 The Architect and the Architect’s consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and retain all common law, statutory, and other reserved rights in their Instruments of Service, including copyrights. The Contractor, Subcontractors, Sub-subcontractors, and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the Architect’s or Architect’s consultants’ reserved rights.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect’s consultants.

§ 1.6 Notice
§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.6.2 Notice of Claims as provided in Section 15.1.3 shall be provided in writing and shall be deemed to have been duly served only if delivered to the designated representative of the party to whom the notice is addressed by certified or registered mail, or by courier providing proof of delivery.

§ 1.7 Digital Data Use and Transmission
If necessary, the parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form.

§ 1.8 Building Information Models Use and Reliance
Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E0203™-2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™-2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party’s sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.
ARTICLE 2 OWNER
§ 2.1 General
§ 2.1.1 The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner’s approval or authorization. Except as otherwise provided in Section 4.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner’s authorized representative.

§ 2.1.2 The Owner shall furnish to the Contractor, within fifteen days after receipt of a written request, information necessary and relevant for the Contractor to evaluate, give notice of, or enforce mechanic’s lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner’s interest therein.

§ 2.2 Evidence of the Owner’s Financial Arrangements
§ 2.2.1 Prior to commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner’s obligations under the Contract. The Contractor shall have no obligation to commence the Work until the Owner provides such evidence. If commencement of the Work is delayed under this Section 2.2.1, the Contract Time shall be extended appropriately.

§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner’s obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner’s ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within seven (7) days of the Contractor’s request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor’s reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.2.3 After the Owner furnishes evidence of financial arrangements under this Section 2.2, the Owner shall not materially vary such financial arrangements without prior notice to the Contractor.

§ 2.2.4 Where the Owner has designated information furnished under this Section 2.2 as "confidential," the Contractor shall keep the information confidential and shall not disclose it to any other person. However, the Contractor may disclose "confidential" information, after seven (7) days’ notice to the Owner, where disclosure is required by law, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or by court or arbitrator(s) order. The Contractor may also disclose "confidential" information to its employees, consultants, sureties, Subcontractors and their employees, Sub-subcontractors, and others who need to know the content of such information solely and exclusively for the Project and who agree to maintain the confidentiality of such information.

§ 2.3 Information and Services Required of the Owner
§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, casements, assessments, utility hook-up, capital costs and charges, development fees, permits, tap and sewer fees and other governmental fees and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The Contractor shall be entitled to rely on the accuracy of
information furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work.

§ 2.3.5 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner’s control and relevant to the Contractor’s performance of the Work with reasonable promptness after receiving the Contractor’s written request for such information or services.

§ 2.3.6 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor sufficient copies of the Contract Documents as requested and necessary for the execution of the Work.

§ 2.4 Owner’s Right to Stop the Work
If the Contractor fails to correct Work that is not in accordance with the requirements of the Contract Documents as required by Section 12.2 or repeatedly fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity, except to the extent required by Section 6.1.3.

§ 2.5 Owner’s Right to Carry Out the Work
If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten (10) day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner’s expenses and compensation for the Architect’s additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

ARTICLE 3 CONTRACTOR
§ 3.1 General
§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor’s authorized representative.

§ 3.1.2 The Contractor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect’s administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor
§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the
Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor’s review is made in the Contractor’s capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor’s notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor performs Work knowing it to involve an error, omission, or inconsistency in the Contract Documents without providing notice to the Owner or Architect, the Contractor shall pay such costs as are reasonably necessary to correct such Work. The Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, or differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

§ 3.3 Supervision and Construction Procedures
§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor’s best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor’s proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor’s employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 3.4 Labor and Materials
§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor’s employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.
§ 3.5 Warranty
§ 3.5.1 The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor’s warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. This Contractor’s warranty as set forth in this Section 3.5.1 shall commence upon Substantial Completion of the Work and continue for a period of one (1) year thereafter. The Contractor shall assign to the Owner all specific written warranties provided by Subcontractors, vendors, and manufacturers and all such specific warranties shall continue as noted herein. No other warranties, including implied warranties, are provided.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.6 Taxes
The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.7 Permits, Fees, Notices and Compliance with Laws
§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.2 The Contractor shall comply with and give notices required by laws, statutes, ordinances, codes, rules, regulations and lawful orders of public authorities, to the extent any of the foregoing are applicable to performance of the Work.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7.4 Concealed or Unknown Conditions
If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor’s cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect’s determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. By Change Order, the Contract Time
shall be extended appropriately and the Contract Sum shall be increased in the amount of the Contractor’s reasonable additional costs of shut-down, delay and start-up.

§ 3.8 Allowances
§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents:

1. allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

2. Contractor’s costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and

3. whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor’s costs under Section 3.8.2.2.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner with reasonable promptness.

§ 3.9 Superintendent
§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within fourteen (14) days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the fourteen (14) day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner’s consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor’s Construction and Submittal Schedules
§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall submit for the Owner’s and Architect’s information a Contractor’s construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule. The submittal schedule shall (1) be coordinated with the Contractor’s construction schedule, and (2) allow the Architect reasonable time to review submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.11 Documents and Samples at the Site
The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and
delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples
§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect’s approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect’s approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect’s approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor’s responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely
upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional’s written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor’s design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.13 Use of Site
The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment.

§ 3.14 Cutting and Patching
§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially complete construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

§ 3.15 Cleaning Up
§ 3.15.1 The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor’s tools, construction equipment, machinery, and surplus materials from and about the Project.

§ 3.15.2 If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

§ 3.16 Access to Work
The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located. The Owner and Architect and each of their employees, consultants, separate contractors, and invitees agree to abide by Contractor’s site safety rules and directives. In the event the Owner desires to bring its invitees or other guests to the site prior to substantial completion of the Work, the Owner agrees to (i) indemnify the Contractor from any claims made by such third parties for property damage or personal injury and (ii) require that said invitees provide Contractor with a release on Contractor’s approved release form prior to entry on the site.

§ 3.17 Royalties, Patents and Copyrights
The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or
patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

§ 3.18 Indemnification
§ 3.18.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner and its agents and employees from and against claims, damages, losses, and expenses, including but not limited to reasonable attorneys’ fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.18.

§ 3.18.2 In claims against any person or entity indemnified under this Section 3.18 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under Section 3.18.1 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Contractor or a Subcontractor under workers’ compensation acts, disability benefit acts, or other employee benefit acts.

§ 3.18.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor from and against any claims, damages, losses, costs and expense, including reasonable attorneys’ fees arising out of or resulting from the Project or the Agreement, but only to the extent caused by the negligent acts or omissions of the Owner or anyone for whose actions or inactions Owner may be liable, regardless of whether or not such claim, damages, loss, cost or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party described in this Section 3.18.

ARTICLE 4 ARCHITECT
§ 4.1 General
§ 4.1.1 The Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

§ 4.1.2 Duties, responsibilities, and limitations of authority of the Architect as set forth in the Contract Documents shall not be restricted, modified, or extended without written consent of the Owner, Contractor, and Architect. Consent shall not be unreasonably withheld.

§ 4.2 Administration of the Contract
§ 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner’s representative during construction until the date the Architect issues the final Certificate for Payment. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor’s rights and responsibilities under the Contract Documents.

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. The Architect will not be responsible for the Contractor’s failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not
have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications
The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect’s services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect’s consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

§ 4.2.5 Based on the Architect’s evaluations of the Contractor’s Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor’s submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect’s action will be taken in accordance with the submittal schedule approved by the Architect and the Contractor or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect’s professional judgment to permit adequate review but, in no event, so as to cause any delay in the Work or in the activities of the Owner, Contractor, or separate contractors. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect’s review of the Contractor’s submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect’s review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect’s approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 4.2.8 The Architect or Contractor will prepare Change Orders and Construction Change Directives, and the Architect may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner’s review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect’s responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning the design intent under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect’s response to such requests will be made in writing within seven (7) days unless otherwise mutually agreed upon by the parties.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings. When making such interpretations
and decisions, the Architect will endeavor to secure faithful performance by both Owner and Contractor, will not show partiality to either, and will not be liable for results of interpretations or decisions rendered in good faith.

§ 4.2.13 The Architect’s decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect’s response to such requests will be made in writing within seven (7) days from submission of the request for information unless otherwise by the parties. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5  SUBCONTRACTORS
§ 5.1 Definitions
§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work
§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within fourteen (14) days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect has reasonable objection to any such proposed person or entity. Failure of the Architect to provide notice within the fourteen (14) day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor’s Work.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

§ 5.3 Subcontractual Relations
By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor’s Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents (which may be redacted) to which the Subcontractor will be bound.

§ 5.4 Contingent Assignment of Subcontracts

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause pursuant to Section 14.2 and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than thirty (30) days, the Subcontractor's compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity. If the Owner assigns the subcontract to a successor contractor or other entity, the Owner shall nevertheless remain legally responsible for all of the successor contractor's obligations under the subcontract.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract, including those provisions of the Conditions of the Contract related to insurance and waiver of subrogation.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. The Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.
§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor’s delays, improperly timed activities or defective construction. The Owner shall reimburse the Contractor for costs the Contractor incurs because of a Separate Contractor’s delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner’s Right to Clean Up
If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK
§ 7.1 General
§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work. Notwithstanding the foregoing, if the Owner agrees, pursuant to the terms of any agreement between the Owner and its lender(s), not to make changes without the lender’s prior approval, then the Contractor shall not be obligated to perform any such changes until and unless such the Owner’s lender’s written approval has been received.

§ 7.2 Change Orders
§ 7.2.1 A Change Order is a written instrument signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:
.1 The change in the Work;
.2 The amount of the adjustment, if any, in the Contract Sum; and
.3 The extent of the adjustment, if any, in the Contract Time.

§ 7.3 Construction Change Directives
§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:
.1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
.2 Unit prices stated in the Contract Documents or subsequently agreed upon;
.3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or, if none of these methods apply, then
As provided in Section 7.3.4.

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in the Agreement, or if no such amount is set forth in the Agreement, a reasonable amount. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

1. Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers’ compensation insurance, and other employee costs approved by the Architect;
2. Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;
3. Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
4. Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and
5. Costs of supervision and field office personnel directly attributable to the change.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, but subject to the terms of Section 2.2.1 and Section 7.1.3 herein, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor’s agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor’s agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Architect. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor’s actual, direct costs of performing the Work shall be included in Applications for Payment and shall be paid by the Owner, subject to the right of either party to disagree and assert a Claim in accordance with Article 15. Pending mutual agreement upon an adjustment to the Contract Sum, the Contract Sum shall, for purposes of making payments to the Contractor, be adjusted by the actual and direct cost of performing the Work.

§ 7.3.10 When the Owner and Contractor reach an agreement upon adjustments to the Contract Sum or Contract Time, such agreement shall be effective immediately and memorialized by Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.4 Minor Changes in the Work
The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect’s order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect’s order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.
ARTICLE 8  TIME
§ 8.1 Definitions
§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 8.2 Progress and Completion
§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time
§ 8.3.1 If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or Architect, or of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, or other causes beyond the Contractor’s control; (4) by delay authorized by the Owner pending mediation and binding dispute resolution; or (5) by other causes that the Contractor asserts, and the Architect determines, justify delay, then the Contract Time shall be extended for such reasonable time as the Architect may determine.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Section 8.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 9  PAYMENTS AND COMPLETION
§ 9.1 Contract Sum
§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values
Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor’s Applications for Payment. Any changes to the schedule of values shall be submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor’s subsequent Applications for Payment.
§ 9.3 Applications for Payment
§ 9.3.1 At least ten (10) days before the date established for each progress payment, the Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The Application shall be notarized, if required, and supported by all data substantiating the Contractor’s right to payment that the Owner or Architect reasonably require, such as copies of requisitions, and conditional releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage if provided for in the Contract Documents.

§ 9.3.1.1 As provided in Section 7.3.9, such Applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner’s title to such materials and equipment or otherwise protect the Owner’s interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor’s knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment
§ 9.4.1 The Architect will, within seven (7) days after receipt of the Contractor’s Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor, or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect’s reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect’s reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect’s evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect’s knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor’s right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.5 Decisions to Withhold Certification
§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect’s opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the
Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of:

1. defective Work not remedied;
2. third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
3. failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
4. reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
5. damage to the Owner or a Separate Contractor;
6. reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
7. repeated failure to carry out the Work in accordance with the Contract Documents.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

(Paragraph deleted)

§ 9.6 Progress Payments

§ 9.6.1 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Contract Documents, and shall so notify the Architect.

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven (7) days after receipt of payment from the Owner, under the terms of the subcontract agreements and applicable law. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 Deleted.

§ 9.6.4 Upon reasonable documented evidence, the Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work pursuant to the terms of the subcontract agreements. If the Contractor fails to furnish such evidence within seven (7) days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.
§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney’s fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor in writing. If allowed by applicable law, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment
If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven (7) days after receipt of the Contractor’s Application for Payment, or if the Owner does not pay the Contractor by the date established in the Contract Documents, the amount certified by the Architect, or if the Owner does not promptly furnish evidence as required by Subparagraph 2.2.1 herein, then the Contractor may, upon three (3) additional days’ notice to the Owner and Architect, stop the Work until payment of the amount owing has been received, or until such reasonable evidence is received and approved by the Contractor, as applicable, or until termination of the Agreement under Section 14.1. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor’s reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.7.1 In the event a Subcontractor slows progress, stops work, or terminates its subcontract agreement or purchase order because of nonpayment or delayed payment by the Owner, the Contract Sum and Contract Time shall be equitably adjusted for all consequences, including, but not limited to, increased replacement or acceleration costs.

§ 9.8 Substantial Completion
§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents. The list of items to be completed and corrected is referred to as the "Punch List." All necessary parties shall be involved in creation and validation of the Punch List so that a contemporaneous and integrated Punch List is established. Such parties may include the Owner, Architect, Contractor, other designers and engineers, Owner’s representative, and Subcontractors.

§ 9.8.3 Upon receipt of the Contractor’s list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect’s inspection discloses any item, whether or not included on the Contractor’s list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate. Upon such acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Such payment shall be adjusted for Work that is incomplete or not in accordance with the requirements of the Contract Documents.
§ 9.9 Partial Occupancy or Use
§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by the public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall assist in the preparation of a Punch List and submit the same to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.10 Final Completion and Final Payment
§ 9.10.1 Upon receipt of the Contractor’s notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect’s knowledge, information and belief, and on the basis of the Architect’s on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect’s final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor’s being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit, in the form of a conditional final lien waiver, that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner’s property might be responsible or encumbered (for which the Owner has made payment to the Contractor less amounts withheld by the Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) if required by the Owner, a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment, (5) documentation of any special warranties, such as manufacturers’ warranties or specific Subcontractor warranties, and (5) if reasonably required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and conditional releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be reasonably designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys’ fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, the Owner shall, upon application by the Contractor, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from
1. liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
2. failure of the Work to comply with the requirements of the Contract Documents;
3. terms of special warranties required by the Contract Documents; or
4. audits performed by the Owner, if permitted by the Contract Documents, after final payment.
§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY
§ 10.1 Safety Precautions and Programs
The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 10.2 Safety of Persons and Property
§ 10.2.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to:
.1 employees on the Work and other persons who may be affected thereby;
.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and
.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, a Separate Contractor, or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor’s obligations under Section 3.18.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor’s organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor’s superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property
If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding twenty-one (21) days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.
§ 10.3 Hazardous Materials and Substances
§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition. The Contractor shall have no responsibility for the discovery, presence, handling, removal, disposal or exposure of persons to hazardous substances existing in any form at the site unless the Contractor or anyone for whom the Contractor is liable introduces the hazardous substance to the site.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself if insured under the applicable builder's risk policy required hereunder), except to the extent that such damage, loss, or expense is due to the sole fault or negligence of the party seeking indemnity.

§ 10.3.3.1 The obligations of the Owner as set forth in this Paragraph 10.3 shall survive the termination of the Contract.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Contractor, the Contractor is held liable for the cost of remediation of a hazardous material or substance by reason of performing Work as required by the Contract Documents, the Owner shall reimburse the Contractor for all cost and expense thereby incurred including but not limited to reasonable attorneys' fees.

§ 10.4 Emergencies
In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury, or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Article 15 and Article 7.
ARTICLE 11 INSURANCE AND BONDS
§ 11.1 Contractor's Insurance and Bonds
§ 11.1.1 Unless otherwise provided in the Contract Documents, the Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner shall be named as an additional insured under the Contractor’s commercial general liability policy or as otherwise described in the Contract Documents.

§ 11.1.2 The Contractor shall provide surety bonds of the types, for such penal sums, and subject to such terms and conditions as required by the Contract Documents. The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located.

§ 11.1.3 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

§ 11.1.4 Notice of Cancellation or Expiration of Contractor's Required Insurance. Within three (3) business days of the date the Contractor becomes aware of an impending or actual cancellation or expiration of any insurance required by the Contract Documents, the Contractor shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Contractor, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Contractor. The furnishing of notice by the Contractor shall not relieve the Contractor of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance
§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may, in the Contractor’s discretion, delay or suspend commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Contractor purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.
§ 11.3 Waivers of Subrogation
§ 11.3.1 The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents, and employees, each of the other; (2) the Architect and Architect’s consultants; and (3) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by the Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Contractor, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Architect, Architect’s consultants, Separate Contractors, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If during the Project construction period the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance
The Owner, at the Owner’s option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner’s property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner’s property, due to fire or other hazards however caused.

§11.5 Adjustment and Settlement of Insured Loss
§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the named insured as aforesaid and made payable to the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have fourteen (14) days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK
§ 12.1 Uncovering of Work
§ 12.1.1 If a portion of the Work is covered contrary to the Architect’s request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect’s examination and be replaced at the Contractor’s expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the
Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work
§ 12.2.1 Before Substantial Completion
The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion
§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one (1) year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of written notice from the Owner or architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.3 Acceptance of Nonconforming Work
If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS
§ 13.1 Governing Law
The Contract shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 15.4.

Init. /
§ 13.2 Successors and Assigns
§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment, that party shall remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, with consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner’s rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment, provided such assignment does not alter the Contractor’s rights under the Contract Documents.

§ 13.3 Rights and Remedies
§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections
§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals. The Contractor shall give the Architect timely notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 13.4.2 If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Architect will, upon written authorization from the Owner, instruct the Contractor to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Contractor shall give timely notice to the Architect of when and where tests and inspections are to be made so that the Architect may be present for such procedures. Such costs, except as provided in Section 13.4.3, shall be at the Owner’s expense.

§ 13.4.3 If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect’s services and expenses, shall be at the Contractor’s expense.

§ 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 13.5 Interest
Payments due and unpaid under the Contract Documents shall bear interest from the date payment is due at the rate the parties agree upon in writing or, in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.
ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of thirty (30) cumulative days over the entire Project schedule through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

1. Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
2. An act of government, such as a declaration of national emergency, that requires all Work to be stopped;
3. Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents;
4. repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3; or
5. The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 Deleted.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven (7) days’ notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.

§ 14.1.4 If the Work is stopped for a period of thirty (30) cumulative days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner’s obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon written notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1 The Owner may terminate the Contract if the Contractor

1. repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
2. fails to make payment to Subcontractors or suppliers in accordance with the respective agreements between the Contractor and the Subcontractors or suppliers;
3. repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
4. otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, the Owner shall provide the Contractor written notice describing the alleged Contractor default and providing the Contractor a reasonable opportunity to cure. Provided the Contractor fails or refuses to cure such default, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor’s surety, if any, seven (7) days’ notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

1. After allowing the Contractor to remove all of the Contractor’s personal property, exclude the Contractor from the site and take possession of all materials paid for by the Owner;
2. Accept assignment of subcontracts pursuant to Section 5.4; and
3. Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Contractor, the Owner shall furnish to the Contractor a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect’s services and expenses made necessary thereby, and other damages incurred by the Owner and not
expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Architect, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3 Suspension by the Owner for Convenience
§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may reasonably determine.

§ 14.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent:
.1 that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Contractor is responsible; or
.2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience
§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner’s convenience and without cause.

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner’s convenience, the Contractor shall:
.1 cease operations as directed by the Owner in the notice;
.2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

§ 14.4.3 In case of such termination for the Owner’s convenience, the Owner shall pay the Contractor for Work properly executed as well as reasonable overhead and profit on Work not executed; costs incurred by reason of the termination, including costs attributable to termination of Subcontracts, and the termination fee, if any, set forth in the Agreement.

ARTICLE 15 CLAIMS AND DISPUTES
§ 15.1 Claims
§ 15.1.1 Definition
A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term “Claim” also includes any dispute and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims
The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than ten (10) years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims
§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party and to the Architect. Claims by either party under this Section 15.1.3.1 shall be initiated within twenty-one (21) days after occurrence of the event giving rise to such Claim or within twenty-one (21) days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.
§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party. In such event, no decision by the Initial Decision Maker is required.

§ 15.1.4 Continuing Contract Performance
§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Architect’s decision, subject to the right of either party to proceed in accordance with this Article 15.

§ 15.1.5 Claims for Additional Cost
If the Contractor wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time
§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor’s Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages
The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes:

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party’s termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 Initial Decision
§ 15.2.1 In the event either party makes a Claim, the parties shall meet within thirty (30) days after the making of the Claim for the purpose of resolving the Claim. Either party may request that the Architect attend this meeting. If such a meeting does not occur within said thirty (30) days, either party may request that the Claim be mediated pursuant to Section 15.3.

(Paragraphs deleted)

§ 15.3 Mediation
§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 15.1.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 15.3.2 The parties shall endeavor to resolve their Claims by mediation. A request for mediation shall be made in writing and delivered to the other party to the Contract. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of sixty (60) days from the date of filing.
unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section 15.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 Either party may, within thirty (30) days from the date that mediation has been concluded without resolution of the dispute or sixty (60) days after mediation has been demanded without resolution of the dispute, demand in writing that the other party file for binding dispute resolution. If such a demand is made and the party receiving the demand fails to file for binding dispute resolution within sixty (60) days after receipt thereof, then both parties waive their rights to binding dispute resolution proceedings with respect to the initial demand.

§ 15.3.4 The parties shall share the mediator’s fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 15.4 Arbitration
§ 15.4.1 If the parties have selected arbitration as the method for binding dispute resolution in the Agreement, any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 15.4.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 15.4.4 Consolidation or Joinder
§ 15.4.4.1 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Subject to the rules of the American Arbitration Association or other applicable arbitration rules, either party may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 15.4.4.3 The Owner and Contractor grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Contractor under this Agreement.

The Contract Documents are enumerated in the Agreement between the Owner and Contractor (hereinafter the Agreement) and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), (herein after the "General Conditions"), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive, or (4) a written order for a minor change in the Work issued by the Architect. Unless specifically enumerated in the Agreement, the Contract Documents do not include the advertisement or invitation to bid, Instructions to Bidders, sample forms, other information furnished by the Owner in anticipation of receiving bids or proposals, the Contractor’s bid or proposal, or portions of Addenda relating to bidding or proposal requirements.

...

§ 11.1.8 Initial Decision Maker
The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2. The Initial Decision Maker shall not show partiality to the Owner or Contractor and shall not be liable for results of interpretations or decisions rendered in good faith.

The if necessary, the parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™. 2013; Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.
§ 2.2.2 Following commencement of the Work and upon written request by the Contractor, the Owner shall furnish to the Contractor reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Contractor as the Contract Documents require; (2) the Contractor identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen (14) days of the Contractor's request, the Contractor may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Contractor may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 2.2.2, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Contract Documents.

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments, utility hook-up, capital costs and charges, development fees, permits, tap and sewer fees and other governmental fees and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.8 Unless otherwise provided in the Contract Documents, the Owner shall furnish to the Contractor one copy of the Contract Documents for purposes of making reproductions pursuant to Section 1.5.2 sufficient copies of the Contract Documents as requested and necessary for the execution of the Work.

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a ten-day (10) day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. Such action by the Owner and amounts charged to the Contractor are both subject to prior approval of the Architect and the Architect may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.
§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, performs Work knowing it to involve an error, omission, or inconsistency in the Contract Documents without providing notice to the Owner or Architect, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs these obligations, they are reasonably necessary to correct such Work. The Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

PAGE 15

§ 3.5.1 The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. This Contractor's warranty as set forth in this Section 3.5.1 shall commence upon Substantial Completion of the Work and continue for a period of one (1) year thereafter. The Contractor shall assign to the Owner all specific written warranties provided by Subcontractors, vendors, and manufacturers and all such specific warranties shall continue as noted herein. No other warranties, including implied warranties, are provided.

...  

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities laws, statutes, ordinances, codes, rules, regulations and lawful orders of public authorities, to the extent any of the foregoing are applicable to performance of the Work.

...

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15-By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased in the amount of the Contractor's reasonable additional costs of shut-down, delay and start-up.

PAGE 16

§ 3.8.2 Unless otherwise provided in the Contract Documents, Documents:

...

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within fourteen (14) days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the fourteen (14) day period shall constitute notice of no reasonable objection.

...
§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect’s approval. The Architect’s approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor’s construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

PAGE 18

The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located. The Owner and Architect and each of their employees, consultants, separate contractors, and invitees agree to abide by Contractor’s site safety rules and directives. In the event the Owner desires to bring its invitees or other guests to the site prior to substantial completion of the Work, the Owner agrees to (i) indemnify the Contractor from any claims made by such third parties for property damage or personal injury and (ii) require that said invitees provide Contractor with a release on Contractor’s approved release form prior to entry on the site.

PAGE 19

§ 3.16.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, Architect, and their consultants and agents and employees of any of them, Owner and its agents and employees from and against claims, damages, losses, and expenses, including but not limited to reasonable attorneys’ fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.18.

...

§ 3.18.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor from and against any claims, damages, losses, costs and expense, including reasonable attorneys’ fees arising out of or resulting from the Project or the Agreement, but only to the extent caused by the negligent acts or omissions of the Owner or anyone for whose actions or inactions Owner may be liable, regardless of whether or not such claim, damages, loss, cost or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party described in this Section 3.18.

PAGE 20

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor’s submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect’s action will be taken in accordance with the submittal schedule approved by the Architect and the Contractor or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect’s professional judgment to permit adequate review. Review but, in no event, so as to cause any delay in the Work or in the activities of the Owner, Contractor, or separate contractors. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect’s review of the Contractor’s submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect’s review shall constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect’s approval of a specific item shall not indicate approval of an assembly of which the item is a component.
§ 4.2.8 The Architect or Contractor will prepare Change Orders and Construction Change Directives, and the Architect may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

...

§ 4.2.11 The Architect will interpret and decide matters concerning performance, the design intent under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness; seven (7) days unless otherwise mutually agreed upon by the parties.

PAGE 21

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness; seven (7) days from submission of the request for information unless otherwise agreed upon by the parties. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

...

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14-fourteen (14) days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 44-day fourteen (14) day period shall constitute notice of no reasonable objection.

...

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

...

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents (which may be redacted) to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.
§ 5.4.2 Upon such assignment, if the Work has been suspended for more than thirty (30) days, the Subcontractor’s compensation shall be equitably adjusted for increases in cost resulting from the suspension.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor’s delays, improperly timed activities or defective construction. The Owner shall be responsible to reimburse the Contractor for costs the Contractor incurs because of a Separate Contractor’s delays, improperly timed activities, damage to the Work or defective construction.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work. Notwithstanding the foregoing, if the Owner agrees, pursuant to the terms of any agreement between the Owner and its lender(e), not to make changes without the lender’s prior approval, then the Contractor shall not be obligated to perform any such changes until and unless such the Owner’s lender’s written approval has been received.

§ 7.2.1 A Change Order is a written instrument prepared by the Architect and signed by the Owner, Contractor, and Architect stating their agreement upon all of the following:

... Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or:

If none of these methods apply, then

§ 7.3.6 Upon receipt of a Construction Change Directive, but subject to the terms of Section 2.2.1 and Section 7.1.3 herein, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor’s agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect’s professional judgment, to be reasonably justified. The Architect’s interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order. Contractor’s actual, direct costs of performing the Work shall be included in Applications for Payment and shall be paid by the Owner, subject to the right of either party to disagree and assert a Claim in accordance with Article 15. Pending mutual agreement upon an adjustment to the Contract Sum, the Contract Sum shall, for purposes of making payments to the Contractor, be adjusted by the actual and direct cost of performing the Work.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, reach an agreement upon adjustments to the Contract Sum or Contract Time, such agreement shall be effective immediately and the Architect will prepare a memorandum by Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 9.3.1 At least ten (10) days before the date established for each progress payment, the Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be noted, if required, and
supported by all data substantiating the Contractor’s right to payment that the Owner or Architect reasonably require, such as copies of requisitions, and conditional releases and waivers of liens from Subcontractors and suppliers, and shall reflect retainage if provided for in the Contract Documents.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.

§ 9.4.1 The Architect will, within seven (7) days after receipt of the Contractor’s Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect’s reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect’s reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect’s opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect’s opinion to protect the Owner from loss for which the Contractor is responsible, including loss resulting from acts and omissions described in Section 3.3.2, because of:

PAGE 27

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier whom the Contractor failed to make payment to properly perform or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

PAGE 28

§ 9.6.2 The Contractor shall pay each Subcontractor, no later than seven (7) days after receipt of payment from the Owner, the amount to which the Subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the Subcontractor’s portion of the Work, under the terms of the subcontract agreements and applicable law. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to Sub-subcontractors in a similar manner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 Upon reasonable documented evidence, the Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work, pursuant to the terms of the subcontract agreements. If the Contractor fails to furnish such evidence within seven (7) days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.8.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney’s fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, Contractor in writing. If allowed by applicable law, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven (7) days after receipt of the Contractor’s Application for Payment, or if the Owner does not pay the Contractor within seven days after the date established in the Contract Documents, the amount certified by the Architect or awarded by binding dispute resolution, then the Contractor may, upon seven (7) days notice, stop the Work until payment of the amount owing has been received and approved, or until such reasonable evidence is received and approved by the Contractor, as applicable, or until termination of the Agreement under Section 14.1. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor’s reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

§ 9.7.1 In the event a Subcontractor slows progress, stops work, or terminates its subcontract agreement or purchase order because of nonpayment or delayed payment by the Owner, the Contract Sum and Contract Time shall be equitably adjusted for all consequences, including, but not limited to, increased replacement or acceleration costs.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents. The list of items to be completed and corrected is referred to as the "Punch List." All necessary parties shall be involved in creation and validation of the Punch List so that a contemporaneous and integrated Punch List is established. Such parties may include the Owner, Architect, Contractor, other designers and engineers, Owner's representative, and Subcontractors.

PAGE 28

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list of items to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect, Contractor.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Architect (1) an affidavit, in the form of a conditional final lien waiver, that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner’s property might be responsible or encumbered "less amounts withheld by the Owner have been paid or otherwise satisfied," (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect, (3) if required by the Owner, a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover
the period required by the Contract Documents, (4) consent of surety, if any, to final payment, (5) documentation of any special warranties, such as manufacturers’ warranties or specific Subcontractor warranties, and (6) if reasonably required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts and conditional releases and waivers of liens, claims, security interests, or encumbrances arising out of the Contract, to the extent and in such form as may be reasonably designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien, claim, security interest, or encumbrance. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging the lien, claim, security interest, or encumbrance, including all costs and reasonable attorneys’ fees.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and Contractor and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for work not fully completed or corrected is less than retainer stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the Owner to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

PAGE 30

§ 10.2.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to:

...

§ 10.2.5 The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Sections 10.2.1.2 and 10.2.1.3. The Contractor may make a Claim for the cost to remedy the damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, a Separate Contractor, or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor’s obligations under Section 3.18.

...

If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding thirty-one (31) days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

PAGE 31

§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition. The Contractor shall have no responsibility for the discovery, presence, handling, removal, disposal or exposure of persons to hazardous substances existing in any form at the site unless the Contractor or anyone for whom the Contractor is liable introduces the hazardous substance to the site.

...
§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect’s consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys’ fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), itself if insured under the applicable builder’s risk policy required hereunder, except to the extent that such damage, loss, or expense is due to the sole fault or negligence of the party seeking indemnity.

§ 10.3.3.1 The obligations of the Owner as set forth in this Paragraph 10.3 shall survive the termination of the Contract.

...§ 10.3.6 If, without negligence on the part of the Contractor, the Contractor is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Contract Documents, the Owner shall reimburse the Contractor for all cost and expense thereby incurred, including but not limited to reasonable attorneys’ fees.

PAGE 32

§ 11.1 Unless otherwise provided in the Contract Documents, the Contractor shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in the Agreement or elsewhere in the Contract Documents. The Contractor shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner, Architect, and Architect’s consultants, Owner shall be named as additional insured under the Contractor’s commercial general liability policy or as otherwise described in the Contract Documents.

...§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor shall, in the discretion of the Contractor, delay, suspend, or terminate the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

PAGE 33

§ 11.5.1 A loss insured under the property insurance required by the Agreement shall be adjusted by the Owner named insured as fiduciary and make payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgage clause and of Section 11.5.2. The Owner shall pay the Architect and Contractor their just shares of insurance proceeds received by the Owner, and by appropriate agreements the Architect and Contractor shall make payments to their consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Contractor of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Contractor shall have 44-fortyfour (14) days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Contractor does not object, the Owner shall settle the loss and the Contractor shall be bound by the settlement and allocation. Upon receipt of the notice, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Contract for convenience, the Owner and Contractor shall execute a Change Order for reconstruction of the damaged or destroyed Work in the amount allocated for that purpose. If the Contractor timely objects to either the terms of the proposed settlement or the
allocation of the proceeds, the Owner may proceed to settle the insured loss, and any dispute between the Owner and Contractor arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Construction Change Directive for the reconstruction of the damaged or destroyed Work.

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one (1) year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of written notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, assignment, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, with written consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment. Assignment, provided such assignment does not alter the Contractor's rights under the Contract Documents.

§ 14.1.1 The Contractor may terminate the Contract if the Work is stopped for a period of 30 consecutive days—thirty (30) cumulative days over the entire Project schedule—through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, for any of the following reasons:

...  

.3 Because the Architect has not issued a Certificate for Payment and has not notified the Contractor of the reason for withholding certification as provided in Section 9.4.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Contract Documents;

.4 repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3; or

.5 The Owner has failed to furnish to the Contractor reasonable evidence as required by Section 2.2.

§ 14.1.2 The Contractor may terminate the Contract if, through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven (7) days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, and costs incurred by reason of such termination.

§ 14.1.4 If the Work is stopped for a period of 60 consecutive—thirty (30) cumulative days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities
performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner’s obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days’ written notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, the Owner shall provide the Contractor written notice describing the alleged Contractor default and providing the Contractor a reasonable opportunity to cure. Provided the Contractor fails or refuses to cure such default, and upon certification by the Architect that sufficient cause exists to justify such action, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor’s surety, if any, seven (7) days’ notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

1. Exclude after allowing the Contractor to remove all of the Contractor’s personal property, exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor; materials paid for by the Owner;

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect’s services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner. The amount to be paid to the Contractor or Owner, as the case may be, shall be certified by the Initial Decision-Maker, Architect, upon application, and this obligation for payment shall survive termination of the Contract.

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work, in whole or in part for such period of time as the Owner may reasonably determine.

§ 14.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent:

§ 14.4.2 Upon receipt of notice from the Owner of such termination for the Owner’s convenience, the Contractor shall:

§ 14.4.3 In case of such termination for the Owner’s convenience, the Owner shall pay the Contractor for Work properly executed as well as reasonable overhead and profit on Work not executed; costs incurred by reason of the termination, including costs attributable to termination of Subcontracts; and the termination fee, if any, set forth in the Agreement.

The Owner and Contractor shall commence all Claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in the Agreement and within the period specified by applicable law, but in any case not more than forty (40) years after the date of Substantial Completion of the Work. The Owner and Contractor waive all Claims and causes of action not commenced in accordance with this Section 15.1.2.
§ 15.1.3.1 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered prior to expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party and to the Initial Decision Maker with a copy sent to the Architect, if the Architect is not serving as the Initial Decision Maker. Architect Claims by either party under this Section 15.1.3.1 shall be initiated within twenty-one (21) days after occurrence of the event giving rise to such Claim or within twenty-one (21) days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims by either the Owner or Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party. In such event, no decision by the Initial Decision Maker is required.

PAGE 38

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Initial Decision Maker’s Architect’s decision, subject to the right of either party to proceed in accordance with this Article 15. The Architect will issue Certificates for Payment in accordance with the decision of the Initial Decision Maker.

...

The Contractor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes:

...

§ 15.2.1 Claims, excluding those where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2 or arising under Sections 15.3, 10.4, and 11.5, shall be referred to the Initial Decision Maker for initial decision. The Architect will serve as the Initial Decision Maker, unless otherwise indicated in the Agreement. Except for those Claims excluded by this Section 15.2.1, an initial decision shall be required as a condition precedent to mediation of any Claim. If an initial decision has not been rendered within thirty (30) days after the Claim has been referred to the Initial Decision Maker, the party asserting the Claim may demand mediation and binding dispute resolution without a decision having been rendered. Unless the Initial Decision Maker and all affected parties agree, the Initial Decision Maker will not decide disputes between the Contractor and persons or entities other than the Owner. In the event either party makes a Claim, the parties shall meet within thirty (30) days after the making of the Claim for the purpose of resolving the Claim. Either party may request that the Architect attend this meeting. If such a meeting does not occur within thirty (30) days, either party may request that the Claim be mediated pursuant to Section 15.3.

§ 15.2.2 The Initial Decision Maker will review Claims and within ten days of the receipt of a Claim take one or more of the following actions: (1) request additional supporting data from the claimant or a response with supporting data from the other party, (2) reject the Claim in whole or in part, (3) approve the Claim, (4) suggest a compromise, or (5) advise the parties that the Initial Decision Maker is unable to resolve the Claim if the Initial Decision Maker lacks sufficient information to evaluate the merits of the Claim or if the Initial Decision Maker concludes that, in the Initial Decision Maker’s sole discretion, it would be inappropriate for the Initial Decision Maker to resolve the Claim.

§ 15.2.3 In evaluating Claims, the Initial Decision Maker may, but shall not be obligated to, consult with or seek information from either party or from persons with special knowledge or expertise who may assist the Initial Decision Maker in rendering a decision. The Initial Decision Maker may request the Owner to authorize retention of such persons at the Owner’s expense.

§ 15.2.4 If the Initial Decision Maker requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Initial Decision Maker when the response or supporting data will be furnished, or (3) advise the Initial Decision Maker that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Initial Decision Maker will either reject or approve the Claim in whole or in part.

§ 15.2.5 The Initial Decision Maker will render an initial decision approving or rejecting the Claim, or indicating that the Initial Decision Maker is unable to resolve the Claim. This initial decision shall (1) be in writing; (2) state the...
reasons therefore, and (3) notify the parties and the Architect, if the Architect is not serving as the Initial Decision Maker, of any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

§ 15.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 15.2.6.1.

§ 15.2.6.1 Either party may, within 30 days from the date of receipt of an initial decision, demand in writing that the other party file for mediation. If such a demand is made and the party receiving the demand fails to file for mediation within 30 days after receipt thereof, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 15.2.7 In the event of a Claim against the Contractor, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Contractor's default, the Owner may, but is not obligated to, notify the surety and request the surety’s assistance in resolving the controversy.

§ 15.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien-notice or filing deadlines.

City of Grain Valley  
Attn: Ken Murphy, Deputy City Administrator  
711 Main Street  
Grain Valley, Missouri 64029

Dear Ken and Selection Committee,

Grain Valley is strategically preparing for growth as one of the fastest growing cities in Missouri. Providing a new civic complex to house the city's administrative, public safety and community recreation functions is necessary to meet your growing population's needs. McCownGordon is the construction manager that can see your vision through.

COMMUNITY
Community projects like yours require a higher level of accountability and trust as you answer to your voters and city. McCownGordon understands this responsibility and responds with a team that will provide the passion and dedication for a successful new civic complex. Our team brings 20 years of experience in the KC region and is currently working in Grain Valley with the school district. We will act as your community partner, working to help pass the bond and keep the voters informed and involved throughout the process. This new civic complex represents a fantastic story for the city; preserving the historic Sni-A-Bar farm history, adding community space for your rapid growth and opening up space for development in the heart of the city. We are excited to come alongside your city and help build your story.

LEADERSHIP
This new complex represents an imminent need for your community, and McCownGordon is ready to come alongside your team to help bring this vision to reality. Our depth of experience developing similar community projects, history of building successful bond projects and past experience working with your design team enables McCownGordon to step into a leadership role and add value for your project. We are prepared to work in to that role for the City of Grain Valley, at risk, immediately upon selection as the formal board approval process is completed.

STEWARDSHIP
As construction manager, we believe it is our moral obligation to be the absolute best stewards of the tax payers' dollars. Our preconstruction and construction services are top in class and will drive value, while our flexibility to contract with a large trade partner pool will drive competition, resulting in lower construction costs. Our team's commitment to creative cost-saving solutions includes a whole-project approach with life-cycle and operations cost analysis, ensuring that the first costs and long-term costs are both considered for the City of Grain Valley's budget and project needs.

We look forward to the opportunity to put our core values of integrity, performance and relationships to work for the City of Grain Valley. Our goal is to provide the absolute best building experience. It is our word and promise. We look forward to presenting our ideas if we are selected to interview with your team.

Sincerely,

Chris Hess, Project Executive

Similar Projects
Knowledge comes from experience.

The McCownGordon team has significant experience in planning and constructing projects similar in size, type and complexity to your Grain Valley civic complex project. Our portfolio includes a multitude of projects for government and public clients; in fact 41% of all our work is completed for public clients. Many of these are repeat clients, attesting to the level of service and partnership we provide.

EXPERIENCE WITH DESIGNERS

McCownGordon also had a strong record of experience with Helix Architecture and Olsson consulting engineers, with more than 30 projects completed with each firm. Having worked together in the past, our efforts during design and preconstruction will be streamlined as we provide budget, schedule and life-cycle analysis to simplify the process for the City of Grain Valley.

SIMILAR CAMPUSES

Our team has a depth of experience with similar campus developments. Whether it’s partnering with developers or cities like yourself, we understand how to bring a civic complex together as a successful community project.

On the following pages, we’ve included detailed project profiles of our four most recent similar projects. These projects were selected for a number of reasons that align directly with your needs and goals. All projects were delivered on time and on budget under a collaborative delivery method.
McCownGordon was selected as construction manager to construct a new community center facility in Stagecoach Park, a 41-acre park located in Olathe, KS. The project also included improvements to the park.

Intended to create an iconic facility and park environment, the new facility and upgrades enhanced the community identity and now provide a community gathering point. Serving a diverse age range, the multi-generational facility is the first community center for the City and includes a wide range of amenities.

Features include family leisure and lap pools with aquatic/spray amenities, run-out slides, lazy river, diving perches and a water climbing wall with a diving feature at the top. An outdoor water spray ground area is also accessible from the center. The fitness areas include cardio, weight training, area and studio classrooms, spin studio, basketball and multi-purpose courts, indoor track and locker room/shower facilities. Multipurpose activity rooms, overlooking the pool area, and a catering kitchen allow for events, meetings and parties. The center also offers indoor dry play areas and a child-watch space.

The park received outdoor discovery and recreation areas, a large picnic shelter, playground, a community terrace patio, realignment and completion of the existing asphalt trail, and parking that supports both the community center and park.
Tomahawk Ridge has been a part of Overland Park since the 1980s when the City opened a combined school and community center. Due to changing demographics, Tomahawk Ridge Elementary closed at the end of the 2003 and reopened as a multi-purpose facility a few years later.

Selecting McCownGordon as a construction management partner, the City of Overland Park had the building renovated to now include Tomahawk Ridge Community Center and the Overland Park Police Department’s Investigation Division.

The Police Department occupies the basement and one wing in the upper level, which allowed the department to relocate several departments and entities at other City locations, and provided new offices and storage area for crime lab processing.

A majority of the renovated space is for recreational purposes. The renovated community center offers residents cardiovascular machines, flat-screen televisions, a free-weight area and two basketball courts. Other amenities include a child watch area, a complimentary free game room and a birthday party room. The community center also has two refurbished gymnasiums and locker-rooms with showers.

Shortly after, the City of Overland Park worked with McCownGordon and SFS Architecture to complete two new pool facilities and renovations to two area pools (including one at Tomahawk Ridge).

Tomahawk Ridge Community Center,
Police Evidence Processing & Regional Pools | City of Overland Park, Kansas
McCownGordon was chosen as the design-builder to construct the Shawnee Justice Center, the City’s first LEED Certified building. The project included a fire station, police station and courthouse.

The public safety “campus” design utilized consistent brick, stucco and metal panel veneer throughout, but gave each department its own separate identity.

The courthouse and police station share one structure, with large glassed windows and inviting entryways. The courthouse portion includes a large courtroom, administration and judge offices, conference rooms and secure corridors allowing transportation of inmates from police to courts. The police station portion consists of a five-bay sally port and booking area with six holding cells, which includes one detox cell. It also includes space for evidence processing, armory, evidence storage, secure drug and money storage, k-9 kennels, physical training, locker rooms, conference rooms, offices, administrative space and a training room that can be converted into a command center in case of an emergency. The facility has a four bay drive-through apparatus bay, 10 bunk rooms, fitness facility, training room, kitchen, day room, decontamination room, self-contained breathing apparatus and maintenance rooms.

Requiring extensive coordination, a collaborative team and honest communication, the center is a remarkable showcase to the City’s first ever LEED building.
To expand their growing campus, the University of Kansas selected the joint venture of Clark Construction and McCownGordon for their Central District Development. The University used a public-private-partnership (P3) delivery method with Edgemoor Infrastructure & Real Estate as the developer for the design-build project.

As part of this project, the team provided preconstruction services for the 40-acre site, which included a 285,000 square foot academic integrated science facility, a 26,500 square foot student union, 1,200 beds of student housing in three buildings, and approximately 2,000 parking spaces. The project also includes a central plant facility, a 595-space parking structure, and the necessary utility and transportation infrastructure to support the project.

Working on an active campus, safety was a top priority to keep students, faculty and staff safe throughout construction. Additionally, the project site surrounded the Hilltop Child Development Center, a preschool facility that remained open throughout the duration of the project.

The team worked collaboratively with the university to deliver the parking garage early, to alleviate congestion associated with athletic events at Allen Fieldhouse, with the remainder of the facilities completed in summer 2018.

Preconstruction
Bringing expertise to everyday decisions.

Every member on the McCownGordon team is committed to our core values of integrity, performance and relationships. These values, along with our proactive and leadership-driven management style, make us the most qualified construction manager to work with the City of Grain Valley to deliver your new civic complex. Our management capabilities and services—and the unique ways we provide these services to the owner—set us apart and provide outstanding quality to our clients.

Our preconstruction services allow clients to begin construction with an accurate picture of the project cost and schedule. Through preconstruction services, we work together with the owner, designer and engineers to develop a feasible plan that achieves the goals of the project and balances quality, schedule, budget and other factors. **Preconstruction is our opportunity to maximize value for the City of Grain Valley and eliminate surprises.** Our job is to ensure the cost does not increase beyond the approved budget and that amenities and the design program are fully maintained after approval by the public vote.

Our team has identified the following critical preconstruction issues for your civic complex:

**MANAGING PRIORITIES WITH MULTIPLE STAKEHOLDERS**

Your new civic complex will host a myriad of city functions — from public safety to community recreation and a new library — **and each group of end-users have unique needs and wants.** Our first step after selection will be development of a defined project Management Plan. We will host a kick-off meeting with all appropriate groups to establish the best approach for the civic center complex. This plan will:

- Define all stakeholder goals and priorities
- Delineate roles and responsibilities for communication and decision-making
- Establish preliminary budgets for each project component
- Identify risk factors and mitigation plans
- Establish major design, construction and occupancy milestones

The management plan will be formalized by McCownGordon and become a working management tool for all team members. It is imperative the entire team — the owner, end-users, architect, construction manager and trade partners — fully understand your vision and we will employ our Management Plan process to ensure this from the start.
TARGET-VALUE DESIGN

Target-value design is a Lean Construction principle to deliver surprising value to our clients. For the Grain Valley civic complex, this guarantees a defined and maintained design program and budget, giving each stakeholder a clear understanding of the budget parameters around each unique portion of the project and confidence for the public vote process.

McCownGordon engages as a collaborative partner in the design process, integrating Cole Mayer (Preconstruction Manager) and Chris Hess (Team Leader) onto the OAC (owner, architect, contractor) team. Using the preliminary estimate completed by Cole and his team of estimators, we provide real-time cost information, detailing the cost of each project component and providing guidance for the design to continue on-track. This method allows the team to track cost options and alternate design solutions far into the process; guaranteeing the ability to deliver on both program and budget promises to the end-users.

McCownGordon has an excellent track record of delivering accurate and comprehensive GMP's (guaranteed maximum price) on budget, as demonstrated in the adjacent case study for the Olathe Community Center. Our team is confident in our ability to guarantee the maximum cost of the Grain Valley civic complex at an early phase of design through our preconstruction services.

For your project, our integrated team's focus during the target-value design process will include:

- Analyzing the overall site development (including considerations for the current city hall site, if desired.)
- Preservation of the Sni-A-Bar historic farm story
- Detailed life-cycle analysis and
- Providing clear information to the public for the bond process

BOND SUPPORT

We have a passion for community projects and will support the new civic complex for the Grain Valley community as you prepare for the public vote. Once we establish the project budget with your team, it will not increase in cost and most importantly, the amenities and program will be set so all residents will receive the facility and amenities approved in the bond vote.

Additionally, as desired by the City, with Pat Contreras as our Community Outreach representative, we will happily assist in getting the word out by participating in community meetings and open houses, creating presentation or pamphlet materials and supporting the efforts via social media and public relations. With a history of successful engagement in pre-bond project planning, our team knows providing information to the voters is a powerful tool for the bond vote. We commit to supporting this effort by any means preferred by the City of Grain Valley.
OPERATIONAL COSTS

Operational costs will account for over 90% of your new facilities’ costs over the life of the buildings. Our team understands this, and will place a focus on both the life-cycle costs and the long-term operational costs required for your civic complex. Through our in-house specialty services, our MEP Manager, Ryan Schaaf, will focus on these systems and the life-cycle, cost-benefit analysis.

Especially for community centers, operational costs include more than just the utility and maintenance needs but also requires considerations for the staffing of the facility. Smart design and layout for areas like the indoor and outdoor aquatics will enable the community center to maximize amenities without requiring excess staff.

SUPPLIER DIVERSITY & TRADE PARTNER SELECTION

Selecting the right trade partners for your civic complex will be crucial for success, as the trades typically perform 90% or more of the overall construction. Our trade partner selection process is transparent, and we have a history or meeting or exceeding diversity participation goals for our clients. We invite the City of Grain Valley and the design team to be participants in the entire bidding and selection process.

We will actively market the project to the community, gaining interest which supports a competitive bidding process. We use a prequalification step and one-on-one meetings to ensure each bidder is capable to meet the project requirements and is financially stable of delivering. McCownGordon has strong relationships with both union and non-union local contractors (many of which are certified MBE/WBE partners). Our flexible approach to bidding ensures that we have a vast pool of qualified contractors to choose from which results in the most competitive GMP process in the market, saving the City money while still delivering the quality that is expected.

CREATIVE USE OF EXISTING CITY HALL AND COMMUNITY CENTER OPPORTUNITIES

The current locations of city hall and the community center are prime development locations along Main Street. The 2014 Comprehensive Plan identifies the current site as being an integral piece of future development alternatives along Main Street with a suggested Multi-Use development.

McCownGordon’s long-term relationships with local communities, private developers and our experience with public-private partnerships (P3) will add tremendous value to create a win-win solution for the City of Grain Valley. Solutions could result in reduction of debt, financed through property sale or an increased tax-base, based on some form of development partnership.

Also, given the current market, time is literally money. Annual inflations rates are approaching 5-6%, so analyzing the value of expediting construction versus alternatives is a worthwhile exercise. For example, is it necessary to complete the entire new facility prior to relocating city staff from the current facility? The answer to this question may be driven by the value the property can bring and ability to develop a viable development for the site.

A creative solution for your existing site may prove to be a key decision for the overall project. As a commitment to your team and your community, McCownGordon is willing to engage immediately upon selection to help create the right solution to maximize this opportunity for the City of Grain Valley.
HISTORIC SNI-A-BAR FARM

William Rockhill Nelson and the Sni-A-Bar Farm are important to the City of Grain Valley’s heritage as well as the history of greater Kansas City. We have experience in the construction of public facilities which educate current residents and pay homage to their history.

During preconstruction, we look forward to assessing the opportunities to incorporate this history into your new facility. A few opportunities could be using the existing Carriage House as potential museum to house relevant artifacts, using the well-preserved water tower in the design, or having designated space(s) in the new facilities to create exhibits. McCownGordon is excited about the opportunity to help Grain Valley tell this story in the development of the new civic complex.

List of Preconstruction Services & Approach
BUDGET MANAGEMENT

Our cost estimating process involves the full breadth of our preconstruction services including programming, scope development, scheduling, phasing and budgeting/estimating. During the programming phase, McCownGordon will actively participate in the charrette process with Sapp Design Architects and Helix Architecture. We will provide timely cost feedback and analysis. Our estimators use various cost models to determine the most cost-effective systems. Life-cycle analysis will be used as a tool to select finishes, HVAC systems and electrical systems.

Through preconstruction services, we create a set of four documents that serve as a road map throughout the remainder of the design:

**Master Budget:** Contains all costs related to the project, not simply construction costs. We are comfortable leading or assisting in management of the master budget, as desired by the City of Grain Valley.

**Construction Cost Summary:** This summary will be provided broken down by building, trade and major systems. To further analyze costs, we will segregate costs as desired, such as site, core and shell, and fit out. Detailed line item cost estimates will be provided to support each cost summary. At each milestone estimate update we will provide a variance summary and notate any major cost changes for full transparency.

**Cost Alternates:** This provides opportunities for cost reductions or additions and maximizes flexibility to hit the target-value budget.

**Clarifications:** Serve to fill the role of the specifications in the early phases of the project, clarifying exactly what is included in the current estimate summary.

The estimate and above documents are not static; they are constantly updated throughout the design process with feedback from all partners to ensure the budget is in line with the City of Grain Valley’s goals and vision.

SCHEDULE MANAGEMENT

From the major milestones established in the management plan, McCownGordon will prepare a master schedule that will integrate the key priorities, occupancy requirements and phasing with the architectural design work and projected construction schedules. The master schedule outlines all procurement and occupancy activities, highlights timing for design, incorporates the availability of materials and labor, identifies long-lead items, and depicts critical path activities.  

*The master schedule will act as a comprehensive management tool for the team’s assignments.*

The demanding schedules of design and construction require tasks to be handled with a sense of urgency. McCownGordon fully understands the commitment to being accessible and responsive; critical elements that continue to set us apart from our competitors.
MEP MANAGEMENT

Mechanical, electrical and plumbing (MEP) activities account for a significant portion of the work. Successful system selection and implementation will minimize costs associated with ongoing maintenance and energy and ensure satisfied staff and patron experiences.

Ryan Schaaf, the MEP Manager for your project, will focus on these systems. As a Grain Valley resident himself, Ryan will place a high-priority on ensuring the MEP system budgets are accurate, potential conflicts are addressed and options are vetted early-on.

CONSTRUCTABILITY & QA/QC

McCownGordon's approach to quality assurance/quality control (QA/QC) begins at the preconstruction phase of a project and continues through the construction phase to closeout. During preconstruction, our team will work closely with the entire project team to clearly define the level of quality expected for each scope of work. We will work closely with the design team in development of the project specifications. It is crucial for these construction documents to clearly define the level of quality expected.

McCownGordon will perform a thorough review of the design documents to determine the sequence of construction. We will also focus on the building envelope to identify any areas that could present future problems, such as leaks or impacts to air quality. Interior construction details, especially in the indoor aquatics area, will be reviewed to ensure McCownGordon is able to provide a high-quality product for the end users.

FF&E AND TECHNOLOGY

The coordination of furniture, fixtures and equipment is essential to the delivering an on-time project schedule. Through careful preplanning and a detailed site logistics plan, our team will provide the City of Grain Valley with smooth transitions.

With many of your civic complex buildings requiring relocation from your existing facilities, the amount of owner-provided and relocated FF&E will be significant. We will work hand-in-hand with the City of Grain Valley and the design team to coordinate a smooth plan for procurement, delivery and installation of these final touches in each of your new facilities.
Construction
The best work begins with the right people.

Success during construction is directly related to the work and planning completed during the preconstruction phase. McCownGordon will maintain consistent personnel into the construction phase. Once we reach this point, we will have already developed a thorough road map that details the challenges the team may face.

Our team has identified the following critical construction issues for your civic complex:

SUSTAINABILITY & LONG-TERM OPERATIONS

Energy efficiency and operations costs are essential components for project design, especially for civic facilities like your City Hall, Police Station, Recreation and Aquatics center and potential educational classrooms and park who rely on a public vote for approval. With factors like high-utility consumption and staffing needs for some of these buildings, many influences contribute to energy efficiency and lower operational costs: building orientation, commissioning, windows, building envelope, aquatic filtration and disinfection systems and MEP system selection. We will evaluate the life-cycle cost of materials and systems to ensure you have a new complex with low operational costs and quality facilities for years to come.

OPTIMIZE THE SCHEDULE

Our team understands the new civic complex represents a need for the growing Grain Valley community. Your community needs this project built on-time so that you can deliver on your City’s master plan and stakeholder input, and potentially open up the existing site for development. Our team will analyze various schedule strategies to create a more efficient scope of work that may allow construction to be completed earlier or turn-over the project in phases to prioritize delivery of buildings fulfilling your greatest current needs.

We will work to provide thorough, pertinent information so the entire project team can make the best decision for the project. The first step is establishing a master schedule that considers all project factors, internal and external. The design and bid packaging is another crucial factor and we will work with Sapp Design Architects and Helix Architecture to evaluate and develop potential early bid packages allowing early starts and lock in construction pricing, which prevents costs for escalation and accelerates the construction timeline.
COMMUNITY OUTREACH & ENGAGEMENT

Once the project is approved through the bond vote and begins construction, the need to update the community does not end. Keeping the residents informed about the new civic complex’s progress will heighten the public awareness and excitement for the project. McCownGordon’s team will support your efforts, as desired, to maintain positive publicity through our availability for jobsite tours, project celebrations like “topping out events”, attendance at public meetings and social media updates. **We are thrilled about the opportunity to have a positive impact in the Grain Valley community and will support your growth and development momentum through whatever means you desire!**

SUPPLIER DIVERSITY & SELF-PERFORM

During the preconstruction phase, right-sizing the bid packages and meeting one-on-one with potential trade partners will help achieve your project’s supplier diversity goals. When these partners have a clear understanding the project scope, it leads to confidence in their ability to perform the work successfully. Serving in the community outreach role, Pat Contreras will continue to be a resource in this process. McCownGordon has a long history of meeting participation goals on our client’s projects and are confident we will be able to achieve this for the City of Grain Valley.

Regarding self-perform work, McCownGordon takes a proactive approach to evaluating whether it will be beneficial to the project. While we have resources to self-perform a variety of scopes on projects, if this objective means that self-performing work will enhance the opportunity for success (either due to scheduling or competitive pricing), then that is when we will consider it. We do not let decisions of what work we plan on self-performing drive the direction of the design or the project. **We put the priorities of the project at the top of the list and then develop plans to make those priorities become a reality.**

COORDINATION ON-SITE

One of the highest priorities for your civic complex will be close coordination of the site logistics. Working on the site with multiple construction managers and potential reuse of existing historic buildings requires the attention and focus McCownGordon will give your project.

As shown section 7, we have a depth of experience managing jobsites with multiple contractors on site. This requires exquisite coordination for site management, delivery logistics, trade coordination and utility tie-ins. Our team will develop a thorough plan and work in close coordination with the CMAR on the library project to ensure resources are used in the most efficient way possible on site.

The city’s consideration for inclusion of existing components of the historic house on site will also require skillful execution to preserve the historic character and integrity of selected portions. Our team has a great deal of experience with historic preservation on projects; and the inclusion of such components into an updated and more modern facility.

We will tackle the site logistics with a proactive management approach to streamline the process on site.
List of Construction Service & Approach

BUDGET MANAGEMENT

Throughout the project our team will continue to update and manage the project budget and act as good stewards of the designated project funds. From our effective planning in preconstruction with bid packages and trade partner selection, we will closely manage trade partner scopes of work. Once we are on site, we provide an efficient jobsite for the workers which in turn saves time and money for the project.

We track any potential project changes for review at each owner’s meeting and update the overall budget at least once a month and at all major project milestones. Flowing from the target-value design process, our continual review of the budget allows the entire team to make good decisions based on the status of the project GMP (guaranteed maximum price).
ADMINISTRATION

Open communication is vital for the success of every project. We promote clear communication through weekly OAC (owner, architect, contractor) meetings, pre-installation meetings for each scope of work and weekly contractor meetings for those on site. These meetings help streamline the decision-making process, maintain the pace, reinforce quality expectations, address any access needs concerns before work begins and ultimately save time, money and effort. At each meeting we will cover, in detail, work to be performed over the next two to four weeks, potential impacts to the schedule, major project milestones that may need to be targeted, subcontractor manpower and coordination.

We use a powerful project management tool, ProCore, to track all project documents from design drawings to the detailed budget information. All team members will have 24-hour access to ProCore, a cloud-based online tool, with curated content for their role on the project. While our team uses advanced technological tools like Procore and others; these tools will never take the place of face-to-face interactions. McCownGordon’s core value of relationships is best demonstrated by our team’s commitment to open, clear and honest communication amongst all project team members.

SCHEDULE & LOGISTICS

The detailed construction schedule developed in the preconstruction process will become a part of the trade partner bid packages, adding a layer of accountability for the selected partners. We update our schedules at a minimum of once a week for review with all parties, but especially for detailed review with the onsite contractors during our weekly progress meetings. Our project superintendent, Jeff Clemmons, will closely manage the project schedule with each trade partner, using tools like pull planning and a three-week look ahead, coordinated by scope of work, to increase buy-in amongst the workers on site.

QA/QC & MEP MANAGEMENT

As design progresses, our in-house QA/QC department will work with the project team to create a project-specific quality control plan. Some focus areas will include the MEP systems, building envelope (specifically for the indoor aquatics space) and long-term (50 year+) durability in construction.

After selection of the right MEP systems for each building and building zone, high-quality MEP contractors are just as crucial in ensuring a proper long-term installation. Once the contractors are selected, Ryan Schaaf will lead the MEP coordination team in conducting detailed planning meetings to sequence work activity, establish and execute commissioning strategies.

McCownGordon will manage quality closely through shop drawing review, permit acquisition and pre-installation meetings. Once construction

MAXIMIZE QUALITY
REDUCE $$ COSTS
MINIMIZE WASTE
SAFETY & PRODUCTIVITY
is underway, mock-ups and first-install work are utilized to ensure construction meets all specification and acceptance criteria. After construction is in place, we will use testing procedures and a zero-defect policy to check all work.

The final task for the MEP coordination team will be to ensure proper training of the facility staff by the responsible contractors. The training will be coordinated so all necessary personnel are in attendance, and digitally recorded for future use. At the conclusion of the project, McCownGordon will prepare a comprehensive punch list and turnover packages and perform or coordinate equipment commissioning and validation to ensure proper functionality.

**FF&E AND TECHNOLOGY**

Close coordination between trade partners and owner vendors will ensure the FF&E (furniture, fixtures and equipment) and technology are installed properly and timely. We involve our MEP trade partners early in the process to ensure rough-ins are correct. Cut-sheets and specific information from the vendors enable us to get a head start. We invite any owner FF&E representatives to attend our OAC and schedule meetings to keep track of delivery and installation of the equipment.

**CLOSEOUT**

The success of any project is judged on the ability of the team to not only provide a product consistent with the desires of the City of Grain Valley and your community, but to also ensure that it is turned over as efficiently as possible. This will include occupancy inspections, punch list completion, final owner training, and collection and turnover of all O&M and warranty information to your team, *but our involvement does not end there.*

McCownGordon’s goal is to be your partner, and we want to be a resource to the City of Grain Valley for the long-term as you live in and enjoy your new buildings in the civic complex.
Public Owner Process
A passion to exceed your expectations.

Government and civic construction like the Grain Valley civic complex requires expertise in handling the unique requirements that public entities face. McCownGordon completes 41% of our project work in the public sector for government, public library and public education clients like yourself. Additionally, our team has worked on many campus projects and collaborated with developers and public entities to make development goals happen. We have all of the right experience and processes in place to tackle your project.

PREVAILING WAGE & OSHA REQUIREMENTS

Our firm has vast experience with adherence to prevailing wage and the associated documentation, demonstrated by our record of no written notices or violations for our many prevailing wage projects.

Safety is one of our top priorities on every jobsite, and OSHA 10-hour safety orientation is a standard requirements for all of our associates whether they are part-time or full-time on site. We believe in raising the bar for safety of our trade partners as well, and will require the safety orientation as a part of our hard-hat sticker safety program to verify that every single person on site is well-versed in these best practices.

To Whom It May Concern:

I wholeheartedly recommend McCownGordon Construction for their construction management services. As Mayor of the City of Independence, I’ve had the privilege of working with McCownGordon – most recently – on the construction of our 7,500 square foot emergency response center for police and fire and our iconic Uptown Market on this historic Independence Square.

Digest of this recommendation: McCownGordon is a collaborator. They listen first and fully engage themselves in the community and frankly become part of it. McCownGordon leads the way on innovation and creative solutions when it comes to building community projects. And finally, McCownGordon works lock step with the community and subcontractors to save cities money.

As with any municipal project, the Uptown Farmer’s Market has many stakeholders, each with their own expectations for success. McCownGordon worked with each group, hosting community meetings and educational forums throughout the city. McCownGordon was intentional about creating a platform to engage, learn and ultimately earn buy-in from the community. With McCownGordon, you get a team that is passionate about the community and they truly go above and beyond the call of duty.

On the 911 call center, hired early in the preconstruction phase, the McCownGordon team collaborated seamlessly with our design team from the start. At each phase of the project’s design, the team developed high quality, encompassing estimates, which allowed us to track the cost of construction, down to the dollar, as the design progressed. Their preconstruction team also provided various creative options, saving the City of Independence money and making the most of our tax payers’ dollars.

McCownGordon brings exceptional subcontractor partnerships to the table. Any item not up to their standards was reworked to make sure it was done right. I am extremely pleased with their attention to detail and their professionalism with the subcontractors. The level of quality on our facilities is second to none and we proudly tell people “McCownGordon built it.”

McCownGordon has truly been a trusted advisor and partner to the City of Independence throughout the entire process. I am looking forward to working with this team again in the future.

Sincerely,

Eileen N. Weir

To Whom It May Concern:

I have had the pleasure of working with McCownGordon Construction on multiple occasions and I highly recommend their services as a construction manager. I worked closely with their team on multiple projects as a facilities manager at the University of Central Missouri. These projects included a mixed-use student housing building on campus, facility’s office relocation/renovation and athletics training and locker room completed under the existing stadium seating. I also have been involved in the current Grain Valley High School Additions project serving as a school board member.

Their team truly shines in the preconstruction and planning stages of the project; they bring creative solutions to design and budget challenges to help us maximize our project budget. Their estimating team is transparent with all budget information, providing estimate backup information and bidding details, and they clearly communicate the full range of options with important planning decisions.

Throughout construction, their team remains communicative and proactive. Within an active campus setting, they put a plan in place to minimize disruption to the surrounding ongoing operations. With a strong focus on safety and logistics, the team used creative and innovative solutions to complete the work with minimal impact to the campus.

Overall, the quality of the construction exceeded our expectations. I would, without hesitation, recommend McCownGordon and look forward to working with them again in the future.

Sincerely,

Chris Bamman

To whom it may concern:

The City of Shawnee has been privileged to do business with McCownGordon Construction over the past two years. During this time, McCownGordon served as the Design-Builder for the City’s new Justice Center and Fire Station 72.

The success of our project was due in large part to the talent and strong character of the staff at McCownGordon. Their project responsibilities were handled promptly, professionally, and with integrity.

The City of Shawnee would welcome the opportunity to work with McCownGordon on future projects.

Sincerely,

CITY OF SHAWNEE

RE: Missouri Innovation Campus
McCown Gordon Construction testimonial

To whom it may concern:

It is my pleasure to write this letter as a testimonial to the professional qualifications of McCown Gordon Construction. Our relationship started 3-1/2 years ago when they were chosen as the Construction Manager Agent for the Missouri Innovation Campus Project.

The Missouri Innovation Campus is an exciting, progressive collaboration between the Lee’s Summit R-7 School District, Metropolitan Community College and the University of Central Missouri. By engaging business partners and community organizations, The MIC is reshaping the way students experience education. It is a truly unique program in the nation. Due to the collaborative nature of this project, a design and construction team was needed that could work seamlessly through complicated multi-organizational meetings. McCown Gordon’s broad project team brought the right communication and organizational skills to the table. Specifically their use of electronic communication was excellent. The extensive use of Procore was a tremendous advantage to keeping all parties informed. I can say that this was my first project without a personal set of paper documents. Through their processes I was always prepared and informed electronically.

With multiple parties having a financial interest in this project, budget was especially critical. McCown Gordon provided thoughtful and creative information to our design team that resulted in a project greater than 5% under budget. At the same time we were able to maintain high quality building systems such as a four pipe VAV mechanical system, 2 ply built up roof with modified cap sheet, and a custom exterior metal wall panel system. There was also no sacrifice to interior finishes leaving us with a building that not only has a high quality professional image, but also will have low long term maintenance cost. This type of result does not occur without a contractor that brings knowledge, skill and collaboration throughout the entire process.

Sincerely,
Kyle Gorrell
Director of Facilities
The greatest asset McCown Gordon brought to our project was their people. Each member of their team did not act alone, but always understood their corporate philosophy centered on client service. This feeling came across in their initial interview and was maintained through project close-out. As an owner all you can ask is for a project team to care as much about the project as you do. As an example, our site superintendent retired a month before the end of the project. Instead of leaving the team empty, he continued relationships on his own time to maintain quality control. This type of character was shown throughout our project by everyone involved.

It is without hesitation that I would recommend McCown Gordon Construction as your selection for the AGC Kansas City Building Excellence Award. If you would like to discuss their qualifications further, please don’t hesitate to contact me directly at kyle.gorrell@lsr7.net.

Sincerely,

Kyle Gorrell

*BOTH PROJECTS WERE LED BY GRAIN VALLEY CIVIC COMPLEX TEAM LEADER, CHRIS HESS.*

To whom it may concern:

Please accept this letter of recommendation in regard to McCownGordon’s exemplary construction management services on past work with the City of Olathe, Kansas. I have worked with their team on multiple construction management at risk projects, including the Olathe Community Center and the Indian Creek Library adaptive re-use.

Hired early in the preconstruction phase, the McCownGordon team collaborates seamlessly with our selected architects. Their estimating team develops reliable, detailed cost estimates from the very earliest stages, which allows us to accurately track the construction costs and to make design adjustments accordingly to keep the project on budget and aligned with our community’s expectations. The preconstruction team recommended a number of creative, cost saving alternatives to make sure we maximize the value of the public investment for our iconic civic buildings.

McCownGordon manages a very fair, transparent bidding process that ultimately allowed numerous local and regional contractors to share in the work. Additionally, McCownGordon continues to be a reliable partner to our team long after the construction process and warranty periods have ended. They have become invested partners in our community.

Civic projects like ours often have many interested parties, including government leaders and community members. McCownGordon does an exceptional job of facilitating strong communication among all the players. This talent for coordination is perhaps the strongest asset that McCownGordon brings to our projects.

McCownGordon is truly a partner throughout the entire construction process. I am pleased to recommend them to prospective clients and for future work. If you have any questions or need additional information, please let me know.

Sincerely,

We have selected team members with relevant expertise, that will be available and dedicated to the Grain Valley civic complex project. Their existing experience together, with the City, and building similar facilities will streamline the preconstruction and construction efforts.

EXPERIENCE

Our team has extensive experience managing civic projects with recreation and aquatics, public safety and administration facilities. McCownGordon is recognized as one of the region’s top construction firms and a leader in delivering construction management at-risk services.

We understand the level of collaboration and communication required to manage projects that will serve the community, and the City of Grain Valley has our commitment and dedication to deliver. We also know the importance of having highly qualified staff on site every day to ensure each project is delivered safely with the highest level of quality.

COMMUNICATION

Streamlined communication will be a critical factor in determining success. With Chris Hess serving as Team Leader, our team’s existing camaraderie and open communication styles, we are confident in our ability to provide and open-book and transparent process for the City of Grain Valley.
Chris leads the Kansas City market for McCownGordon, providing valuable input and solutions to a myriad of local clients. Utilizing his extensive knowledge and background as a project management and preconstruction executive, Chris’s experience adds significant value to project teams.

With vast experience in managing a variety of projects Chris focuses on projects with collaborative delivery methods including construction management and design-build. He provides his teams with the overall leadership to foster good communication and drive value.

Chris will be involved in the project early to set the team up for success in finding project solutions for the Grain Valley civic complex. He will support our team of project leaders providing corporate commitment and ensuring all resources are available for the project team.

Organization

Building is our passion.

The McCownGordon team understands you are looking for a partner and a knowledgeable construction manager that can successfully deliver your civic complex. Our team is highly experienced in working with our clients to deliver a project that exceeds their expectations. Our approach will focus on collaboration and adaptability to meet your needs for today—and long into the future.
As a Kansas City company, we care about the projects developed and built around our hometown and region. As a locally-grown firm, we are excited to see the Grain Valley community continue to grow and thrive.
Coordination
Preplanning to eliminate the guessing game.

Coordination on site will be a crucial factor for success in construction of the Grain Valley civic complex. With multiple construction managers and upwards of 30 different trade partners on site for the project, skillful coordination and logistics planning will streamline the process for the City of Grain Valley.

COORDINATION WITH LIBRARY CMAR

McCownGordon has completed many new construction and renovation projects with multiple construction managers on the same site; sharing and coordinating jobsite access, delivers, utility tie-ins and more. Below is a list of examples in the last few years alone.

University of Kansas Medical Center (KU Med) Health Education Building | This ground-up project was built on the active campus while JE Dunn was on the campus just east of the project completing the newest Cambridge North Tower.

Children's Mercy Hospital Research Tower | Built on top of an existing parking garage designed for the tower, this active project site on Hospital Hill requires coordination with multiple other contractors on site for the hospital.

LMH West Campus | A new outpatient facility in Lawrence, this project includes working with the developer and another onsite contractor to coordinate the new water line loop around the project site.

KU Central Development District | Completed as a joint-venture with Clark Construction, this large campus development required close coordination with a separate construction manager completing new on-site housing within the same jobsite.

Prairiefire Museum & Development | This new development required coordination with multiple other onsite contractors including one completing the co-located new residential complex and multiple contractors completing tenant interiors.
COORDINATION OF TRADE PARTNERS

Communication is crucial to the success of a project, and is especially true between the contractor and the trade partners. McCownGordon takes pride in the partnering approach to managing trade partners on projects, and have in place standard meetings to assure communication is open and two-way to provide seamless onsite coordination.

Trade Partner Buy-Out Meetings – These meetings are specific to each trade to ensure there are no gaps or overlaps in the scope of work.

Project Kick-Off Meetings – McCownGordon brings all of the trades together for this initial meeting. It is conducted to outline the project requirements and to communicate the owner’s and our expectations. At these meeting the following will be addressed conveyed: site/safety plan, scheduling, project coordination and communication expectations.

Pre-Install Meetings – Prior to mobilization on site, a meeting will be conducted with each trade partner. Plan sheets and specifications are carefully reviewed with each trade to ensure a complete understanding of the project requirements, and identify any coordination with other trades. These meetings also initiate the QA/QC process for the project. McCownGordon QA/QC inspection forms are also reviewed at this meeting to inform each contractor the specific items the McCownGordon field staff will be inspection throughout the project.

Weekly Coordination Meetings – Once construction commences, the McCownGordon field manager will meet with all on-site trade partner foremen to review and discuss safety, QA/QC, schedule, critical and upcoming work activities, communicate potential changes and coordination with other trades. We strive to have these meetings prior to the OAC meetings, so we can accelerate anything that needs to be communicated to the owner and/or design team.

Weekly Trade Partner Progress Meetings – Conducted by the project manager, all trades working on-site, or scheduled to be on site within two weeks of the meetings are required to attend. This includes trade partner PM and foremen. Addressed in these meetings are review of safety, schedule, design changes, RFI’s and status of submittals.

All throughout the project, issues that impact multiple trades are addressed at several field meetings. Working with a partnership approach, we deliver the best building experience for trade partners and owners alike.
Risk Management

Safety really does come first around here.

The McCownGordon team adheres to strict procedures for both themselves and those working on a project site. No matter the job. No matter the circumstances. We provide a safe working environment.

As a leader in the construction industry, we empower and hold all associates accountable to higher standards in order to enhance the safety and health of all those working on a project site. We strive to achieve an elite safety culture for all project sites. We are able to do this by constantly updating and improving safety procedure in order to provide maximum protection, performance and safety. We believe in continually setting the bar higher.

In 2018, McCownGordon was honored with first place for a general contractor in the Safety Excellence Awards by the Builder’s Association, Missouri Department of Labor Standards, Kansas Department of Labor and the Occupational Safety and Health Administration. In 2016, we were awarded the highest honors in all three categories (including first place as a general contractor) for having a top-notch safety program. In fact, our Safety Director Brian Schrader was awarded the Safety Professional of the Year award.

INCIDENT RATES

Our efforts to maintain safe jobsites and adhere to risk management have resulted in an incident rate that is consistently well below industry averages. We recently achieved working 2 million hours without lost time, equivalent to 5 years of work completed by our team.

McCownGordon has never had any environmental compliance issues or citations. Asbestos, lead, storm water, etc. are all managed according government regulations. These results are well below the national incident rates for our classification.

SUMMARY OF SAFETY RECORD

Our firm has an excellent safety record and is a leader in the industry when it comes to safety practices, as demonstrated by our EMR, industry rates and safety awards. If you would like to review our OSHA logs, safety program or any other safety-related items, we would be excited to share them with you. If you wanted to see our safety efforts first hand, we would be glad to escort you to our jobsites.

SUMMARY OF SAFETY PROGRAM TO BE USED

Safety will be a priority throughout the construction of the Grain Valley civic complex. The project will follow a site-specific safety plan that will be developed further with the owner and the trade partners prior to the start of construction.

Many of the processes outlined below are incorporated as part of our Build Safe partnership with OSHA that helps to ensure a safe working environment for all individuals involved in the project. By following our stringent safety plan, we have maintained an excellent safety record.
Leadership. The civic complex project team, made up of the on-site superintendent, Jeff Clemmons, safety director, Brian Schrader, and project management staff, led by Brett Taylor, will be dedicated to overseeing our risk management program. Jeff Clemmons, superintendent, will lead the safety effort and our safety director will remain involved in the day-to-day operations to ensure all parties involved are clear with their safety responsibilities. Safety starts at the top for McCownGordon, and there are no exceptions.

Logistics. With the site being located adjacent to an active neighborhood, great care will be necessary to coordinate deliveries, access, storage and staging. Easy to read signage will be posted to provide clarity and ease for vehicular and pedestrian traffic, and all road or sidewalk impacts will be coordinated in advance.

Accountability. We have helped raise the bar for numerous companies’ safety programs simply because we expect our teams to enforce safe practices. It is mandatory for each trade partner to submit their company safety program and conduct weekly safety meetings that must be submitted to McCownGordon. New employee orientations will be mandatory for all construction workers on the project site. The orientation will provide a basic assurance that all construction staff is aware of job site specific rules and guidelines essential to jobsite safety.

Daily Education. McCownGordon will conduct regular safety inspections and “tool-box talks.” Immediate action will be taken for any deficiencies noticed. All deficiencies are documented and sent to the trade partner’s site foreman and project manager to ensure compliance is maintained.

As design progresses, we will put together a site-specific safety plan. A few focus areas our safety team has identified at this preliminary stage include the following:

**PUBLIC SAFETY**
Our team will plan ahead to minimize traffic along Sni-A-Bar Road, west of Buckner Tarsney Road. Our goal is to minimize the impact on the residential neighborhood adjacent to the site.

**AQUATICS CONSTRUCTION**
Aquatics construction is unique from a safety perspective. Construction sequencing requires multiple trades working around a large open excavation. A specific plan will be created from input from all affected trade partners to coordinate sequencing so that the fall hazards are minimized. A focus on physical barriers, proper equipment and personal protective equipment will be used to ensure the work is executed safely.

**PRE-QUALIFICATION OF TRADE PARTNERS**
All trade partners will be evaluated using our on-line pre-qualification process (SCORE) to ensure safety records are reviewed prior to selection and any concerns discussed before executing contracts.

**PRE-INSTALLATION MEETINGS**
Safety will be discussed as part of the pre-installation meetings to set expectations and requirements before mobilizing. We expect trade partners to walk onto the job with the right tools, equipment, safety training and mindset to complete their work safely.
Financial Statements

Strength + stability to protect your project.

McCownGordon is proud of our financial stability, which is evidenced by our bonding and backlog capacity. With a solid balance sheet, our bonding capacity exceeds $700 million. We have an excellent banking relationship with Commerce Bank and hold a $10 million line of credit with nothing outstanding. The performance of our team demonstrates our firm’s integrity, one of our firm’s core values, every day.

Our team is prepared and willing to furnish financial statements upon request; because you deserve to know the financial strength of your selected partner.
Awards

Celebrating a job well done.

McCownGordon is honored to have received recognition from many for the company we have built and for the projects that we are so proud to build. We are 100% employee owned, we’ve been named a Best Places to Work, Great Company to Work For and more for many years, and we believe these accolades are a true reflection of the people you will encounter when you work with McCownGordon. Our team is made up of smart, passionate and fun construction experts who will truly deliver the best building experience for the City of Grain Valley.

AN ORDINANCE AMENDING CHAPTER 600 OF THE CODE OF ORDINANCES OF THE CITY OF GRAIN VALLEY, MISSOURI, PERTAINING TO ALCOHOLIC BEVERAGES

WHEREAS, Chapter 600, Code of Ordinances, City of Grain Valley, Missouri sets the regulations for alcoholic beverages within the City limits;

WHEREAS, Chapter 600 defines important procedures relating to the sale of alcoholic beverages including but not limited to the process for obtaining license and permits, hours of sales, and suspension and revocation of licenses;

WHEREAS, the Board of Aldermen of the City has determined it to be in the best interest of the citizens of the City to conduct a full review and revision of Section 600 Alcoholic Beverages.

NOW THEREFORE, BE IT ORDAINED by the Board of Aldermen of the City of Grain Valley, Missouri as follows:

SECTION 1: Amend Chapter 600-Alcoholic Beverages as follows:

Chapter 600-Alcoholic Beverages

Article I
In General

Section 600.010 Definitions.
The following words, terms and phrases, when used in this Chapter, shall have the meanings ascribed to them in this Section, except where the context clearly indicates a different meaning:

ADJACENT PROPERTY
Parcels of ground having a common property line, except that any intervening street, alley, highway or other public highway or other public thoroughfare shall be disregarded.

ALCOHOLIC BEVERAGE
Any malt liquor (beer), wine or intoxicating liquor.

CHIEF OF POLICE
The Chief of Police of the City of Grain Valley, Missouri or his/her duly authorized representative.

CHURCH
A building or structure regularly and primarily used as a place of worship by any religious society, organization or congregation, regardless of whether or not such building or structure was originally designed and constructed for such purpose.
CLOSED PLACE
A place where all entrances are locked and where no patrons are in the place or about the premises.

CONVENIENCE STORE
A retailer selling intoxicating liquors, in the original package, not to be opened or consumed on the premises where sold, with a total selling area for all merchandise of at least two thousand (2,000) square feet, at least seventy-five percent (75%) of which is devoted to the sale of food or other merchandise other than intoxicating liquor.

DWELLING UNIT
One (1) or more habitable rooms that are occupied or are intended or designed to be occupied by one (1) family for living, sleeping, cooking and eating.

EMPLOYEE IDENTIFICATION FORM
The form maintained by the police department which identifies all persons employed by a for sale by drink license holder.

EMPLOYEE PERMIT CARD
The permit card approved by the police department which allows a person to be employed by an establishment that sells, dispenses, serves, or delivers alcoholic beverages by-the drink.

FRONTS
The part of the building or structure where the principal entrance of the building or structure affording access to the premises for the public opens upon the street.

INTOXICATING LIQUOR
Means and includes alcohol for beverage purposes, alcoholic, spirituous, vinous, fermented, or other liquors, or combination of liquors, a part of which is spirituous, vinous, or fermented, and all preparations or mixtures for beverage purposes, containing in excess of five percent (5%) by volume.

LICENSEE
The holder of any license issued under the provisions of this Chapter.

LIQUOR LICENSE
The license that every person must obtain from the Board of Aldermen before engaging in a new business of manufacturing, distilling, brewing, distributing or selling at wholesale or retail any alcoholic beverages in the City. A renewal of such license shall be considered upon receipt of a completed renewal application. The Chief of Police shall review each application and provide a recommendation to the Board of Aldermen regarding approval or denial of said application.

MALT LIQUOR
Any beer manufactured from pure hops or pure extract of hops and pure barley malt or other wholesome grains or cereals and wholesome yeast and pure water and free from all harmful substances, preservatives and adulterants.
MANAGING OFFICER
The person who is in active management, as designated by the corporation, and control of the premises who is eligible as an individual to receive a license for the sale of alcoholic beverages and who is a qualified voter of the state.

ORIGINAL PACKAGE
1. For malt liquor, any package in the manufacturer's original container(s) of malt liquor.
2. For intoxicating liquor, any quantity in the manufacturer's original container.

PERMITTEE
The holder of a permit issued under the provisions of this Chapter.

PERSON
Includes any individual, association, joint stock company, syndicate, co-partnership, corporation, receiver, trustee, conservator or other officer appointed by any State or Federal Court.

PREMISES
The bounds of the enclosure where alcoholic beverages are sold or consumed.

RESTAURANT BAR
An establishment having a restaurant or similar facility on the premises, at least fifty percent (50%) of the gross annual income of which is derived from the sale of prepared food or meals consumed on premises.

RETAILER
Any person engaged in the business of selling alcoholic beverages directly to the ultimate consumer at retail.

SCHOOL
Any building that is regularly used as a public, private or parochial, elementary, middle or high school, college, university.

SUBSTANTIAL QUANTITIES OF FOOD
The amount of prepared meals or food consumed on the premises, the sale of which accounts for at least fifty percent (50%) of an establishment's gross income as derived during the three (3) most recent preceding calendar months.

WINE
Any beverage manufactured exclusively from grapes, berries and other fruits and vegetables.

Section 600.020 Chief of Police — Powers and Duties.
A. The Chief of Police shall exercise all powers as they relate to this Chapter. It shall be his/her duty to:

1. Investigate, process and approve new applications of liquor license, presenting all required and requested information to the Board of Aldermen for their final approval prior to issuance of said license. Disapproval for such license by the Chief of Police shall also be presented to the Board of Aldermen for their final disposition.

[B19-10]
2. Work in partnership with the City Clerk to maintain and keep a file on each liquor license to include subsequent renewals and other information and/or correspondence as may apply to that license holder, including copies of any police reports of alleged liquor violations or complaints of same by others.

3. Make all reasonable rules, regulations, orders and directions as may be necessary and feasible for carrying out the duties of his/her office, not inconsistent with the provisions of this Chapter.

4. Examine the books and record of any applicant or licensee when reasonably necessary to determine the eligibility of the person applying for a license or renewal license or to determine that the provisions of this Chapter have been fully complied with by such applicant or licensee.

5. Inspect and the licensee shall allow inspection of any licensed premises, without warrant, the licensee having accepted the license and thereby construed as waiving any constitutional provisions concerning search and seizure under this Chapter and all portions of the building or property, including all rooms, cellars, outbuildings, passageways, closets, vaults, yards, attics and all buildings used in connection with the operations carried on under said license, and which are in his/her possession or under his/her control, and all places where liquor is kept or stored and to seize any and all objects which may appear to be in violation of any provisions of this Chapter and hold in custody such objects as evidence until any matter pertaining thereto is finally adjudicated. Upon such seizure, a receipt shall be given and upon demand, if not forfeited, objects shall be returned to their lawful owner after the matter is finally adjudicated, unless same are found to be contraband. If such objects are not claimed by their lawful owner within ninety (90) days after final adjudication, they shall be deemed forfeited. The Chief of Police shall present to the proper court of law, a list of the seized objects for a determination whether the objects seized are contraband. If such objects are not claimed by their lawful owner within ninety (90) days after final adjudication, they shall be deemed forfeited. If such objects seized are found to be contraband, they shall remain in the custody of the Chief of Police. All contraband and unclaimed objects shall be sold by the Chief of Police at auction.

6. Make arrests and serve any process connected with the enforcement of this Chapter.

Section 600.030 Chief of Police — Conflict of Interest.
The Chief of Police or his/her appointees enforcing the provisions of this Chapter shall not have any interest in (directly or indirectly, either by proprietary or by means of any loan, mortgage or other lien, either for their own benefit or in a fiduciary capacity or any other manner) the premises where any alcohol or intoxicating liquor license exists within the City limits of Grain Valley, Missouri.

Section 600.040 Hours of Sale.
A. No person having a license under this Chapter nor any employee of such person shall sell, give away or otherwise dispose of or suffer the same to be done upon the premises any alcoholic beverages in any quantity between the hours of 1:30 A.M. (or 3:00 A.M. for Class "L" license) and 6:00 A.M. on weekdays and Saturdays as well as between the hours of 1:30 A.M. Sunday and 6:00 A.M. Monday. 2. Package liquor stores as defined in Section 311.293, RSMo., having obtained a Missouri State liquor license as required may be open at 9:00 A.M. and shall close at Midnight the same Sunday.

B. Daylight-saving time shall not increase or decrease the hours of operation of any licensed premises.

Section 600.045 Certain Holiday and Events, Sale by the Drink on Sunday Allowed.
When January first (1st), March seventeenth (17th), July fourth (4th) or December thirty-first (31st) falls on a Sunday and on the Sundays prior to Memorial Day and Labor Day and on the Sunday on which the national championship game of the National Football League is played, commonly known as "Super Bowl Sunday", any person having a license to sell intoxicating liquor by the drink may be open for business and sell intoxicating liquor by the drink under the provisions of the existing license on that day during all times otherwise allowable pursuant to said license and notwithstanding any provisions of Chapter 600 or any other provision of law to the contrary.

Section 600.050 Sales of Beverages Not Authorized by License Prohibited.
It shall be unlawful for a licensee authorized by this Chapter to sell alcoholic beverages at retail by the drink for consumption on the premises where sold to keep or allow any other person to keep in or upon the premises described in such license, any alcoholic beverage other than the kind expressly authorized to be sold by such license.

Section 600.060 Responsibility for Acts of Employees.
Licensees are at all times responsible for the conduct of their business and at all times directly responsible for any act or conduct of any employee on the premises that is in violation of the intoxicating liquor laws of the State, the regulations of the Chief of Police and the provisions of this Chapter.

Section 600.070 Sanitation.
Retail licensees shall keep the premises covered by such licenses clean and sanitary as provided in this Code of Ordinances. No license shall be issued under this Chapter until the County Health Officer or his/her assignee has inspected and forwarded his/her approval of the premises to the Chief of Police.

Section 600.080 Beer Licensee Not to Serve Setups nor Permit Possession or Consumption of Intoxicating Liquor.
No permittee or licensee holding a permit or license for the retail sale of malt liquor by the drink shall knowingly sell, give away or serve upon the premises described in such license any glass, ice, water, soda water, phosphates or any other kinds of liquids to be used for the purpose of mixing intoxicating drinks and commonly referred to as "setups"; nor shall any such licensee suffer any
person while in or upon the premises covered by such license to possess or consume intoxicating liquor or to pour into, mix with or add intoxicating liquor to water, soda water, ginger ale, seltzer or other liquid. Sales and consumption of intoxicating liquor and malt liquor shall be allowed only upon premises as licensed in this Chapter.

Section 600.090 Sale to Habitual Drunkards, Intoxicated Persons.
No person shall sell or supply alcoholic beverages or permit the same to be sold or supplied to a habitual drunkard or any person who is under or apparently under the influence of alcoholic beverages.

Section 600.100 Minors — Purchases.
A. Alcoholic beverages shall not be sold or otherwise supplied to any person under the age of twenty-one (21).
B. It shall be unlawful for any person under the age of twenty-one (21) years to purchase or possess alcoholic beverages.
C. It shall be unlawful for any person under the age of twenty-one (21) years to misrepresent his/her age or make a false statement willfully about his/her age for the purpose of purchasing or in any way securing from anyone alcoholic beverages. Upon conviction in Municipal Court of such violation, the said minor under the age of twenty-one (21) years shall be subject to Section 302.400, RSMo., commonly known as the "Abuse and Lose" Statute, wherein said minor shall be subject to the loss of driving privileges.

Section 600.110 Minors — Sales.
No person under the age of twenty-one (21) years shall sell or dispense or assist in the selling or dispensing of alcoholic beverages unless said person is specifically granted authority to do so by specific provisions within this Chapter.

Section 600.120 Minors — in Sales-By-The-Drink Establishments.
A. In any business licensed in accordance with this Chapter where at least fifty percent (50%) of the gross sales made consists of goods, merchandise or commodities other than intoxicating liquor in the general package, persons at least eighteen (18) years of age may stock, arrange displays, accept payment for and sack for carryout intoxicating liquor. Delivery of intoxicating liquor away from the licensed business premises cannot be performed by anyone under the age of twenty-one (21) years.
B. Persons eighteen (18) years of age or older may, when acting in the capacity of a waiter/waitress, accept payment for or serve intoxicating liquor in places of business which sell food for consumption on the premises if at least fifty percent (50%) of all sales in those places consists of food; provided that nothing in this Section shall authorize persons under the age of twenty-one (21) years of age to mix or serve across the bar, intoxicating beverages.
C. It shall be unlawful for any person under the age of twenty-one (21) years to enter the premises of a licensee holding a sales-by-the-drink license under this Chapter unless such minor is accompanied by either his/her parent or legal guardian; provided however, that
nothing in this Section shall be construed as prohibiting the entrance of any person defined in
the Section as lawfully being employed on such premises.

D. It shall be unlawful for any person under the age of twenty-one (21) to have in his/her
possession any alcoholic beverage unless such person is specifically granted authority to
possess alcoholic beverages as provided by this Chapter.

**Section 600.130 Deliveries.**
No wholesale licensee shall deliver to or cause to be delivered to any premises alcoholic beverages
unless there shall be prominently displayed therein a license issued by the Chief of Police to the
person purchasing such alcoholic beverages, designating such purchaser as a person licensed to
sell on such premises the kind of alcoholic beverages the wholesale licensee is about to deliver.

**Section 600.140 Possession Restricted.**
No person shall possess alcoholic beverages purchased within the City unless the same has been
acquired from some person holding a duly authorized license to sell the same under this Chapter
or unless such alcoholic beverages are had or kept with the written permission of the State
Supervisor of Liquor Control and the package in which the alcoholic beverages are contained and
from which they are taken for consumption have, while containing alcoholic beverage, been
labeled and sealed with the official seal prescribed under the State law and the regulations made
thereunder.

**Article II**
**Licenses and Permits**

**Section 600.150 Licenses — Required, Period of Time — Application.**
A. It is hereby declared to be unlawful for any person, either by himself/herself or through the
use of agents or servants, to engage in the manufacture, brew, sale or distribution, or exchange
for donation of alcoholic beverages within the city limits without first having obtained a
liquor license authorizing such manufacture, brewing, sale, distribution, or exchange for
donation in compliance with the terms of this Chapter.

B. A license shall be issued for a period of one (1) year from July first (1st) through June thirtieth
(30th).

C. Renewal applications must be received by the City Clerk no less than thirty (30) days prior
to the date of expiration of the current license. Failure of a licensee to make such renewal
application thirty (30) days prior to the expiration of the current license shall be considered
to constitute abandonment and the licensee shall forfeit his/her current license upon expiration
of such license. The Chief of Police may, at his/her discretion, upon satisfactory evidence,
determine that a late renewal may be reinstated, prior to the expiration of the current license
until Midnight of the final day of expiration, after which that said license shall be deemed
abandoned.

D. **Form And Contents.**

I. Any person desiring to secure a license under the terms of this Chapter shall secure a formal
application for same from the City Clerk, including a renewal application for existing
licenses. Each question in the application shall be completed in full and will be considered material to the issuance of such license.

2. Upon request by the Chief of Police, additional information may be requested and must be provided by that applicant.

E. Required Information. The following information shall be required, in addition to any other information that the Chief of Police shall deem necessary, for a new application and for a renewal application, such required information being already on file, unless there has been a change of any kind, said required information having already been submitted and approved is not necessarily required, at the discretion of the Chief of Police:

1. If a partnership, all names, residential addresses, dates of birth and Social Security numbers of the partners or any person who has a financial interest in the partnership.

2. If a corporation, the date of incorporation, the State in which incorporated, the amount of paid-in-capital, the amount of authorized capital, the names, residential addresses, dates of birth of all shareholders and officers.

3. The name and residential address of any persons having a financial interest in the building and property.

4. The name, residential address, date of birth and Social Security number of the person applying for the license, if said person is a "naturalized citizen" and, if so, the date and place of naturalization.

5. Whether or not any person or persons with any financial interest in the business has ever been convicted of a felony and the facts pertaining thereto.

6. The address of the premises for which the license is sought.

7. The class of license sought.

8. Every applicant must submit a certificate of registration from the Election Board from the County where he/she resides stating that the applicant or said officer of applicant, if a corporation, is a qualified legal voter in the State of Missouri.

9. Copy of his/her property tax receipt for the year immediately preceding the date of the application from the County, Town, City or Village where he/she resides in the State of Missouri; or if applicant is a corporation, a copy of the property tax receipt for the year immediately preceding the date of the application of the managing officer of such corporation of the County, Town, City or Village in the State of Missouri where such managing officer resides or, in lieu thereof, an affidavit of the County or City Assessor wherein such applicant resides or, if the applicant is a corporation, wherein the managing officer of such corporation resides, stating therein that the applicant or managing officer of such corporation, if a corporation, owns property for which he/she is legally subject and liable to taxation in the County, Town, City or Village where applicant or, if a corporation, the managing officer or applicant resides in the State of Missouri.
10. Copy of a “No Sales Tax Due” as issued by the State of Missouri for the business which the liquor license will be operating under.

11. When license is applied for the first (1st) time, the person submitting the application shall furnish a photograph of the exterior of the premises of the proposed place of business and one (1) set of drawings of the floor plan of the premises with specifications of the fixtures contained therein. If changes to the premises or fixtures are made, new plans indicating such changes must be submitted to the Chief of Police.

F. Fingerprints And Photographs. All persons applying for a license under this Chapter shall furnish to the Chief of Police two (2) recent photographs, passport size and shall be fingerprinted. If applicant is a partnership, all partners shall submit photographs and shall be fingerprinted as required herein. If the applicant is a corporation, the managing officer(s) shall be fingerprinted and submit photographs as required. The Chief of Police, at his/her discretion, may make similar requirements of the officers, directors and any shareholders of such corporation.

G. Execution By Applicant. Application for a license under this Chapter shall be made by the individual who is, in fact, actively engaged in the actual control and management of the premises for which said license is sought.

H. Fees. Each application for license referred to herein shall be accompanied by payment of the respective fee required. Once an application is received, fees are considered non-refundable. Each applicant to whom a license is issued shall have one hundred twenty (120) days from the date of issuance thereof to begin operation of such establishment for business purposes. If such licensee does not open such establishment for business within the one hundred twenty (120) day time period, such fee may be forfeited and the license issued may be considered invalid, null and void and of no effect as determined by the Board of Aldermen depending upon the facts and circumstances of the delay in opening. Such licensee will then be required to reapply for such license and comply with all requirements set forth in this Chapter. The same fee will be charged upon such reapplication.

**Section 600.200: Employee Permit Cards for Liquor By the Drink Establishments**

A. It shall be unlawful for any person to directly participate in the retail sale, service, delivery, dispensation, or the exchange for donation of alcoholic beverages/intoxicating liquors at a location authorized to sell liquor by the drink unless the person holds a valid employee permit card issued by the Chief of Police. The term “directly participate in the retail sale, service, delivery, dispensation, or exchange for donation of alcoholic beverages” as used in this section shall include accepting delivery of, stocking, arranging displays of, delivery, taking orders for, accepting payments for, mixing, serving or assisting in mixing or serving alcoholic beverages. It shall be unlawful for any person to act in the capacity of, but not limited to, manager, bartender, waiter, waitress, cashier, sales clerk, stock person, or doorman, or other person responsible for checking identification cards to determine age unless the person holds a valid employee permit card issued by the Chief of Police.

B. **Application**

   Each application for an employee permit card shall be filed with the Chief of Police on a form supplied by the Police Department and shall be signed by the applicant. The applicant shall include:
1. The applicant’s name, home address, telephone number, date of birth, and motor vehicle operator’s license number or other identification number.

2. The applicant’s height, weight, color of eyes, color of hair, and sex.

3. A statement by the applicant affirming whether he or she is a convicted felon.

4. A statement by the applicant of whether or not he or she has held an alcoholic beverage license or employee permit, and if so, when and by what state or city the license or permit was issued, and whether or not any such license or permit has ever been suspended, revoked, or disqualified, and if suspended, revoked or disqualified, when and for what reason.

5. The applicant will complete a criminal history check through the Missouri State Highway Patrol Criminal Justice Information Service Division within sixty (60) days from date of application and have the criminal history report released to the Grain Valley Police Department.

6. The applicant will pay to the City a permit card issuance fee as outlined in the Comprehensive Fee Schedule.

C. Issuance

If the applicant meets the requirements of this section and this chapter, the Chief of Police shall issue the employee permit card to the applicant which shall be valid for two years from the date of issuance. Upon expiration of the employee permit card, the applicant may obtain a new employee permit card in the same manner as provided in this section.

D. Denial, suspension or revocation of employee permit card

Grounds, whenever it shall be shown or whenever the Chief of Police has knowledge that;

1. The permit issued under this chapter was obtained through materially false statements or information in the application.

2. The person applying for an application must be at least 21 years of age, or 18 years of age with the exceptions of this Chapter.

3. The person applying for the permit has been charged or convicted of rape, sexual assaults, sodomy, kidnappings, abductions, robbery, murder, manslaughter, or other violent felony against persons.

4. The person applying for this permit will not be issued an employee permit card, if they are currently suspended in this city or any other city or state or has been revoked within two-years immediately preceding this application.

5. An employee permit card will not be issued to any person who within five-years of the date of application, has been found guilty of, pleaded guilty to, pleaded nolo contendere to or been convicted of a felony (federal or state) or has been released from confinement for a felony conviction, whichever is latest, involving the sale of controlled substances or illegal drugs or narcotics, or intent to distribute controlled substances or illegal drugs or narcotics, or intent to distribute controlled substances or illegal drugs or narcotics, or intent to distribute controlled substances or
illegal drugs or narcotics or an offense of a similar nature in other states as determined by the Chief of Police.

E. **Form of Employee Permit Card**

Each employee permit card shall bear the physical description and photograph of the applicant and be in a form approved by the Chief of Police.

F. **Invalidation, suspension or revocation**

If any person who has been issued and holds an employee permit card shall be found guilty of, plead guilty to, plead nolo contendere to or been convicted of a felony (federal or state), as described in subsection (a), the employee permit card shall be void. If any permittee shall violate or contribute to the violation of any of the provisions of this chapter, the Chief of Police may immediately suspend or revoke the employee permit card of that person.

G. **Employment of felons**

A retail licensee may employ a person convicted of any felony as described in subsection (a), unrelated to the manufacture or sale of intoxicating liquor, so long as the felon does not directly participate in the retail sale, service, delivery, or dispensation of alcoholic beverages as defined in section (B-5) of this chapter.

H. **Possession and exhibition**

While directly participating in the retail sale, service, delivery, or dispensation of alcoholic beverages, any person holding an employee permit card under the provisions of this section shall be required to have the permit in his or her possession or in the manager’s office, and shall be able to exhibited to the Chief of Police or his designee or any other officer of the Grain Valley Police Department upon demand. agent, servant or employee, or to the Chief of Police or the Chief’s designee or any member of the Police Department, the person to be 21 years of age or older.

3. **Falsifying employee permit card.** It shall be unlawful for any person to manufacture, forge, reproduce in any way or otherwise falsify an employee permit card issued, or purporting on its face to have been issued, by the Chief of Police, or to give, lend, sell or otherwise provide to any person a false, falsified, manufactured, forged or reproduced an employee permit card issued by the Chief of Police.

4. **Use of others employee permit card.** It shall be unlawful for any lawful holder of an employee permit card issued by the Chief of Police to give, lend, sell or otherwise provide the employee permit card to any other person, or for any person not the lawful holder of the employee permit card to use the card for any purpose declared to be unlawful by the provisions of this chapter, or give, lend, sell or otherwise provide the employee permit card to any other person.

5. **Not submitting identification report.** It shall be unlawful for any retail licensee to have in his employee any person who has not submitted the employee identification form as provided by the Chief of Police within ten (10) days of hire.

**Section 600.210 Licenses — Issuance Prohibited Near Schools and Churches.**

A. No license shall be granted for the sale of alcoholic beverages within one hundred (100) feet of any school, church or other building used as a place of worship, unless the applicant for such license shall first obtain the consent in writing of the Board of Directors of the school or the consent in writing of the majority of the managing board of the church or place of worship; except that when a school, church or place of worship shall hereafter be established within one hundred (100) feet of any place of business licensed to sell intoxicating liquor, the license shall not be denied for lack of consent in writing as provided herein.

B. The distance from the premises of a liquor establishment and a church building, school building or other place of worship building shall be measured between the point of the nearest exterior wall of the church building, school building or other place of worship building to the point nearest the exterior wall of the applicant for such license.

**Section 600.220 Licenses — Eligibility of Annexed Licensee.**

Any person operating a liquor business outside the limits of the City in an area that may be annexed by the City shall be eligible to apply for a comparable license, as defined in this Chapter, at the time of annexation completion.

**Section 600.230 Granting and Renewal of License.**

A. Only the Board of Aldermen may approve a new application or renewal for a license as provided in this Chapter. The Chief of Police will review the application and make an informed recommendation to the Board of Aldermen, who will approve or reject the license application or renewal application. Upon approval by the Board of Aldermen, the City Administrator shall direct the City Clerk to issue said license.
B. The person applying for a new license or renewal and other interested persons may appear before the Board of Aldermen and testify in support of or against the issuance of the license.

C. The Chief of Police shall report to the Board of Aldermen his/her findings of the investigation of such new application or renewal with his/her approval or denial recommendation.

D. Licenses granted under the terms of this Chapter shall be signed by the City Clerk who shall affix the Seal of the City thereto.

E. No license shall be granted at the same meeting of the Board of Aldermen that the application is first presented.

F. As part of the application and renewal process, the Board of Aldermen shall consider the factors set forth in Section 600.290(A) as well as any other facts concerning the fitness, qualifications and history of the applicant.

G. Any license issued for the first (1st) time hereunder shall be on a probationary basis for six (6) months, subject to review at the end of said probationary period. Said license may then be extended, revoked or suspended depending upon the conduct of the licensee and activities on the premises during said period. If the applicant has successfully completed the probationary period to the Chief of Police’s satisfaction, said license may then be extended by the Chief of Police for the remaining license period. If concerns during the probationary period are found, the Chief of Police will make a recommendation to the Board of Aldermen who will determine whether to revoke or suspend the license. Documentation of the probationary period review shall be included in the liquor license file.

H. Denial, right of hearing. If an application for a license under this article is denied by the Board of Aldermen, the applicant shall be entitled to an appeal hearing under the terms of Section 690.290.

Section 600.240 Contents of Licenses.
A. A license issued under authority of this Chapter, a duplicate of which shall be retained in the records of the City Clerk, shall contain, at a minimum, the following information and be displayed prominently in the business so licensed:

1. The class or classes of the license.

2. Name of person issued to.

3. Fees paid.

4. Expiration date.

Section 600.250 Transferability of Licenses.
A. No license issued under authority of this Chapter shall be transferable or assignable except as herein provided:
1. **Death of licensee under unexpired license.** In the event of the death of a person holding a license, the widow or the widower or the next of kin of such deceased person, who shall meet the other requirements of this Chapter, may be permitted to operate the business of the deceased licensee for the remainder of the period for which the license is valid, and it shall not be necessary for such relative to secure a new license until the expiration of the license issued to the deceased person.

2. **A removal of license to other location.** A license may, subject to the approval of the Board of Aldermen, be transferred to any other place or to any other part of the building containing the licensed premises, if the place sought to be licensed meets the requirements of this Chapter.

3. **Expansion of existing license.** A license may, subject to the approval of the Board of Aldermen, be expanded to encompass a larger area of the existing licensed premises if the area sought to be licensed meets the requirements of this Chapter.

B. The application for permission to transfer or expand the license must be submitted on a form and in such manner as prescribed by the City Clerk, together with the fee as listed in the comprehensive fee schedule, and shall include, but not be limited to:

1. Name and address of licensee.

2. Street address, name and legal description of the premises to which removal is sought, together with the name and address of the owner of the property and the name(s) of any person(s) having an interest in the leasehold or interest therein as landlord or tenant.

Section 600.260 Effect of Sale of Licensed Premises.
When a person holding a liquor license under this Chapter obtains a buyer or lessee for the establishment for which the license was issued, such buyer or lessee shall be given a prior consideration for a license provided such buyer or lessee meets the qualifications set forth in this Chapter. Such new buyer or lessee shall be required to pay all applicable fees as if he/she were applying as any other new applicant for a new license in accordance with the requirements of this Chapter.

Section 600.270 Suspension or Revocation of Licenses.
A. Any license issued pursuant to this Chapter is subject to suspension or revocation whenever it shall be shown or whenever the Chief of Police has knowledge that:

1. A licensee or permittee under this Chapter has not at all times maintained an orderly place, including, but not limited to, incidents of the following:
   a. Repeated incidents of violence disturbances; fighting, assaults, etc. within a four-month time frame. Shootings may result in an immediate suspension or revocation for crime scene investigation.
   b. Incidents of rape, sexual assaults, sodomy, kidnappings, abductions, etc.
   c. Acts of nudity or sexual activity to include, sexual intercourse, masturbation, bestiality, oral copulation, or flagellation on the premises.
   d. Incidents of Gambling, Sports Betting, etc.
e. Incidents of repetitive Noise Complaints

2. A licensee or any employee, agent or servant of such licensee has violated any State licensing rules; regulations; State laws; or provisions of this Chapter; or licensee or permittee obtained the license or permit through materially false statements in the application for such license or permit or renewal thereof; or

3. A licensee has failed to make a complete disclosure of all pertinent information in the application for such license or permit or renewal or has failed to make timely renewal application thereof; or

4. A licensee, since the issuance of such license, has ceased to be the person actually in control and management of the particular establishment for which the license was issued; or

5. There is reason to believe that there is a danger to the health, welfare and safety of patrons due to conditions on premises of licensee; or

6. A licensee or permittee has refused a lawful order of a Police Officer on the licensed premises; or

7. There be found in or upon the licensed premises minors in possession of intoxicating liquors; or

For any other good cause shown. The Chief of Police may temporarily suspend said license for a period not to exceed forty-eight (48) hours and immediately close the licensed establishment. The Chief of Police, as soon as possible, will notify the City Administrator of such action and the City Administrator shall, as soon as possible, notify the Board of Aldermen who may require a hearing to determine whether to suspend such license for an additional period of time as they may deem or permanently revoke such license. The Chief of Police may, at his/her discretion, lift such temporary suspension within the forty-eight (48) hour period and allow the reopening of the establishment, pending a required hearing before the Board of Aldermen.

B. In the event there is any conflict of interest in the Board of Aldermen, there shall be established a Liquor Control Board which Board shall have the same powers, duties and responsibilities as the Board of Aldermen in reviewing, suspending or revoking any license issued hereunder. Such Liquor Control Board shall be comprised of three (3) members of the Board of Aldermen. No action shall be taken by the Liquor Control Board except by majority vote. Such Board shall select a Presiding Officer to conduct any proceedings hereunder.

C. Grounds for suspension or revocation by the Board of Aldermen or Liquor Control Board may consist of any violation of this Chapter.

D. Notification Of Hearing. The licensee shall be given not less than ten (10) days' written notice to appear prior to the hearing. The notice shall set out the reasons for which the hearing is called and shall command the person holding the license to be present at such hearing and show cause, if any, why such license should not be suspended or revoked. Such notice shall be served by the Chief of Police upon the licensee by leaving a copy thereof with the licensee or with a person or employee in charge of the place of business of such licensee or by mailing
such notice by certified or registered mail to the licensee at his/her last known business or residence or by posting a copy of such notice on the licensed premises.

E. **Hearing Procedures.** The licensee shall have full right to have counsel, produce witnesses and cross-examine all witnesses who may appear against such licensee. The licensee shall have the right to take down stenographically or record mechanically or electronically all proceeding in such hearings. Such hearings shall be transcribed whenever required by law. Subpoenas shall be issued by the Chief of Police for any witness whose presence is desired at any hearing or processing before the Board of Aldermen or Liquor Control Board to suspend or revoke a license. Such subpoenas shall be served and returned thereon shall be made in the same manner as provided by law in civil suits in the Circuit Court of this State. Witnesses may also appear voluntarily at such hearing and testify.

F. Decision – Suspension or Revocation. If the evidence supports a finding that the license should be revoked or suspended pursuant to Section 600.210 of this Chapter, the Board shall issue a written order which shall include specific findings of fact setting forth the grounds for the action taken. If the evidence fails to support a finding that the license should be revoked or suspend, then no such order shall be issued.

G. Effect. Whenever any license shall be revoked under the terms and provisions of this Chapter, the licensee shall not thereafter be eligible for any license provided for in this Chapter for a period of one year, beginning at the date of revocation. No licensee who shall have had his/her license suspended or revoked by order of the Board of Aldermen or Liquor Control Board shall sell or give away any intoxicating liquor or malt liquor during the period of time such order of suspension or revocation is in effect. Any licensee desiring to keep his/her premises open for the sale of food or merchandise during such period of suspension or revocation shall display the order of suspension or revocation issued by the Board of Aldermen in a conspicuous place on the premises so that all persons visiting the premises may readily see the order. There shall be no refund of any license fee should a majority of the members of the Board vote to suspend or revoke any license hereunder.

### Article III
**Miscellaneous Provisions**

#### Section 600.280 Violent Act and Other Violations to Be Suppressed — Report to Police Immediately — Cooperate With Police Investigation.
At no time, under any circumstances, shall any licensee or permittee or employee fail to immediately prevent, suppress, any violent quarrel, disorder, brawl, fight or other improper or unlawful conduct of any person upon a licensed premise. Persons eighteen (18) years of age or older may, when acting in the capacity of a waiter/waitress, accept payment for or serve intoxicating liquor or non-intoxicating beer in places of business which sell food for consumption on the premises if at least fifty percent (50%) of all sales in those places consists of food; provided that nothing in this Section shall authorize persons under the age of twenty-one (21) years of age to mix or serve across the bar, intoxicating beverages or non-intoxicating beer.

C. It shall be unlawful for any person under the age of twenty-one (21) years to enter the premises of a licensee holding a sales-by-the-drink license under this Chapter unless such minor is accompanied by either his/her parent or legal guardian; provided however, that nothing in this Section shall be construed as prohibiting the entrance of any person defined in the Section as lawfully being employed on such premises.

D. It shall be unlawful for any person under the age of twenty-one (21) to have in his/her possession any alcoholic beverage unless such person is specifically granted authority to possess alcoholic beverages as provided by this Chapter.

E. Nothing in this Chapter shall prohibit parents, guardians or duly licensed physicians from supplying alcoholic beverages to persons under twenty-one (21) for medicinal purposes only.

Section 600.130 Deliveries.
[Ord. No. 1768 §1, 6-27-2005]

No wholesale licensee shall deliver to or cause to be delivered to any premises alcoholic beverages unless there shall be prominently displayed therein a license issued by the Chief of Police to the person purchasing such alcoholic beverages, designating such purchaser as a person licensed to sell on such premises the kind of alcoholic beverages the wholesale licensee is about to deliver.

Section 600.140 Possession Restricted.
[Ord. No. 1768 §1, 6-27-2005]

No person shall possess alcoholic beverages purchased within the City unless the same has been acquired from some person holding a duly authorized license to sell the same under this Chapter or unless such alcoholic beverages are had or kept with the written permission of the State Supervisor of Liquor Control and the package in which the alcoholic beverages are contained and from which they are taken for consumption have, while containing alcoholic beverage, been labeled and sealed with the official seal prescribed under the State law and the regulations made thereunder.

Section 600.150 Population Determination.
[Ord. No. 1768 §1, 6-27-2005]

A. The determination of the population of the City for the purpose of issuance of liquor licenses shall be made by the Board of Aldermen and the Board may increase or decrease the number of licenses to be issued under this Chapter.

B. When the Board of Aldermen finds that the population of the City has declined and the number of licenses in any category decreases on account of such population decline, current license holders will be eligible for renewal of their licenses as long as they continue in business in compliance with all provisions of this Chapter. The business must be operating under a current and valid license on the
effective date of the Board of Aldermen action setting the City's population and continue in active-operation in order to maintain their protected status.

C. Population is only one (1) of the factors used by the Board of Aldermen in determining whether or not a license is issued initially.

Section 600.160 Penalty
[Ord. No. 1768 §1, 6-27-2005]

Any person found guilty of violating any of the provisions of this Chapter shall be subject to a minimum fine of two hundred fifty dollars ($250.00); provided that, upon final conviction of any person for violation of any of the provisions of this Chapter, said conviction shall automatically operate to revoke the license hereunder issued to such person and, provided further, that the "term of conviction" as herein used shall mean conviction upon final determination of any prosecution of any violations of this Chapter and, provided further, that no person having been convicted of the violation of any provisions of this Chapter shall be issued a license or renewal thereof for a period of one (1) year from the date of such conviction. Upon conviction of any person under the provisions of this Chapter, it shall be the duty of the judge of the Municipal Court to certify such conviction to the Chief of Police and Board of Aldermen.

Article II
Licenses and Permits

Section 600.170 Licenses — Required, Period of Time — Application.
[Ord. No. 1768 §1, 6-27-2005]

A. It is hereby declared to be unlawful for any person, either by himself/herself or through the use of agents or servants, to engage in the manufacture, brew, sale or distribution, or exchange for donation of alcoholic beverages within the city limits without first having obtained a liquor license authorizing such manufacture, brewing, sale, or distribution, or exchange for donation in compliance with the terms of this Chapter.

B. A license shall be issued for a period of one (1) year from July first (1st) through June thirtieth (30th).

C. Renewal applications must be received by the City Clerk no less than thirty (30) days prior to the date of expiration of the current license. Failure of a licensee to make such renewal application thirty (30) days prior to the expiration of the current license shall be considered to constitute abandonment and the licensee shall forfeit his/her current license upon expiration of such license. Such abandonment shall make such license available to the next applicant who has applied and not been capable of obtaining a license of its classification due to population restrictions, should there be any applicant who has an application on file waiting for same, providing that, such waiting application shall not be more than one (1) year old. The City Clerk Chief of Police may, at his/her discretion, upon satisfactory evidence, determine that a late renewal may be reinstated, prior to the expiration of the current license until Midnight of the final day of expiration, after which that said license shall be deemed abandoned.

D. Form And Contents.

1. Any person desiring to secure a license under the terms of this Chapter shall secure a formal application for same from the City Clerk, including a renewal application for existing licenses. Each question in the application shall be completed in full and will be considered material to the issuance of such license.

2. Upon request by the Chief of Police, additional information may be requested and must be provided by that applicant.
E. **Required Information.** The following information shall be required, in addition to any other information that the Chief of Police shall deem necessary, for a new application and for a renewal application, such required information being already on file, unless there has been a change of any kind, said required information having already been submitted and approved is not necessarily required, at the discretion of the Chief of Police:

1. If a partnership, all names, residential addresses, dates of birth and Social Security numbers of the partners or any person who has a financial interest in the partnership.

2. If a corporation, the date of incorporation, the State in which incorporated, the amount of paid-in-capital, the amount of authorized capital, the names, residential addresses, dates of birth of all shareholders and officers.

3. The name and residential address of any persons having a financial interest in the building and property.

4. The name, residential address, date of birth and Social Security number of the person applying for the license, if said person is a "naturalized citizen" and, if so, the date and place of naturalization.

5. Whether or not any person or persons with any financial interest in the business has ever been convicted of a felony and the facts pertaining thereto.

6. The address of the premises for which the license is sought.

7. The class of license sought.

8. **Every applicant must submit a certificate of registration from the Election Board from the County where he/she resides stating that the applicant or said officer of applicant, if a corporation, is a qualified legal voter in the State of Missouri.** Certification from the County Election Board showing the person applying to be a registered voter.

9. Copy of his/her property tax receipt for the year immediately preceding the date of the application from the County, Town, City or Village where he/she resides in the State of Missouri; or if applicant is a corporation, a copy of the property tax receipt for the year immediately preceding the date of the application of the managing officer of such corporation of the County, Town, City or Village in the State of Missouri where such managing officer resides or, in lieu thereof, an affidavit of the County or City Assessor wherein such applicant resides or, if the applicant is a corporation, wherein the managing officer of such corporation resides, stating therein that the applicant or managing officer of such corporation, if a corporation, owns property for which he/she is legally subject and liable to taxation in the County, Town, City or Village where applicant or, if a corporation, the managing officer or applicant resides in the State of Missouri.

10. Copy of a “No Sales Tax Due” as issued by the State of Missouri for the business which the liquor license will be operating under.

11. When license is applied for the first (1st) time, the person submitting the application shall furnish a photograph of the exterior of the premises of the proposed place of business and one (1) set of drawings of the floor plan of the premises with specifications of the fixtures contained therein. If changes to the premises or fixtures are made, new plans indicating such changes must be submitted to the Chief of Police.

F. **Fingerprints And Photographs.** All persons applying for a license under this Chapter shall furnish to the Chief of Police two (2) recent photographs, passport size and shall be fingerprinted. If applicant is a partnership, all partners shall submit photographs and shall be fingerprinted as required herein. If the applicant is a corporation, the managing officer(s) shall be fingerprinted and submit photographs as required. The Chief of Police, at his/her discretion, may make similar requirements of the officers,
directors and any shareholders of such corporation.

G. Execution By Applicant. Application for a license under this Chapter shall be made by the individual who is, in fact, actively engaged in the actual control and management of the premises for which said license is sought.

H. Fees. Each application for license referred to herein shall be accompanied by payment of the respective fee required. Once an application is received, fees are considered non-refundable. Each applicant to whom a license is issued shall have one hundred twenty (120) days from the date of issuance thereof to begin operation of such establishment for business purposes. If such licensee does not open such establishment for business within the one hundred twenty (120) day time period, such fee may be forfeited and the license issued may be considered invalid, null and void and of no effect as determined by the Board of Aldermen depending upon the facts and circumstances of the delay in opening. Such licensee will then be required to reapply for such license and comply with all requirements set forth in this Chapter. The same fee will be charged upon such reapplication, but the applicant shall not be allowed to reapply for such license for a period of one (1) year from the original date of issuance.

Section 600.180 Licenses — Classification, Fees, Scope.

[Ord. No. 1768 §1, 6-27-2005]

A. No person shall be granted a license under this Chapter unless such person is of good moral character and a qualified legal voter and a taxpaying citizen of the City State, nor shall any corporation be granted a license under this Chapter unless the managing officer of such corporation is of good moral character and a qualified legal voter and taxpaying citizen of the City State.

B. No person, partnership or corporation shall be qualified for a license under this Chapter if such person, any member of such partnership or such corporation or any officer, director or any stockholder owning, legally or beneficially, directly or indirectly, ten percent (10%) or more of the stock of such corporation or other financial interest therein or ten percent (10%) or more of the interest in the business for which the person, partnership or corporation is licensed or any person employed in the business licensed under this Chapter shall have had a license revoked by the State of Missouri or this City or shall have been convicted of violating the provisions of any law applicable to the manufacture or sale of intoxicating liquor since the ratification of the Twenty-First Amendment of the Constitution of the United States.

C. No license issued under this Chapter shall be denied, suspended, revoked or otherwise affected based solely on the fact that an employee of the licensee has been convicted of a felony unrelated to the manufacture or sale of intoxicating liquor so long as any such employee does not directly participate in retail sales of intoxicating liquor. Each employer shall report the identity of any employee
convicted of a felony to the Chief of Police, within ten (10) days of hiring, in writing by completing the Employee Identification Form.

D. A person seeking a license required in this Chapter shall not be in arrears to the City for any taxes or permit or license fees and shall not hold any delinquent accounts with the City.

E. No person seeking a license required in this Chapter shall accept, directly or indirectly, any loans, equipment or monies, credit or property of any kind, except ordinary commercial credit as such term is defined in the "Rules and Regulations of the Supervisor of Liquor Control" of the State of Missouri.

F. A person seeking a license under the provisions of this Chapter must have a certificate of occupancy issued by the Building Official responsible for issuing same for the City, and a copy thereof must be furnished to the Chief of Police prior to conducting or opening any business wherein a license is required in this Chapter.

G. In making a determination of good moral character, the following shall be considered:

1. A felony or misdemeanor conviction of the applicant.

2. Any pending felony or misdemeanor charges

2-3. The nature of the crime committed in relation to the license the applicant seeks.

3. The date of the conviction.

4-5. The conduct of the applicant since the date of the conviction.

6. Consideration of Suspension and/or Revocation of past licenses

5-7. Other evidence as to the applicant's character.

Section 600.230: Employee Permit Cards for Liquor By the Drink Establishments

A. It shall be unlawful for any person to directly participate in the retail sale, service, delivery, dispensation, or the exchange for donation of alcoholic beverages/intoxicating liquors at a location authorized to sell liquor by the drink unless the person holds a valid employee permit card issued by the Chief of Police. The term “directly participate in the retail sale, service, delivery, dispensation, or exchange for donation of alcoholic beverages” as used in this section shall include accepting delivery of, stocking, arranging displays of, delivery, taking orders for, accepting payments for, mixing, serving or assisting in mixing or serving alcoholic beverages. It shall be unlawful for any person to act in the capacity of, but not limited to, manager, bartender, waiter, waitress, cashier, sales clerk, stock person, or doorman, or other person responsible for checking identification cards to determine age unless the person holds a valid employee permit card issued by the Chief of Police.

B. Application

Each application for an employee permit card shall be filed with the Chief of Police on a form supplied by the Police Department and shall be signed by the applicant. The applicant shall include:

1. The applicant’s name, home address, telephone number, date of birth, and motor vehicle operator’s license number or other identification number.

2. The applicant’s height, weight, color of eyes, color of hair, and sex.

3. A statement by the applicant affirming whether he or she is a convicted felon.
4. A statement by the applicant of whether or not he or she has held an alcoholic beverage license or employee permit, and if so, when and by what state or city the license or permit was issued, and whether or not any such license or permit has ever been suspended, revoked, or disqualified, and if suspended, revoked or disqualified, when and for what reason.

5. The applicant will complete a criminal history check through the Missouri State Highway Patrol Criminal Justice Information Service Division within sixty (60) days from date of application and have the criminal history report released to the Grain Valley Police Department.

6. The applicant will pay to the City a permit card issuance fee as outlined in the Comprehensive Fee Schedule.

C. Issuance

If the applicant meets the requirements of this section and this chapter, the Chief of Police shall issue the employee permit card to the applicant which shall be valid for two-years from the date of issuance. Upon expiration of the employee permit card, the applicant may obtain a new employee permit card in the same manner as provided in this section.

D. Denial, suspension or revocation of employee permit card

Grounds, whenever it shall be shown or whenever the Chief of Police has knowledge that;

1. The permit issued under this chapter was obtained through materially false statements or information in the application.

2. The person applying for an application must be at least 21 years of age, or 18 years of age with the exceptions of this Chapter.

3. The person applying for the permit has been charged or convicted of rape, sexual assaults, sodomy, kidnappings, abductions, robbery, murder, manslaughter, or other violent felony against persons.

4. The person applying for this permit will not be issued an employee permit card, if they are currently suspended in this city or any other city or state, or has been revoked within two-years immediately preceding this application.

5. An employee permit card will not be issued to any person who within five-years of the date of application, has been found guilty of, pleaded guilty to, pleaded nolo contendere to or been convicted of a felony (federal or state) or has been released from confinement for a felony conviction, whichever is latest, involving the sale of controlled substances or illegal drugs or narcotics, or intent to distribute controlled substances or illegal drugs or narcotics, or intent to distribute controlled substances or illegal drugs or narcotics or an offense of a similar nature in other states as determined by the Chief of Police.

E. Form of Employee Permit Card

Each employee permit card shall bear the physical description and photograph of the applicant and be in a form approved by the Chief of Police.

F. Invalidation, suspension or revocation

If any person who has been issued and holds an employee permit card shall be found guilty of, plead guilty to, plead nolo contendere to or been convicted of a felony (federal or state), as described in subsection (a), the employee permit card shall be void. If any permittee shall violate or contribute to the violation of any of the provisions of this chapter, the Chief of Police may immediately suspend or revoke the employee permit card of that person.

G. Employment of felons
A retail licensee may employ a person convicted of any felony as described in subsection (a), unrelated to the manufacture or sale of intoxicating liquor, so long as the felon does not directly participate in the retail sale, service, delivery, or dispensation of alcoholic beverages as defined in section (B-5) of this chapter.

H. Possession and exhibition

While directly participating in the retail sale, service, delivery, or dispensation of alcoholic beverages, any person holding an employee permit card under the provisions of this section shall be required to have the permit in his or her possession or in the manager’s office, and shall be able to exhibited to the Chief of Police or his designee or any other officer of the Grain Valley Police Department upon demand. Failure to exhibit an employee permit card as required by this subsection shall be prima facie evidence that the person does not hold a employee permit card.

I. Violations

1. Employment of persons without an Employee Permit Card. It shall be unlawful for any retail licensee to have in his employee to sell or assist in the retail sale, dispensation, service, or delivery of alcoholic beverages any person who does not have an employee permit card issued from the Chief of Police.

2. False representation. It shall be unlawful for any person to use or possess any false or falsified employee permit card issued, or purporting on its face to have been issued, by the Chief of Police for the purpose of using the employee permit card to obtain employment in or to purchase alcoholic beverages from any premises granted a license under the provision of this chapter, or to misrepresent to any licensee or his agent, servant or employee, or to the Chief of Police or the Chief’s designee or any member of the Police Department, the person to be 21 years of age or older.

3. Falsifying employee permit card. It shall be unlawful for any person to manufacture, forge, reproduce in any way or otherwise falsify an employee permit card issued, or purporting on its face to have been issued, by the Chief of Police, or to give, lend, sell or otherwise provide to any person a false, falsified, manufactured, forged or reproduced an employee permit card issued by the Chief of Police.

4. Use of others employee permit card. It shall be unlawful for any lawful holder of an employee permit card issued by the Chief of Police to give, lend, sell or otherwise provide the employee permit card to any other person, or for any person not the lawful holder of the employee permit card to use the card for any purpose declared to be unlawful by the provisions of this chapter, or give, lend, sell or otherwise provide the employee permit card to any other person.

5. Not submitting identification report. It shall be unlawful for any retail licensee to have in his employee any person who has not submitted the employee identification form as provided by the Chief of Police within ten (10) days of hire.

Section 600.230 Licenses — Issuance Prohibited Near Schools and Churches.
[Ord. No. 1768 §1, 6-27-2005]

A. No license shall be granted for the sale of alcoholic beverages within three hundred (300) feet of any school, church or other building used as a place of worship, unless the applicant for such license shall first obtain the consent in writing of the Board of Directors of the school or the consent in writing of the majority of the managing board of the church or place of worship; except that when
a school, church or place of worship shall hereafter be established within one hundred (100) feet of any place of business licensed to sell intoxicating liquor, the license shall not be denied for lack of consent in writing as provided herein.

B. The distance from the premises of a liquor establishment and a church building, school building or other place of worship building shall be measured between the point of the nearest exterior wall of the church building, school building or other place of worship building to the point nearest the exterior wall of the applicant for such license.

Section 600.240 Licenses — Eligibility of Annexed Licensee.
[Ord. No. 1768 §1, 6-27-2005]

Any person operating a liquor business outside the limits of the City in an area that may be annexed by the City shall be eligible to apply for a comparable license, as defined in this Chapter, at the time of annexation completion. Population requirements shall be waived for such annexed liquor business.

Section 600.250 Granting and Renewal of License.
[Ord. No. 1768 §1, 6-27-2005]

A. Only the Board of Aldermen may approve a new application or renewal for a license as provided in this Chapter. The Chief of Police will review the application and make an informed recommendation to the Board of Aldermen, who will approve or reject the license application or renewal application. Upon approval by the Board of Aldermen, the City Administrator shall direct the City Clerk to issue said license.

B. The person applying for a new license or renewal and other interested persons may appear before the Board of Aldermen and testify in support of or against the issuance of the license.

C. The Chief of Police shall report to the Board of Aldermen his/her findings of the investigation of such new application or renewal with his/her approval or denial recommendation.

D. Licenses granted under the terms of this Chapter shall be signed by the City Clerk who shall affix the Seal of the City thereto.

E. No license shall be granted at the same meeting of the Board of Aldermen that the application is first presented.

F. As part of the application and renewal process, the Board of Aldermen shall consider the factors set forth in Section 600.290(A) as well as any other facts concerning the fitness, qualifications and history of the applicant.

G. Any license issued for the first (1st) time hereunder shall be on a probationary basis for six (6) months, subject to review at the end of said probationary period. Said license may then be extended, revoked or suspended depending upon the conduct of the licensee and activities on the premises during said period. If the applicant has successfully completed the probationary period to the Chief of Police’s satisfaction, said license may then be extended by the Chief of Police for the remaining license period. If concerns during the probationary period are found, the Chief of Police will make a recommendation to the Board of Aldermen who will determine whether to revoke or suspend the license. Documentation of the probationary period review shall be included in the liquor license file.

H. Denial, right of hearing. If an application for a license under this article is denied by the Council Board of Aldermen, the applicant shall be entitled to an appeal hearing under the terms of Section 690.290.
Section 600.260 Contents of Licenses.  
[Ord. No. 1768 §1, 6-27-2005]

A.  A license issued under authority of this Chapter, a duplicate of which shall be retained in the records of the City Clerk, shall contain, at a minimum, the following information and be displayed prominently in the business so licensed:

1.  The class or classes of the license.
2.  Name of person issued to.
3.  Fees paid.
4.  Expiration date.

Section 600.270 Transferability of Licenses.  
[Ord. No. 1768 §1, 6-27-2005]

A.  No license issued under authority of this Chapter shall be transferable or assignable except as herein provided:

1.  Death of licensee under unexpired license.  In the event of the death of a person holding a license, the widow or the widower or the next of kin of such deceased person, who shall meet the other requirements of this Chapter, may be permitted to operate the business of the deceased licensee for the remainder of the period for which the license is valid, and it shall not be necessary for such relative to secure a new license until the expiration of the license issued to the deceased person.

2.  A removal of license to other location.  A license may, subject to the approval of the Board of Aldermen, be transferred to any other place or to any other part of the building containing the licensed premises, if the place sought to be licensed meets the requirements of this Chapter.

3.  Expansion of existing license.  A license may, subject to the approval of the Board of Aldermen, be expanded to encompass a larger area of the existing licensed premises if the area sought to be licensed meets the requirements of this Chapter.

B.  The application for permission to transfer or expand the license must be submitted on a form and in such manner as prescribed by the City Clerk, together with the fee as listed in the comprehensive fee schedule, with a fee of fifty dollars ($50.00), and shall include, but not be limited to:

1.  Name and address of licensee.
2.  Street address, name and legal description of the premises to which removal is sought, together with the name and address of the owner of the property and the name(s) of any person(s) having an interest in the leasehold or interest therein as landlord or tenant.

Section 600.280 Effect of Sale of Licensed Premises.  
[Ord. No. 1768 §1, 6-27-2005]

When a person holding a liquor license under this Chapter obtains a buyer or lessee for the establishment for which the license was issued, such buyer or lessee shall be given a prior consideration for a license provided such buyer or lessee meets the qualifications set forth in this Chapter.  Such new buyer or lessee shall be required to pay all applicable fees as if he/she were applying as any other new applicant for a new license in accordance with the requirements of this Chapter.

Section 600.290 Suspension or Revocation of Licenses.  
[Ord. No. 1768 §1, 6-27-2005]
A. Any license issued pursuant to this Chapter is subject to suspension or revocation whenever it shall be shown or whenever the Chief of Police has knowledge that:

1. A licensee or permittee under this Chapter has not at all times maintained an orderly place, including, but not limited to, incidents of the following:
   a. Repeated incidents of violence disturbances; fighting, assaults, etc. within a four-month time frame. Shootings may result in an immediate suspension or revocation for crime scene investigation.
   b. Incidents of rape, sexual assaults, sodomy, kidnappings, abductions, etc.
   c. Acts of nudity or sexual activity to include, sexual intercourse, masturbation, bestiality, oral copulation, or flagellation on the premises.
   d. Incidents of Gambling, Sports Betting, etc.
   e. Incidents of repetitive Noise Complaints.

2. A licensee or any employee, agent or servant of such licensee has violated any State licensing rules; regulations; State laws; or provisions of this Chapter; or licensee or permittee obtained the license or permit through materially false statements in the application for such license or permit or renewal thereof; or

3. A licensee has failed to make a complete disclosure of all pertinent information in the application for such license or permit or renewal or has failed to make timely renewal application thereof; or

4. A licensee, since the issuance of such license, has ceased to be the person actually in control and management of the particular establishment for which the license was issued; or

5. There is reason to believe that there is a danger to the health, welfare and safety of patrons due to conditions on premises of licensee; or

6. A licensee or permittee has refused a lawful order of a Police Officer on the licensed premises; or

7. There be found in or upon the licensed premises minors in possession of intoxicating liquors; or

8. For any other good cause shown.

The Chief of Police may temporarily suspend said license for a period not to exceed forty-eight (48) hours and immediately close the licensed establishment. The Chief of Police, as soon as possible, will notify the City Administrator of such action and the City Administrator shall, as soon as possible, notify the Board of Aldermen who may require a hearing to determine whether to suspend such license for an additional period of time as they may deem or permanently revoke such license. The Chief of Police may, at his/her discretion, lift such temporary suspension within the forty-eight (48) hour period and allow the reopening of the establishment, pending a required hearing before the Board of Aldermen.

B. In the event there is any conflict of interest in the Board of Aldermen, there shall be established a Liquor Control Board which Board shall have the same powers, duties and responsibilities as the Board of Aldermen in reviewing, suspending or revoking any license issued hereunder. Such Liquor Control Board shall be comprised of three (3) members of the Board of Aldermen. No action shall be taken by the Liquor Control Board except by majority vote. Such Board shall select a Presiding Officer to conduct any proceedings hereunder.

C. Grounds for suspension or revocation by the Board of Aldermen or Liquor Control Board may consist of any violation of this Chapter.

D. Notification Of Hearing. The licensee shall be given not less than ten (10) days' written notice to appear prior to the hearing. The notice shall set out the reasons for which the hearing is called and
shall command the person holding the license to be present at such hearing and show cause, if any, why such license should not be suspended or revoked. Such notice shall be served by the Chief of Police upon the licensee by leaving a copy thereof with the licensee or with a person or employee in charge of the place of business of such licensee or by mailing such notice by certified or registered mail to the licensee at his/her last known business or residence or by posting a copy of such notice on the licensed premises.

E. Hearing Procedures. The licensee shall have full right to have counsel, produce witnesses and cross-examine all witnesses who may appear against such licensee. The licensee shall have the right to take down stenographically or record mechanically or electronically all proceeding in such hearings. Such hearings shall be transcribed whenever required by law. Subpoenas shall be issued by the Chief of Police for any witness whose presence is desired at any hearing or processing before the Board of Aldermen or Liquor Control Board to suspend or revoke a license. Such subpoenas shall be served and returned thereon shall be made in the same manner as provided by law in civil suits in the Circuit Court of this State. Witnesses may also appear voluntarily at such hearing and testify.

F. Decision – Suspension or Revocation. If the evidence supports a finding that the license should be revoked or suspended pursuant to Section 600.210 of this Chapter, the Board shall issue a written order which shall include specific findings of fact setting forth the grounds for the action taken. If the evidence fails to support a finding that the license should be revoked or suspend, then no such order shall be issued.

F.G. Effect. Whenever any license shall be revoked or suspended under the terms and provisions of this Chapter, the licensee shall not thereafter be eligible for any license provided for in this Chapter for a period of one year, beginning at the date of revocation. No licensee who shall have had his/her license suspended or revoked by order of the Board of Aldermen or Liquor Control Board shall sell or give away any intoxicating liquor, non-intoxicating beer or malt liquor during the period of time such order of suspension or revocation is in effect. Any licensee desiring to keep his/her premises open for the sale of food or merchandise during such period of suspension or revocation shall display the order of suspension or revocation issued by the Board of Aldermen in a conspicuous place on the premises so that all persons visiting the premises may readily see the order. There shall be no refund of any license fee should a majority of the members of the Council Board vote to suspend or revoke any license hereunder.

Section 600.300 through Section 600.330. (Reserved)

Article III

AN ORDINANCE AUTHORIZING THE CITY OF GRAIN VALLEY, MISSOURI, TO ENTER INTO AN EQUIPMENT LEASE PURCHASE AGREEMENT, AS LESSEE, WITH STATE BANK OF MISSOURI, AS LESSOR, WITH RESPECT TO THE ACQUISITION AND INSTALLATION OF IN-CAR VIDEO SYSTEMS AND COMPUTERS

WHEREAS, the City of Grain Valley, Missouri (the “City”), desires to obtain moneys to pay for the acquisition and installation of equipment, including nine (9) EDGE In-Car Video Systems and nine (9) Getac S410 Windows 10 Pro Computers together with related equipment, hardware, software and accessories (the “Equipment”); and

WHEREAS, in order to facilitate the acquisition of the Equipment and to pay the cost thereof, it is necessary and desirable for the City to enter into annually renewable Equipment Lease Purchase Agreement (together with all exhibits thereto, the “Lease”), with State Bank of Missouri, a Missouri banking corporation (the “Bank”), pursuant to which the City will lease the Equipment on a year-to-year basis from the Bank with an option to purchase;

NOW THEREFORE, BE IT ORDAINED by the Board of Aldermen of the City of Grain Valley, Missouri the comprehensive fee schedule is set as follows:

SECTION 1:

Section 1. Approval of the Lease. The Lease is hereby approved in substantially the form submitted to and reviewed by the Board of Aldermen on the date hereof, with such changes therein as shall be approved by the City Administrator, the City Administrator’s execution thereof to be conclusive evidence of the approval thereof. The City Administrator is hereby authorized and directed to execute and deliver the Lease on behalf of and as the act and deed of the City.

The obligation of the City to pay Rental Payments (as defined in the Lease) under the Lease is subject to annual appropriation, shall constitute a current expense of the City and shall not in any way be construed to be an indebtedness or liability of the City in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness or liability by the City, nor shall anything contained in the Lease constitute a pledge of the general tax revenues, funds or moneys of the City, and all provisions of the Lease shall be construed so as to give effect to such intent.

Section 2. Appropriation of Current Year Rental Payments. Moneys sufficient to pay all Rental Payments required to be paid under the Lease during the City’s current fiscal year are hereby appropriated to such payment, and such moneys will be applied in payment of such Rental Payments.
Section 3. Further Authority. The City shall, and all officials and agents of the City are hereby authorized and directed to, take such action, expend such funds and execute such other documents, certificates and instruments as may be necessary or desirable to carry out and comply with the intent of this Ordinance and to carry out, comply with and perform the duties of the City with respect to the Lease and the Equipment.

Section 4. Effective Date. This Ordinance shall take effect and be in full force from and after its passage by the Board of Aldermen and approval by the Mayor of the City.

EQUIPMENT LEASE PURCHASE AGREEMENT

THIS EQUIPMENT LEASE PURCHASE AGREEMENT (the “Agreement”), dated as of April 30, 2019, between STATE BANK OF MISSOURI, a state banking corporation organized and existing under the laws of the State of Missouri, as Lessor (“Lessor”), and the CITY OF GRAIN VALLEY, MISSOURI, a fourth-class city and political subdivision existing under the laws of the State of Missouri, as Lessee (“Lessee”),

WITNESSETH:

WHEREAS, Lessor desires to lease the Equipment, as hereinafter described, to Lessee, and Lessee desires to lease the Equipment from Lessor subject to the terms and conditions of and for the purposes set forth in this Agreement; and

WHEREAS, Lessee is authorized under the constitution and laws of the State of Missouri to enter into this Agreement for the purposes set forth herein;

NOW, THEREFORE, for and in consideration of the premises hereinafter contained, the parties hereby agree as follows:

ARTICLE I
DEFINITIONS

Section 1.01. Definitions. The following terms will have the meanings indicated below unless the context clearly requires otherwise:

“Acquisition Amount” means the acquisition cost of the Equipment, set forth on Exhibit A attached hereto.

“Agreement” means this Equipment Lease Purchase Agreement and any other schedule or exhibit made a part hereof by the parties hereto, together with any amendments to this Agreement.

“Commencement Date” is the date when the term of this Agreement and Lessee’s obligation to pay rent commences, which date will be the date on which funds equal to the Acquisition Amount are advanced by Lessor to the Vendors of the Equipment to pay all or a portion of the cost of the Equipment, and the Equipment is accepted by Lessee in the manner described in Section 5.01, and

“Contract” means any contract or contract with the Vendors for the acquisition and installation of the Equipment.

“Equipment” means the property described on the Equipment Schedule attached hereto as Exhibit A, and all replacements, repairs, restorations, modifications and improvements thereof or thereto.

“Event of Default” means an Event of Default described in Section 12.01.
“Fiscal Year” means Lessee’s fiscal year, which is the twelve-month period ending December 31 each year.

“Lease Term” means the Original Term and all Renewal Terms, but ending on the occurrence of the earliest event specified in Section 3.03.

“Lessee” means the entity described as such in the first paragraph of this Agreement, its successors and its assigns.

“Lessor” means the entity described as such in the first paragraph of this Agreement, its successors and its assigns.

“Maximum Lease Term” means the Original Term and all Renewal Terms through the Renewal Term including the last Rental Payment Date set forth on the Payment Schedule.

“Net Proceeds” means the amount remaining from the gross proceeds of any insurance claim or condemnation award after deducting all expenses (including attorneys’ fees) incurred in the collection of such claim or award.

“Original Term” means the period from the Commencement Date until the end of the Fiscal Year of Lessee in effect at the Commencement Date.

“Payment Schedule” means the schedule of Rental Payments and Purchase Price set forth on Exhibit B.

“Purchase Price” means the amount that Lessee may, at its option, pay to Lessor to purchase the Equipment, as set forth on the Payment Schedule.

“Renewal Terms” means the optional renewal terms of this Agreement, each having a duration of one year and a term co-extensive with Lessee’s Fiscal Year.

“Rental Payments” means the basic rental payments payable by Lessee pursuant to Section 4.01.

“State” means the State of Missouri.

“Vendors” means the manufacturers of the Equipment, as well as the agents or dealers of the manufacturer from whom Lessor purchased or is purchasing the Equipment as listed on Exhibit A.

ARTICLE II
REPRESENTATIONS AND COVENANTS OF LESSEE

Section 2.01. Representations and Covenants of Lessee. Lessee represents, warrants and covenants for the benefit of Lessor as follows:

(a) Lessee is a fourth-class city and political subdivision duly organized and existing under the constitution and laws of the State. Lessee is a political subdivision of the State within
the meaning of Section 103(a) of the Internal Revenue Code of 1986, as amended (the “Code”). Lessee is a public body corporate and politic, duly organized and existing under the laws of the State, and has a substantial amount of one or more of the following sovereign powers: (a) the power to tax, (b) the power of eminent domain, and (c) police power.

(b) Lessee is authorized under the constitution and laws of the State to enter into this Agreement and the transaction contemplated hereby and to perform all of its obligations hereunder.

(c) Lessee has been duly authorized to execute and deliver this Agreement by proper action and approval of its governing body at a meeting duly called, regularly convened and attended throughout by a requisite majority of the members thereof or by other appropriate official approval.

(d) This Agreement constitutes the legal, valid and binding obligation of Lessee enforceable in accordance with its terms, except to the extent limited by applicable bankruptcy, insolvency, reorganization or other laws affecting creditors’ rights generally.

(e) No event or condition that constitutes, or with the giving of notice or the lapse of time or both would constitute, an Event of Default exists at the Commencement Date.

(f) Lessee has, in accordance with the requirements of law, fully budgeted and appropriated sufficient funds for the current Fiscal Year to make the Rental Payments scheduled to come due during the Original Term and to meet its other obligations for the Original Term, and such funds have not been expended for other purposes.

(g) Lessee will do or cause to be done all things necessary to preserve and keep in full force and effect its existence as a body corporate and politic.

(h) Lessee has complied with such public bidding requirements as may be applicable to this Agreement and the acquisition by Lessee of the Equipment hereunder.

(i) There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending or threatened against or affecting Lessee, nor to the best knowledge of Lessee is there any basis therefor, wherein an unfavorable decision, ruling or finding would materially adversely affect the transactions contemplated by this Agreement or any other document, agreement or certificate which is used or contemplated for use in the consummation of the transactions contemplated by this Agreement.

(j) All authorizations, consents and approvals of governmental bodies or agencies required in connection with the execution and delivery by Lessee of this Agreement or in connection with the carrying out by Lessee of its obligations hereunder have been obtained.

(k) The entering into and performance of this Agreement or any other document or agreement contemplated hereby to which Lessee is or is to be a party will not violate any judgment, order, law or regulation applicable to Lessee or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance on any assets of Lessee or the Equipment pursuant to any indenture, mortgage, deed of trust, bank loan or credit agreement or other instrument to which Lessee is a party or by which it or its assets may be bound, except as herein provided.
Lessee has an immediate need for, and expects to make immediate use of, substantially all the Equipment, which need is not temporary or expected to diminish in the foreseeable future. The Equipment will be used by Lessee only for the purpose of performing one or more of Lessee’s governmental or proprietary functions consistent with the permissible scope of Lessee’s authority.

Section 2.02. Maintenance of Tax Exemption. Lessee shall not take any action or fail to take any action which action or failure would cause the interest components of Rental Payments under this Agreement to be includable in gross income for federal income tax purposes. Lessee will comply with all applicable provisions of the Code, including Sections 103 and 148 thereof, and the regulations of the Treasury Department thereunder from time to time proposed or in effect in order to maintain the exclusion from gross income for purposes of federal income taxation of the interest components of Rental Payments under this Agreement. Without limiting the generality of the foregoing, Lessee hereby ratifies, confirms and incorporates herein, as though set forth in full at this place, the representations, covenants and warranties contained in the Federal Tax Certificate attached as Exhibit D to this Agreement, and delivered to Lessor concurrently with this Agreement.
(d) the payment by Lessee of all Rental Payments authorized or required to be paid by Lessee hereunder during the Maximum Lease Term.

Section 3.04. Continuation of Lease Term. Lessee currently intends, subject to the provisions of Section 3.05 and Section 4.04, to continue the Lease Term through the Original Term and all of the Renewal Terms and to pay the Rental Payments hereunder. Lessee reasonably believes that legally available funds in an amount sufficient to make all Rental Payments during the Original Term and each of the Renewal Terms can be obtained. The responsible financial officer of Lessee will do all things lawfully within his or her power to obtain and maintain funds from which the Rental Payments may be made, including making provision for such Rental Payments to the extent necessary in each proposed annual budget submitted for approval in accordance with applicable procedures of Lessee and to exhaust all available reviews and appeals in the event such portion of the budget is not approved. Notwithstanding the foregoing, the decision whether or not to budget or appropriate funds or to extend this Agreement for any Renewal Term is solely within the discretion of the then current governing body of Lessee.

Section 3.05. Nonappropriation. Lessee is obligated only to pay such Rental Payments under this Agreement as may lawfully be made from funds budgeted and appropriated for that purpose during Lessee’s then current Fiscal Year. In the event sufficient funds will not be appropriated or are not otherwise legally available to pay the Rental Payments required to be paid in the next occurring Renewal Term, as set forth in the Payment Schedule, this Agreement will be deemed to be terminated at the end of the then current Original Term or Renewal Term. Lessee agrees to deliver notice to Lessor of such termination at least 90 days prior to the end of the then current Original Term or Renewal Term, but failure to give such notice will not extend the Lease Term beyond such Original Term or Renewal Term. If this Agreement is terminated in accordance with this Section, Lessee agrees, at Lessee’s cost and expense, to peaceably deliver the Equipment to Lessor at the location or locations specified by Lessor.

ARTICLE IV

RENTAL PAYMENTS

Section 4.01. Rental Payments. Lessee will pay Rental Payments, exclusively from legally available funds, in lawful money of the United States of America to Lessor in the amounts and on the dates set forth on the Payment Schedule. Rental Payments will be in consideration for Lessee’s use of the Equipment during the Fiscal Year in which such payments are due. If any Rental Payment is not received within 15 days of its due date, Lessee will pay a late charge equal to 5% of the Rental Payment with a minimum charge of $15 and a maximum charge of $50.

Section 4.02. Interest Component. As set forth on the Payment Schedule, a portion of each Rental Payment is paid as, and represents payment of, interest.

Section 4.03. Rental Payments To Be Unconditional. Except as provided in Section 3.05, the obligations of Lessee to make Rental Payments and to perform and observe the other covenants and agreements contained herein shall be absolute and unconditional in all events without abatement, diminution, deduction, set-off or defense, for any reason, including without limitation any failure of the Equipment to be delivered or installed, any defects, malfunctions, breakdowns or infirmities in the equipment or any accident, condemnation or unforeseen circumstances.
Section 4.04. Rental Payments to Constitute a Current Expense of Lessee. The obligation of Lessee to pay Rental Payments hereunder will constitute a current expense of Lessee, are from year to year and do not constitute a mandatory payment obligation of Lessee in any Fiscal Year beyond the then current Fiscal Year of Lessee. Lessee’s obligation hereunder will not in any way be construed to be an indebtedness of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by Lessee, nor will anything contained herein constitute a pledge of the general credit, tax revenues, funds or moneys of Lessee.

ARTICLE V

EQUIPMENT

Section 5.01. Delivery and Acceptance of the Equipment. Lessee will order the Equipment, cause the Equipment to be delivered at the location specified on Exhibit A and pay any and all delivery costs in connection therewith. When the Equipment has been delivered, Lessee will immediately accept the Equipment and evidence said acceptance by executing and delivering to Lessor an acceptance certificate in substantially the form set forth in Exhibit C, or other form acceptable to Lessor. After it has been installed, the Equipment will not be changed from the location specified on Exhibit A without Lessor’s consent, which consent will not be unreasonably withheld.

Section 5.02. Enjoyment of Equipment. Lessor hereby covenants to provide Lessee with quiet use and enjoyment of the Equipment during the Lease Term, and Lessee will peaceably and quietly have and hold and enjoy the Equipment during the Lease Term, without suit, trouble or hindrance from Lessor, except as otherwise expressly set forth in this Agreement.

Section 5.03. Right of Inspection. Lessor will have the right at all reasonable times during regular business hours to enter into and upon the property of Lessee for the purpose of inspecting the Equipment.

Section 5.04. Use of the Equipment. Lessee will not use, operate or maintain the Equipment improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Agreement. Lessee will provide or obtain all permits and licenses, if any, necessary for the operation of the Equipment. In addition, Lessee agrees to comply in all respects (including, without limitation, with respect to the use, maintenance and operation of each item of the Equipment) with all applicable laws, regulations and rulings of any legislative, executive, administrative or judicial body; provided, however, that Lessee may contest in good faith the validity or application of any such law, regulation or ruling in any reasonable manner that does not, in the opinion of Lessor, adversely affect the interest of Lessor in and to the Equipment or its interest or rights under this Agreement.

Section 5.05. Maintenance of Equipment. Lessee agrees that it will, at Lessee’s own cost and expense, maintain, preserve and keep the Equipment in good repair, working order and condition. Lessor will have no responsibility to maintain, or repair or to make improvements or additions to the Equipment. If requested to do so by Lessor, Lessee will enter into a maintenance contract for the Equipment with Vendors.
ARTICLE VI

TITLE TO EQUIPMENT; SECURITY INTEREST

Section 6.01. Title to the Equipment. During the Lease Term, title to the Equipment and any and all additions, repairs, replacements or modifications will vest in Lessee, subject to the rights of Lessor under this Agreement; provided that title will thereafter immediately and without any action by Lessee vest in Lessor, and Lessee will immediately surrender possession of the Equipment to Lessor upon (a) any termination of this Agreement other than termination pursuant to Section 10.01 or (b) the occurrence of an Event of Default. It is the intent of the parties hereto that any transfer of title to Lessor pursuant to this Section will occur automatically without the necessity of any bill of sale, certificate of title or other instrument of conveyance. Lessee will, nevertheless, execute and deliver any such instruments as Lessor may request to evidence such transfer. Lessee, irrevocably designates, makes, constitutes and appoints Lessor and its assignee as Lessee’s true and lawful attorney (and agent in-fact) with power, at such time of termination or times thereafter as Lessor in its sole and absolute discretion may determine, in Lessee’s or Lessor’s or such assignee’s name, to endorse the name of Lessee upon any bill of sale, document, instrument, invoice, freight bill, bill of lading or similar document relating to the Equipment in order to vest title in Lessor and transfer possession to Lessor.

Section 6.02. Security Interest. To secure the payment of all of Lessee’s obligations under this Agreement and to the extent permitted by law, Lessor retains a security interest constituting a first lien on the Equipment and on all additions, attachments and accessions thereto and substitutions therefor and proceeds therefrom. Lessee agrees to execute such additional documents in form satisfactory to Lessor, that Lessor deems necessary or appropriate to establish and maintain its security interest. Lessee agrees that financing statements may be filed with respect to the security interest granted herein.

Section 6.03. Personal Property. Lessor and Lessee agree that the Equipment is and will remain personal property. The Equipment will not be deemed to be affixed to or a part of the real estate on which it may be situated, notwithstanding that the Equipment or any part thereof may be or hereafter become in any manner physically affixed or attached to such real estate or any building thereon. Upon the request of Lessor, Lessee will, at Lessee’s expense, furnish a waiver of any interest in the Equipment from any party having an interest in any such real estate or building.

ARTICLE VII

ADDITIONAL COVENANTS

Section 7.01. Liens, Taxes, Other Governmental Charges and Utility Charges. Lessee will keep the Equipment free and clear of all liens, charges and encumbrances, except those created under this Agreement. The parties to this Agreement contemplate that the Equipment will be used for a governmental or proprietary purpose of Lessee and, therefore, that the Equipment will be exempt from all property taxes. If the use, possession or acquisition of the Equipment is found to be subject to taxation in any form, Lessee will pay all taxes and governmental charges lawfully assessed or levied against or with respect to the Equipment. Lessee will pay all utility and other charges incurred in the use and maintenance of the Equipment. Lessee will pay such taxes and charges as the same become due; provided that, with respect to any such taxes and charges that may lawfully be paid in installments over a period of years, Lessee will be obligated to pay only such installments that accrue during the Lease Term.
**Section 7.02. Insurance.** At its own expense, Lessee will maintain (a) casualty insurance insuring the Equipment against loss or damage by fire and all other risks covered by the standard extended coverage endorsement then in use in the State and any other risks reasonably required by Lessor in an amount at least equal to the then applicable Purchase Price of the Equipment, (b) liability insurance that protects Lessor from liability in all events in form and amount satisfactory to Lessor, and (c) workers’ compensation coverage as required by the laws of the State; provided that, with Lessor’s prior written consent, Lessee may self-insure against the risks described in clauses (a) and (b). All insurance proceeds from casualty losses will be payable as hereinafter provided. Lessee will furnish to Lessor certificates evidencing such coverage throughout the Lease Term.

All such casualty and liability insurance will be with insurers that are acceptable to Lessor, will name Lessee and Lessor as insureds and will contain a provision to the effect that such insurance will not be cancelled or modified materially without first giving written notice thereof to Lessor at least ten days in advance of such cancellation or modification. All such casualty insurance will contain a provision making any losses payable to Lessee and Lessor, as their respective interests may appear.

**Section 7.03. Advances.** In the event Lessee fails to maintain the insurance required by this Agreement or fails to keep the Equipment in good repair and operating condition, Lessor may (but will be under no obligation to) purchase the required policies of insurance and pay the premiums on the same and make such repairs or replacements as are necessary and pay the cost thereof. All amounts so advanced by Lessor will become additional rent for the then current Original Term or Renewal Term. Lessee agrees to pay such amounts with interest thereon from the date paid at the rate of 10% per annum or the maximum permitted by law, whichever is less. In accordance with Section 427.120 of the Revised Statutes of Missouri, unless Lessee provides evidence of the insurance coverage required by this Agreement, Lessor may purchase insurance at Lessee’s expense to protect Lessor’s interests hereunder. This insurance may, but need not, protect Lessee’s interests. The coverage that Lessor may purchase may not pay any claim that Lessee may make or any claim that may be made against Lessee in connection with the Equipment. Lessee may later cancel any insurance purchased by Lessor, but only after providing evidence that Lessee has obtained insurance as required by this Agreement. If Lessor purchases insurance for the Equipment, Lessee will be responsible for the costs of that insurance, including the insurance premium, interest and any other charges Lessor may impose in connection with the placement of the insurance, until the effective date of the cancellation or expiration of the insurance. The costs of the insurance will be added as additional rent. The costs of the insurance may be more than the cost of insurance Lessee may be able to obtain on its own.

**Section 7.04. Financial Information.** Lessee will annually provide Lessor with current financial statements, budgets, proofs of appropriation for the ensuing Fiscal Year and such other financial information relating to the ability of Lessee to continue this Agreement as may be requested by Lessor.

**Section 7.05. Release and Indemnification.** To the extent permitted by law and subject to the Lessee’s right of sovereign immunity, Lessee will indemnify, protect and hold harmless Lessor from and against any and all liability, obligations, losses, claims and damages whatsoever, regardless of cause thereof, and expenses in connection therewith (including, without limitation, counsel fees and expenses and any federal income tax and interest and penalties connected therewith imposed on interest received) arising out of or as the result of (a) the entering into this Agreement, (b) the ownership of any item of the Equipment, (c) the ordering, acquisition, use, operation, condition, purchase, delivery, rejection, storage or return of any item of the Equipment, (d) any accident in connection with the operation, use, condition, possession, storage or return of any item of the Equipment resulting in damage to property or injury or death to any person or (e) the breach of any covenant herein or any material misrepresentation contained herein. The
ARTICLE VIII

DAMAGE, DESTRUCTION AND CONDEMNATION;
USE OF NET PROCEEDS

Section 8.01. Risk of Loss. Lessee assumes, from and including the Commencement Date, all risk of loss of or damage to the Equipment from any cause whatsoever. No such loss of or damage to the Equipment nor defect therein nor unfitness or obsolescence thereof will relieve Lessee of the obligation to make Rental Payments or to perform any other obligation under this Agreement.

Section 8.02. Damage, Destruction and Condemnation. If (a) the Equipment or any portion thereof is destroyed, in whole or in part, or is damaged by fire or other casualty, or (b) title to, or the temporary use of, the Equipment or any part thereof or the interest of Lessee or Lessor in the Equipment or any part thereof will be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental authority, Lessee and Lessor will cause the Net Proceeds of any insurance claim or condemnation award to be applied to the prompt replacement, repair, restoration, modification or improvement of the Equipment, unless Lessee has exercised its option to purchase the Equipment pursuant to Section 10.01. Any balance of the Net Proceeds remaining after such work has been completed will be paid to Lessee.

Section 8.03. Insufficiency of Net Proceeds. If the Net Proceeds are insufficient to pay in full the cost of any repair, restoration, modification or improvement referred to in Section 8.01, Lessee will either (a) complete such replacement, repair, restoration, modification or improvement and pay any costs thereof in excess of the amount of the Net Proceeds, or (b) purchase Lessor’s interest in the Equipment pursuant to Section 10.01. The amount of the Net Proceeds, if any, remaining after completing such repair, restoration, modification or improvement or after purchasing the Equipment will be retained by Lessee. If Lessee will make any payments pursuant to this Section, Lessee will not be entitled to any reimbursement therefor from Lessor nor will Lessee be entitled to any diminution of the amounts payable under Article IV.

ARTICLE IX

WARRANTIES

Section 9.01. Disclaimer of Warranties. LESSOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, AS TO THE VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR PARTICULAR USE OR PURPOSE OF THE EQUIPMENT OR AGAINST INFRINGEMENT, OR ANY OTHER WARRANTY OR REPRESENTATION WITH RESPECT THERETO. IN NO EVENT SHALL LESSOR BE LIABLE FOR ANY ACTUAL, INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGE IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT OR THE EXISTENCE, FURNISHING, FUNCTIONING OR LESSEE’S USE OR MAINTENANCE OF ANY EQUIPMENT OR SERVICES PROVIDED FOR IN THIS AGREEMENT.
Section 9.02. Vendor’s Warranties. Lessee may have rights under the contract evidencing the purchase of the Equipment; Lessee is advised to contact the Vendors for a description of any such rights. Lessor hereby assigns to Lessee during the Lease Term all warranties running from Vendors to Lessor. Lessor hereby irrevocably appoints Lessee its agent and attorney-in-fact during the Lease Term, so long as Lessee will not be in default hereunder, to assert from time to time whatever claims and rights (including without limitation warranties) related to the Equipment that Lessor may have against the Vendors. Lessee’s sole remedy for the breach of any such warranty, indemnification or representation will be against the Vendors, and not against Lessor. Any such matter will not have any effect whatsoever on the rights and obligations of Lessor with respect to this Agreement, including the right to receive full and timely payments hereunder. Lessee expressly acknowledges that Lessor makes, and has made, no representation or warranties whatsoever as to the existence or availability of such warranties by the Vendors.

ARTICLE X

OPTION TO PURCHASE; PREPAYMENT

Section 10.01. Purchase Option. Upon giving written notice to Lessor at least 30 days before the date of purchase, Lessee will have the option to purchase the Equipment on any date, upon payment in full of the Rental Payments then due hereunder plus the accrued interest component of Rental Payments to the purchase date plus any other amounts then due hereunder plus (i) the Purchase Price designated on the Payment Schedule for such purchase date if such purchase date is a Rental Payment Date or the Purchase Price for the immediately preceding Rental Payment Date if such purchase date is not a Rental Payment Date, and (ii) if such day is not a Rental Payment Date, an amount equal to the portion of the interest component of the Rental Payment scheduled to come due on the following Rental Payment Date accrued from the immediately preceding Rental Payment Date to such purchase date, computed on the basis of a 365-day year, actual days elapsed, at 3.25% per annum.

Upon the exercise of the option to purchase set forth above, title to the Equipment will be vested in Lessee, free and clear of any claim by or through Lessor.

Section 10.02. Determination of Fair Purchase Price. Lessee and Lessor hereby agree and determine that the Rental Payments hereunder during the Original Term and each Renewal Term represent the fair value of the use of the Equipment and that the amount required to exercise Lessee’s option to purchase the Equipment pursuant to Section 10.01 represents, as of the end of the Original Term or any Renewal Term, the fair purchase price of the Equipment. Lessee hereby determines that the Rental Payments do not exceed a reasonable amount so as to place Lessee under a practical economic compulsion to renew this Agreement or to exercise its option to purchase the Equipment hereunder. In making such determinations, Lessee and Lessor have given consideration to (a) the costs of the Equipment, (b) the uses and purposes for which the Equipment will be employed by Lessee, (c) the benefit to Lessee by reason of the acquisition of the Equipment and the use of the Equipment pursuant to the terms and provisions of this Agreement, and (d) Lessee’s option to purchase the Equipment. Lessee hereby determines and declares that the acquisition of the Equipment and the leasing of the Equipment pursuant to this Agreement will result in equipment of comparable quality and meeting the same requirements and standards as would be necessary if the acquisition of the Equipment were performed by Lessee other than pursuant to this Agreement. Lessee hereby determines and declares that the Maximum Lease Term does not exceed the useful life of the Equipment.

Section 10.03. Partial Prepayment of Principal Components of Rental Payments. Lessee shall have the option, on any date, upon giving 30 days’ prior written notice to Lessor, to prepay principal
components of Rental Payments. Any such prepayment shall be credited to principal components of Rental Payments in inverse order, and as soon as practicable following any such prepayment, Lessor shall provide a revised Payment Schedule to Lessee, with interest components of Rental Payments computed on the basis of a 365-day year, actual days elapsed, at 3.25% per annum.

ARTICLE XI

ASSIGNMENT AND SUBLEASING

Section 11.01. Assignment by Lessor. Lessor’s interest in, to and under this Agreement and the Equipment may be assigned and reassigned in whole or in part to one or more assignees by Lessor without the necessity of obtaining the consent of Lessee; provided that any assignment will not be effective until Lessee has received written notice, signed by the assignor, of the name, address and tax identification number of the assignee. Lessee will retain all such notices as a register of all assignees and will make all payments to the assignee or assignees designated in such register. Lessee agrees to execute all documents, including notices of assignment and chattel mortgages or financing statements that may be reasonably requested by Lessor or any assignee to protect its interest in the Equipment and in this Agreement and agrees to the filing of financing statements with respect to the Equipment and this Agreement. Lessee will not have the right to and will not assert against any assignee any claim, counterclaim or other right Lessee may have against Lessor.

Section 11.02. Assignment and Subleasing by Lessee. None of Lessee’s right, title and interest in, to and under this Agreement and in the Equipment may be assigned or encumbered by Lessee for any reason, except that Lessee may sublease all or part of the Equipment if Lessee obtains the prior written consent of Lessor and an opinion of nationally recognized counsel in the area of tax exempt municipal obligations satisfactory to Lessor that such subleasing will not adversely affect the exclusion of the interest components of the Rental Payments from gross income for federal income tax purposes. Any such sublease of all or part of the Equipment will be subject to this Agreement and the rights of Lessor in, to and under this Agreement and the Equipment.

ARTICLE XII

EVENTS OF DEFAULT AND REMEDIES

Section 12.01. Events of Default Defined. Subject to the provisions of Section 3.05, any of the following will be “Events of Default” under this Agreement:

(a) Failure by Lessee to pay any Rental Payment or other payment required to be paid hereunder at the time specified herein;

(b) Failure by Lessee to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in Section 12.01(a), for a period of 30 days after written notice, specifying such failure and requesting that it be remedied, is given to Lessee by Lessor, unless Lessor will agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, Lessor will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by Lessee within the applicable period and diligently pursued until the default is corrected;
(c) Any statement, representation or warranty made by Lessee in or pursuant to this Agreement or its execution, delivery or performance will prove to have been false, incorrect, misleading or breached in any material respect on the date when made;

(d) Any provision of this Agreement will at any time for any reason cease to be valid and binding on Lessee, or will be declared to be null and void, or the validity or enforceability thereof will be contested by Lessee or any governmental agency or authority if the loss of such provision would materially adversely affect the rights or security of Lessor, or Lessee will deny that it has any further liability or obligation under this Agreement;

(e) Lessee will (i) apply for or consent to the appointment of a receiver, trustee, custodian or liquidator of Lessee, or of all or a substantial part of the assets of Lessee, (ii) be unable, fail or admit in writing its inability generally to pay its debts as they become due, (iii) make a general assignment for the benefit of creditors, (iv) have an order for relief entered against it under applicable federal bankruptcy law, or (v) file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors or taking advantage of any insolvency law or any answer admitting the material allegations of a petition filed against Lessee in any bankruptcy, reorganization or insolvency proceeding; or

(f) An order, judgment or decree will be entered by any court of competent jurisdiction, approving a petition or appointing a receiver, trustee, custodian or liquidator of Lessee or of all or a substantial part of the assets of Lessee, in each case without its application, approval or consent, and such order, judgment or decree will continue unstayed and in effect for any period of 30 consecutive days.

Section 12.02. Remedies on Default. Whenever any Event of Default exists, Lessor will have the right, at its sole option without any further demand or notice, to take one or any combination of the following remedial steps:

(a) By written notice to Lessee, Lessor may declare all Rental Payments and other amounts payable by Lessee hereunder to the end of the then current Original Term or Renewal Term to be due;

(b) With or without terminating this Agreement, Lessor may enter the premises where the Equipment is located and retake possession of the Equipment or require Lessee at Lessee’s expense to promptly return any or all of the Equipment to the possession of Lessor at a place specified by Lessor, and sell or lease the Equipment or, for the account of Lessee, sublease the Equipment, holding Lessee liable for the difference between (i) the Rental Payments and other amounts payable by Lessee hereunder to the end of the then current Original Term or Renewal Term, and (ii) the net proceeds of any such sale, lease or sublease (after deducting all expenses of Lessor in exercising its remedies under this Agreement, including without limitation, all expenses of taking possession, storing, reconditioning and selling or leasing the Equipment and all brokerage, auctioneers’ and attorneys’ fees); and

(c) Lessor may take whatever other action at law or in equity may appear necessary or desirable to enforce its rights as the owner of the Equipment.
In addition, Lessee will remain liable for all covenants and indemnities under this Agreement and for all legal fees and other costs and expenses, including court costs, incurred by Lessor with respect to the enforcement of any of the remedies listed above or any other remedy available to Lessor.

Section 12.03. No Remedy Exclusive. No remedy herein conferred upon or reserved to Lessor is intended to be exclusive and every such remedy will be cumulative and will be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default will impair any such right or power or will be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Lessor to exercise any remedy reserved to it in this Article it will not be necessary to give any notice, other than such notices as may be required in this Article.

ARTICLE XIII
MISCELLANEOUS

Section 13.01. Notices. All notices, certificates or other communications hereunder will be sufficiently given and will be deemed given when delivered or mailed by registered mail, postage prepaid, to the parties at the addresses immediately after the signatures to this Agreement (or at such other address as either party hereto will designate in writing to the other for notices to such party), to any assignee at its address as it appears on the register maintained by Lessee.

Section 13.02. Binding Effect. This Agreement will inure to the benefit of and will be binding upon Lessor and Lessee and their respective successors and assigns.

Section 13.03. Severability. In the event any provision of this Agreement will be held invalid or unenforceable by any court of competent jurisdiction, such holding will not invalidate or render unenforceable any other provision hereof.

Section 13.04. Entire Agreement. This Agreement constitutes the entire agreement between Lessor and Lessee.

Section 13.05. Amendments. This Agreement may be amended, changed or modified in any manner by written agreement of Lessor and Lessee. Any waiver of any provision of this Agreement or any right or remedy hereunder must be affirmatively and expressly made in writing and will not be implied from inaction, course of dealing or otherwise.

Section 13.06. Execution in Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which will be an original and all of which will constitute but one and the same instrument.

Section 13.07. Captions. The captions or headings in this Agreement are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Agreement.

Section 13.08. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State.

Section 13.09. Electronic Transactions. The parties agree that the transaction described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies,
facsimiles, electronic files and other reproductions of original executed documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law.
IN WITNESS WHEREOF, Lessor and Lessee have caused this Agreement to be executed in their corporate names by their duly authorized officers as of the date first above written.

Re: Equipment Lease Purchase Agreement dated as of April 30, 2019 (the “Agreement”), between State Bank of Missouri (“Lessor”) and City of Grain Valley, Missouri (“Lessee”)

Ladies and Gentlemen:

In accordance with the Agreement, the undersigned Lessee hereby certifies and represents to, and agrees with, Lessor as follows:

(1) All of the Equipment (as defined in the Agreement) has been delivered and accepted on the date hereof.

(2) Lessee has conducted such inspection and/or testing of the Equipment as it deems necessary and appropriate and hereby acknowledges that it accepts the Equipment for all purposes.

(3) Lessee is currently maintaining the insurance coverage required by Section 7.02 of the Agreement.

(4) No event or condition that constitutes, or with notice or lapse of time, or both, would constitute, an Event of Default (as defined in the Agreement) exists at the date hereof.

Lessor is directed to disburse the sum of $79,282.28 on the date of this Certificate to pay the cost of the Equipment, pursuant to the Agreement and the below instructions.

EXHIBIT D TO EQUIPMENT LEASE PURCHASE AGREEMENT

FEDERAL TAX CERTIFICATE

This FEDERAL TAX CERTIFICATE (the “Tax Certificate”) is being executed as of April 30, 2019 (the “Closing Date”), by the City of Grain Valley, Missouri (“Lessee”), delivered in connection with a certain Equipment Lease Purchase Agreement dated as of April 30, 2019 (the “Lease”), entered into by and among Lessee and the State Bank of Missouri (“Lessor”). Lessee is executing this Tax Certificate in order to set forth certain facts, covenants, representations, and expectations relating to the use of the Lease proceeds and the property financed with those proceeds, as identified on Exhibit A to the Lease (the “Financed Property”), and in order to establish and maintain the exclusion from gross income of the interest component of rental payments payable under the Lease for federal income tax purposes (“Tax-Exempt”). This Tax Certificate will also be used by Gilmore & Bell, P.C. (“Special Tax Counsel”), in reaching the conclusion that the Lease is a Tax-Exempt obligation, thus permitting Special Tax Counsel to provide Lessor with a tax opinion and to provide Lessee with a prepared Form 8038-GC, attached as Schedule 1.

1. General; Opinion of Special Tax Counsel. Lessee understands that, among other things, in order for the interest component of rental payments payable under the Lease to remain Tax-Exempt:

   (a) Lessee is required to keep records of the investment of certain money identified below and invest those funds only in certain permitted investments;

   (b) Lessee generally must spend all money received from the sale of the Lease only for one of the following purposes: to pay legal and related issuance costs of the Lease, and to pay, reimburse or refinance capital costs (not operating expenses) of the Financed Property; and

   (c) Lessee must limit and restrict the rights private businesses have to use the Financed Property. Each of these requirements continues until the Lease is terminated.

In addition, Lessee acknowledges that it may need to obtain written legal advice from a lawyer or firm of attorneys that regularly advise clients on similar questions as to how these rules apply in specific factual situations, referred to in this Tax Certificate as an “Opinion of Special Tax Counsel.” Lessee agrees to obtain an Opinion of Special Tax Counsel as required in this Tax Certificate, in the Compliance Procedure (as defined herein), and whenever Lessee has a question regarding whether an action might impact the Tax-Exempt status of the interest component of rental payments payable under the Lease.

2. Investment Rules.

   Restricted Money. These investment rules apply to any money received from the sale of the Lease (“Sale Proceeds”), any earnings on those funds (“Investment Proceeds”), and any money the Lessee expects to use to repay the Lease (“Sinking Fund Money”). All money subject to the investment rules is referred to as “Restricted Money.”

   Sales Proceeds and Investment Proceeds – Opinion of Special Tax Counsel. Consideration for the Lease provided by Lessor consists of tangible property or will be used immediately to acquire tangible property or to reimburse Lessee for property or costs already incurred. Therefore, no Sales Proceeds are expected to be invested. Should circumstances change, and Lessee expects to or actually does hold Restricted Money for more than seven business days, then Lessee will obtain instructions on how to invest the money in an Opinion of Special Tax Counsel. Lessee will obtain additional instructions and directions in an Opinion of Special Tax Counsel if any Restricted Money that is Sale Proceeds or

D-1
Investment Proceeds remains unspent more than three years following the Closing Date.

**Sinking Fund Money – Opinion of Special Tax Counsel.** All Restricted Money that is Sinking Fund Money is expected to be spent to pay debt service on the Lease within one year of date it is received by Lessee. Should circumstances change, and Lessee holds Restricted Money that is Sinking Fund Money under circumstances where Lessee expects the money will be used to pay debt service on the Lease coming due more than one year after the date Lessee receives it, then Lessee will obtain instructions on how to invest the money in an Opinion of Special Tax Counsel.

**Lease Exempt from the Rebate Requirement.** Lessee represents that: (1) it is a governmental unit that has general taxing powers under the laws of the state of Missouri; (2) no portion of the Lease is a “private activity bond;” (3) 95% or more of the net proceeds of the Lease are to be used for local governmental activities of Lessee; and (4) the proceeds of the Lease are expected to be spent within six months from the date of delivery of the Lease. To the extent the proceeds of the Lease are not spent within six months from the date of delivery of the Lease, then the Lessee will be required to compute rebate and will engage Special Tax Counsel to make the computation.

### 3. Use of Proceeds; Use of Financed Property

**Lessor’s Certification of Proceeds.** Lessor has represented in a Lender’s Closing Certificate, dated as of the Closing Date, that it is holding the Lease for its own account as an investment, with no current intent to resell it. Lessor has represented that the amount paid for the Lease is equal to $79,282.28 (the “Purchase Price”). Based on the Purchase Price, Special Tax Counsel has computed the yield on the Lease as shown on Schedule 3.

**Tax Compliance Procedure.** Lessee adopted a Tax-Exempt Financing Compliance Procedure on March 25, 2013 (the “Compliance Procedure”), for the purpose of (a) setting out general procedures for Lessee to continuously monitor and comply with the federal income tax requirements applicable to the Lease, and (b) designating an official of Lessee (the “Compliance Officer”) who is responsible for implementing the Compliance Procedure. Attached as Schedule 2 is a form annual compliance checklist for the Lease. The Compliance Officer will prepare and complete an annual compliance checklist for the Financed Property at least annually and, in the event any deficiencies are identified, obtain an Opinion of Special Tax Counsel and take actions to correct any deficiency.

**Records of Expenditures.** Lessee will maintain records of all expenditures of Sale Proceeds and Investment Proceeds as long as the Lease is outstanding and for a period ending on the third anniversary following the termination of the Lease. If this is a refinancing of a tax-exempt obligation, these records will consist of records of expenditures for the obligation that originally financed the Financed Property. These records shall show (1) the person or entity paid, (2) the amount paid, and (3) a general statement of the purpose of the expenditure, at least sufficient to identify the specific asset provided by the expenditure. Records of expenditures will be maintained in paper or electronic form.

**Use of Financed Property.** In general, no individual and no entity may have a special legal right or entitlement to use any of the Financed Property unless it is a state or local government or an agency or instrumentality of a state or a local government (an “Eligible User”). Lessee is an Eligible User. Lessee intends to own and will operate the Financed Property using only its employees as long as the Lease is outstanding. Lessee will not lease the Financed Property or enter into any agreement permitting any individual or entity that is not an Eligible User to use the Financed Property. Lessee understands that any of the following restrictions on the use of the Financed Property may be modified only if Lessee obtains an Opinion of Special Tax Counsel authorizing the modification and, only then, if Lessee follows the alternate instructions set out in the Opinion of Special Tax Counsel.
4. Miscellaneous

Bank Qualified Tax-Exempt Obligation. Lessee designates the Lease as a “qualified tax-exempt obligation” under Code § 265(b)(3). Lessee reasonably anticipates that the amount of tax-exempt obligations (other than private activity bonds that are not qualified 501(c)(3) bonds) that will be issued by or on behalf of Lessee (and all subordinate entities of Lessee) during the current calendar year that the Lease is executed, including the Lease, will not exceed $10,000,000. Lessee will not issue or permit more than $10,000,000 to be issued during the calendar year unless it first obtains an Opinion of Special Tax Counsel that the designation of the Lease as a “qualified tax-exempt obligation” will not be adversely affected.

No Federal Guarantee. The payment of rental payments on the Lease is not, and Lessee will not permit the payment of rental payments on the Lease to be, directly or indirectly guaranteed by the United States of America or any agency thereof.

Record Owner. Lessee will maintain or cause to be maintained a record of the owner of the Lease and the person/entity entitled to the receipt of the interest components of rental payments on the Lease. Transfer of ownership of the Lease is effective only if entered in such records, and the Lease will be treated as held in registered form.

No Reimbursement. No Sale Proceeds will be used to reimburse Lessee for costs of the Equipment previously paid by Lessee.

Effective Date of Tax Certificate. This Tax Certificate is effective on and after the Closing Date. If this Tax Certificate is actually executed prior to the Closing Date, it is subject to the express condition that the individual executing the Tax Certificate will immediately notify Lessor and Special Tax Counsel if any of the representations contained herein are not true and correct as of the Closing Date.

Dated April 30, 2019.
